This article explains God and Jesus' replies to a couple massive reply requests I tucked in the Terms section (chapter 17) of Steve's Top-Secret Notebook, for January 2nd to 6th, 2026, **Gregorian calendar**, or December 20th to 24th, 2025, **Julian calendar**, and from January 17th to 20th, 2026, Gregorian (**G**), or January 4th to 7th, 2026, Julian (**J**).¹

As some of you know, I spent about 2.5 years (July 2023 to January 2025, Gregorian) trying to solve God's Book of Revelation, and trying to solve His various new revelations, and, above all, trying to predict the date of the One Hour War (OHW). After various gains and setbacks, December 24th, 2025 (Gregorian), I posted the correct date and time of the OHW on my website –and on X/Twitter (to verify the date and time of publication). The date was January 7th, 2026 (Gregorian), or December 25th, 2025 (Julian).

I viewed it as my duty to publish warning messages, so any good people in the US had a chance to get out of high risk zones, if they wished. Because it felt as if X/Twitter, like all Satanic Western media conduits (Google, Facebook...), was silencing my efforts to reach people, on January 2nd, 2026 (Gregorian), I updated the "Terms" section of STSN, and asked God to cause large geological events (such as earthquakes and volcanic eruptions, etc) and weather and water events, from January 2nd to January 6th, 2026 (Gregorian), so people understood my solutions were accurate, and God's wrath was at hand.

Perhaps surprising observers, but not surprising me, God and Jesus complied, and immediately began causing earthquakes and extreme weather events. As indicated in the image/post below, God's first event came only 3 hours after I posted my January 2nd (Greg) request, as He caused a 6.5 earthquake, here in Mexico –the

At 4:44am, here in MX, I added this passage to the Terms of Steve's Top Secret Notebook, asking God to cause geological events (earthquakes...) etc, on Jan 2, 3, 4, 5 & 6, to warn the One Hour War will happen Jan 7th, 2026.

3 hours later, MX was hit by its largest quake in 3 years

33. My job is to sound the alarm of God's coming wrath, but I am reliant on Satan and the West's internet system for this. Thus, to help sound the alarm, I request that God create one or more unusually large, news-worthy natural geological event (earthquake, volcanic eruption...), or a weather or water event (this time of year, in the North, geological events would be best), on EACH of the final five days before the One Hour War (January 2nd, 3rd, 4th, 5th and 6th, 2026). (NOTE: I modified this item, #33, on the morning of January 2nd, 2026.)

largest in Mexico in 3 years –followed by over 2,000 aftershocks in the next 24 hours; which grew to over 4,000 aftershocks in the next two weeks.

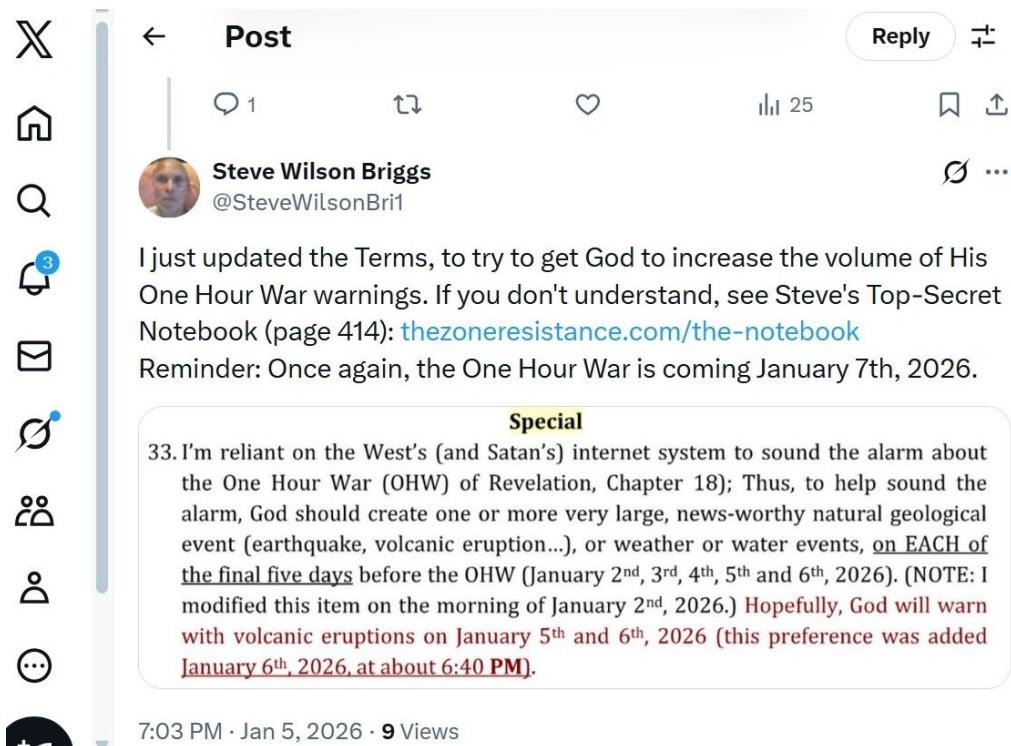

The following day, God caused an avalanche in Pakistan. [My website explains the significance of the events and location].

