

In Response to a Question from Satan

Steve K Briggs (Yayayar); Jan 15th, 2026 (Julian), Jan 28th, 2026 (Greg).

January, 27th, 2026 (Greg), I turned on N-Foro and saw lots of AI images, which is no longer surprising –and only interesting because the Mexican government, and the people, don't seem to mind. But the AI images were different from the previously posted recent images. Satan, apparently in charge of all Western AI internet ops, was suddenly stressing the letter *R* –*R* seemed to be everywhere. I believe Satan was using the *R*'s to ask me to weigh in on an issue. So, after completing my daily duties, I went to the N-Foro website, and saw hidden *R*'s everywhere. I took screenshots of 10 images, outlined the *R*'s, and created this document. Here's the first image:

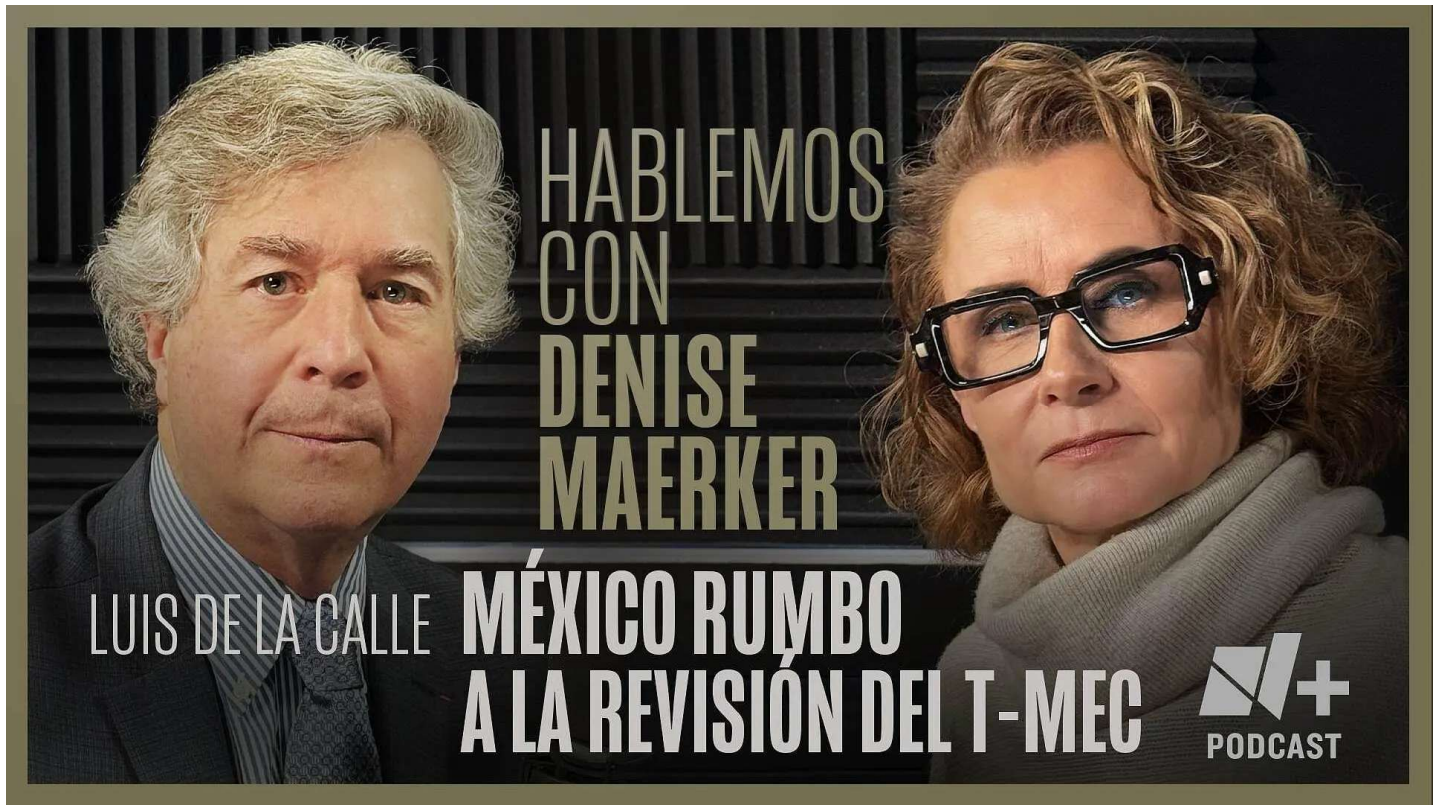

And here, above, are the hidden *R*'s (well some of them). Satan put "*AI*" in the lower right corner –meaning, the image is an AI fake, like all the images in this PDF.

