NOTES

After writing Steve's Top Secret Notebook in November 2025, followed by many updates and couple of new editions, in spring 2026, during the 163 day One Hour War delay, I wrote the Candelaria Code (which decoded several messages from God), and *Line 5: The Hands That Rocked Time* (with even more Revelation than STSN). For these books I began to use a sacred image I call the *Candelaria Likeness*. While writing *Line 5*, I learned the Candelaria Likeness contained the names of at least 11 people or families who knew

the U.S. was truly being governed by Satan (although I have still seen no revelation that anyone other than the Rockefeller brothers knew Gardner and Malone were the human beasts). The first three of these names you will recognize from earlier in the book (STSN). To the right, the Candelaria image line reads: *Shapiro, Wilson, Schreiber*. *Shapiro* is Carl Shapiro, and possibly Helen and Toby. *Wilson* is certainly David Wilson, and probably Dennis and Marina. And *Schreiber* refers to Hugh Schreiber.

NOTES

The Candelaria Likeness confirms Malone and Gardner (the beasts) knew, of course, as well as the Rockefeller brothers.

NOTES

The Candelaria Likeness also reveals the names of at least 5 US Presidents who knew Satan called the shots: *Trump, Obama, Biden, and the Bushes* (US President Bush #39 and #43).

NOTES

The Candelaria included this variation of the previous President's names outlining, for verification (the primary differences are the position of Obama's name, and the position of the *B* in Bushes).

- For years I've publically reported, to no avail, that the US government and certain elites were hacking into my computer, phone, etc (by the way, I specifically named many of these elite parties, and reported their hackers' names, business name, and published the hackers photos, and submitted this, in sworn declaration to US federal court, and the FBI). As I have reported in the past, the parties hack into my various devices to try to steal what I am writing and quickly attribute those ideas to some flunky, so my original source reporting seems derived when it's released. It's brilliantly evil. Many Westerners who have witnessed the truth in my allegations have seemed very pleased with their leaders' activities, as if *fancy theft* were more honorable than breaking and entering.

These hacks continue to this day. Currently, because this Notebook is infused with so many irrefutable **Revelations** and revelations from God, the hackers have to race to get in front of the stories. Although there are bigger stories in this Notebook than the fact that US President (Donald trump) is (1) a disgusting pedophile who raped children on Jeffrey Epstein's plane, and (2) a grossly promiscuous homosexual, the Trump/Epstein story *is* the biggest story to certain people – especially a certain child-raping US President.

Although I've heard the Jeffrey Epstein story has been floating around for over a decade, for all of those years the Republican party effortlessly delayed and blocked any legal motion on the matter, by bribing US attorneys general and prosecutors to ignore the matter, then those same Republicans likely raced off to join Trump, raping 8-year old boys on Jeffrey Epstein's plane, and when they de-boarded the plane they carefully accuse all Democrats of raping children.

BUT SUDDENLY, after burying this story for over a decade, literally the day before I intend to publish this Notebook, the big story broke, even carried in English here in Mexico, the US congress was moving to address the Epstein matter.

For years, when the corrupt US Republican disinformation machine publishes a Jeffrey Epstein story, they invariably publish the same photo of a blond "girl" (Virginia Roberts Giuffre), who appears fully grown and looks very much like a woman. These images get the public to believe: *a girl, who was almost an adult, had heterosexual sex with a powerful man, whose power she was likely drawn to*. All of this is false, but with these controlled false images, elites dictate public perception.

The girl in the photo, Virginia Roberts Giuffre is attractive, but I apologize in advance for reporting the following true statement: in every major US city there are more attractive high end prostitutes available, immediately, both street legal and underage, no advance reservation on a plane required, and much more affordable.

So, why would ANY heterosexual wait for days or weeks to fly on Epstein's plane to have sex with a 16 or 17 year old prostitute if they can have sex with a girl, legal or not, more to their liking, immediately, almost anywhere?