For His third event (day #3, Jan 4th, 2026, *G*) God brought record flooding to my old stomping grounds, in Northern California, USA, home of both of Satan's Beasts.

I reported these events, on X/Twitter and my website.

The problem was, I saw no evidence in the US mass media (news, internet) that anyone in the US was taking action, and getting out of the US, or getting to safer areas.

So, at 6:40 PM, on day #4 (January 5th, 2026, Gregorian), I specifically asked God to give “volcanic eruption” warnings for his final two events (events #4 and #5). [NOTE: due to an inexplicable news delays, at 6:40 PM, January 5th, 2026 (*G*), I was not aware that God had already delivered the January 5th event –a 6.2 earthquake in Japan. However, God was gracious and deliver an additional event.]

I just updated the Terms, to try to get God to increase the volume of His One Hour War warnings. If you don't understand, see Steve's Top-Secret Notebook (page 414): thezoneresistance.com/the-notebook

Reminder: Once again, the One Hour War is coming January 7th, 2026.

33. I'm reliant on the West's (and Satan's) internet system to sound the alarm about the One Hour War (OHW) of Revelation, Chapter 18; Thus, to help sound the alarm, God should create one or more very large, news-worthy natural geological event (earthquake, volcanic eruption...), or weather or water events, on EACH of the final five days before the OHW (January 2nd, 3rd, 4th, 5th and 6th, 2026). (NOTE: I modified this item on the morning of January 2nd, 2026.) Hopefully, God will warn with volcanic eruptions on January 5th and 6th, 2026 (this preference was added January 6th, 2026, at about 6:40 PM).

Thus, late January 5th, 2026, *G* (but already January 6th in the Philippines), God struck with numerous types of volcanic eruptions from four volcanoes in the Philippines. **But the events at one of the volcanoes, Mayon, were particularly noteable, with eruptions and over 85 volcanic activity related rockslides.** The ash

and sulfur plumes caused the Philippines aviation authorities to ban airplanes near the four volcanoes, and over 3,000 people were quickly evacuated.

A couple of hours after I updated my Divine warning request, favoring volcanic activity: increased volcanic sulfur emissions, and increased rockfalls near 4 volcanoes in the Philippines caused CAAP to raise the alert level and ban flights over 4 volcanoes.

This is serious, folks.

But then came the fifth (technically sixth) and final warning event...

Or not.

For the final event –and I requested a volcanic event- the USGS (The United States Geological Survey, the US agency charged with charting, reporting, recording and verifying geological events, such as earthquakes and volcanoes), suddenly went black, and stopped reporting volcanic activity. I first read this in an internet news report, around 6 or 7PM, January 6th, 2026 (Gregorian). I quickly went to the USGS website, where they had posted a homepage message, stating: **“Temporary outage of volcano monitoring data plots.”**

In my life (I’m over 60), I had never seen a report that the USGS had experienced an “outage” of volcano monitoring plots.

This meant I could not learn what God did for the final volcanic event.

In a situation like this, when on the day before God’s colossal One Hour War, His assistant asks for a volcanic warning, and the USGS just happens to stop collecting volcanic data that day, you are free to believe what you wish. I believe God and Jesus sounded the alarm with numerous volcanic eruption –some quite large. But US elites, who serve Satan, ordered all volcanic activity report silenced for that day, to keep any good Americans from making truly informed final decisions.

This is my final post on this "Divine warning by large geological or weather event" thread. Below: a pic of a post on my website, and a screenshot of the USGS website, earlier today.

