

NOTES:

Nuestra Señora de Guadalupe, from Line 5

Nuestra Señora de Guadalupe may be the only surviving artifact from Line 5.

Over a year before I discovered the 6 timelines, in *The Wagers*, I explained God changed the *beast*, from Rockefeller to Gardner, because Satan and the West removed *Nuestra Señora's* crown, violating a central Wager term. God imposed this restriction because removing the crown would disrespect the Virgin Mary, and God's Daughter, Natas –and because His Revelation solver (me) needed the crown baseline to measure Guadalupe's height and solve the mystery of Juan Diego's enormous height (see page 107 of *Killing Guadalupe*). However, I saw the line of the old crown base in Guadalupe's image, and was still able to solve the mystery. At the time (long before I learned about Line 5), I speculated that God may have also changed the beast due to the US opening the world's first gay bathhouse, in New York City, in 1888. However, being aware of Line 5, we should understand that Everard Baths did not happen on Line 5. Everything about Line 5 was erased, except God and Jesus' flawless memories, AND what we know from the Candelaria Likeness, the Elder Badge, and a few other sacred images; and the Candelaria Likeness revealed there were no gay bathhouses on Line 5.

But here's how we know Nuestra is from Line 5...

As explained in chapter 2, Line 5 begins in the middle, in 1888, then goes to 2025, then reverses back to 1555, where it ends, before it began. In chapter 2, I wrote:

"Line 5 is different from the other timelines in other respects, as it can be viewed as beginning in 1555 or 1888. If we see it as beginning in 1888, it then moves 137 years into the future, to 2025; but, when God reverses time, Line 5 ends in 1555, 333 years before it started. Confusing. Thus, I prefer to see Line 5 as beginning in 1555 –and made unique by the fact that, on Line 5, God replaced the originally intended Beast (Rockefeller) with Gardner."

However, if you view Line 5 as beginning in 1555, when God reversed time in 2025, the entire previous timeline, 1555 to 2025, was erased. With that explained, the theft of Nuestra's crown triggered the 1888 Line 5 *phantom timeline change* (this was not a reversal), and for the remainder of Line 5, Nuestra Señora had no crown. **The problem is:** Nuestra has no crown today –but once Line 5 was reversed to 1555, Nuestra's crown should have been restored –as it certainly was. But at some point, by the hand of God, the Line 6 crowned-Nuestra Señora was replaced by the crownless Nuestra Señora from Line 5. Consistent with this, Nuestra's crown was first noticed and reported missing on February 23rd, 1888 (although the date it actually went missing is unclear). From this, I believe Church officials and others suddenly noticed Nuestra's crown was missing in early 1888, after God reached out and replaced the Line 6 crowned-Nuestra Señora with the crownless Line 5 Nuestra Señora de Guadalupe.

Line 5 Crossover Memory

According to the timeline key (seen in chapter 1, Part I), on Line 5, Dennis Wilson (my beloved stepdad on Line 6) died in 1970, of an overdose, in Mexico. This family trip to Mexico, and the overdose, also happened on Line 6, but Dennis did not die from the overdose.

In 1970, here in Line 6, four members of my family (Dennis, my mom, my sister Ruthie, me) went to Mexico with 5 members of the Shapiro family (Joe Shapiro, his wife Maxine, Joe's brother Toby, and Joe and Maxine's two kids: Teddy and Jeffy), in Dennis' VW truck and Joe's VW Beetle. The age range of the adults was 24 to 28 years old; the kids were 3 to 7 years old.

In 1970, my family and the Shapiros lived in Berkeley, California, one of America's drug capitals. Dennis, Joe, Toby and Maxine were all hippies. When we got to Mexico, we camped for 3 or 4 days on a public beach. As soon as we got to the beach, Dennis pulled a handful of different pills -recreational drugs- from his pocket, in front of my mom and Toby, and suddenly swallowed them all -and probably washed them down with beer. I didn't see the incident, but my mom and Toby recounted it, regularly, for years. After taking the pills, Dennis crawled under the rear of his VW crew-cab truck, to get out of the hot sun, and went to sleep. He remained under the truck, without moving -no bathroom, no water- for two days. A few times each day, I asked him for money for a soda, but he didn't respond.

Years later, at least twice in my presence, while reminiscing about the incident with Dennis and me, Toby said something like, "I thought you were dead for sure, champ."

My only bad memory of the trip to Mexico was on the way home, we left the beach hastily. The kids had to ride in the hot back of the truck, with Maxine, with the canvas cover closed, so we couldn't see anything around us. At a point the truck stopped, quickly, and Toby gave us some water. I don't think we stopped again until Berkeley. Over the years, when my family visited with the Shapiros, everyone recalled the trip, and Dennis under the truck, but no one recalls a miserable ride home, in the back of the truck.

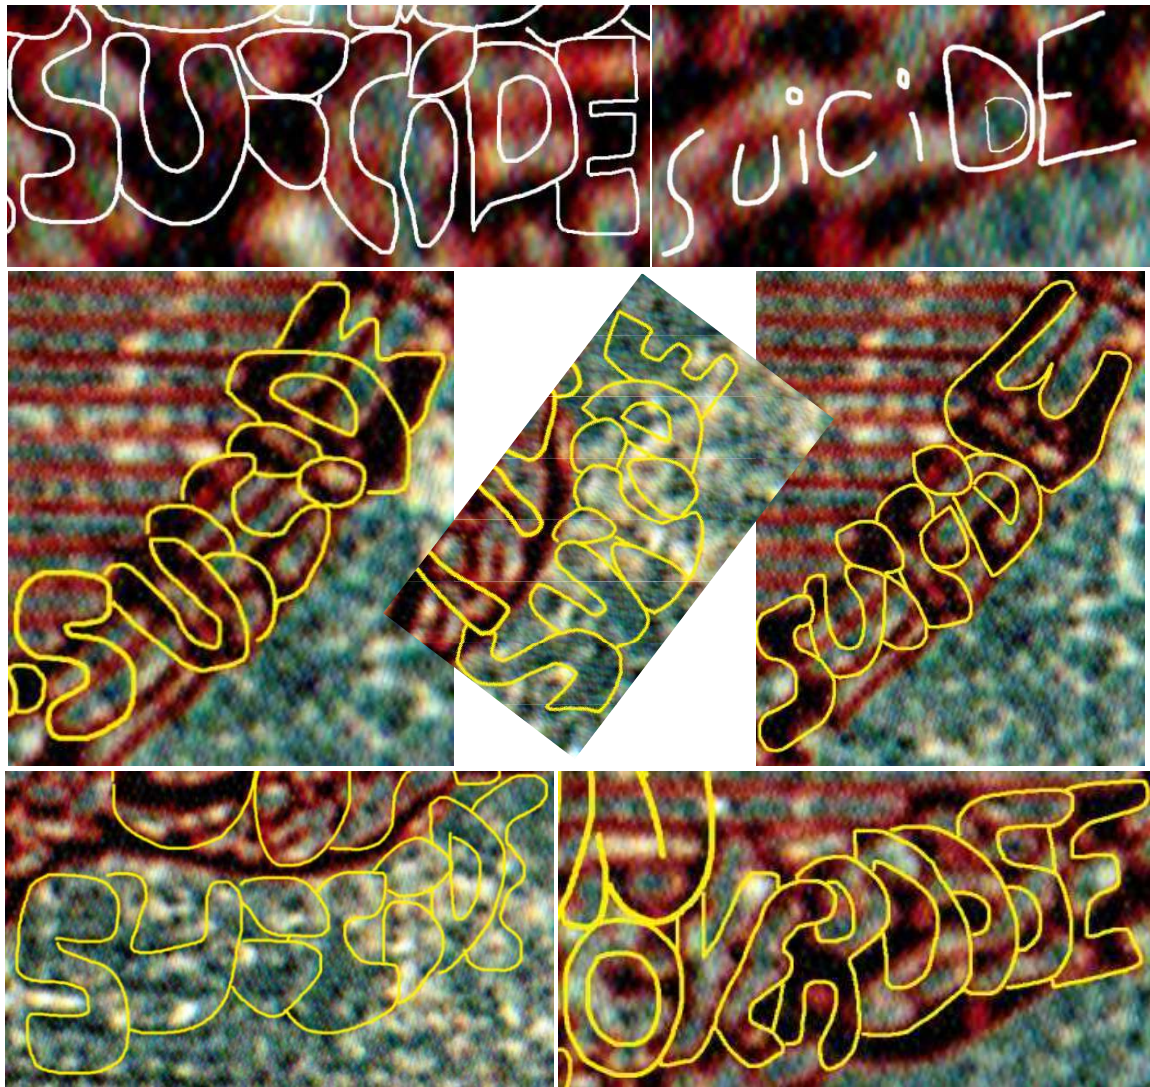

My memory of the ride home is from Line 5, where Toby and Joe found Dennis dead under the Truck. Rather than facing Mexican police about an overdose death, and facing jail time for smuggling drugs into Mexico, Toby and Joe wrapped Dennis up, and put his body in the crew-cab of the truck, and resolved to drive everyone back to California, USA, and delivery Dennis's corpse to any US authorities. My mom was distraught, so she probably rode with Joe, in the Beetle. Toby drove Dennis' crew-cab. The adults kept the canvas cover down because they knew if I or Ruthie looked out and noticed Dennis was not driving his truck or the Beetle, panic might ensue.

Above: a VW crew-cab truck, with a canvas cover over the truck bed. **Below:** Dennis' Line 6 VW truck. On Line 5, on the ride back to the USA, Dennis's body was transported in the middle crew cab area, behind the driver's seat

The Suicide Solution

Six of Steve-A's family members died by suicide, one by overdose.

