# WHAT IS AN APPRENTICESHIP?

It usually takes between one and four years to complete an apprenticeship depending on which level you take

---

An apprenticeship gives you the opportunity to combine on the job training with study meaning you can earn while you learn.

---

With some apprenticeships you can even get a degree.

---

Apprenticeships are available across a wide range of industries and many high quality, prestigious companies offer them.

---

Pay is dependent on the industry, location and type of Apprenticeship. An apprentice under 19 is entitled to a minimum hourly rate of £4.81. Apprentice over 19 who has completed the first year of their Apprenticeship is entitled to a minimum hourly rate of £9.18. However, many employers pay more than this, and some higher Apprenticeships can pay as much more.