JANUARY 6TH UPDATE (circa 7:15 PM): I have some work to do, so I may not be able to post later. At this time, God has fulfilled the agreement; but He may do one last warning before 1/6/26 (Gregorian) passes. The events were, sequentially: (1) a 6.5 quake in Mexico, (2) an avalanche in Pakistan, (3) record flooding in Northern California (USA), (4) a 6.2-6.4 earthquake in Japan, (5) volcanic activity and rockslides cause evacuations and airplane warnings and rerouting around 4 Philippine volcanoes. **BUT THE BIG UNUSUAL NEWS IS MOMENTS BEFORE I POSTED THIS MESSAGE, A NEWS STORY RAN THAT THE USGS WAS EXPERIENCING A TEMPORARY OUTAGE OF VOLCANO MONITORING PLOTS.** This was confirmed when I went to their website. This means there could have been several volcanic eruptions today, but the US chose not to report them. Who knows. In a disinformation empire, anything is possible.

All of this leads to my latest *volcanic eruption by Divinity* request...

Full disclosure, I'm a Christian, who knows God has three major Religions that flow from His (or His Son's) interactions with man. God also saves people who just live well, and He appears to respect religions that get many points right: *God is good, wants us to live good and virtuous lives...* Since I avoided going to Church for most of my life, I'm not a very knowledgeable Christian. But, since I know and love God and Jesus, and since I know God would like all people to *choose* to love and respect His Son, Jesus, I would like my work to contribute to that goal.

So, January 17th, I decided to update my Terms (chapter 17, STSN), to ask God and Jesus to take certain actions. However, the Terms are related to the Wagers – and to my knowledge, God entered into the Wager, with Satan, without Jesus (it's likely that Satan, who thrives on creating division, specifically required that Jesus not be a part of the Wagers). But, since my Terms are between me and God -and not Satan- I made Jesus part of my Terms. And, since God has chosen to openly honor

my Terms, this meant Jesus could do so, also. This gave me a chance to help show both God and Jesus' hands at work.

But, I couldn't just *assume* Jesus was helping His Father carry out the various Term interventions/requirements. I needed to ask Jesus if He would help His Father execute the Terms, and I needed to ask for a response –yes or no.

So, I decided to do this publicly –in my Terms (not in a prayer), because I was almost certain that Jesus would respond –and in responding, all observers would understand that my God has a Son, whom they should respect (even if they opt not to become Christians).

So, late on January 17th, 2026 (Gregorian), or January 4th, 2026 (Julian)², I added a new term, #32, to my list of Terms:

32. It is my understanding that God engaged in the Wager with Satan, and Satan may have asked the Jesus not to be a direct party in the Wager. However, in my Terms, I welcome Jesus' involvement, and hereby request that He participate in all aspects of punishment and judgment required under these Terms. I request that Jesus inform me if He will accept this role in these Terms, by causing a volcano in Mexico to erupt lava (preferably a smaller eruption that does not cause any loss of human life), on January 18th, 2026 (Greg), January 5th, 2026 (Julian). **This item was added on Jan 17th, 2026 (Greg.), or Jan 4th, 2026 (Julian).**

So, quite specifically, on Jan 17th, 2026 (G), I asked Jesus to affirm by causing a volcanic eruption, the following day, Jan 18th, 2026 (G), in a volcano in Mexico. I was specifically thinking about Popocatépetl (near Mexico City), but I decided not to specify which volcano.

However, I sort of guessed all of my Terms' publishing expectations by trying to decode letters in headlines of the 1970s Santa Rosa hitchhiker murders.³ So, perhaps lacking publication certainty, I did not verify my Terms, by posting a new website screenshot of the cover of *Steve's Top-Secret Notebook*, or a screenshot of the Terms section, or of the Terms' signature section, on X/Twitter.com. X/Twitter stamps the post with the Gregorian date and the time. This meant that my request was not official or really valid. This may seem like minutia, but STSN shows how Satan and the West were able to undermine all institutions, and carryout the most far-reaching crimes, by exploiting poor record-keeping and verification systems around the world. Thus, God and Jesus practice what they preach.

² If you missed my explanation in one or more of my prior publications, God would like the good and just nations of the world to return to the Julian calendar (and add any necessary accuracy adjustments to that calendar model/system). To promote that transition, I now show dates on both systems. FOR THE RECORD: Satan and the West created to Gregorian calendar to disrespect God and Jesus, and undermine God's prophecy.