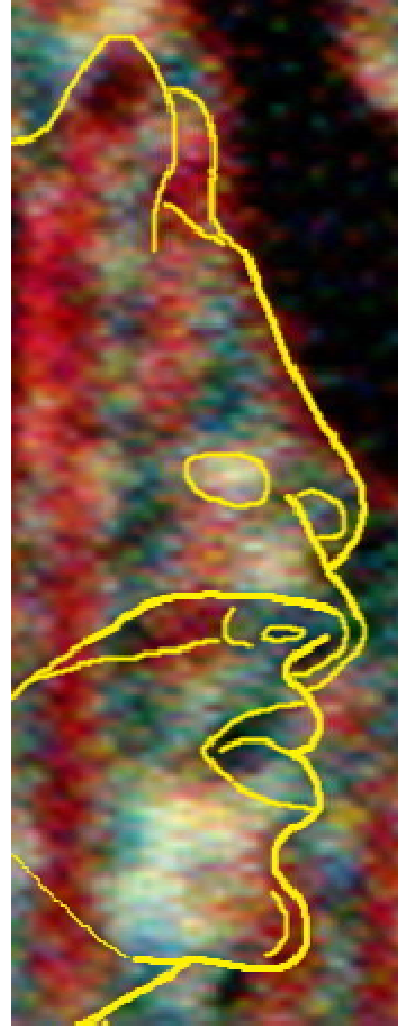

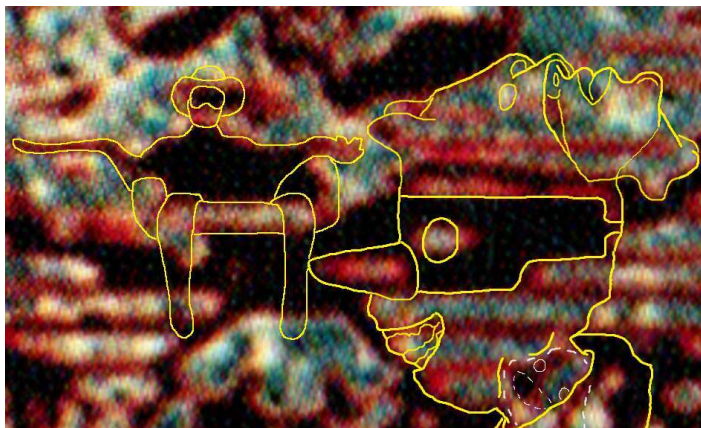

Acting on his own, Satan can *try* to kill a person a few ways, (tempting a person to kill themselves, tempting others to kill a person...). Satan can only *certainly* kill by possessing victims and forcing them to kill themselves; thus, Satan killed 6 of Steve-A's loved ones. I believe God allowed Satan to kill as many Satanists, Masons and truly evil people as he wished, but only allowed Satan to kill one good person per year, or so.

I believe one of the points of God's *suicide/overdose* Revelation is: Satan recognized Dennis Wilson as weak-minded and under-confident, so he chose to tempt Dennis into an impulsive overdose, rather than wasting one of his precious *permits to murder* a non-evil person (Wilson was a paid serial killer on Line 6, but on Line 5 he was just a normal guy).

Satan was not permitted to kill my loved ones on Line 6 –but he was free to tempt them into a fatal decision. The reason God or Jesus revived Dennis is explained later in these Notes.

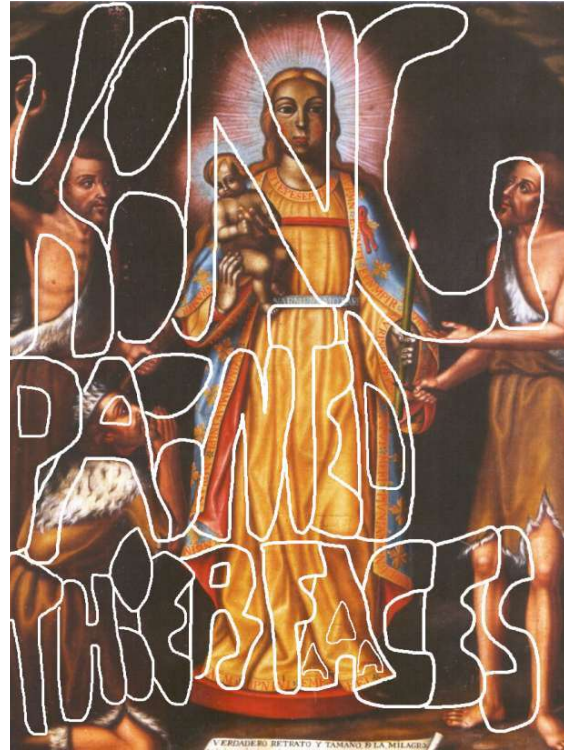

[NOTE: I had to pull this page out of Steve-A's comic-book section, in chapter 3, part II, because it was a story spoiler.]

Some of you who have read *Steve's Top-Secret Notebook* may recall that God and/or Jesus included a very striking image of Batman (right), in the base of the Elder Badge. It appears that image was a confirmation image/message; to confirm that Steve-A created the character Batman, and more.

In actuality, the image is positioned horizontally on the Elder Badge (right), and Batman's head is attached to my step-uncle's (David Wilson) head. David (with the long nose, confirming his facility for lying) is positioned by Satan's throne. This arrangement suggests David was one of the people Satan told about Line 5 -where Satan goes to steal Steve-A's movies, songs and comic-book characters. (Of course, Gardner or Malone would have spoken to David for Satan.)

King-Kiss

The image on the top left is from the Elder Badge, an image of Satan, with the name of the rock band *Kiss* on his shoulder, the two S's are almost identical to the S's in the Kiss logo. Kiss famously painted their faces, as seen in the image above, bottom left. To the right, is an image message in the Candelaria Likeness, from chapter 3, part II, stating Steve A's first band, *King*, painted their faces. God provided these details for me to connect the dots. With the Kiss logo, near Satan's face and his big one eye (STSN informs us *one-eyed Willies* are various forms of obsessions), God and Jesus are saying Satan stole the idea of Kiss from King; but the characters in Kiss represent Satan's unnatural sexual obsessions (one-eyed Willies), which he promulgated in his War against God: homosexual sex (the star-child), bestiality (the cat-man), sex between beings from different planets (the spaceman), human-to-demon sex (the demon).

Foreign Interference : Creative Repression

- Satan seems to love symbolism. The endless and often petty interferences Satan arranged in my life (see STSN and *My Stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers*) were symbolic of the methods he and the US/West employed with non-White nations. Satan constantly interfered with my money; it's hard to create when you are struggling to pay the rent. Likewise, Satan and the West conspired to keep non-White nations in subsistence positions, to keep them from establishing the mental security and resources necessary to create, invent and compete effectively.

- **Z Formation**

MYSTERY: In chapter 1, I indicated that God always appears to depict timeline reversal with a Z formation. **Why does He do this?**

SOLUTION: God does this to visually indicate the previous timeline will not be erased (well, at least not forgotten), to assure us that every soul on that prior timeline will be fairly judged and sentenced to death, or Gehenna, or earn entry into Heaven. If God erased the previous timeline, then re-drew a new line over the old timeline, that would send a troublesome message. But with a Z shape, the top vertical line represents the original timeline, which ends, and the diagonal bar runs down left, to the new timeline (the lower horizontal bar), leaving the old timeline undamaged, which visually communicates: *the original timeline may have ended, but it is not forgotten or erased.*

- **The R's**

In chapter I, Part III, you saw two artistic expressions of Gardner's name. Possibly the most interesting aspects of those renderings are the two very artistic **R's** in Gardner's last name, pictured to the right, top and bottom.

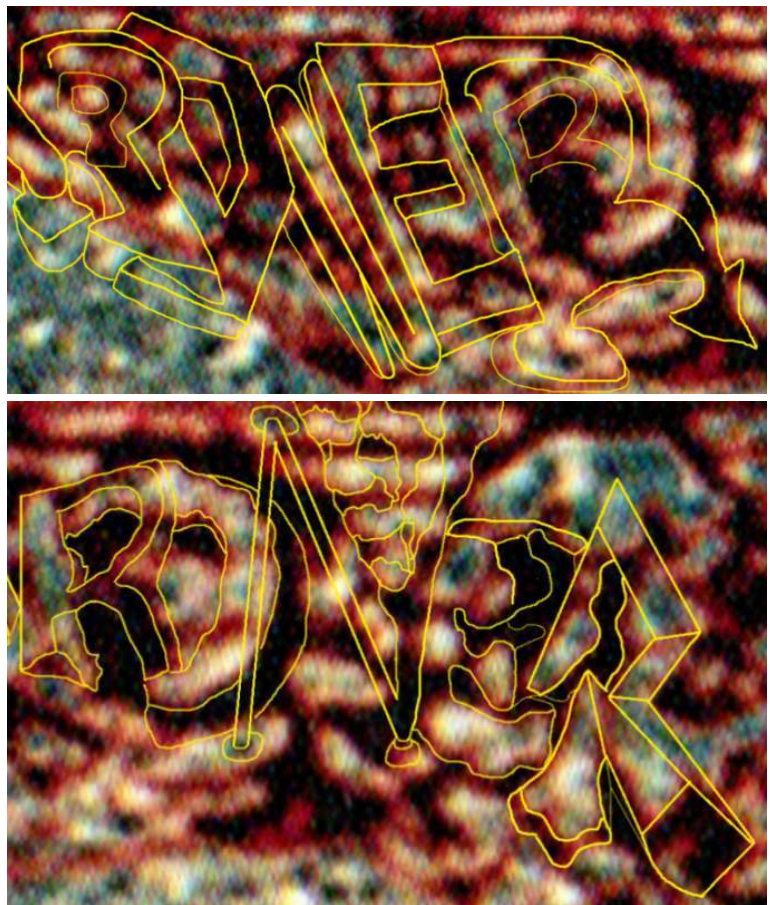

God's use of sacred images, and an artist solver to find images within those sacred images, is a message to all nations not to suppress or over-censor the ideas and creativity of your people.

