

Black Flag

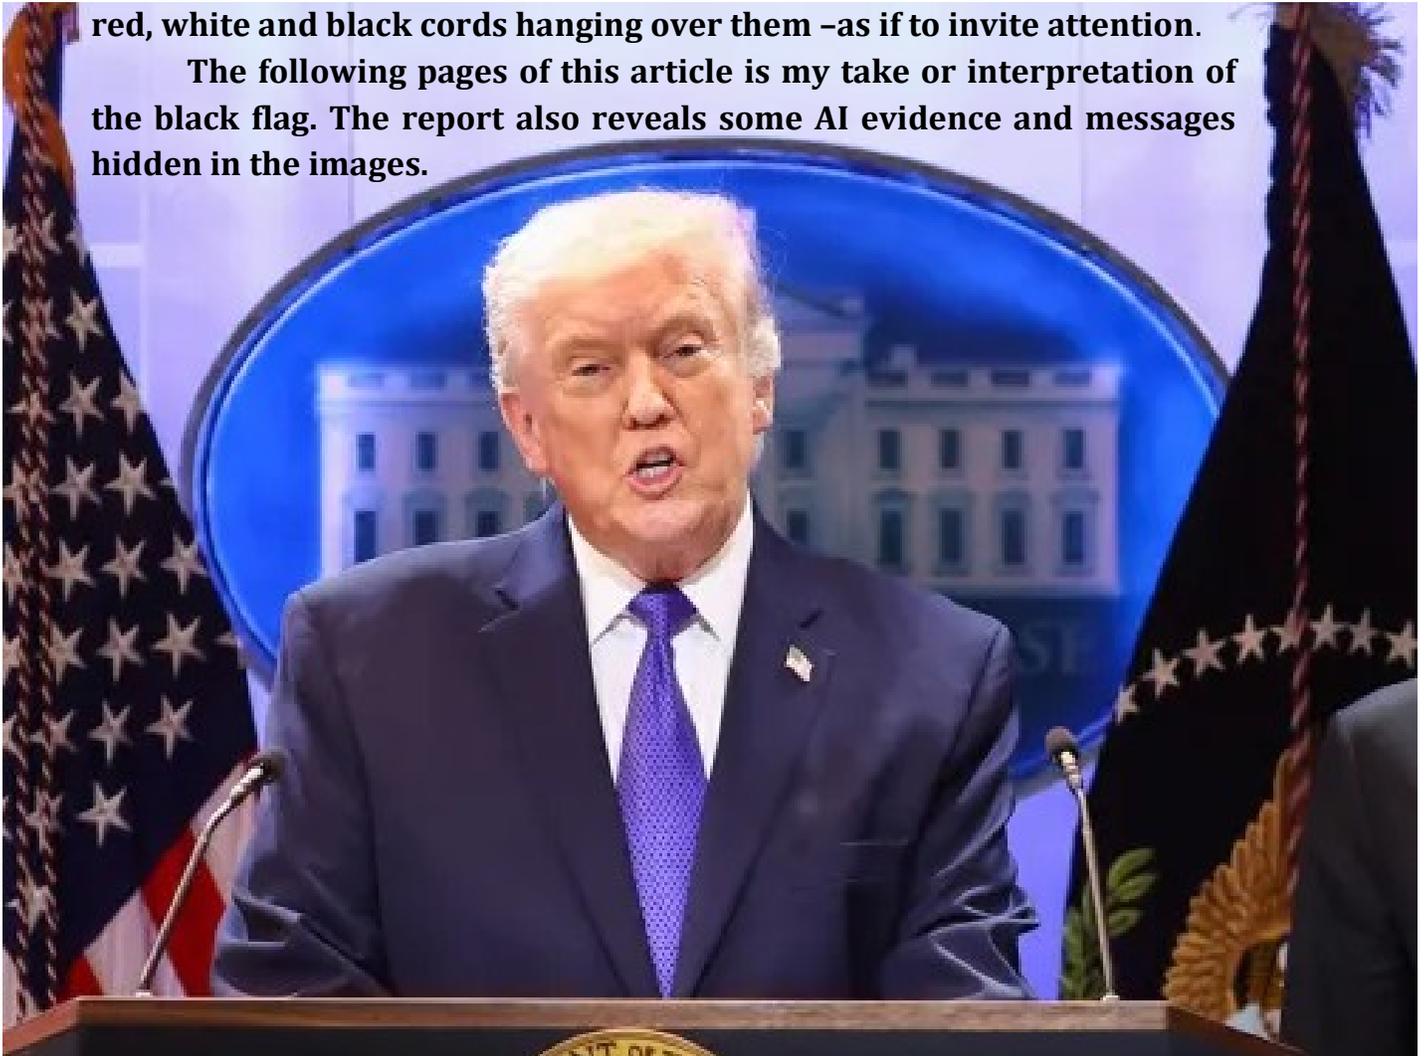

Steve Kenyatta Briggs (Yayayar)

February 21st, 2026 (Greg), February 8th, 2026(Julian).

January 20th, 2026 (Greg), news stations in Mexico reported the US Supreme Court rejected US President Trump's global taxes. Full disclosure: I reported on January 13th, 2026 (g) the US was defeated in a colossal nuclear war and Trump was dead (likely with all or most US Supreme Court justices), AND I maintain this view, believing Western elites and Satan are suppressing news of the fall of the US, until they move their wealth into new currencies. This belief is further fueled by Western allied nations' corrupt use of fraudulent artificial intelligence (AI) news stories (which I debunk regularly). Accordingly, I was not interested in this fake story. But, what I was interested in was the **black flag** positioned behind and to the right of fake President Trump in the AI fake news story (seen in the image below), as he delivered fake comments on the fake Supreme Court decision from the fake White House press room. I've watched US Presidents speak from that room for decades, but I had never seen a black flag behind the podium or on the stage. Adding to the curiosity, the black flag and the US flag each had

red, white and black cords hanging over them -as if to invite attention.

The following pages of this article is my take or interpretation of the black flag. The report also reveals some AI evidence and messages hidden in the images.

The White House press room was built in 1969, under US President Nixon (above).

All subsequent US Presidents have addressed the press from the press room (renamed the *James S Brady Press Briefing Room*, in 1981), usually with one US flag, to the left (below, left), but sometimes two (below, right).

Over the years, you may have seen many famous celebrities speak from the press room, such as Steph Curry, below,...

...and Conner Macgregor, below.