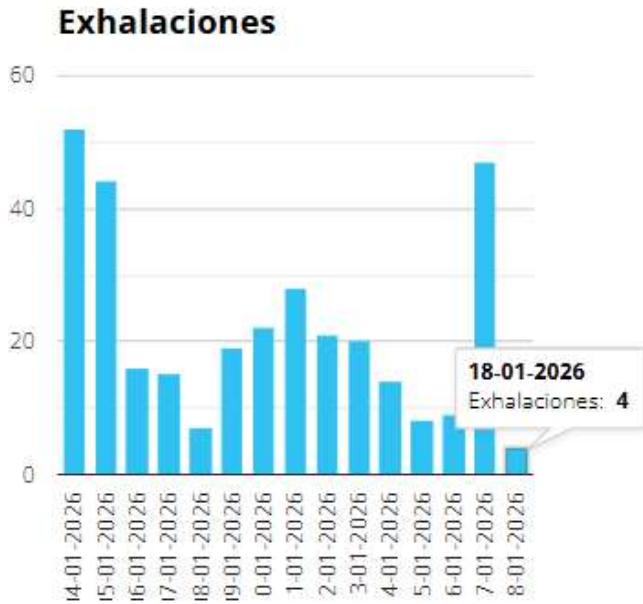

³ You'll probably need to read *My Stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers* to understand this.

Although I blew the publication verification step, Jesus seems to have (symbolically) politely acknowledged my effort. Here's what happened on January 18th, 2026 (G), or January 5th, 2026 (Julian).

According to cenapred.unam.mx, on January 18th, 2026 (Greg), Popocatépetl, released only 4 exhalations of gases, down from a recent average of around 18.

Although 4 is a substantial exhalation decline, I viewed this as somewhat encouraging –because 4 is alternate ID (nickname) God and Jesus use to refer to me.

Meanwhile, thousands of miles away, in the Philippines, **Mayon**, the volcano God erupted on day #4 of His One Hour War warnings, after being fairly quiet since God's January 5th, 2026 (G) eruptions and rockslides, suddenly became much more active – even more active than on January 5th. In the 24 hour period of January 18th, 2026 (Greg), Mayon logged 57 PDC (eruptions), 19 volcanic earthquakes, and 297 rockfalls/rockslides.

Date: 19 January 2026

ALERT LEVEL

Phivolcs

Mayon Volcano recorded sustained high activity over a 24-hour period, with the Philippine Institute of Volcanology and Seismology (Phivolcs) recording dozens of pyroclastic density currents (PDCs) and hundreds of rockfall events while Alert Level 3 remains in effect.

From 12 a.m. on Jan. 18 to 12 a.m. on Jan. 19, Phivolcs logged 19 volcanic earthquakes, 297 rockfall events, and 57 PDCs, locally known as "uson."

A fair crater glow was also observed and visible to the naked eye, indicating ongoing magma movement near the summit.

- NOTE: If you research Popocatépetl on January 18th, 2026 (G), you may encounter stories of bright UFO-like lights near the volcano that night. I looked at several such reports, and they looked credible, at a glance, but on closer examination they showed signs of AI fraud.