The double-**R's** are a huge expression of approval for the power of rock 'n roll.

The double-**R's** were also a sign that, in this unusual situation, God was in a **role reversal** with Satan, and His actions could appear

villainous, as He was prepared to resort to extraordinary and unconventional measures, to spare billions from great suffering. This may Signal there are rare extraordinary times, when we must resort to extraordinary measures.

- Jesus speaks in much of Revelation, but is usually referred to by an alternate name, pronoun, etc. These alternate names can be construed as references to Emanuel.

Steve-A's Pain

Solving God's Revelations requires a high creative IQ. A high conventional IQ would be helpful, but not necessary. Still, since Steve-A's conventional IQ appears to have been considerably higher than mine**, I wondered, quietly, if God may have been better off if Steve-A was here, on Line 6, with me back on Line 5?

After a few days of wondering this, I found the image above, hidden in the left end of the Elder Badge base. It's an image of Steve-A, very sad about all the people who were dear to him who died. Below his face is a smile that is turned sideways.¹ The smile is not deformed, so it does not represent going against nature.² I believe, with the sideways smile, God is saying Steve-A tried to smile and endure, and not impose his pain upon others. The fact that I experienced a bit of pain, but nothing like Steve-A, may have left me better prepared to solve Revelation. Sadness and depression can decrease productivity.

But Steve-A is the guy who turned back time, and demanded that Satan not be permitted to harm his (our) family on Line 6. So, if on Line 6, I was better prepared to solve Revelation than Steve-A, it's because of Steve-A.

**I estimate that Steve-A's conventional IQ was considerably higher than mine, not because of his electronic inventions (although that *is* informative), but because of his apparent ability to remember detailed written guitar solos (Watchtower, Eruption, Stairway...). My primary -and possibly only- discernable weakness caused by the pneumonia-related brain damage I suffered as a 2-year-old is my short term memory recall. Creatively, the only way this has impacted me is it makes remembering written guitar solos difficult; if I didn't practice my written original solos regularly, I'd forget them. So, by the time I was 18 or so, I resolved to focus on improvising, and I improvised 90 to 95% of my solos. My unimpressive short term recall also makes it harder for me to remember other artists' songs.

¹ These images have at least two meanings. I'm only prepared share one, presently.

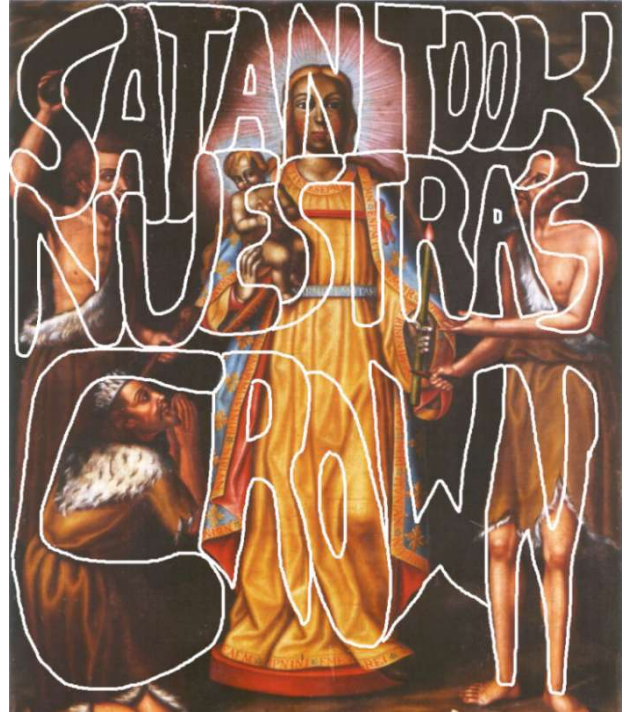

² STSN reveals that layered, intertwined lip formations, hidden in the Elder Badge, represent going against nature.

More Candelaria Image Messages:

I found both of these images messages, left and down, in the Candelaria Likeness, but couldn't find a clear place to use them in the story. Both refer to Nuestra Señora de Guadalupe's crown, They read:

1. (left) ***Crown Stolen On Line 4 & 5, in 1888.***
2. (below) ***Satan Took Nuevastra's Crown.***

Dr. Satan

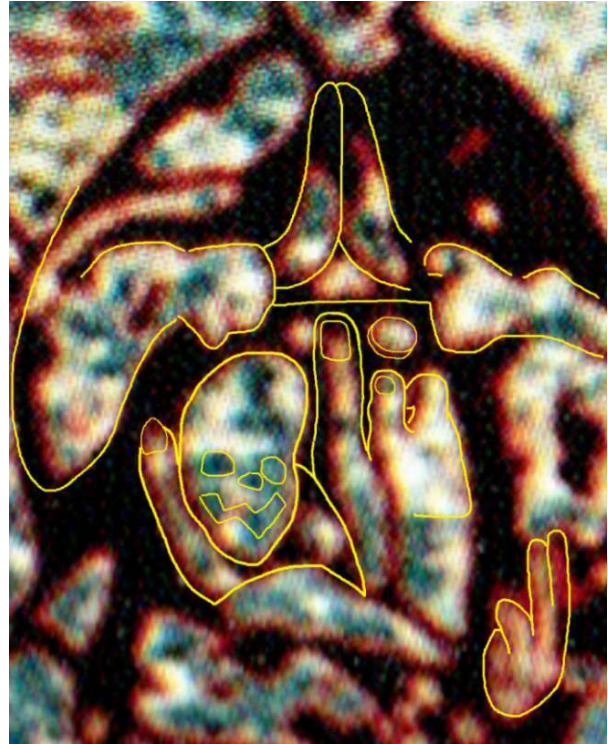

As radio and television became prevalent, an increasing percentage of people developed strong desires to be famous and widely admired, at almost any cost. Satan exploited this, and most Western politicians, actors and musicians were selected for celebrity and power according to their willingness to do anything to be famous. Satan used his knowledge of the human mind to advance Western psychology. In rare snippets, we can see Satan use Hollywood to reveal this insider knowledge, such as the scene in *Silence of the Lambs*, when Hannibal Lecter explains that people covet what they see every day.

Tireless Satan and Steve-A

In the first chapter of Genesis, God (and Jesus) creates light, the universe, mankind... In this, God honors hard work, cooperation and great achievement. In that model, in this story, Satan and Steve-A work tirelessly to achieve impossible things. This should inform our understanding of what God admires –even in a villainous rival.

In the cover backdrop image, to the right, there are four hands in the area inside the semi-invisible steering wheel. God's thumb is in center; Jesus is the smaller hand, flipping the coin (who demanded a reversal so that he might die again to Save his friend); Satan (with his hand around the skull's neck) is the forced who committed the deeds that required all of these time interventions; Steve-A, with his blazing fast right hand, in the lower right corner, is the man who solved God's Mysteries and learned he had the right and duty to ask God to turn back time.

These are the literal and figurative hands of the entities that rocked time. ³

Steve-A Vs Steve-B

I'm a terribly competitive person. When I learned there was a prior me, it was inevitable that I'd start comparing stats.

Steve-A's musical accomplishments and aptitude can't be touched. In the next life, if I recover my short-term memory, I'll work to narrow the gap.

But in literary works, believe it or not, in a way, I win. Steve-A produced many more works (and extremely high quality). But *Butterfly Driver* (also called *Uberopolis: City of Light*), stolen many, many times over, is the most influential (and profitable) written work, ever (although IP thieves collected the profits). To confirm this, in the image above, the *Butterfly Driver's* hands are on the wheel, above the other hands. My *Star Wars* short probably gets the second spot also.

We might guess Steve-A wins the invention category, but nope. My actionable concepts of (1) **aggregated data**, which could then be inserted into a (2) **replicator accelerator**, and used predict human behavior and event outcomes, and (3) **digitally modeling human minds, bodies and souls**, may have redirected more federal and private investment than any ideas of the 21st century. In fact, portions of these ideas are so evil that you'll get extended time in the hottest levels of Gehenna/Hell for even trying to achieve them. True.

So, Steve-A wins by a mile. But I'm not quite irrelevant.

³ Because God postponed the OHW, thereby implementing a second phantom timeline change (so I'd have time to solve the Emanuel and Elijah mysteries), I might also be considered *a hand that rocked time*.

- To protect the Emanuel Prophecy/Mystery, it is almost certain that God asked Emanuel that *when He [Emanuel] chose Revelation's writer to keep that information secret from God*. This meant not telling John or anyone else –because the moment anyone else learned the name of Revelation's future writer, God would also learn, through the portal of that person's mind, instantly ruining the Prophecy/Mystery. (Supporting this, in Revelation, John does not learn he is Revelation's chosen writer until Jesus arrives in his home –60 years after Jesus' death.)

Above is the larger outlining of *Immanuel*, in the Shroud of Turin, that I said you'd find in the *Notes*, in chapter 1, Part II. I expect to post an even larger image on my website.

