ABOUT ME

I'm lively and goofy, on and offstage. I tend towards character roles of personality, comedic chops, and the occasional accent! I also enjoy performing dramatic scenes, especially Shakespeare, for theater competitions.

I love music and performing in all forms. I was a vocalist and guitarist for my local School of Rock House Band, with venues including USA's largest music festival, Summerfest. I also performed solo at SXSW.

The performing arts are core to who I am: A friendly, enthusiastic, metalhead theater kid. I hope to always be involved in theater for the learning, community & joy of it!

*The best send-off to my high school thespian years, in a role combining my love of performing theater & rock music!

** Originated the role of Ron Weasley in the North American premiere of the high school version of this show.
The Broadway cast was in attendance to support us!

*** Our troupe performed as a Main Stage production at the 2024 International Thespian Competition - one of only nine schools selected, and the first from NJ in 80 years.