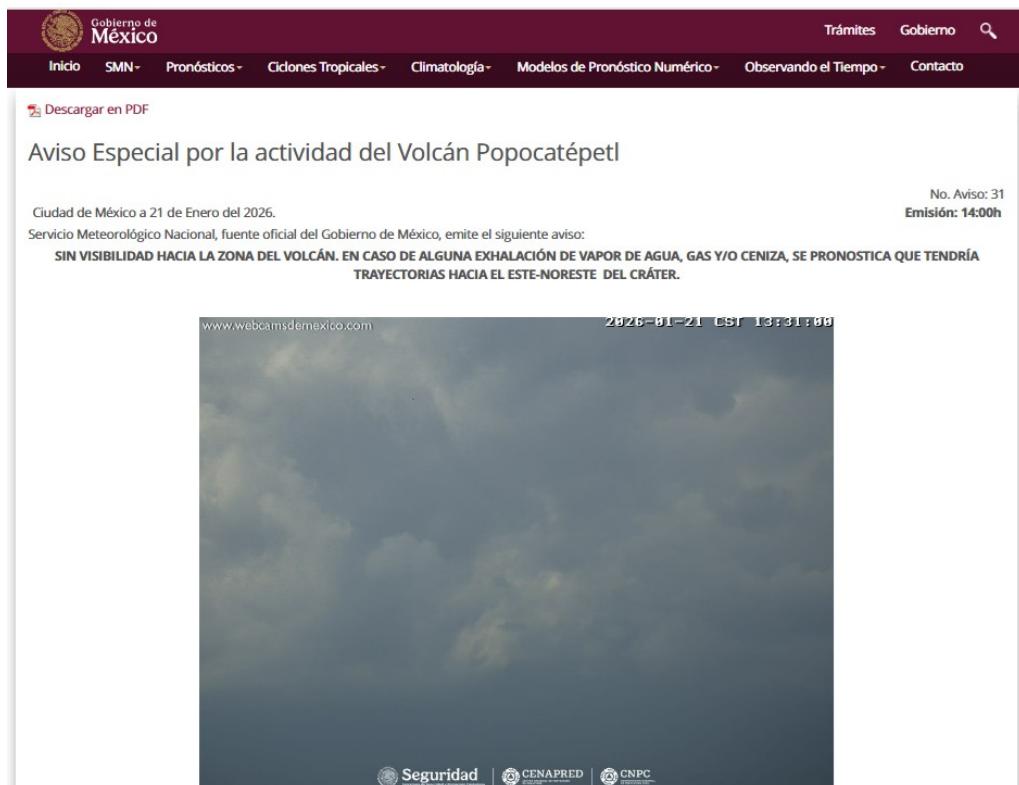

Not long after January 19th, 2026 (G) arrived, and I finally realized that I had not posted evidence of my revised Terms on X/Twitter. Thus, January 19th, 2026 (Gregorian), I updated and re-filed the Terms, requesting that Jesus formally agree to help His Father execute my Terms, and reply via a Mexican volcano, on January 20th, 2026 (Gregorian), or January 7th, 2026 (Julian). And, this time, I posted the necessary publication screenshot on X/Twitter.

So, What Happened on Jan 20th (Greg), Jan 7th (Julian)?

By the end of January 20th, 2026 (Gregorian), I found a couple of credible appearing reports that Mexico's Popocatépetl erupted on January 20th, 2026 (Greg). One of these reports was on VolcanoDiscovery.com, which described Popocatépetl's **"explosive activity"**, and said the eruption caused the Volcanic Ash Advisory Center to issue a plane advisory/warning up to 20,000 feet.

HOWEVER, I did not see TV or internet news reporting that I would ordinarily expect for a Popocatépetl eruption.

When I checked the Mexican government monitoring reports, I found a strange message saying Popocatépetl could not be observed due to overcast. True.