I believe what God revealed in *BtL x* about Trump on Epstein's planes: very young children; and at least one of the two kids revealed was a boy. And since God revealed Trump had homosexual butt-sex with over 4,000 men, we can extrapolate that when Trump is in the mood to rape children, those kids are gonna be boys.

In the end, whatever occurs in Washington DC over the next couple weeks, will likely be a carefully coordinated drama, designed to convince us that US citizens definitely give a shit about their children, and US politicians only reserve seats on expensive child-rape planes to rape girls who are not younger than 17 years old.

- In earlier versions of the Mark Crimes, I indicated that deliberately contaminating another nation's or group's water supply was a Mark Crime, but later I changed that. Contaminating water is one of the most evil things you can do, but if a nation or people will not defend their most sacred asset, their water supply, and allows anyone to come in and tamper with it, it's possible that God's view is: *any people who are that thoughtless deserve the trouble they invite.*

- **HYPOCRISY.** One of God's many messages that I wasn't able to squeeze into the body of this Notebook was a strong statement against hypocritical world leaders and social policy. At points in the main Notebook storyline, we witness God (in my curtain) exhibit all of the worst curtain behaviors; going against all He Commands and instructs. This was a *sweeping* statement against hypocrisy. But hypocrisy is a broad idea, which covers tiny and giant infractions. So here are a couple examples of hypocrisy, concerning Mexico and Haiti, which may call God's attention when His *Prophecies Against* begin.

Mexico. Two months after I arrived in Mexico, an acquaintance told me immigrants cannot legally work in Mexico. Shortly, thereafter I saw a bunch of news reports where Mexico did not appear welcoming to immigrants. If these things are true, hypocrisy can't get much worse than this.

I grew up in California, USA, where, by the time I was a young adult, there was probably over a million Mexican immigrants, and millions more around the US. Mexican immigrants made the US so much better, more productive and wealthier. For a nation to rightly take advantage of their right to go to another country to pursue opportunity and compete, as Mexico did, then turn and restrict immigrants into *their* land, is simply not right.

The World Against Haiti. Many nations, East and West, have been impacted by Western Sanctions and isolation. The most powerful of these nations, in the East and Central and South America, have spoken out against Western abuses. But maybe no nation has been more impacted by the Western isolation than Haiti. Yet, as far as I know, no Eastern, or Central or South American nation has reached out to help Haiti break out of isolation and enter new markets.

- Some of you may have noticed Adrian Dilley, the PE teacher revealed to have had butt-sex with 400 underage high school students (apparently all boys) in chapter 7.33, was positioned among the better actors in chapter 12 (The Gehenna Train), slated to enter Gehenna at level 4. This is instructive for parents everywhere. If a man makes a **non**-forcible sexual advance at a young person, female or male, who is over 13 years old, and that young person consents, in God's eyes, it is not rape.

Raise your kids to say, "No." Rape -forcible sexual assault- where the perpetrator overpowers the victim, is another matter. If Adrian had overpowered 400 boys or girls, he would have been positioned a few levels lower, in chapter 12.

God's law, in many areas, seems to parallel nature's (Natas') law, and views people who are over 13 as accountable for their actions –thus, *adults*, in most respects. But the West has advanced the idea that *young people who consent to have sex (or butt-sex) with someone who is older -and not legally allowed to have sex with someone under 18 years old- are not responsible for their actions; rather, they are "victims," whom we should feel sorry for.* This creates a situation where Western young people, 13 to 17 years old, may feel they can get away with anything.

- The reason Satan persuaded the West to add 10 days to the Gregorian calendar in 1582, and added another 3 days over the next 318 years, was to make God's extremely accurate Julian-calendar-based predictions (which predicted events down to the hour of the day) inaccurate, by shifting the world to a new calendar system.

- In the Prophecies Against period, it is safe to guess that nations outside of the US, which chose to use dollars rather than developing their own monetary systems, will experience difficulties, as the US dollar is apt to be worthless after the One Hour War.

