Yaro was born in Boryspil, Ukraine. He and his older brother have lived with his adoptive parents, in Quebec, Canada since April 3, 2016. He is happy to be on a new journey in a new place that he calls home. He is a courageous, curious and an adventurous boy that does not shy away from new experiences. Yaro has an interest in arts and crafts, gardening and street or stage acts. He likes to get dressed up and loves to eat ice cream! Yaro plays basketball and takes cooking classes too. He also enjoys swimming and riding his bike. Yaro is a smart, helpful and generous boy who looks forward to tomorrow and the days that follow.

My name is Oksana and I am 11 years old. I was born in Poltava Region, Ukraine. I came to Canada May 2017. I like to swim, bike, roller blade, draw, write, and try new things. I love meeting new people and find Canadian people very welcoming. I enjoy my new school and learning both French and English. What I miss most about the Ukraine is my friends and Ukrainian culture. I love my forever Mama and Papa. My painting is about how I feel living in Canada ... "A Ukrainian-Canadian Princess".

Daria is a very kind, talented and shy girl with a big heart. Dasha has lived with her adoptive parents in Canada. Last summer Dasha dedicated her every day to a Ukrainian orphan Diana who came to Canada through our Program. Dasha shared her clothes, her time, her energy to make Diana happy and smile. Dasha and her wonderful family shared their hearts in hosting Diana last summer. Daria collected and packed the clothes and stuff for school for other orphans in Ukraine. She prepared many gifts also for Diana's brother Mark. She provided amazing excursion through Canada for Diana and cared that everyday was memorable and full of happiness for Diana.

MARIA, 10 YEARS OLD

Maria's mother volunteers in our organization. Maria found out from her that there are orphans from Ukraine who lost their parents in war and they came to Canada for summer holidays. She really wanted to take part in hosting these children and to help them in some way. Maria and her mother decided to donate them some clothes, souvenirs. They provided also amazing excursions in Montreal for the Ukrainian orphan. She really hopes that these children will have another chance to visit her next summer again.

Dear friends,

We would like to express our gratitude to each person who supported through your kind donations, volunteering, and all other assistance during 2018.

Your donations directly helped children and their adoptive families in Quebec and many children who are orphans in Ukraine.

Together we made a difference in several children's lives.

Thank you again for your generosity and your continued support

Thank you!
