

2026 EVENT CHEAT SHEET

www.TheZoneResistance.com Feb 27th, 2026 (Greg); Feb 14th, 2026 (Julian)

Too much has happened in the past 6 or 7 weeks to keep up with, so I published this brief review of recent significant events, to streamline things for readers –and make the job of updating the homepage publications a bit easier.

- The first BIG Event was the One Hour War (OHW), of Revelation, Chapter 18, in which the US is/was defeated and effectively destroyed (many US/Western allies were likely also substantially harmed). This occurred January 7th, 2026 (Gregorian), or December 25th, 2025 (Julian).
 - Yes, my view could be mistaken. However, I've provided overwhelming evidence of AI disinformation used in major Mexican news and entertainment outlets; thus, until a widely available *AI-disinformation-proof* news outlet emerges in Mexico, my interpretation of events prevails by default.
- Jan 8th, 2026 (Greg), there were no media reports of any war. But, upon finding AI images indicating the OHW occurred as scheduled, I published *Doubts About The Renee Nicole Good Story/Photograph*".
- January 13th, 2026 (Greg), I published "The United States is Dead," which exposed the West's extensive engagement in AI disinformation, and showed Satan himself was behind the US/West's ongoing AI mass disinformation scheme. *Page 7 reveals a 5-word AI image-message, in which Satan seems to verify all crimes I have alleged against the US/West and Satan ("Steve Briggs -Yayayar- is right").
- January 17th, 2026 (Greg), or Jan 4th, 2026 (Julian), I published *Coming Soon*, which revealed Satan's *deception date*, February 1st, 2026 (Greg), the fake date that Satan would allege the US was defeated in a nuclear war (which was truly an AI disinformation war, carried out in various Western-allied nations).
- January 28th, 2026 (Greg), I published the first article revealing Satan's attempts to communicate with me via AI news images. Three days later, Jan 31st, 2026 (Greg), I published *In Response to a Petition from the Demon King*, which revealed, through AI *image-messages*, that Satan wants/wanted me to reduce or eliminate his Bottomless Pit and Gehenna punishment, detailed in my *Terms*, from chapter 17 of *Steve's Top-Secret Notebook* (STSN). I conclude by saying I'll forgo punishment if Satan publishes a full admission of the West's IP crimes against me (dissatisfied with Satan's prior 5-word admission).
- February 1st, 2026 (Greg), passes without an event.
- Feb 2nd, 2026 (Greg), I theorize the Feb 1st deception date was intended for the Julian calendar. This delays the deception date by 13 days, to Feb 14th, 2026 (Greg), Feb 1, 2026 (Julian).
- Feb 13th, 2026 (Greg), *The Wagers II* reveals God Wagered that Satan could not make it appear as if the OHW happened at a later date –OR not at all –AND God gave Satan the powers to succeed.
 - The very compassionate reason God did this was first postulated in *My Stepdad Was One of the Santa Rosa Hitchhiker Murderers*, in 2024.
- February 14th, 2026 (Greg), passes without an event.
- February 19th, 2026 (Greg), I publish *Smoke Signals*, which shows Satan repeatedly signaling the word "Delay." On page 11, I explain "delay" means Satan is delaying his *deception date* event.
- Feb 21st, 2026 (Greg), I publish *Black Flag*, which revealed Satan's new event date: March 5th, 2026 (Greg). The point of the delay(s) is likely to undermine God's *image prophecies* and my interpretations.

It's not clear if God challenged Satan to (1) fraudulently **delay** the OHW event date, OR if God (2) challenged Satan to **conceal the event entirely** –indefinitely. Therefore, I may soon stop posting Satan's unreliable dates –if God wants the OHW hidden, the OHW will be hidden. But if Satan produces an entertaining AI image, I'll publish it. Forthcoming updates of *Steve's Top-Secret Notebook* and *The Wagers II* will comprehensively address all of this.