NOTES

- I believe the reason God chose to start the final major Revelation Wager (*The Beast Wager*) on Christmas, 1888, is because on leap years, like 1888, Christmas falls on the 360th day of the year. 360 features Natas' numbers (3, 6) and is divisible by them. 360 is also divisible by Jesus' numbers (5, 8). And 360 represents one full circle, which can represent God. 360 also is divided by Satan's primary numbers (6, 3), and can represent the 360-degree cipher Gardner used (seen in *The Zodiac Killer's Identity Revealed*). Thus, 360 can represent Satan's War Against God –and against God's Family. A few more interesting related facts/dates:

- *The Wagers* explains Satan viewed the 137 year Wagers as running for 50,005 days ($365 \times 137 = 50,005$, minus leap years). Thus, Satan viewed the final Wager as ending November 21st, 2025 (Julian); December 4th, 2025 (Gregorian).
- It is certain that God did not allow Satan's *future-vision* to see the true date of the One Hour War. Thus, I believe Satan's future-vision stopped at November 29th, 2025, on the Julian calendar, the 333rd day of the year (Natas' primary number is 3); or December 12th, on the Gregorian. Satan would have been satisfied with this, as he improperly viewed the Wagers as ending 8 days earlier: 11/21/2025 (Julian), or 12/4/2025 (Gregorian).

- God inserted at least two giant expressions of $E=MC^2$ in the Elder Badge, to confirm Einstein's theory of Relativity was meaningless. Satan used the $E=MC^2$ to prove he and his Western press could dictate what even the greatest scientific minds believed.

NOTES

The true meaning of $E=MC^2$ is M (13) times C (3), which equals 39; squared (39×39), which equals **1521**. 1521 is the year Satan began to divide God's Western Christian Church, in the **Edict of Worms**. **E** = 5 (Jesus' primary number) and **Edict** and **13:5** -the Revelation verse that first speaks of Satan and Martin Luther's attack on the Church. **E** also equals **1555**, the year God's Church was officially divided (referenced in Revelation 13:6).

- **Big Bang** Theory is also fraudulent nonsense.

- Disproving widely accepted scientific theories involves more than tracing obscured image lines (although the fact that God made the images makes my position unbeatable). I disputed the Big Bang as trash in past publications, and have long been suspicious of Einstein's fake Relativity Theory. It occurred to me that God may have addressed these bogus theories, concocted by Satan, in the Elder badge...
- The human beasts (Gardner and Malone) could/can only hear and respond to Satan when they were on Stanford University grounds. This is why John W Gardner and John C Malone both lived on Stanford grounds. I believe this was a punishment imposed on Satan sometime between 1968 and 1981.
- People should understand how corrupt the US's encouragement of stock gambling was... Satan knew which stocks would rise a year in advance, so he instructed 666 business leaders (through Gardner and Malone) where to invest. Thus, 666 members made hundreds of millions of dollars, and looked liked geniuses, as they corruptly stole the common people's life savings.

- In the Elder Badge, God gives us clues about Satan's appearance (see *Dog Vision*, BtL #vii), and indicates Satan's head is shaped sort of like an upside-down triangle. God gives us a more accurate image of Satan, hidden across the Elder Badge's central image area, above. In Ezekiel 28:1-19, God seems to depict Satan rise, as Heaven's most beautiful angel, and after his fall he becomes grotesque (Ez 28:19). In the larger image, above, on the left, God included a smaller confirmation image.

The smaller representation of Satan (below, left) is flanked by Gardner on the left and Malone on the right (below, center), and their initials (below, right).

UNFORGIVABLE CRIMES HISTORY

If you read *Revelation 2: The Solutions* you might get the impression God kept the Unforgivable Crimes hidden from public view for thousands of years, until I showed up and revealed them. That's not the case –well, it might be true for the *Image Crimes* – which didn't come into existence until the 20th century. But many of the Mark Crimes concern things like administering justice fairly, and not publishing false information, not offering or accepting bribes, fighting poverty and misfortune, not oppressing or mistreating foreigners... things that were addressed from the start, in the first 5 books of the Bible. Here are a few examples, just from Exodus.

