WORK EXPERIENCE

WEB DEVELOPMENT   2022 to Present
ONLINE

I am a web developer skilled in creating websites and various projects using WordPress, Tailwind CSS, and Alpine.js for design, along with PHP and MySQL for backend development. With these tools i can build a range of websites including school management systems, business platforms, e-commerce stores, and more. delivering functional and visually appealing solutions tailored to client needs.

FREELANCING   2023 to Present
FIVER & UPWORK

I am a freelance web developer working on platforms like Upwork and Fiverr, creating functional and user friendly websites. I specialize in web development, responsive designs, and WordPress, delivering high-quality projects on time. by using social media to connect with clients, I have built strong relationships and helped them turn their ideas into successful websites.

SKILLS

- WordPress