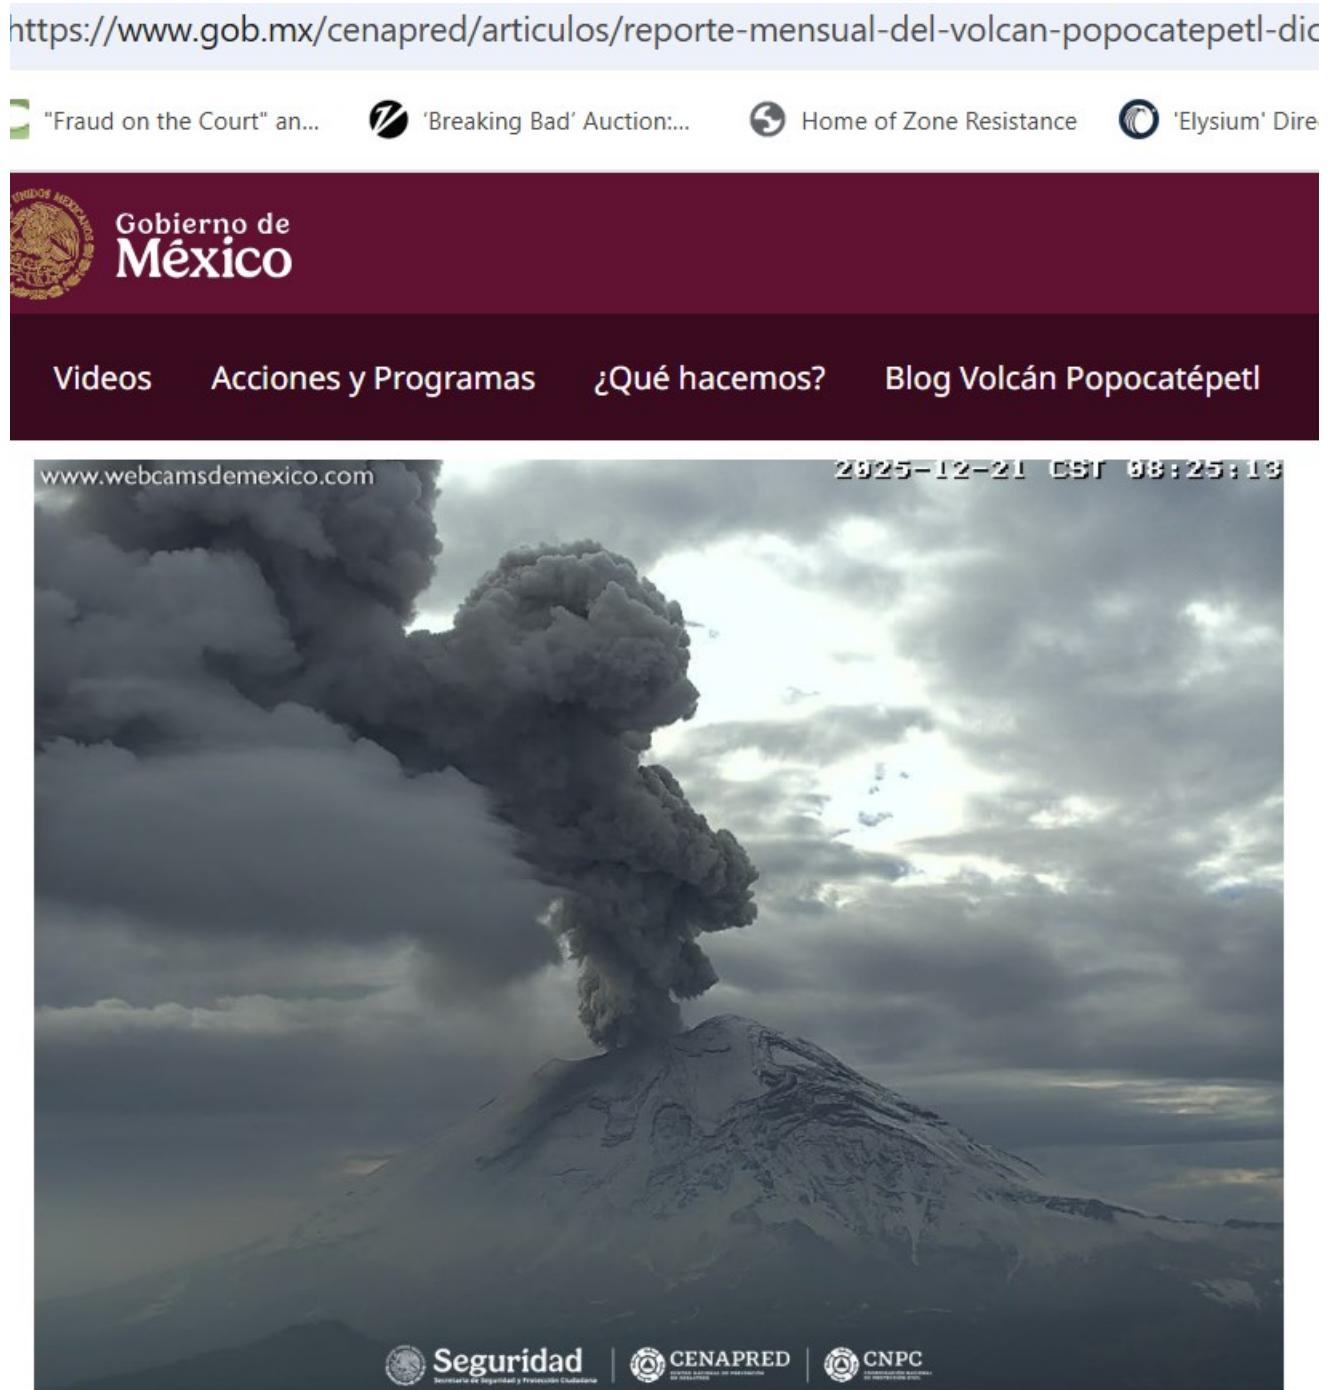

The screenshot shows a dark blue header with the Mexican Government logo and navigation links: Inicio, SMN, Pronósticos, Ciclones Tropicales, Climatología, Modelos de Pronóstico Numérico, Observando el Tiempo, and Contacto. Below the header, a red button says "Descargar en PDF". The main content area has a white background. It features the title "Aviso Especial por la actividad del Volcán Popocatépetl" in bold black text. Below the title, it says "Ciudad de México a 21 de Enero del 2026." and "Servicio Meteorológico Nacional, fuente oficial del Gobierno de México, emite el siguiente aviso:". A warning message in bold capital letters reads: "SIN VISIBILIDAD HACIA LA ZONA DEL VOLCÁN. EN CASO DE ALGUNA EXHALACIÓN DE VAPOR DE AGUA, GAS Y/O CENIZA, SE PRONOSTICA QUE TENDRÍA TRAYECTORIAS HACIA EL ESTE-NORESTE DEL CRÁTER." To the right, it shows "No. Aviso: 31" and "Emisión: 14:00h". Below the text is a large, dark, overcast image of the sky. At the bottom, there is a footer with logos for Seguridad, CENAPRED, and CNPC, and the text "www.webcamsdemexico.com" and "2026-01-21 13:31:00".