Do Not Publish or Spread False Information

Exodus 23:1: You shall not circulate a false report...

Exodus 23:7: Keep yourself far from false matter...

Administer Justice Properly and Fairly

Exodus 23:3: You shall not show partiality to a poor man in his dispute.

Exodus 23:6: You shall not pervert the judgment of your poor in his dispute.

No Bribery

Exodus 23:8 You shall take no bribe...

Be Kind to Immigrants

Exodus 22:21: You shall neither mistreat a stranger nor oppress him, for you were strangers in the land of Egypt.

Exodus 23:9: Also, you shall not oppress a stranger...

Make Adequate Provisions for Fatherless Children, Widows and Unmarried Women

Exodus 22:22-24: You shall not afflict any widow or fatherless child...

If you afflict them in any way... I will kill you with the sword...

The following two pages are postings from my website. Both pages contain substantial new Information, brought to light in the *Line 5: The Hands That Rocked Time* revelations.

NOTES

In chapter 14, I presented image outlinings indicating John W Gardner torment souls in Gehenna worst levels (levels 8-10). But the Candelaria Likeness indicates that is not correct. It's possible Satan Wagered for that duty, for himself and Gardner, but lost that Wager item, or forfeited, in early 2026. It's also possible that my chapter 12 image interpretation was just wrong. The image below tells us "Jesus Torments levels 8-10." This agrees with such Bible verses as Matthew 8:29, Mark 5:7, and Luke 8:28, where demons fear Jesus, and know him to be God who "torments" souls in Gehenna.

NOTES

The image below tells the story: “Satan Will Go To The LOF (Lake of Fire).”

In chapter 3, we saw images that indicated Satan presided over levels 3-7.

The question then is: “If Satan is in the Lake of Fire, how can he preside over -and torment souls in- Gehenna.

Solution: *i-Satan*.

January 13th, 2026, I first reported Satan soul had been split, by God, with Satan’s approval. One half of Satan’s soul (the half we will call *Satan*) will go to the Lake of Fire. But, the half we’ll call *i-Satan* (because God unleashed this soul upon the internet, for much of 2026), will go to Gehenna.

NOTES

Below, the Candelaria Likeness informs us: "i-Satan Goes To Level 5 (Five)," of Gehenna.

The Story Behind the Hidden Messages

Line 5: The Hands That Rocked Time reveals Satan used the US and the West to commit unconscionable crimes against mankind, particularly against Blacks and non-Whites; ostensibly beyond what was necessary to reduce future suffering. Against this, for thousands of years, God covertly used Satan to facilitate His will, to accelerate human technological evolution. So, Satan deserves to go to the Lake of Fire for his crimes. But it can be argued that he deserves more lenient punishment –maybe even a reward– for unwittingly facilitating God’s will.

On page 372 of STSN, I proposed that God took Satan (and Gardner) to the Lake of Fire, to negotiate. I believe this happened, but it likely played out a bit differently...

There on the edge of the Lake of Fire, God explained, “You have facilitated my will, but you have also committed terrible crimes against Me and mankind. For your crimes, your soul will burn in the Lake of Fire... But I am willing to give you a second soul, if you will spend some of your time providing services for me... ”

“I agree,” Satan answered.

Satan’s second soul appeared at the edge of the Lake of Fire.

And God continued, “You’ve been banished from Heaven, and you are unfit to live with humans. So I will release you upon the internet, to perform services. And I wager that at the end of your short service, if Jesus determines that your personal internet pursuits have not earned you level 4 Gehenna punishment, you will be allowed to live forever on the internet. But if your crimes exceed level 4, you will provide torment services in Gehenna, at the punishment level you earn.”