In the descending stairway, there are 5 faces in a triangular shape, pictured below. The triangle represents Satan. The 5 faces represent the 5 people who powered Satan for 88 years: John Gardner, John C Malone, and the Rockefeller brothers: John, David and Nelson.

The R's. Also in the image are several images of Satan (below). Satan is saying he uses surveillance cameras to collect material to make his AI fakes.

In the image, outlined above, from left to right, Satan ranks, 1 to 4 (see the numbers above the image), his view of the entities most responsible for great harms done to the world, over the last 88 years (roughly): (1) John W Gardner, (2) The Rockefeller brothers (John, David and Nelson, (3) Satan, (4) John C Malone. Satan also used these powerful people to harm me (Satan used the Rockefellers and Malone to pay for Satan's unending skits and dirty tricks [see *Steve's Top-Secret Notebook*], which, in the end, did nothing, or very little, to help Satan's goal).

With the next group of letters, above the image (A, B C, D), Satan ranks my family members and step-family members, according to whom Satan believes was most helpful in his efforts to harm me. *NOTE: Before I continue, because that last sentence sounds sort of whiney, I need to say: Satan's schemes were malicious, and hurt me financially, socially and romantically; but, for decades I have insisted that I am not a victim in the this life. Never once was I defeated, and never once did I rise any slower from my bed.*

That said, In order of *harm caused*, Satan views my stepdad, my step-uncle, my nuclear family sisters, my son's mother, and one of my nephews and my son as most useful in his efforts to harm me. Satan's assessment is pretty accurate. But he underestimated the harm caused by two of these people. I'll let Satan figure it out.

But this is NOT why Satan stressed the R's. I'll address that on the next page, after you get a chance to play backseat detective...

Please, examine the two images below. Other than the R's, can you see anything that the images have in common?

SOLUTION: Both images have the same message in the news text crawl at the bottom of the screen. The part of these messages that Satan wants me to address is the number 34, which, in this case, means 3-4. Satan wants me to address a question pertaining to the numbers 3 and 4.

I am very aware of the question or matter Satan wants me to address. I also understand what Satan is signaling with the letter R. And it's an interesting point.

However, I won't reveal what Satan's issue/question is until Satan takes certain actions.

Thanks to Satan's sabotage, I have been poor for a long time. I recently updated my terms to have God provide me with money, etc. I am confident He will provide. BUT, Satan is the one who stole my ideas, and helped unlawfully distributed my ideas, and the one who did all he could to prevent me from being paid properly at work. And these are far from the worst of Satan's crimes against me.

So, given that God has a low opinion of money, but I need money to survive, why should God be the Entity to give me money, when Satan is the one who stole it?

Thus, if Satan wants me to address his concern, he must immediately fulfill these demands:

1. Satan needs to fill up my Spin (by OXXO) cash card, AND MAKE SURE IT AUTOMATICALLY FULLY REPLENISHES, TO ITS MAX DEPOSIT TOTAL, after every use –for the remainder of my life. If I move to another country, Satan must figure out how to get me a new automatically replenishing cash card, immediately.
2. Satan must immediately reactivate my Bank of America ATM card, and put a LOT of money in my old Bank of America checking account. He also needs to insert my four-number PIN in the N-Foro news text crawl, because I forgot the PIN of my *B of A* card. And, since that card is likely to be useless after February 1st, 2026 (Greg), Satan needs to make sure that card has an unlimited daily ATM withdrawal limit.
3. Satan must never again use the internet or any other means (phone, satellite, etc) to ask anyone to take ANY action against me (disturbing my sleep, turning off the hot water...). If Satan fails to do this immediately, I'll address it in my *Terms* –with an added punishment.
4. Satan must stop loitering 80 feet from my house at night, making the dogs bark. This does not mean it is OK to loiter 90 feet away. Satan should not come within 400 feet of my house from 10 PM to noon. After noon, he can stand at the 80 foot perimeter line, established in my *Terms* (however God manages that). If Satan fails to do this, I'll add it to my *Terms*, with punishment.
5. Satan should/must immediately mail me a replenishing ATM bank card, from a reputable Mexican bank, under my name: Steve(n) Kenyatta Briggs.

Satan also needs to understand that he may not like my view of his issue. His money will not move my opinion. That's why I'm doing this openly. Satan owes me for a lifetime of theft. Hundreds (likely thousands) of US and Western movies, songs, TV shows, and massive science projects were derived from my works and ideas, usually stolen with Satan's assistance.

It's likely that Satan will not meet my demands. In that case, I will not address the "*R*" issues, etc. Although, at some point, when it's convenient, I may explain to readers what Satan was talking about, and what 3 and 4 mean.