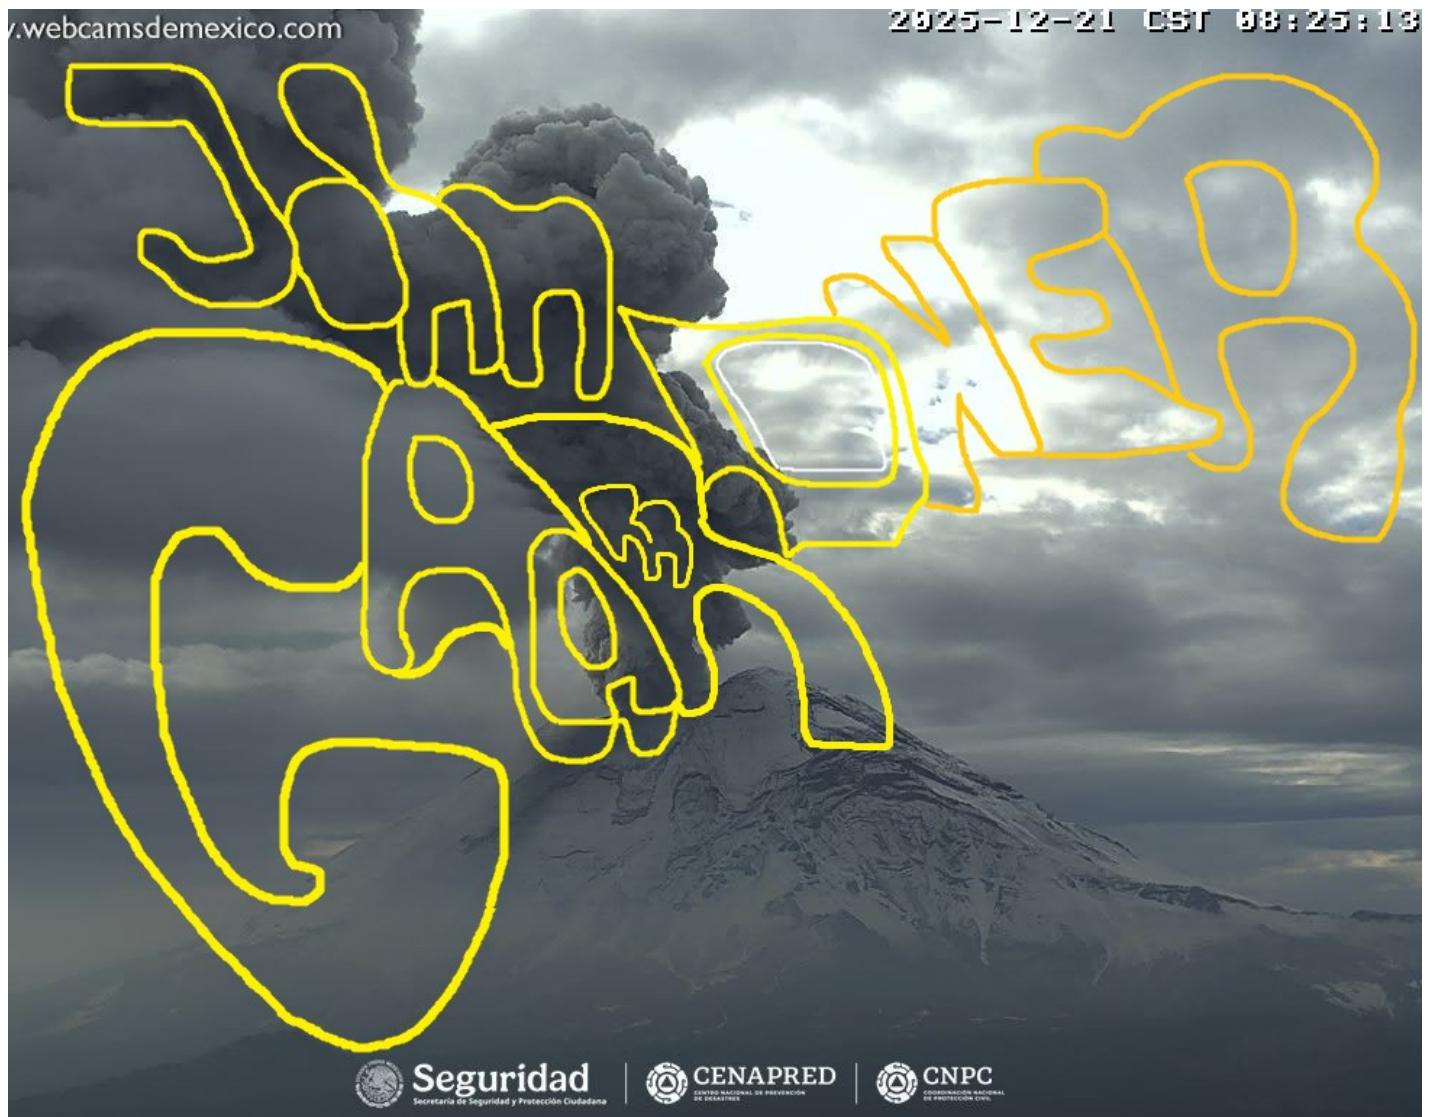

Hopefully you see the problem: Satan and US/Western elites have created an information crisis where nothing seen on Western owned or affiliated news stations or internet can be believed. And all information and news presented in the Western

affiliated world (which currently appears to include Mexico and much of Central and South America) can be tightly controlled by AI.

The Mexican government website confirmed these doubts, as I found the image below, of Popocatépetl, on Mexico's government website ([www.gob.mx](https://www.gob.mx/cenapred/articulos/reportes-mensuales-del-volcan-popocatepetl-dic)).

The image is and AI fake. The image carries various images and messages from Satan –two of which I've outlined on the following page.

The image above, the name John Gardner, is sort of a “tribute” image, from Satan to John W Gardner, who helped Satan exploit Western TV, internet and film to get people to adopt corrupt ideas, and “worship the beast” (worship White Westerners), and encourage them to consider LGBTQ lifestyle. The image to the right, *AI*, is one of many “AI” message-images hidden in the larger image.

This Popocatépetl AI fake is troubling, as it was posted on Mexico’s government website, which suggest the government may be owned by former US elites; or, at best, the government is not AI savvy.

So, since I can't trust the Western media to verify Jesus' reply, there are five (5) facts related to God's Wagers with Satan that lead me to believe Jesus has already resoundingly agreed to help His Father execute my Terms. These five facts are:⁴

1. The Revelation Wagers began before the *Book of Revelation* was written, but *Revelation* gave the Wagers focus and a name. *Revelation* is, of course, the final book of the New Testament. The New Testament concerns the human life of Jesus. *Revelation* is the first and only book of the New Testament in which Jesus appears alive again –after the human representation of Jesus was killed. This strongly attaches Jesus to the Revelation Wagers (and to my Terms).
