

**COMING SOON:**

## **Satan & the West's Delayed & Falsified Destruction of the U.S.**

As I predicted in late December 2025 (Gregorian), the U.S. was defeated and effectively destroyed in the One Hour War (of Revelation, Chapter 18), on **January 7<sup>th</sup>, 2026, Gregorian**, or December 25<sup>th</sup>, 2025, *Julian* (see *The United States is Dead*). However, surviving US/Western elites and Satan are using fake AI news and entertainment to create the impression, in parts of the Western hemisphere, that the US is fine –long enough to move trillions of dollars into new currencies, before the dollar collapses –leaving the new bearers in great debt. Satan and the elites hope to hide the truth until **February 1<sup>st</sup>, 2026** (Greg), when they will falsely allege the defeat and destruction of the US occurred. Satan's motive in this is to make God's One Hour War (OHW) prophecy appear inaccurate.

For Satan, the false OHW date, February 1<sup>st</sup> (2/1), represents Genesis 2:1: "**Thus the Heavens and the Earth, and all the host of them, were finished**". On the Yin calendar, the false OHW date is 12<sup>th</sup> Month, 14 –the **369<sup>th</sup>** day of Yin year 4723 (12, 14, 3, 6, 9 also have substantial meaning to Satan).

You are, of course, free to believe what you wish; but I caution you against using TV, social media, etc, to report the US fell on the February 1<sup>st</sup>, 2026, if you did not witness that event live, with your own eyes, as it is that possible that God and Jesus will quickly -even immediately- claim the life of anyone who misleads others about the date of God's wrath.

Jan 17<sup>th</sup>, 2026 (Greg); Jan 4<sup>th</sup>, 2026 (Julian)
