Marquee/Lower Boathouse Parties:

All details for your event like timings, menus, drinks, room layout and dietary requirements etc are to be finalised at least 10 days before the booking date. The final guest numbers can be amended up to 48 hours before the event. No changes can be made after this time.

Music & Dancing:

Music & dancing must finish at 11pm due to licensing and being in a residential area.

Live music / Bands are only permitted in the Lower Boathouse, not the Marquee. Dancing in Marquee is permitted for groups up to 50 guests.

There is a large directional speaker system & amplifier in the Marquee and a Yamaha monitor speaker in the Lower Boathouse. We have Phono to AUX (3.5mm) to connect.

If your device requires a different connection, we advise you to bring this with you in case we don't have the right cable here.

Cherwell Boathouse Management reserve the right to set noise levels in keeping with our surrounding environment.

If a band / DJ is asked to reduce noise output - they will need to comply.

If at any point we have a complaint regarding noise levels and a band does not reduce sound levels - they may have to play acoustically.

Please be aware that heavy bass (in particular) can travel distances and disturb other guests as well as local neighbours. Please be aware of position of speakers when setting up – experienced management can advise best here.

Access & Decoration:

Clients may do room decoration in the Marquee and/or Lower Boathouse. If clients wish to use the Cherwell Boathouse scaffold tower to reach slightly higher up, Cherwell Boathouse staff will erect the tower for you if given prior notice. Guests use this at their own risk and should always be used with somebody else present in the room for safety reasons.

Cherwell Boathouse will supply and set up all tables including chairs, table linen, cutlery, glassware, salt & pepper, wine cooler, simple single stem vase with flower and tall white candles. Fairy lights are a permanent fixture in both the Marquee and Lower Boathouse. Up-lighting/mood lighting can also be used in both spaces. Our staff can set out name cards and basic table/room decoration if given clear instructions from the client.

Marquee Dimensions: 15m x 9m

Lower Boathouse Dimensions: 12m x 9m

Table sizes: Regular round 150cm (diameter), Large round 180cm.

A combination of small and/or large tables can be used in each space depending on your party size and requirements. The more information we have on your vision for the event the better it will help us advise you on what's possible and what might cause potential issues.

**Punting: max 6 people to a punt**

We can help facilitate punting for groups and can liaise with the punt office to help organise this.

On arrival it is best to gather in your event area.

It is important that the group be split into groups of up to 6 guests (max per punt) and ideally we would send 3-4 groups down, followed by another 3-4 groups 5 minutes later. At the punt office they will be given equipment and allocated a punt number - and should be aware of conditions of hire - please see below.

We can't always give instructions as easily to large groups, so it really does help if you find the time to show then the link below. We have made a short instructional video available free on our website. It's designed to be viewed either formally in the classroom as part of a lesson, or less formally issued as homework for the students to view in their own time. Either way it has proved to be a useful introduction to the art of punting
