

# The Cheat Sheet

- A bullet-point guide to [www.TheZoneResistance.com](http://www.TheZoneResistance.com)

- TheZoneResistance.com Home page is primarily for book-length (40 to 400 pages) PDFs. (Only *Steve's Top-Secret Notebook* and *Origin Stories* are over 200 pages.)

- There are many other important and engaging reports and articles on this site, particularly on the *More IA Fake Images* pages.

- Of the book length PDFs on the site, the most important are *Steve's Top-Secret Notebook*, *Revelation 2: The Solutions*, *Killing Guadalupe*, *The Wagers* (a mini-book), and *My Stepdad Was One Of The Zodiac's Santa Rosa Hitchhiker Murderers* –and the soon-to-be updated and re-released *The Wagers II*.

- *The Shroud Of God*, which reveals the true purpose of the Shroud of Turin, may be considered by some to be the most important document on this site, as well as *The Sacred Image Key*.

- The *New AI Image Slideshow* page is sure to be popular.
- The *More Fake IA mages* pages are informative, but the most compelling images on those pages are found in the PDFs, especially *The United States Is Dead*, *Black Flag*, *The Last A.I, Fake Images*, and the *Fake Criminal Deportation Story*.

- God's volcano and earthquake warnings, found in the **purple** section of the *Etc* page, form an amazing story.
- There are many archive pages on this site, for verification and to reinforce the importance of accurate records and transparency.
