

About Those R's... Satan Is Right... Sort of

Two days ago (Feb 28th, Greg, or Feb 15th, Julian, 2026), I published a one page article, titled: ***Prelude to A.I. WWII –& More***. In the article's final paragraph, I addressed the meaning of certain AI messages hidden in news and entertainment images, here in Mexico; but I failed to address an important recurring *hidden letter* image, connected to an ongoing central storyline, which hasn't completely resolved.

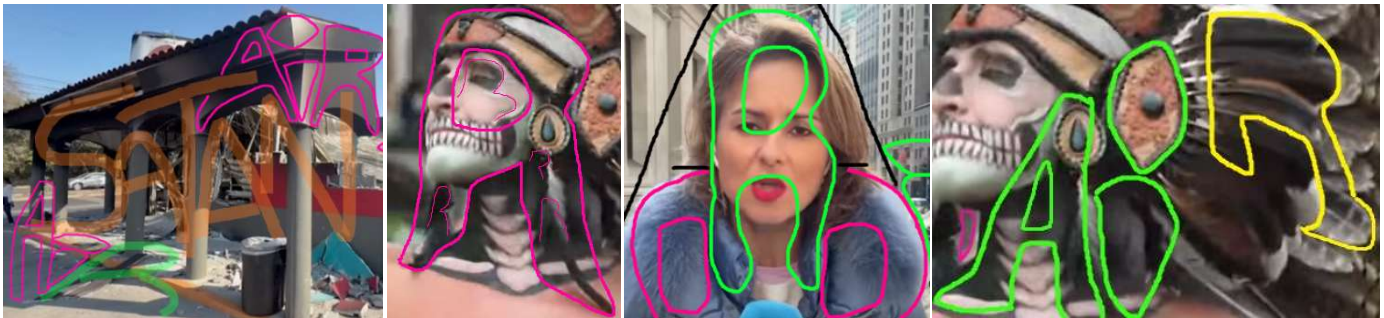

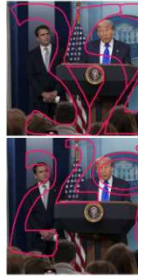

Recently, on TheZoneResistance's *I.A. Image Slide Show* page, I uploaded many AI image *tracings* –or *outlinings*. Among the many recurring images were many *Revelation R's*. Some of these *Revelation R outlinings* are pictured below.

Prelude to A.I. WWII? –& More

Feb 28g, 15j, 2026
Over the past 7 weeks, I've published hundreds of fraudulent AI images, used by Satan and Western aligned MX news and media companies. These images are now publishing stories, backed by AI images, saying the US and Iran are at war with Iran (see www.thezoneresistance.com/a-i-image-slide-show).

This could set the stage for Satan's AI fake "deception date" –a fake AI war world war, designed to conceal the true date of the fall of the US, February 21st, 2026 (Greg). I published "Black Flag" (right), which revealed AI messages indicating this *deception date* would occur March 5th, 2026, orian (or February 20th, 2026, on the Julian). We'll see. But to be frank, Satan is an attention seeking turd. I don't care much anymore.

I recently posted some AI hidden images on TheZoneResistance's slideshow, where Satan's head props up the head of the visible image subject (see w). This is Satan's way of saying he controls all of these AI fake entities –it's also expresses his dislike of God positioning Gardner's head larger and w Satan in God's Elder base revelations (see *Steve's Top-Secret Notebook*). As Satan's recent hidden "Jesus" messages (below, right)... My best guess is, now he's doing odd jobs for God, he'd like me to think he's carrying a message it or from Jesus. But I don't think They would use my enemy as a messenger.

These R's refer to both *Revelation* and the *Rockefeller* brothers –who quietly dominated 20th century Western politics. With these R's, Satan was reminding me that I did not finish addressing his previous concern –which he also made with *Revelation R's*. **Background:** On January 28th and 31st, 2026 (Greg), I published two articles, which responded to a concern Satan had about my *Wager Terms*, from chapter 17 of *Steve's Top-Secret Notebook* (STSN). Satan expressed these concerns via many *Revelation R's*, hidden in many Mexican TV and internet news stories (a few are pictured below). My responsive articles, titled (1) *In Response to a Question from Satan*, and (2) *In Response to a Petition from the Demon King*, are posted on TheZoneResistance's *Special/Unusual* page. In short, Satan's *image argument* was: the Rockefeller brothers were primarily responsible for Satan's terrible 20th and 21st century crimes, because they conceived of many of the crimes –and they financed most of the crimes. Hence, Satan believes he should not be punished (or at least not very severely).