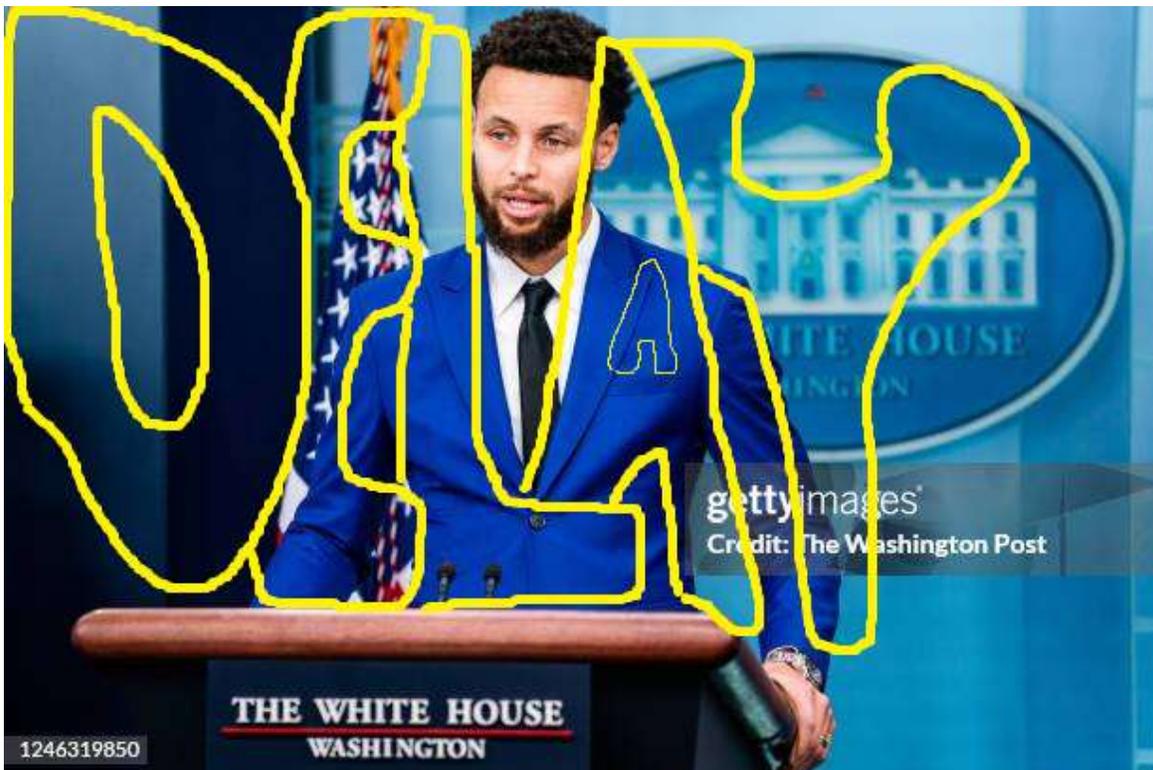

Although everything written in the preceding pages is true, all of the images were/are fake –because all of the images available online, related to the James S Brady Press Briefing Room and the black flag in the press room, February 20th, 2026, were AI fake images.

Now, I'll share some of the messages hidden in the fake images...

The first message is "delay"... This message has come up in a few of my recent articles.

I'm very confident that "Delay" means that Satan is announcing that his "deception day" will be delayed.¹ The new *deception date* (always lowercase letters) is also hidden in the images.

¹ This delay is probably only so Satan, ever the imitator, can emulate God's "Tactical Deception". To understand this, you may need to read Steve's Top-Secret Notebook, or some of my other books/PDFs and articles.

The date of “delayed” deception day will be March 5th, 2026 (Gregorian), 3/5 (above, left), which is also February 20th, 2026 (Julian), 2/20 (above, right). The March 5th date is also in the left half of the image below –the 1 and 7 on the right represent the true date of the One Hour War (OHW), 1/7, (US date-style): January 7th, 2026 (Gregorian).

There are many messages hidden in all of the previous images... 3 and 5, above, are the *delayed* deception date. A.I. is "artificial intelligence." 1 and 7 are, again, the true OHW date.

