

The *deception day* is at hand. If you are not aware, the *deception day* is the day when Satan and surviving Western media & tech elites broadcast AI images of a great war, in which they will allege the US was defeated and destroyed, circa Feb 1<sup>st</sup>, 2026 (Julian), or Feb 14<sup>th</sup> on the Gregorian calendar. BUT, IN FACT, THIS COLOSSAL EVENT HAPPENED OVER A MONTH EARLIER, JANUARY 7<sup>TH</sup>, 2026 (GREG); DECEMBER 25<sup>TH</sup>, 2025 (JULIAN), in God's One Hour War.

Although for about a month, I've published advisories and A.I. images indicating the Event will happen on February 1<sup>st</sup> (JULIAN, or February 14<sup>th</sup>, Greg), we are talking about Satan here, *the great deceiver*. Thus, there is good reason to believe his deception may occur a day early –or a few days late.

**Although Satan's A.I. images suggest Feb 1<sup>st</sup>, 2026 (Jul) & Feb 14<sup>th</sup> (Greg), I suspect the event is apt to occur TODAY, Feb 13<sup>th</sup> (Greg), Jan 31<sup>st</sup> (Jul).**

Satan loves the symbolism of numbers. God first expresses great satisfaction in Genesis 1:31, saying “...it was *very good*” (the first verse where the modifier *very* is proximate to *good*). Thus, Satan strongly associates himself with the number 13, a reversal of 31: representing going against God.<sup>1</sup> Thus, on Feb 13<sup>th</sup>, 2026, on Satan's Gregorian calendar, and January 31<sup>st</sup> (1:31) on God's Julian calendar, Satan may symbolically go against God, and deceive the world.

---

<sup>1</sup> Although Satan may always be most strongly associated with 6.