***Note:** The financial issue/need mentioned in these articles was fulfilled, for that month, either by God or Satan.

In stressing the *R*'s in his image messages, Satan was likely also arguing that *he* changed God's *Revelation* prophesy, as his cheating and misconduct provoked God to replace the originally scheduled Beast (John D Rockefeller, III) with John W Gardner. I disagreed. I gave Satan a fairly thorough reply; but somewhere between the *Demon King* and a lateral related article, as I recall, I said I had not noticed the Rockefellers' name in the Elder Badge's *Unforgivable Crimes* (UC) *Timeline* (see STSN); but I said I would check the Elder Badge base, and see if I found the Rockefellers named.

That sets up the problem: I forgot to check the Elder base for the Rockefellers' name.

This may have caused the deception day delay, but that's another story...

It turns out, the Rockefellers *are* named in the base (above). Further, the Rockefellers, as a family unit, are one of only three entities whose names appear in the Timeline before 1968. Those three entities are:

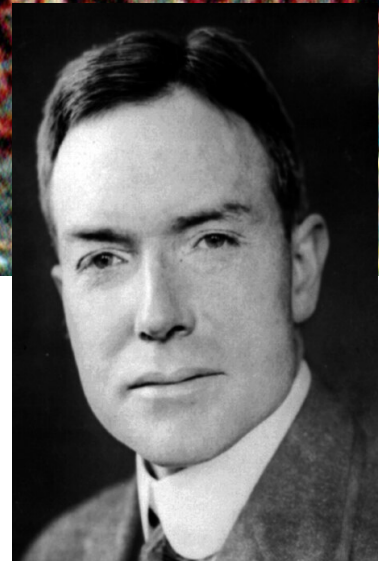

1. **Lucifer** (who is also named in the Timeline under the name **Satan**);
2. **Gardner** (who is also named in the Crimes Timeline under the name **John W Gardner**).
3. **The Rockefellers.**

However, just because the Rockefellers' name is in the UC Timeline does not mean they are more responsible than Satan. But the problem in trying to determine responsibility is: Satan, John W Gardner, John C Malone, the Rockefeller brother, and various Western elites committed terrible crimes against hundreds of millions, likely billions, of people; but the UC Crimes Timeline was designed to record Mark Crimes (Unforgivable Crimes) against *me*, only.

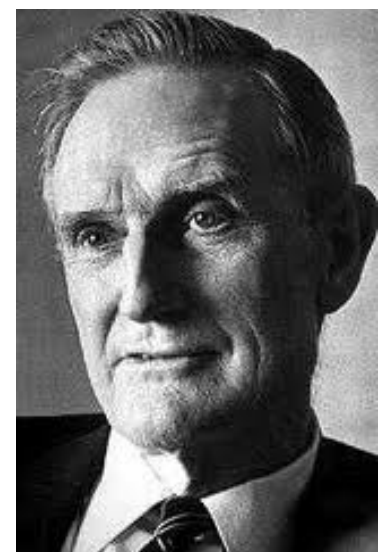

Accordingly, God and Jesus, if *They* choose, can absolve Satan from responsibility for advancing God's will (necessary to reduce human suffering and advance human evolution; see STSN). However, because Satan orchestrated over 700,000 Mark Crimes against me, specifically (really), I am free to impose reasonable punishment against Satan, in my *Terms*.