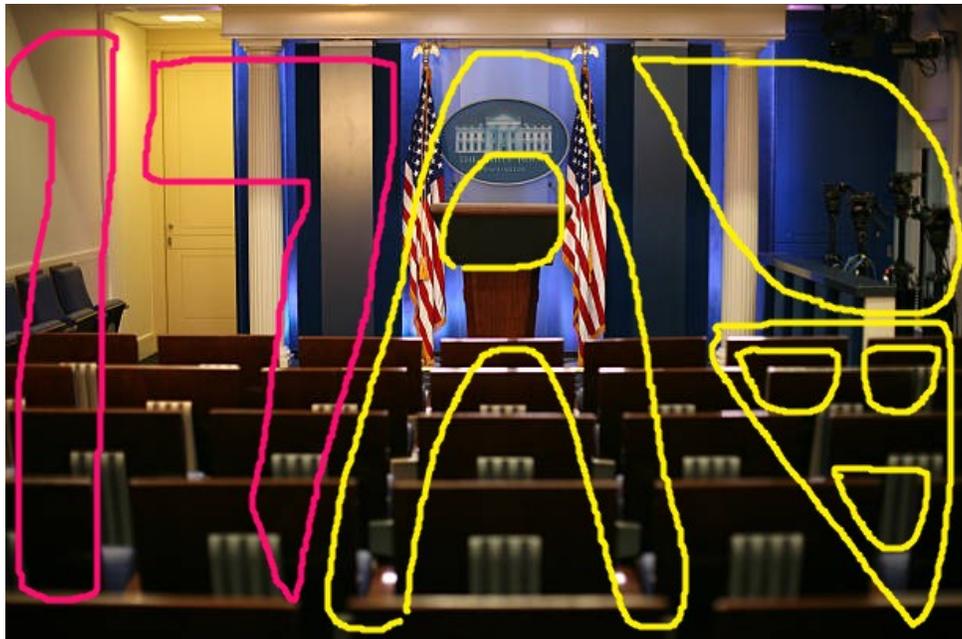

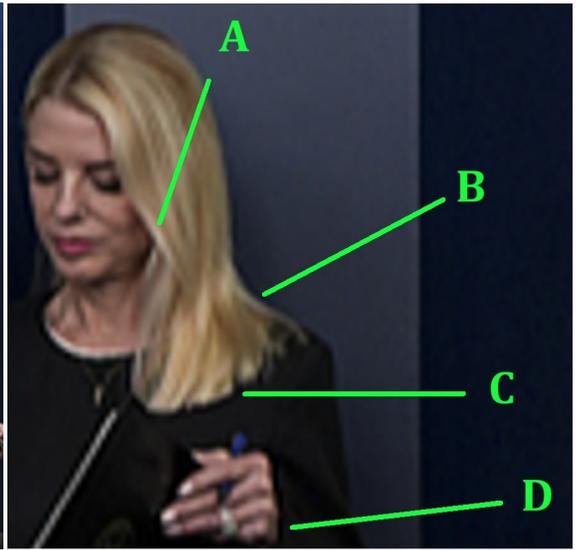

The image to the right indicates Conner Macgregor died in the One Hour War.

The AI images below indicate Steph Curry died in the One Hour War.

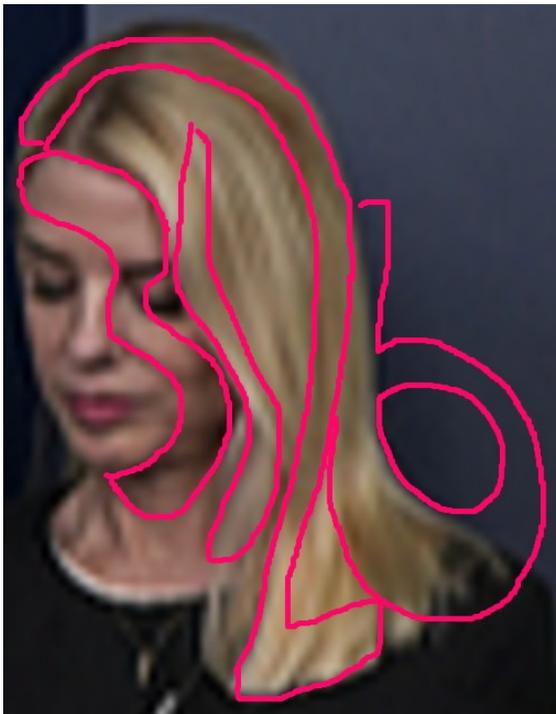

If time proves I am/was wrong about this: my deepest and most sincere apologies to both men, and their families.

The West and Satan fraudulently backdated the image above, left, to an earlier date. The image above to the right identifies some more obvious signs of deliberate and conspicuous AI production, featuring unnatural formations, and the unnaturally uniform length of the woman's hair. These elements help form a couple cartoon images of Satan (right). More importantly, this image area conceals the new "delayed" deception date, below: 3/5/26, or March, 5th, 2026 (Greg).

Most importantly, the images confirm the new “delayed” day of Satan’s deception date, on both the Gregorian calendar and the Julian calendar. The large G signifies the Gregorian date, and the small J signifies the Julian date. Satan uses the small J in a unimaginative retaliation against me for deliberately not using capital letters for any event conceived by Satan.

Because these images are sort of small, I enlarged two of them on the following page, so you can scrutinize the lines more closely.

The black flag means the US is dead.