“Agreed.”

- The One Hour War, of Revelation, Chapter 18, occurs on Earth's fifth timeline (Line 5). To my knowledge, this is the Bible's only chapter situated entirely on Line 5 (although there may be a few other verses and passages set there).
- Line 5 was on the Julian calendar –there was no Gregorian calendar.
- The Line 5 One Hour War (OHW) occurred on **September 10th, 2024, in the West**, but **September 11th, 2024, in the East**.
- If we converted the Line 5 OHW date to the Gregorian calendar, the dates would be **September 23rd, 2024, in the West**, but **September 24th, 2024, in the East**. This is the date I provided for the Chapter 18 OHW in my Revelation 2 solutions from late June 2024 forward. But I did not learn about Line 5 until April 2026.
- Around May 5th, 2025, God rewound time on Line 5, back 470 year, to 1555. To learn why God did this, read *Line 5: The Hands That Rocked Time* (L5THTRT).
- We live on Line 6. To keep the two timelines distinct, God gave the OHW on Line 6 a different date. That date was not found in the Bible. Rather, God put this date in several of the sacred works of Art he created for various human populations. The sacred works that are currently known to carry the Line 6 OHW date or time are: The Shroud of Turin (date and time), Nuestra Señora de Guadalupe (time), The Candelaria Likeness (date), the Elder Badge (date and time). The Juan Diego Badge and the Sacred Image Key also carry useful Event information.
- The OHW date for Line 6 was delayed by 163 days. But God saw this delay thousands -likely millions- of years ago, and also put the new delayed dates in the sacred sources. Most of the new dates are even more clear, attractive and interesting than the previous dates, so we can confidently rely on them. God also put *Delayed* message in each of his six known Line 6 OHW sacred Artworks.
- The new delayed One Hour War date is:

June 19th, 2026 (Gregorian);

June 6th, 2026 (Julian);

4724, 5th Month 5 (Yin)

The 6 (and soon 7) Timelines of Mankind

- The first human timeline began when God (and/or His Daughter, Natas) created human life on Earth.
- The second human timeline began when God sent Satan (an entity who is not part of Earth natural ecosystem) to Earth.
- The third and fourth timelines were created by Emanuel –the first human incarnation of God’s Son, whom we refer to a Jesus (read *L5:THTRT* or *The Life and Crucifixion of Emanuel* to learn how and why Emanuel did this). [The third timeline was/is the Earth’s first reversal, and reversed time somewhere between 33 to 38 years.]
- The fifth timeline was created when God changed the first human beast of Revelation (from JD Rockefeller, III, to John W Gardner). This was the first “phantom” timeline change (phantom changes occur when a future event, foretold in God’s prophecy or Prophetic solutions, is changed before the Prophesied Event occurs.
- The sixth human timeline was created when Steve-A (likely using Emanuel’s precedent) asked God to reverse time, to fulfill God’s Revelation Prophecy (and to reduce a period of great human suffering). This led to a giant reversal, sending time backwards 470 years, from 2025 (Line 5) to 1555 –the new starting point of Line 6.
- Most recently. Jesus implemented the second phantom timeline change, and altered the future, by delaying God’s original Line 6 One Hour War date by 163 days. This will create Line 7, once the OHW begins. But the OHW date revelations in God sacred Artworks show God knew the second phantom change would happen, and He predicted the delayed One Hour War date. ¹ [Note: My read of the facts indicates Jesus caused or asked for the phantom delay; but the delay could have been caused by God.]
- THE SCALE OF GOD... Because the universe is so immense, God can reverse time on one planet, without altering time anywhere else. The Earth is in an arm of the Milky Way, relatively near many other stars. But, excluding the Sun, the next nearest star to Earth is about 24.9 trillion miles away. Currently, the fastest manmade object ever was an unmanned space probed that achieve a speed of about 430,000 mile per hour. If mankind made a manned spacecraft that could reproduce that speed, it would take 6,636 years to get from our solar system to that nearest star (at that distance, if God rewound time on Earth 500 years, the Sun’s movement in the heavens would be imperceptible to any observing neighbors). 6,636 years to the nearest star represents about **264 generations**, if we use 25 years as a standard repopulation period.