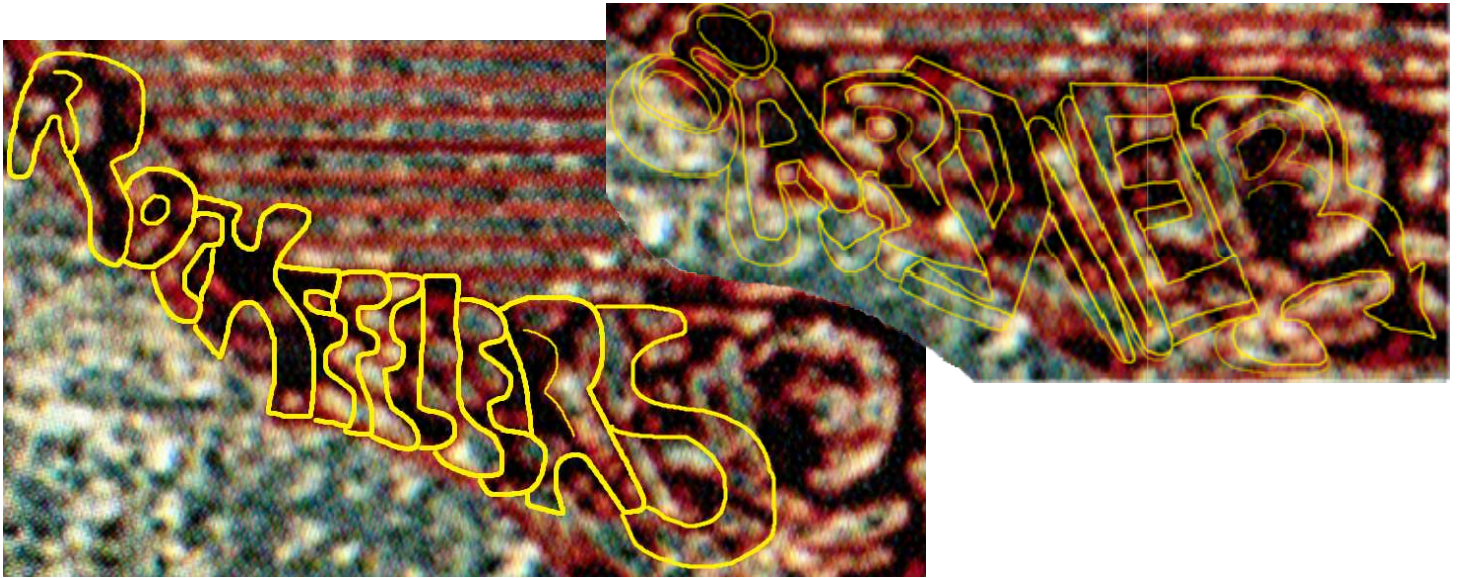

The Rockefellers' name leads to a hidden image of a slender face, with an angular jaw, pointy chin, and narrow eyes, above. I believe this image is a representation of John D Rockefeller Jr (pictured to the right) –the only son of John D Rockefeller, Sr, who earned the family oil fortune. JDR Jr is the father of the three Rockefeller brothers who would use their family wealth to commit horrific hate crimes against non-Whites around the world. Several of the central Rockefeller family members, including JDR Sr, have these sharp features. But the features in the base image above, are most similar to JDR Jr.

Maybe the most interesting things about the Rockefellers, related to Satan and *this* story, is John Davison Rockefeller, III (pictured to the right), JDR Jr's eldest son, was originally prophesied to be the Beast, of Revelation, Chapter 13 (how and why God made this switch is explained in *The Wagers* and *Steve's Top-Secret Notebook*).

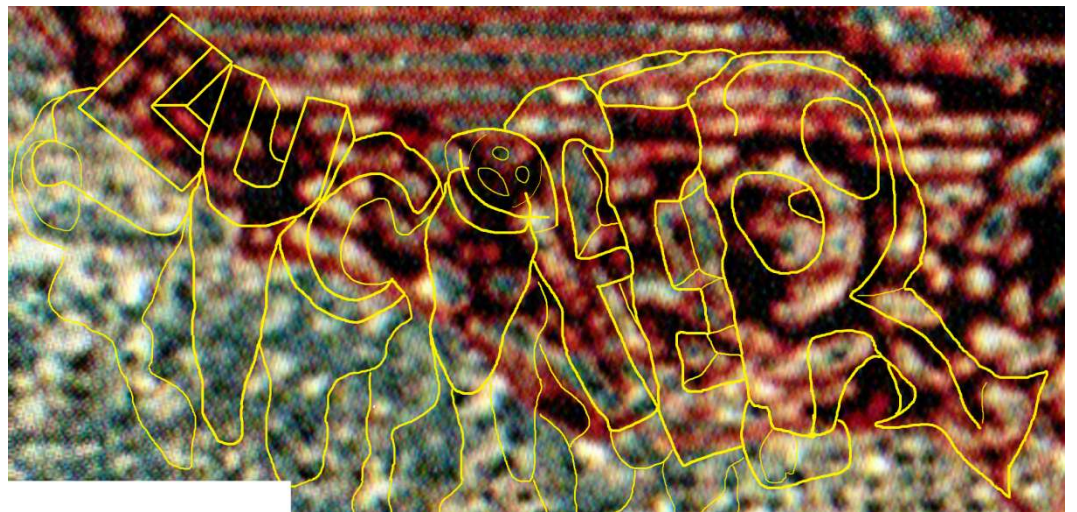

God designed the UC Timeline to indicate the severity of each criminals' crimes according to the size of their name. Hence, a violator with a comparatively small name, committed less severe crimes; but violators with large names -or huge names, like Satan, Gardner and the Rockefellers- committed much larger, more dangerous and substantial crimes.