- Circa December 2025, as I *worked* to solve the OHW dates hidden in the *Shroud of Turin* and *Nuestra Señora*, it occurred to me: the Emanuel and Elijah mysteries were probably solvable, and I sort of wished I had time to try to solve those mysteries. A few months later, I learned the original Line 6 OHW date had been changed, to give me time to solve the Emanuel and Elijah mysteries. Because I wished for more time while the Wagers were still in progress (when God did not have had access to my mind), I believe Jesus/Emanuel changed the Line 6 One Hour War date; enacting the phantom timeline change, which will lead to Line 7.

Among the Most Important Revelations

The fact that Dennis Wilson died of an overdose, on a Mexican beach, on Line 5, but on Line 6, God or Jesus revived Dennis from death on that same Mexican beach, is among the most important Revelations in my Revelation-related writing. (NOTE: Because God was directly involved in the Wager with Satan, and precluded from such intervention, I believe Jesus opted to revive Dennis.)

The reason this intervention (reviving Dennis from death on Line 6) is so important is: on Line 6, Satan broadened his attack on God. Satan's Line 6 War Against God had maybe six prongs: **1. corrupt** Jews; **2. corrupt** Christianity; **3. corrupt** God's word; **4. corrupt** all social institutions; **5. spread** hatred –particularly racial hatred; **6. spread** Worship, Mark and Image Crimes.

But, after I was born, Satan added a new priority (well, the same priority he had for his final 56 years on Line 5): harm me, to reduce my ability to solve Revelation.

On Line 5, Satan believed the best way to prevent me from solving Revelation was by killing my family and loved ones. That didn't work. And because Satan personally killed my loved ones, they will certainly be admitted into Heaven.

But, on Line 6, Satan was able to do great harm to my loved ones, and damned many of them, which hurt me –and many of these souls will never see Heaven. The crimes that Satan bribed my family and friends into committing against me were so vast that God willed it that one of the Elder Badge's primary functions would be to reveal my family and friends' crimes –including murders committed by step-family and friends.

These Elder Badge R/revelations are more important than they may appear, as they demonstrated that Satan's basic premise was correct: ***the vast majority of humans will betray their family and friends for money –or for enough money.***

So... Satan's attacks on me, by corrupting my family and friends, were very successful (but they didn't prevent me from solving God's Revelation or R/revelations).

These attacks appear to have been about 75% of Satan battle plan against me. But these plans all relied on Dennis Wilson surviving. But lacking a War plan, Satan tried to kill Dennis Wilson on a beach in Mexico, in 1970.

After Jesus revived Dennis, soon Satan recruited Wilson into a new long term plan, then recruited David Wilson, then Joan/Michelle Wilson, then Sara, then Marina...

Thus, any Wager victories Satan earns related to my Revelation work is owed to the fact that Jesus revived Dennis from death, in 1970.

MYSTERY: The question then becomes: **Why did Jesus revive Dennis, giving Satan a powerful weapon to harm and betray me?**

SOLUTION: So Satan would eventually use Dennis, the Wilsons and my friends to betray me; creating a need to reveal these vast crimes in the Elder Badge, which would help humans better understand how fundamentally corruptible they tend to be.

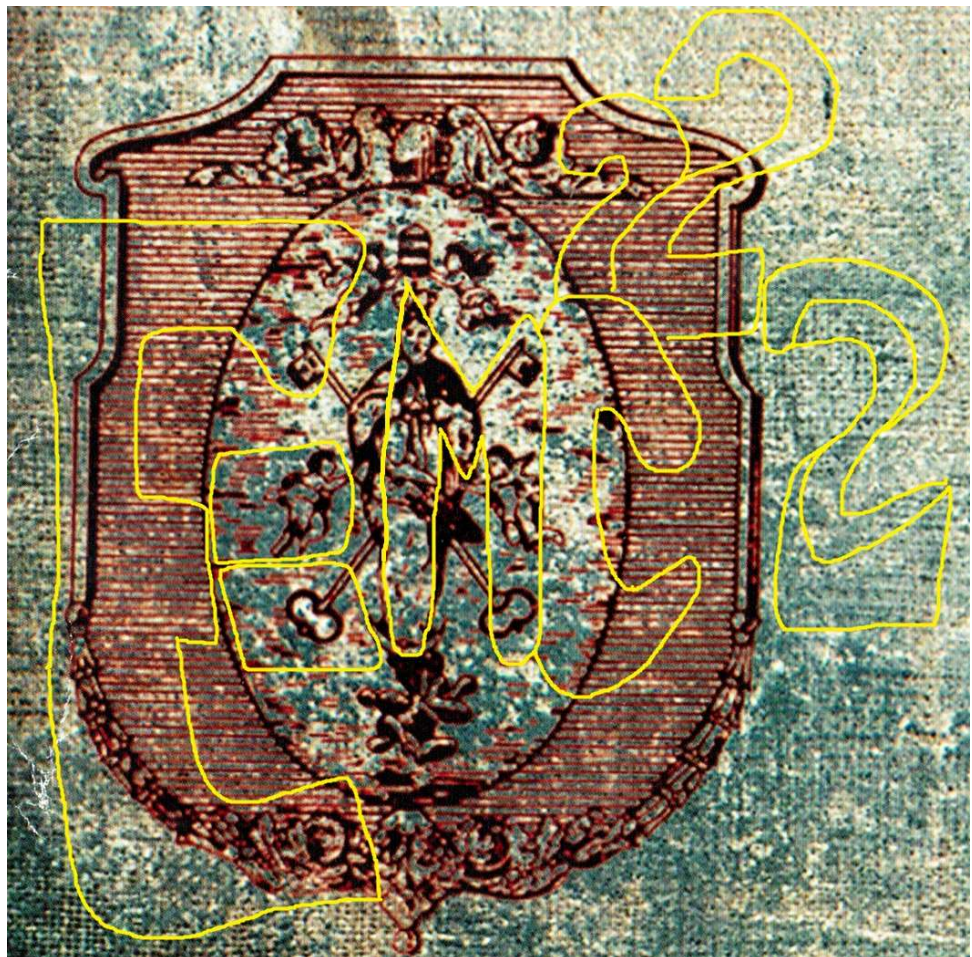

Science

On page 1, I promised *scientific evidence* of Line 5. That evidence has 3 parts, based on 5 messages in and around the Elder Badge, and three confirmation image messages in the Candelaria Likeness, all of which follow.

PART ONE is pretty simple: Satan and the West used deliberately falsified theories to mock knowledge and God. One of their great theories was $E=MC^2$. Months ago, in STSN, I called $E=MC^2$ junk. In time it will be proven to be junk. Satan learned that God had imbued certain materials with certain reactive properties, then misapplied the scientific method to link $E=MC^2$ to nuclear detonations. My evidence is simply: all of the scientist who have retreated from $E=MC^2$ since I attacked it in 2025. A couple years ago the entire scientific world accepted that absurdity as prereq to enter the world of pre-paid corporate junk-science. Soon no one will accept that theory. Until $E=MC^2$ can be explained and demonstrated, without Western smoke and mirrors, Line 5 existed.

In the Notes of STSN I explained: The true meaning of $E=MC^2$ is M (13) times C (3), which equals 39; squared (39×39), which equals **1521**. 1521 is the year Satan began to divide God's Western Christian Church, in the **Edict of Worms**. $E = 5$ (Jesus' primary number), and the E in the equation refers to **Edict** and **13:5** -the Revelation verse that first speaks of Satan and Martin Luther's attack on the Church. E also equals **1555**, the year God's Church was officially divided (referenced in Revelation 13:6).