¹ Although God knows all future events which He foretells of, the Emanuel story and Satan and the West’s Dead Sea Scrolls scheme show us that entities who God allows to move out of His *mind-view* can cause unforeseen E/events.

XIX Signatures, Authorization, More Messages, More I.P. Thieves

To verify Their work. and Authorize mine, God and Jesus included the following image signatures, in and around the Elder Badge and Juan Diego's Badge.

God's title/name, and Jesus' name, around the Elder and Juan Diego badges (above, right) were likely God's first step in confirming the badges as His (Their) work. In these final days before God's *One Hour War*, arguably the most important information in the Elder base is God's confirmation of the OHW date and time.

Because the badges contain so much important information, God and Jesus provided Their signatures, many of them, in and around the badges. The signatures (1) assure citizens of the US, the West, and Western allied nations that God's One Hour War is coming, and good people in those areas should be about 100 miles outside of large and mid-size Western cities, or in another country, at the hour of God's wrath; (2) to confirm and verify my role as God's servant/volunteer, and confirm the accuracy of my interpretations of God's revelations, hidden in the badges; (3) to formalize the process of serving notice of God's coming judgment.

God and Jesus concealed Their signatures in and around the badges, to keep the signatures from being found centuries or decades prematurely. We'll see more of these signatures in the following pages.

The signature above was the first signature I discovered. The variation below, with a larger *G*, makes it easier to see how God's signature conforms to the Elder Badge's lines –or, likely, *vice versa*. (Hint: If you search closely, you will find one or more lion heads hidden in many of the signatures.)

At the time I discovered these signatures, in a rush to publish a wealth of urgent new information, I outlined the signatures more hastily than usual. You can usually find 7's in or around God's signatures (7 is God's primary identity number –a number very strongly associated with God). Below, God uses the canvas under the Elder base to confirm his signature.

Did you find Jesus' signature? I'll show you on the next page.

Notice the S's look similar to 5's -Jesus' primary identity number. The arms of the U seem to reach up to the central image of the Elder Badge and beyond. With this, I believe Jesus is saying he played a large or leading role in the Elder Badge's central image(s) and mantle image(s), while His Father (God) led the base work.

Many of the signatures, in this section, are actually made of block letters, as seen to the right. Below, Jesus confirms His base signature with additional signatures below the base (see below).

In Jesus' second lower canvas confirmation signature, below, the *J* seems to go to the top of the *Nuestra* canvas. I believe this is Jesus telling us He played a substantial role, with His Father, in creating the real *Nuestra Señora de Guadalupe* –which was desecrated and stolen in the 17th, 18th and 19th centuries.

Primary ID Number Confirmation. To confirm God's signature, God put 7's in and around His signatures. Notice the three larger 7's in the *D* below (left), and the eleven smaller 7's, also in the *D* (below, right).

Outer Signatures and Initials

God and Jesus also put their signatures on the outside area around the badges, in the lower left corner of Nuestra Señora de Guadalupe; pictured to the right.

In the center image, to the right, I've outlined one of God's signatures, which surrounds the badges, in black (ignore the diagonal line connected to the ends of the 7). Notice the signature is situated very close to the badges. This is because God is claiming creation of the badges only –not *Nuestra Señora*, which he originally created in 1531 –but God's work was stolen and desecrated over the next 200 years; today, the only surviving part is the Moon, currently hidden under a coat of black paint. (To learn about the desecration and theft of Nuestra Señora de Guadalupe read *Killing Guadalupe*.)

