

The Cheat Sheet

- A bullet-point guide to the books, articles, etc, on TheZoneResistance.com
- The www.TheZoneResistance.com Home page is primarily for book-length (40 to 400 pages) PDFs. . (Only *Steve's Top-Secret Notebook* and *Origin Stories* are over 200 pages.)
- There are a fair number of other reports and articles on this site, particularly on the *More IA Fake Images* pages.
- Of the book length PDFs on the site, the most important are *Steve's Top-Secret Notebook*, *Revelation 2: The Solutions*, *Killing Guadalupe*, *The Wagers* (a mini-book), and *My Stepdad Was One Of The Zodiac's Santa Rosa Hitchhiker Murderers*. Currently, some of these PDFs are being updated to include the latest information from *The Deception Date (Take 2): Julian*.
- *The Shroud Of God*, which reveals the true purpose of the Shroud of Turin, may be considered by some to be the most important document on this site, as well as *The Sacred Image Key*.
- The *More Fake IA mages* pages are informative, but the most compelling images on those pages are in the PDFs, especially *The United States Is Dead*, *The Last A.I, Fake Images*, and the *Fake Criminal Deportation Story*.
- A very amazing story is God's volcano and earthquake warnings (in the **purple** section of the *Etc* page).
- There are many archive pages on this site, for verification and to reinforce the importance of accurate records and transparency.