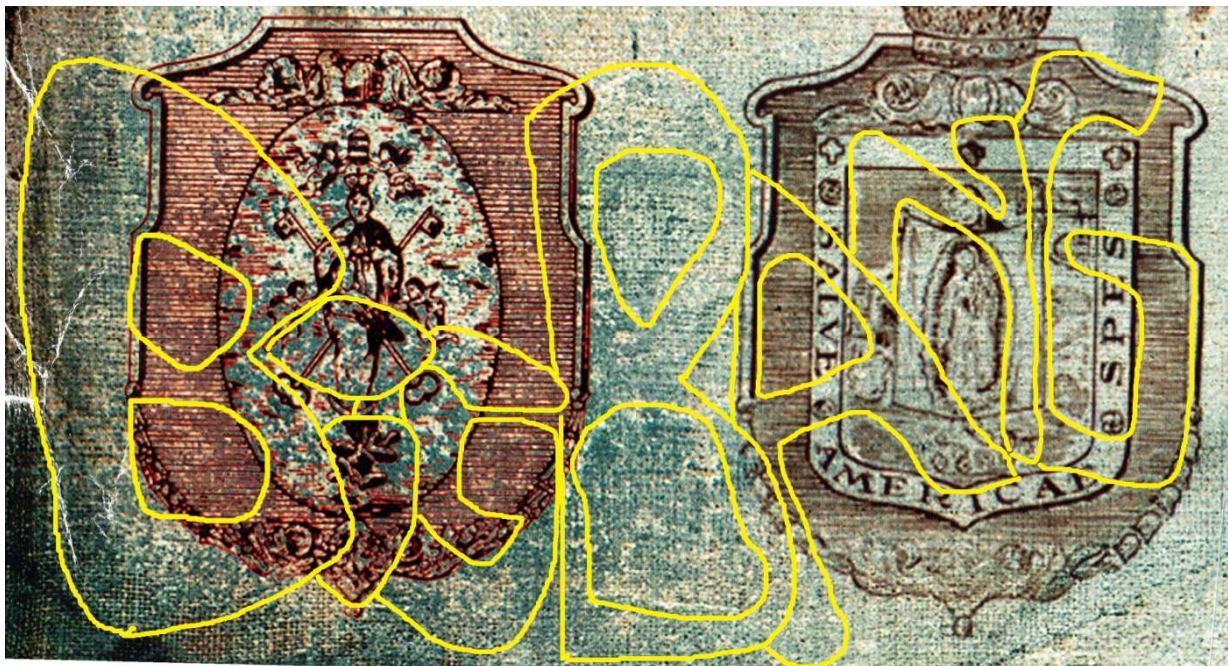

Right: An image outlining of $E=MC^2$, from the Elder badge

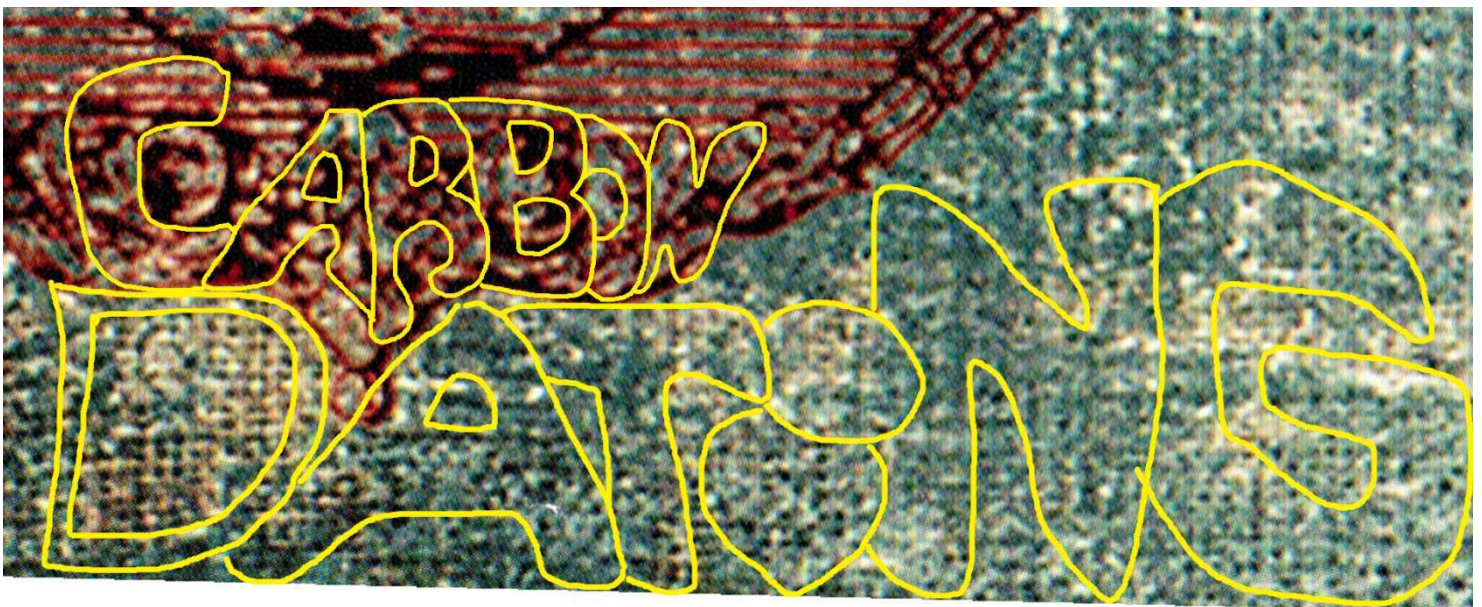

Above: $E=MC^2$ in the Elder Badge base and central field.

PART TWO is a variation on part one. As you saw in chapter 3, Part II, the *Big Bang* is literally written all over the Elder Badge (and Juan Diego's Badge), as you see in the image below. This was a direction from God to attack the Big Bang as absurdity, every syllable, ever. The infinite universe did not explode out of an area smaller than a needle tip. Any fake scientist that conformed to that nonsense should be decertified. As the man who defended true science from throngs of pretenders who will say anything for approval or money, until one them can prove the Big Bang, I say, with certainty, Line 5 existed.