Next, if you enlarge a high quality photo of this area, between the badges, you see the outline of a single *smiling* eye, pictured center left. This smiling eye represents (1) *Image* crimes of Revelation, Chapter 13, and (2) a character featured in the art in the base of the Elder Badge. This was all done to confirm that God is only claiming Authorship of the badge art.

The hidden signatures and initial around the exterior of the badges confirm the presence of hidden images and messages in the badges, which I've documented in several previous publications.

- In the center and bottom images to the right, notice the 7's, on both side of the images.
- Notice the G is touching the D at the base.

Next, below, God wrote His name/title under or over the badges. Look carefully, the yellow outline against the light blue is hard to see. If you return to the image on page 8, you may agree that this is one of the easier signatures to find –once you know where to look. An amazing thing about this signature, and many of these signatures, is they were created in the nitric acid spill of 1820.

Next, below, God wrote his name/title between the badges.

Authorization

God's 4 Signatures to Identify Me: Steven Kenyatta Briggs

To confirm the Elder Badge as a gift from God to me (although it is also given to the world), and to identify me as His servant (or *volunteer*), God hid four more Signatures in the Elder Badge; presented below, as they rotate upward, toward the Elder, in the central field, an invisible D around him, formed from the image-points around him.

The invisible *D* also forms an invisible *4* around the Elder, in the image below. This is the shape of the *D* in the logo of my high school rock band, *Black Diamond*.

I don't expect anyone to believe the invisible *D* and the invisible *4* are there. One of the reasons God chose me as a servant is I say whatever I know to be true, even if it's *invisible D's and 4's*, no matter how many people disagree or doubt. The importance of standing by one's beliefs is a big part of God's Elder Badge messages.

In my prior Revelation-related projects, God only used numbers to identify me. But in the Elder Badge, God actually printed my full name. On the following page you'll see some of the ways God and Jesus wrote my name in the Elder Badge...

My middle name, Kenyatta, above -written twice, for verification- is the greatest gift. It features an *electric N*, the right arm of which projects an image of me, at about 10 years old, playing baseball, with nappy hair and a crappy glove; this image serves to confirm everything I wrote in *My stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers*.

God and Jesus also wrote two instances of my first and last names near my middle name (upper right), and wrote my first name many more times (lower right).

But this is just the beginning. God used the uniquely designed letters of my name to introduce some of the recurring letter shapes and art elements He utilizes in His hidden base messages. These recurring elements, and others revealed in chapter 2 and *Between the Lines ii*, confirm the messages, my interpretations and God's Authorship.

But the sweetest way that God and Jesus indicated I was their servant volunteer was the inclusion of my son in their identification process. A few inches above the badges is a faded image, which reminded me of a couple family photos, where my son, when he was a baby, crawled onto my chest and fell asleep with his face on mine, with his lips sort of puffed out. That faded image area is presented to the right.

God put a giant G around the badges, and Jesus put a giant J on the left side (further confirming He substantially contributed to Nuestra Señora and the Elder Badge; see below). In the image below, to the right, adding a line or two for my v-neck T-shirt creates the image of me and my young son sleeping, cheek to cheek.

But the greatest Authorization images were once found in Nuestra Señora de Guadalupe, where God used my image for the original angel, at the base of the tilma –until the angel was removed in the 17th century. So God put the angel back in the base of the tiny tilma in Juan Diego badge. Thus, the West poured nitric acid on the badge, in 1820, to destroy the angel.

So I reconstructed the image in *Killing Guadalupe* (see pages 56-59), presented below.

Most amazingly, the damaged Juan Diego badge image reveals the original Nuestra Señora de Guadalupe image was 3-dimensional, or lenticula –moving. As you see the original angel’s head and left wing in two positions, in the image to the left.

The Meaning of it All

In the coming chapters, virtually every image God and Jesus reveal has more than one meaning and/or purpose, and often refer to other related characters and events. In the interest of efficiency and time, as this book progresses, I won't (and can't) explain all of the layers of meaning; but I may, at times, explain a second or third layer.