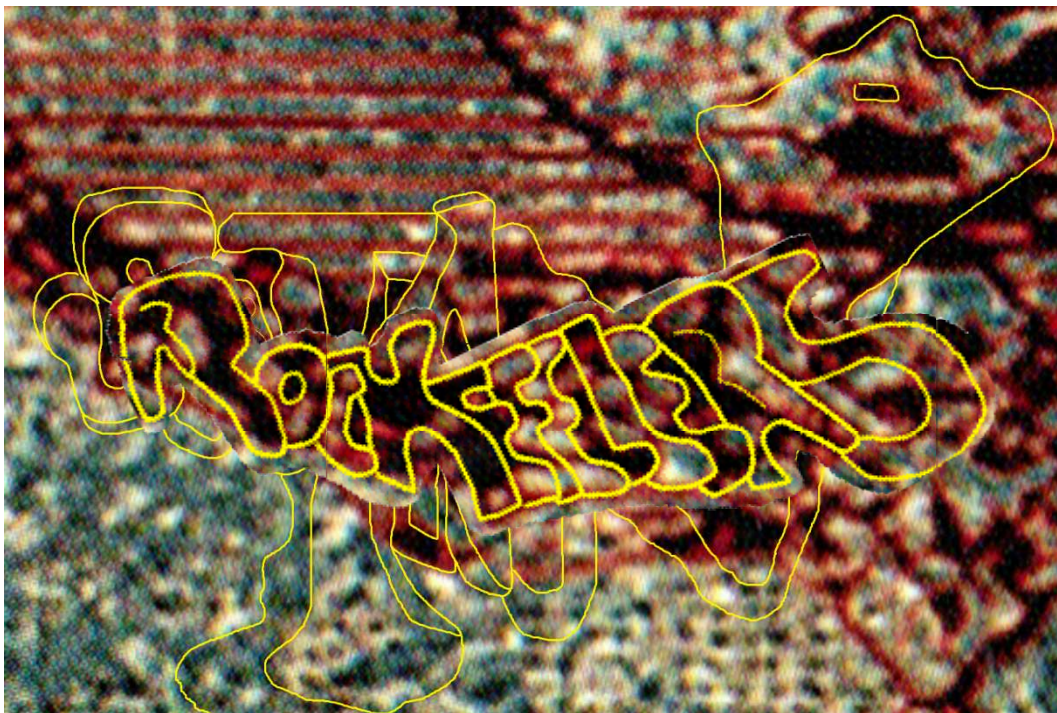

Thus, if we compare Satan's name to the Rockefellers', we will know who committed the worst crimes -against me. With that, we can make informed guesses about their broader crimes.

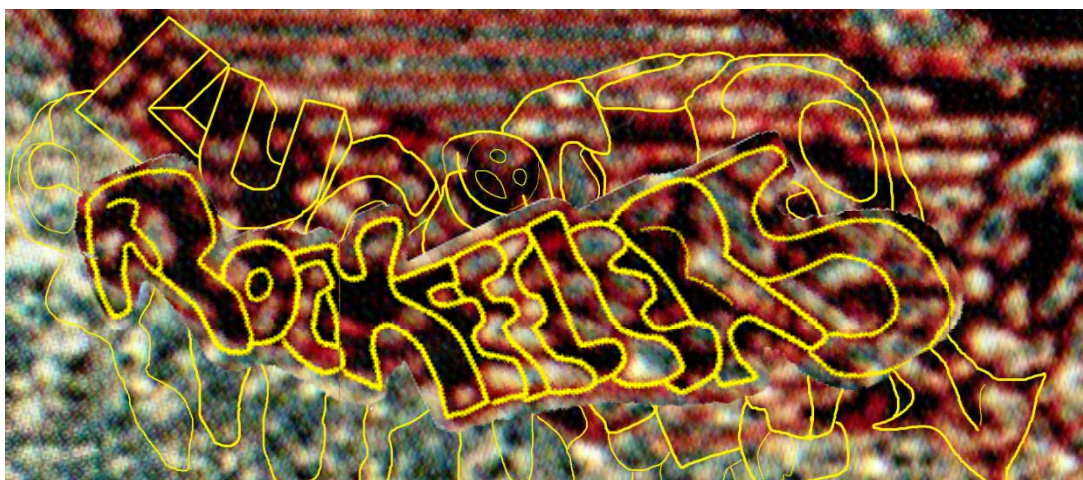

In the name renderings above and to the right, I made good faith efforts to calibrate the comparative size of the names, by adjusting the background features until they were the same size, or very close.