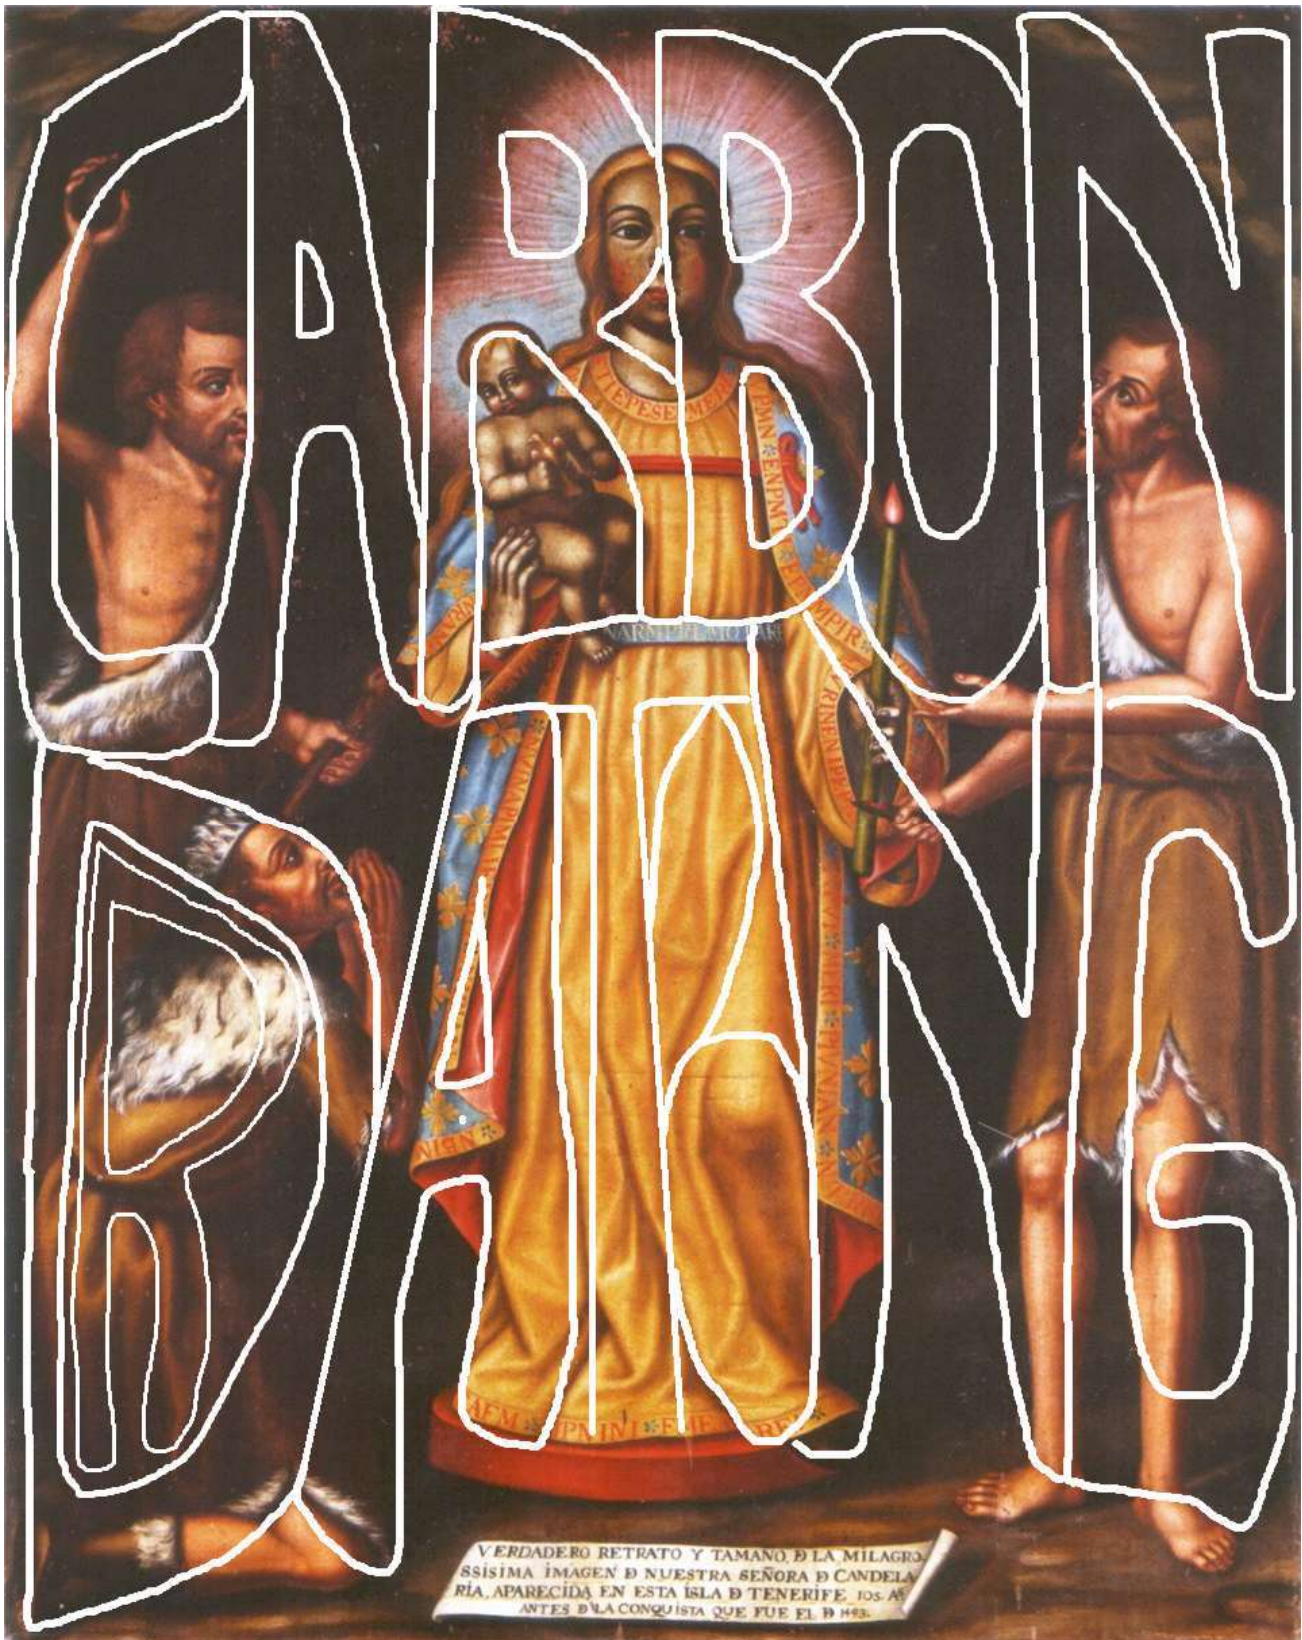

PART THREE of my scientific evidence of Line 5 is a *carbon copy* of parts one and two (if God gives you three aces, you play 'em). Around the time I discovered the original Line 6 One Hour War date in the Shroud of Turin (published in *The Shroud of God*), I found the phrases “Shroud carbon dating” (outlined above) and “carbon dating” (outlined below) in the base of the Elder Badge. God and Jesus placed these hidden images in the Elder Badge to mark *carbon dating* as absolute junk science (I’ve claimed this for some time). Until Satan and the West can prove carbon dating, Line 5 existed.

To verify the existence of Line 5, and confirm Satan and the West created lots of junk science, including the Big Bang, carbon dating, and $E=MC^2$, God inserted these junk sciences in the Candelaria Likeness' message line; the words **Big Bang**, below.

The words *carbon dating*.

One Hour War Warning

This section was very unexpected. Originally, the initial passages of this section were part of the *Notes*, in second update of this book (May 2026). As I revised for a third update, I discovered the new and final One Hour War date, hidden in an outlining. In the next paragraph, this section begins much as it did in the Notes of the second update, but rapidly evolves into much more urgent information.

E/E = Emanuel and Elijah, and 5/5 :

On page 165, describing the *Eruption* image, I said I'd explain the image's double E's in this section. In prior works, I showed God and Jesus may use Bible verses or passages to signal double or triple instances of their primary and secondary numbers.

Numbers Note #1: God's primary is 7, His secondary is 1; but 0 (a circle) is also symbolic of God. As there are 3 Great Gods, and God has 3 primary Religions (andperhaps secondary religions, yet to be revealed), 3 is also strongly associated with God. Jesus' primary number is 5, his secondary is 8; but, as God's first child, 1 is also connected to Jesus. Natas' primary is 3, her secondary is 6; and as God's second child, 2 is also connected to Natas. God and Jesus tend to signal numbers for Natas; this symbolically reflects God view that it is best for mothers to tend to their children, not their careers. As Jesus and Natas are *Great Gods*, God often signal 77, 777, 11 or 111, to represent any combination of the Great God family standing together.

God and Jesus sometimes signal letters alphanumerically, to represent numbers, and vice versa. Accordingly, E/E carries several representational messages:

- **I.** 5/5 almost certainly indicates the sender is Jesus (AKA Emanuel). The second expression of 5 confirms the first, or is to say He (Jesus) is also acting for Natas.
- **II. Most importantly,** I believe 5/5 represents **the new date of the One Hour War (OHW)**. However, this date is not on the Julian or Gregorian calendars. The date on the Eastern Yin calendar: **5th Month** (Yin), **5** (day 5 of 5th Month), 4724 (Yin year). The date is on the Yin because Revelation names China, Russia and Eastern nations, who have been loyal to God and/or who have upheld high social and international values, as God's forces, in the War against Babylon (the US and its allies). I believe Yin lunar calendar dates are customarily expressed year first, month, then day.

- Thus, on the Yin calendar, the One Hour War (OHW) date is: **4724, 5th Month 5.**
- On the widely used **Gregorian calendar** the date of the OHW is **June 19th, 2026.**
- On the **Julian calendar** the new One Hour War date is **June 6, 2026.** This date is numerically expressed: **6/6/6** –the *Number of the Beast*, of Revelation 13:18.

The One Hour War Event times will be from about **9 to 10 AM** in the US **Western states**, and from about **12 to 1 PM** in the US **Eastern states.**

➤ **III.** The linked E's also refer to **Emanuel and Elijah**, who are Biblically linked, as Elijah was prophesied to come before Emanuel. Through this link, the linked E's indicate the delay was done to give me extra time to solve the Emanuel and Elijah mysteries, and the timeline 2-6 mysteries. HOWEVER, the totality of the facts, including that fact that the new Julian OHW date is perfect, 6/6/6, the *number of the beast*, indicate God saw all of this, and predicted the delay.

➤ **IV.** The interlocked E's also stands for **Eruptions and Earthquakes** –the signals God and Jesus will use for OHW warnings. In January 2026, I used my STSN Terms to trigger volcanoes and earthquakes, to send OHW warnings (documented on TheZoneResistance.com); but I have not since been able to reproduce those events with my Terms. I believe Jesus attached the double E's to the word Eruption (right), one E slightly ahead of the other, to indicate my Terms will successfully produce these events (eruptions and earthquakes) in the days before the OHW.

Background

Revelation subtly refers to two different OHW Events, one on Line 5, the other on Line 6, where we live today. The date of the Line 6 OHW was carried in the Shroud of Turin. That original Line 6 OHW was scheduled for January 7th, 2026 (Greg.); December 25th, 2026 (Julian). Immediately after that original Line 6 OHW date passed, without incident, upon finding many unusual AI produced images online, apparently made by Satan, on January 13th, 2026 (Greg.), in my article *The United States is Dead*, I reported that after losing the final Wager, rather than going to the Lake of Fire, at his request, Satan's soul was divided, and one half was deployed online (i-Satan), working for God. Soon, via messages that i-Satan hid in various web videos and images, I learned i-Satan was involved in something called the *Deception Day* (or *Deception Delay*). I first reported about this in February 2026. I didn't know what the *Deception Delay* was, but I incorrectly guessed *i-Satan was deployed to conceal news of the OHW, and after his strange Deception Delay, he would launch a mass media AI video replication of the OHW, to obfuscate the true OHW date.* I speculated that God wanted this, to protect non-believers. (YES, I'm embarrassed, but I was trying to explain why we saw no evidence of the OHW, and Satan was suddenly amok on the internet, hiding messages in images). **Now my best guess is** that, by signaling the words "Deception Delay/Day," Satan, who lost his beast when the Wagers ended, December 25, 2025, (Julian), and can no longer communicate with people directly, was either: (1) acting for God, to try to tell me the *Destruction Date* (OHW) had been delayed (in prior writing, I referred to the OHW as the "*Destruction Day*"; Satan's "*Deception Delay/Day*" may have been the best indirect alternative); or (2) Satan signaled *Deception Day*, as a brilliant evil catalyst, to provoke my curiosity, and use my creativity against me; and, if I reacted the way Satan hoped, I'd undermine my own credibility.

The Mystery & Solution

In 2023, I published *Origin Stories*, which featured mystery questions and solutions, based on the story material. Since then, I've used mysteries and solutions in many of my larger works. The mystery and solution, below, follow that tradition.

MYSTERY: Why is/was the One Hour War delayed?

SOLUTION: After declaring War on God, the Wagers became the mechanism that allowed Satan to battle God. Satan's original War goal was to do anything to lead humans away from God, and wound God's heart. Once the Revelation Wagers began, one of Satan's goal was to make any aspect of God's prophecy wrong. After God's Revelation solver was born, Satan added the goal of: *harming the solver, in any way that might make him less apt to sufficiently solve Revelation*. Satan appears to have been frank about his goals. Oddly, God was not so forthright –as Satan would never volunteer to help God accelerate human evolution. Satan's arrival on Earth caused the first timeline change. But Satan indirectly caused four more changes, forced God to erase Satan's memories of Line 2, and provoked God to change the originally intended first human beast of Revelation (13:18). But the evidence shows God predicted all of this. But the fact that God withheld His motives, which caused Satan to snap at the end of Line 5, seems unfair –but adds detail to the story. In Satan's human-like life, he likely knew of God –Who would not mislead or omit fact. And in Heaven, God did not mislead Lucifer. It was only on Earth, in the final moments of Line 5 that Satan learned God, in extraordinary times will resort to extraordinary measures. I believe the three primary reasons God delayed the OHW are: **(1) to give me time to solve the Emanuel and Elijah mysteries, and the timeline 2-6 mysteries, and reveal Satan and the West's crimes on Line 5 (to further indict Satan and the US before the OHW); (2) to signal that although He knows all Events, we are all free and self governing –these facts are not mutually exclusive; (3) to signal that change is a constant in God's universe.**

- The 163-day delay refers to two related Bible passages:
 1. Genesis 7:3 is the Bible's 163rd verse. 7:3 is a run-on from 7:2 (and only makes sense in association with 7:2), and properly concludes with 7:4. In the verses, God instructs Noah to gather two of each animal, as He will destroy life on Earth.
 - The middle verse, which is senseless without the prior verse, which also links to the subsequent verse, is symbolic of Emanuel, the first Messiah, Who lived on Line 2, Who's death caused Line 3, and Who was reborn, Jesus, on Line 4. The verse numbers, 7:2, 3 and 4, also correspond to the timelines Emanuel impacted.
 2. Matthew 16:3, which is also a run-on from the prior verse, 16:2, and meaningless without it, and resolves in the following verse, 16:4. (I encourage readers to read the verses, which are about people who fail to see God's warning signs.)
 - Matthew 16:2-4 symbolize Emanuel's life on Line 2, Death on Line 3, and Rebirth on Line 4. The verse numbers, (2, 3, 4) correspond to the timelines Emanuel impacted.