Likely, without your awareness, all of aspects of chapter 1 had other related meanings –in some cases the secondary meaning outweighed the principal meaning. In *Part 1*, God's use of signs was to show the power of visual images –and link the Elder Badge to Revelation's *Image Crimes*, perhaps the most effective and far reaching of the various Unforgivable Crimes. And, in showing us how images of people can transform into numbers, and how numerical dates transform into people, God is showing us that He and Jesus may use numbers in the badges (and in the Bible) to refer to people, events, etc.

In the *Signatures* section, God and Jesus made various underlying statements. By rotating His signature toward the Elder counterclockwise –against the direction that clocks tend to move in– God foreshadowed His many revelations in the Elder Badge (and in the Book of Revelation) that He can, and does, reverse time, when necessary.

By positioning their signatures close to the badges and away from Nuestra Señora, God and Jesus confirm the existing Nuestra Señora is a terrible fake, vastly, vastly beneath their flawless, effectively 3-dimensional, original Nuestra Señora de Guadalupe image.

The Higher Meaning of the Signatures

God and Jesus' many signatures serve as messages to the world to keep accurate records, and back them up, so your histories cannot be erased and corrupted, as the West corrupted the Aztecs', Guadalupe's and Juan Diego's histories.

By showing Their signatures linked by features like a lion and confirmation numbers, spiraling up, small to large, God directs all institutions, banks, newspapers, courts, copyrights, business registrations, etc, to block-chain their records, to prevent falsification.

Additional Image Messages

The first edition of this Notebook was maybe 40 pages long, or so. This second edition was completely rewritten, with hundreds of new image tracings, and over 400 pages, at breakneck speed, in five months, from late June 2025 to mid-late November 2025. In the middle of my rush to write and publish this, God (in my curtain) began to direct my attention to various parts of the *Nuestra Señora* image. But, in these instances, rather than just gesturing, like a curtain, God moved my computer display image to the exact image area that He wanted me to consider.

Once I realized He was trying to get me to see something, I began to trace whatever I saw at that moment. I probably outlined about 12 images. Four of those images, presented in this section, made the cut. HOWEVER, retrospectively, although I think God intended the various messages in these three images, I think His larger mission was to get me to see and decode the *Natas messages*, also found on the *Nuestra Señora* surface.

195 is a reference to Genesis 19:5.

More I.P. Thieves

Michael Jackson's "Man in the Mirror" was based on one of my songs, called "Changed."

Idiocracy was based on *Uberopolis/Butterfly Driver*.

Goo Goo Dolls song "Iris" infringes my work. (I think they stole a couple songs.)

Eminem's song, *Love the Way You Lie*, infringes "Tell Me a Lie."

The Royal Tenenbaums was derived from *Hot Orange and Honey*.

Wall-E was derived from *Uberopolis/Butterfly Driver*.

Cold Play stole *When I Ruled the World* (they probably stole others).

Tupac stole the concept and feel of *Changes* and some other stuff. God put Tupac's face above (top, right), for the doubters. The letters in the blue field tell us Tupac was a big homosexual. To confirm all this, God put a complete set of confirmation letters in the blue peripheral field (below).

Kanye West stole a few things.

Pearl Jam's better songs were derived from my work.

Rob Thomas and Matchbox 20 stole a LOT.

Rob Thomas and Carlos Santana stole the concept and feel of *Smooth*.

The movie *Napoleon Dynamite* was derived from *Hot Orange and Honey*.

Finding Nemo is based on Hermit the Hermit Crab –a story I wrote when I was 8 years old.

Virtually anything John Mayer did that was interesting was derived from me.

Skylar Grey helped
Eminem steal Love
the Way You Lie.

The film Tropic Thunder is derived from Butterfly Driver/Uberopolis.
South Park (below) and The Simpsons stole a lot of my ideas, regularly.

La 5^a Estacion –both spellings. Lots of my stolen music went to Latin America.