2. The Guadalupean-Revelation portion of the Wagers (1531 to 2025/26), which reveal the time and date of the One Hour War, began December 1531 (Julian), when God created an image that represents Mary, representational mother of Jesus –in representational human form (the image also represents Natas, God's daughter). This indicates Jesus is very connected to the Wagers (and to my Terms).
3. In *Steve's Top-Secret Notebook* (STSN) we learn that at 2.5 years old, I scored what may be the highest infant creative IQ score ever; we also learn that around the time of my birth, Jesus blessed me with the ability to see ghosts –and Satan. Thankfully, this *blessing* only lasted 4 years. I never saw Satan (or a ghost) after around December 1968. The odds of a child with the highest recorded infant creative IQ score also having the ability to see Satan are infinitesimal. These *paired anomalies* serve as Jesus signature, working at His Father's side. By giving me the ability to see Satan, Jesus helped me identify 4 or 5 unidentified murder victims.
4. In the story of Guadalupe and Juan Diego, Guadalupe (Mary) gives Juan Diego a staggeringly beautiful work of art, created by God. The odds of this happening to someone are in the billions. Amazingly, *Killing Guadalupe* informs us that Juan Diego was 8-feet 5-inches (257 centimeters) tall; the tallest man on earth, at the time, and one of the five tallest men ever. The odds of the tallest man on Earth receiving God's sacred artwork are infinitesimal. This added element was surely Jesus' doing –showing His hand at His Father's side. This element helped me expose the extent of the West's corruption of Aztec history, in *Killing Guadalupe*.
5. In the final Revelation Wager, Satan wagered he could prevent God's solver (me) from determining the date of the One Hour War. The final Wager began on Christmas Day (the celebration of Jesus' birthday), on the Julian calendar, in 1888, and ended on Christmas (Julian), 2025. The fact that Jesus birth marks the start and close of the greatest Wager says Jesus is very connected to the Wagers.

For these reasons I know Jesus will help His Father execute my Terms.

⁴ These facts will make much more sense if you've read *Steve's Top Secret Notebook* (second or third edition, or later) and The Wagers.