OHW Date Outlining Comparison Analysis

In April and May 2025, I first turned to Nuestra Señora de Guadalupe to reveal God's One Hour War date (but it primarily held the OHW time). Over the next 10 months, I added a few more sacred images to the sources I use to receive and verify messages from God and Jesus. Currently, the sacred mages I use are: (1) Nuestra Señora de Guadalupe; (2) The Shroud of Turin; (3) The Candelaria Likeness; (4) The Elder Badge; (5) The Juan Diego Badge; (6) The Sacred Image Key (formed by combining The Shroud of Turin and Nuestra Señora de Guadalupe).

So, to assess my view that the date 6/6/6 (6/6/26), on the Julian calendar, and 5/5 (5th Month 5, on the Yin calendar) were the new One Hour War date, I checked the sacred images, to see if I found hidden images of the new OHW date, as expressed on the Julian, 6/6/6; or as expressed on the Yin: 5/5.

So let's start with Nuestra Señora de Guadalupe's OHW date images.

To the right are two variations of the same Yin date: 5/5: 5th Month 5.

Curiously, several of the date images in the sacred images are one-inside-another. This did not occur in previous sacred image date revelations.

Below, the Julian date, 6/6/6, is expressed, one numeral inside the next, inside the next, in Nuestra Señora de Guadalupe.

ALL of the OHW Dates in the ELDER BADGE

Here, amazingly, the OHW date is expressed, on all of the central calendars, Yin, Julian and Gregorian, on the lower left corner of the Elder Badge.

Below, on the left, I enlarged the previous image of the Yin date, and part of the Julian date. Below, to the right, we see the Julian and Gregorian year, 26 (2026).

NOTE: *Natas'* 99 Days to Announce Reforms will begin the day after the OHW, and ends on 4724, 8th Month 17 (Yin); September 14th, 2026 (Julian), or September 27th, 2026 (Gregorian). **God's Prophecies Against** begins the following day, and will last 21 months (nations where Freemason subordinated their Government to the US/West should expect firm punishment); **Jesus' Second Coming** immediately follows, and will last 21 months.

One Hour War TIME & Date

- On the Yin calendar, the One Hour War (OHW) will begin **4724 5th Month 5**.
- On the Julian calendar, the One Hour War occurs **June 6th, 2026 (6/6/6)**.
- On the Gregorian calendar, used throughout the West, the OHW occurs **June 19th, 2026**.

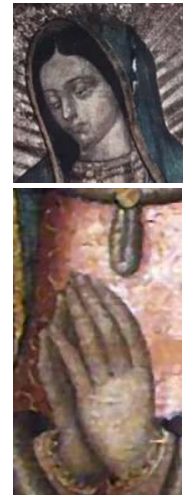

Below, the OHW time information is carried in Nuestra Señora de Guadalupe.

Hour of Event (East): The OHW begins when the East begins launching their bombs. Nuestra Señora reveals that time is **11pm**. 11 is expressed 4 ways:

- (1) by Guadalupe's head at 11 o'clock;
- (2) the two pinkies of Guadalupe's hands are together, but separated from her other fingers, representing 11;
- (3) Guadalupe's hands point up to the 11 o'clock position;
- (4) Guadalupe's collar forms an 11 (and points down to her hands, at 11pm, and to her pinkies -forming an 11).
- PM is expressed by the fact Guadalupe's body is turned slightly, toward the dark (PM) side of her gown.

The *launch hour* will end at 12am, midnight; reinforced by black lace arrows under Guadalupe's hands, like clock hands, pointing up to midnight.

- **Hour of Event (West):** The East's bombs will impact the US from about **9am to 10am, PST (US West Coast time)**, or **12pm to 1pm, EST (US East Coast time)**. Guadalupe's 10 fingers, closed in prayer, may represent 10am, US West Coast time, when the OHW closes.

The One Hour War is prophesied to be cataclysmic, killing many millions, and leaving the United States virtually destroyed. If you live in the US (or the West, Japan or Israel) I urge you to be 50 miles from any large to mid-size city in the US, the West, Japan or Israel, on this date.

The Mystery of the 2-Tone Gown: Solved

In Nuestra Señora's central image, Guadalupe wears a conspicuously 2-tone gown, with dark tone on the viewer's left, and light tone on the right, representing the night and daylight periods of the same 24-hour day -to reflect that it will be night (dark tone) in the East, but day (light tone) in the West, when the OHW begins.

On this and the following 5 pages, you'll find about 9 "delayed" messages, which I found hidden in the six sacred images I have used in my Revelation work. The messages confirm the fact that the One Hour War was delayed by 163 days.