From this, it appears that the Rockefellers' collective roles were comparable to *the Beast* -John W Gardner. But Satan's role seems substantially larger than all other players.

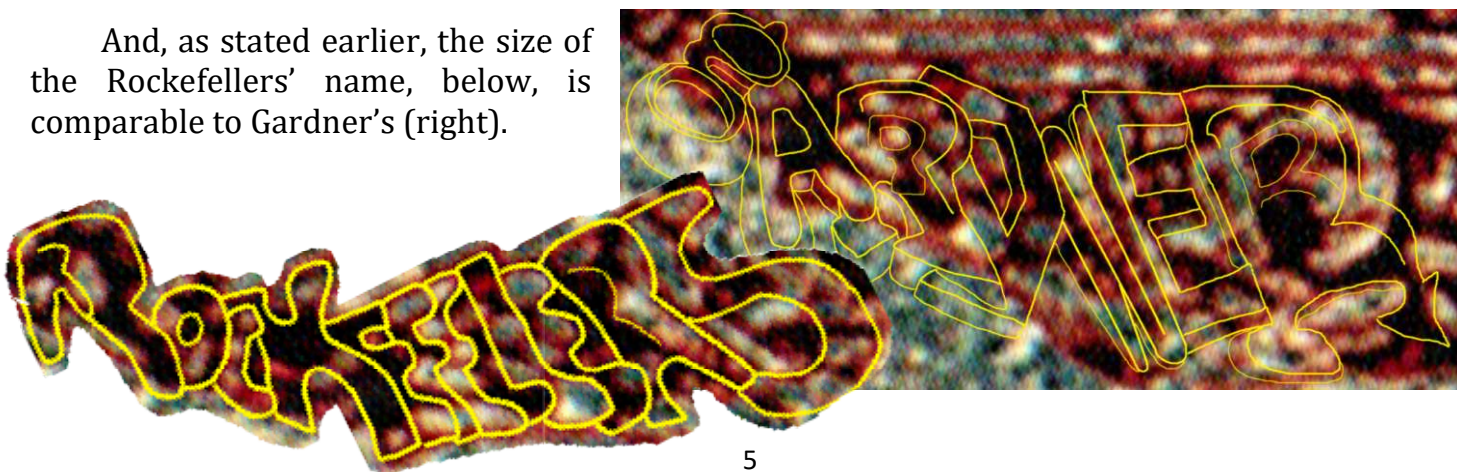

If we lay the Rockefellers name over Satan's (above), Satan's name rises much higher and extends down lower than the Rockefellers; indicating God and Jesus view Satan as substantially more responsible for any crimes against me than the Rockefellers. Likewise below, Satan's original name, *Lucifer*, rises much higher and extends well below the Rockefellers' names.

And, as stated earlier, the size of the Rockefellers' name, below, is comparable to Gardner's (right).

John Gardner's proper name is one of the most interesting names hidden in the Elder base; very intricate, reflecting Gardner's organization and tireless corrupt efforts.

And, again, when adjusted, the Rockefellers' name is about the same size as John W Gardner's.

From all this, with the many R's in his recent AI media works, I believe Satan is asking me to fault the Rockefellers, and not punish him in my *Terms*. Complicating things, Satan also attacked my family, and my race, then took those attacks over 200 years back in time.

Meanwhile, on the domestic front... God, using His unusual *representational communication* methods (see the "Post" section of *Killing Guadalupe*) seems neutral about all this; but seems to want me to specify things concerning Satan in my *Terms* –although recently, God has upheld my Terms inconsistently. But historically, God does these sorts of disagreeable things to communicate larger messages. Currently, I don't know His meaning.

Thus, I expect to update my Terms by March 4th, 2026 (Greg); February 19th, 2026 (Julian).