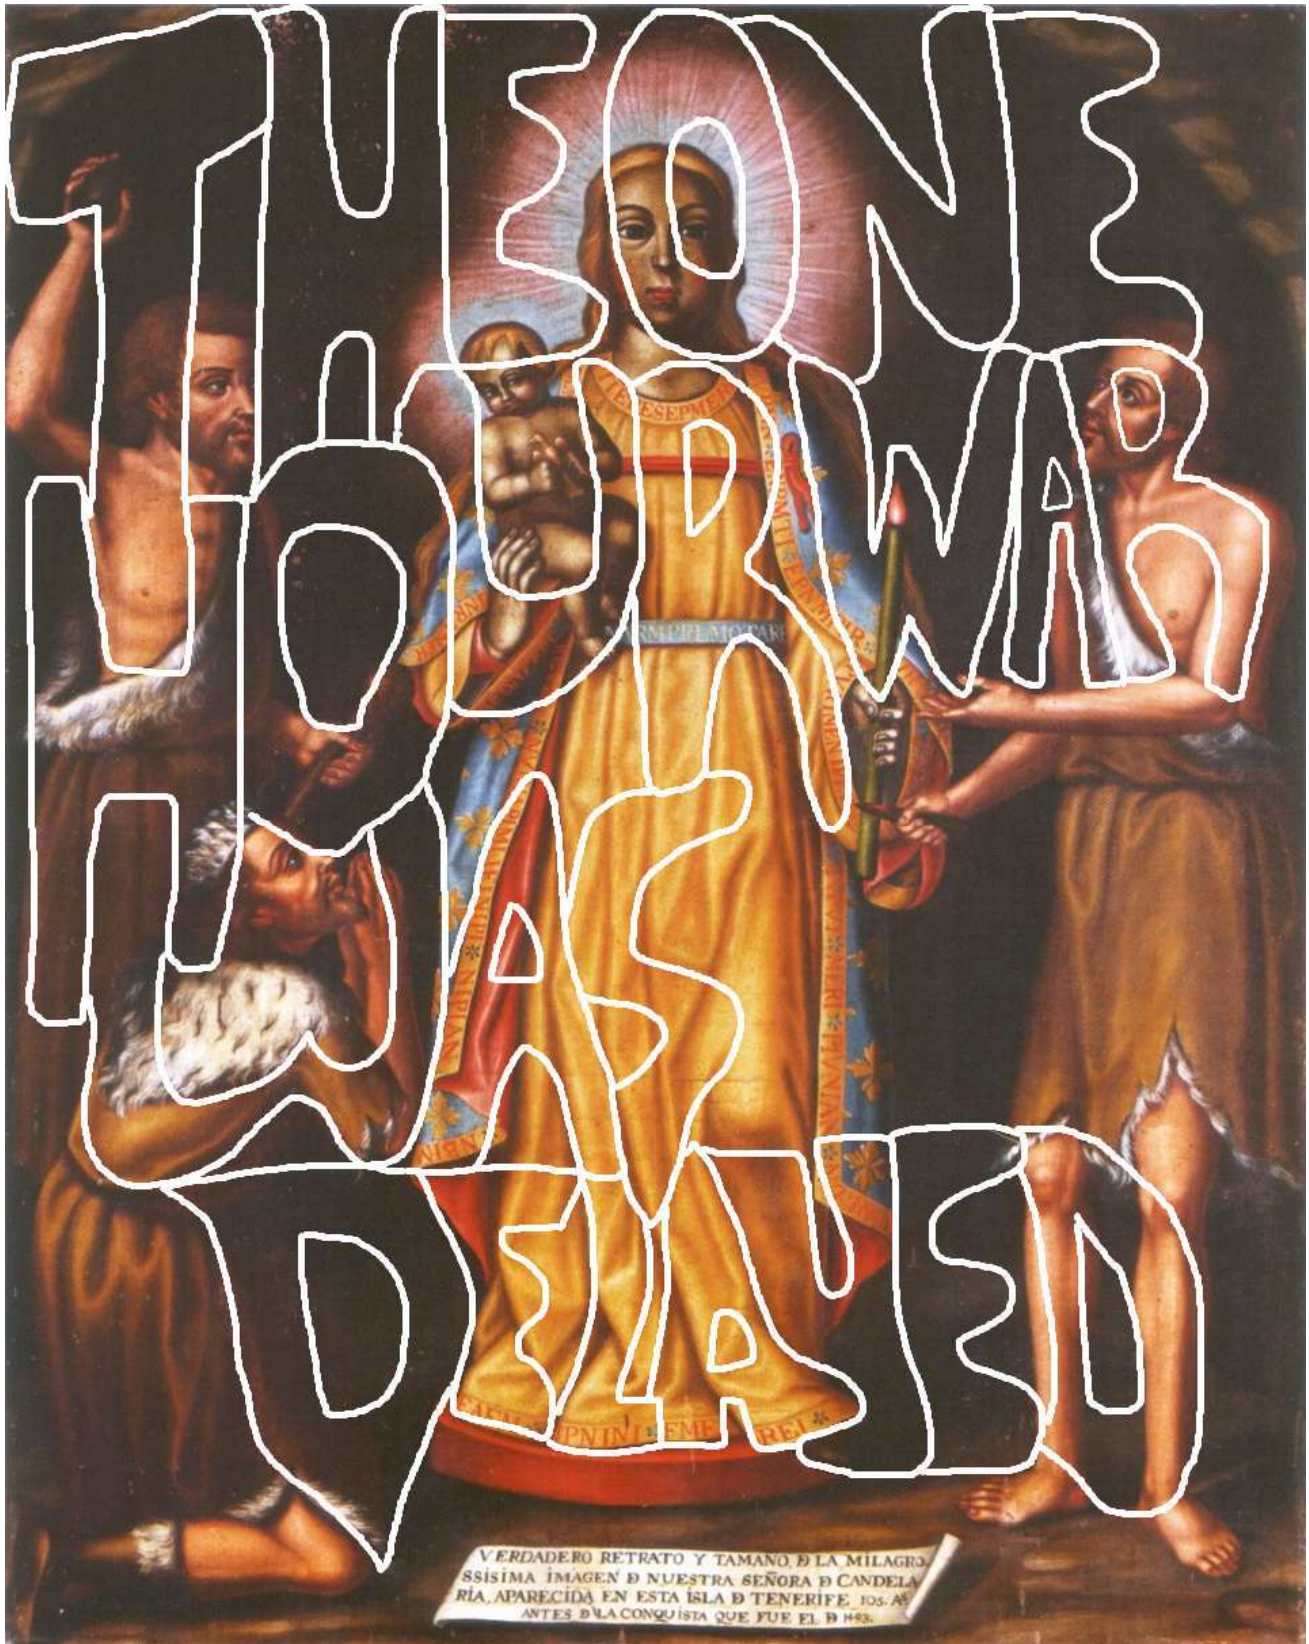

"The One Hour War Was Delayed," in the Shroud of Turin.

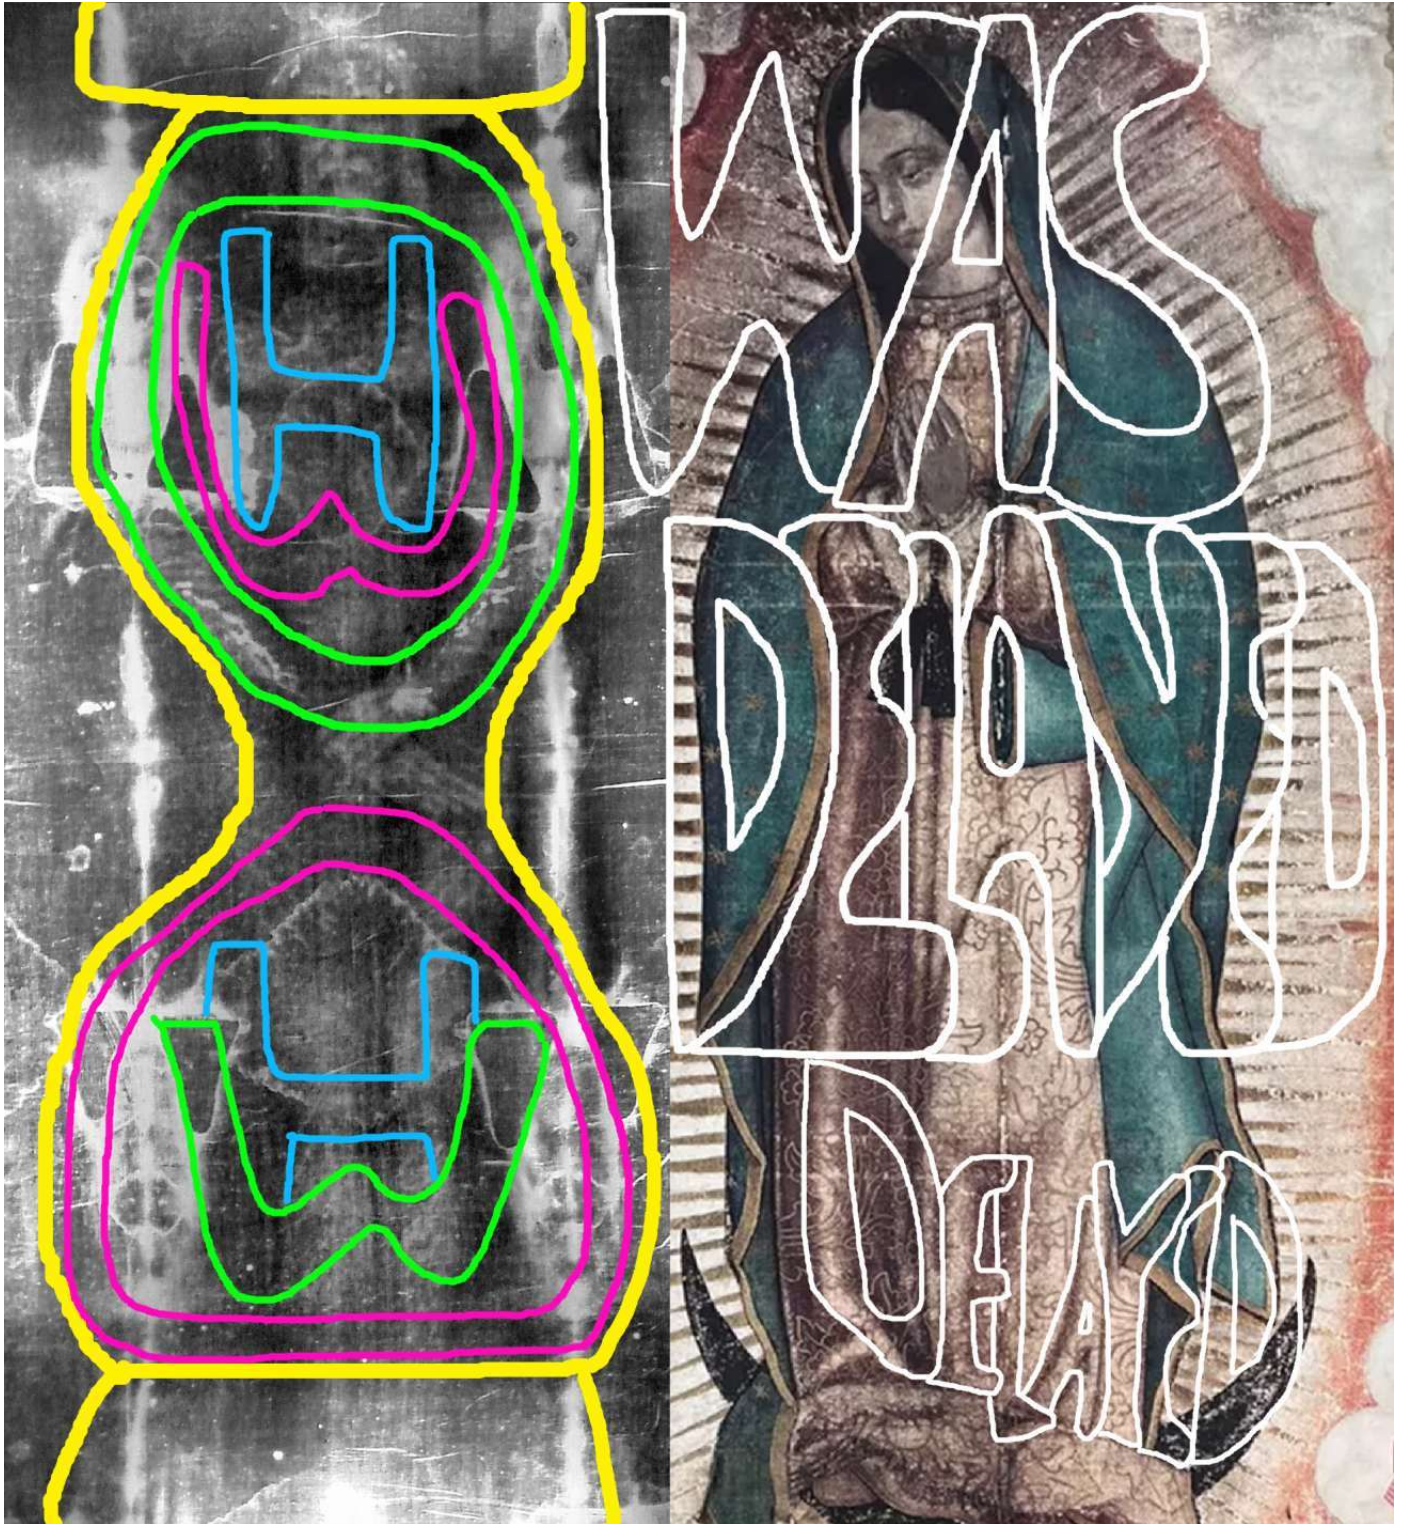

“The One Hour War Was Delayed,” in Nuestra Señora de Guadalupe.

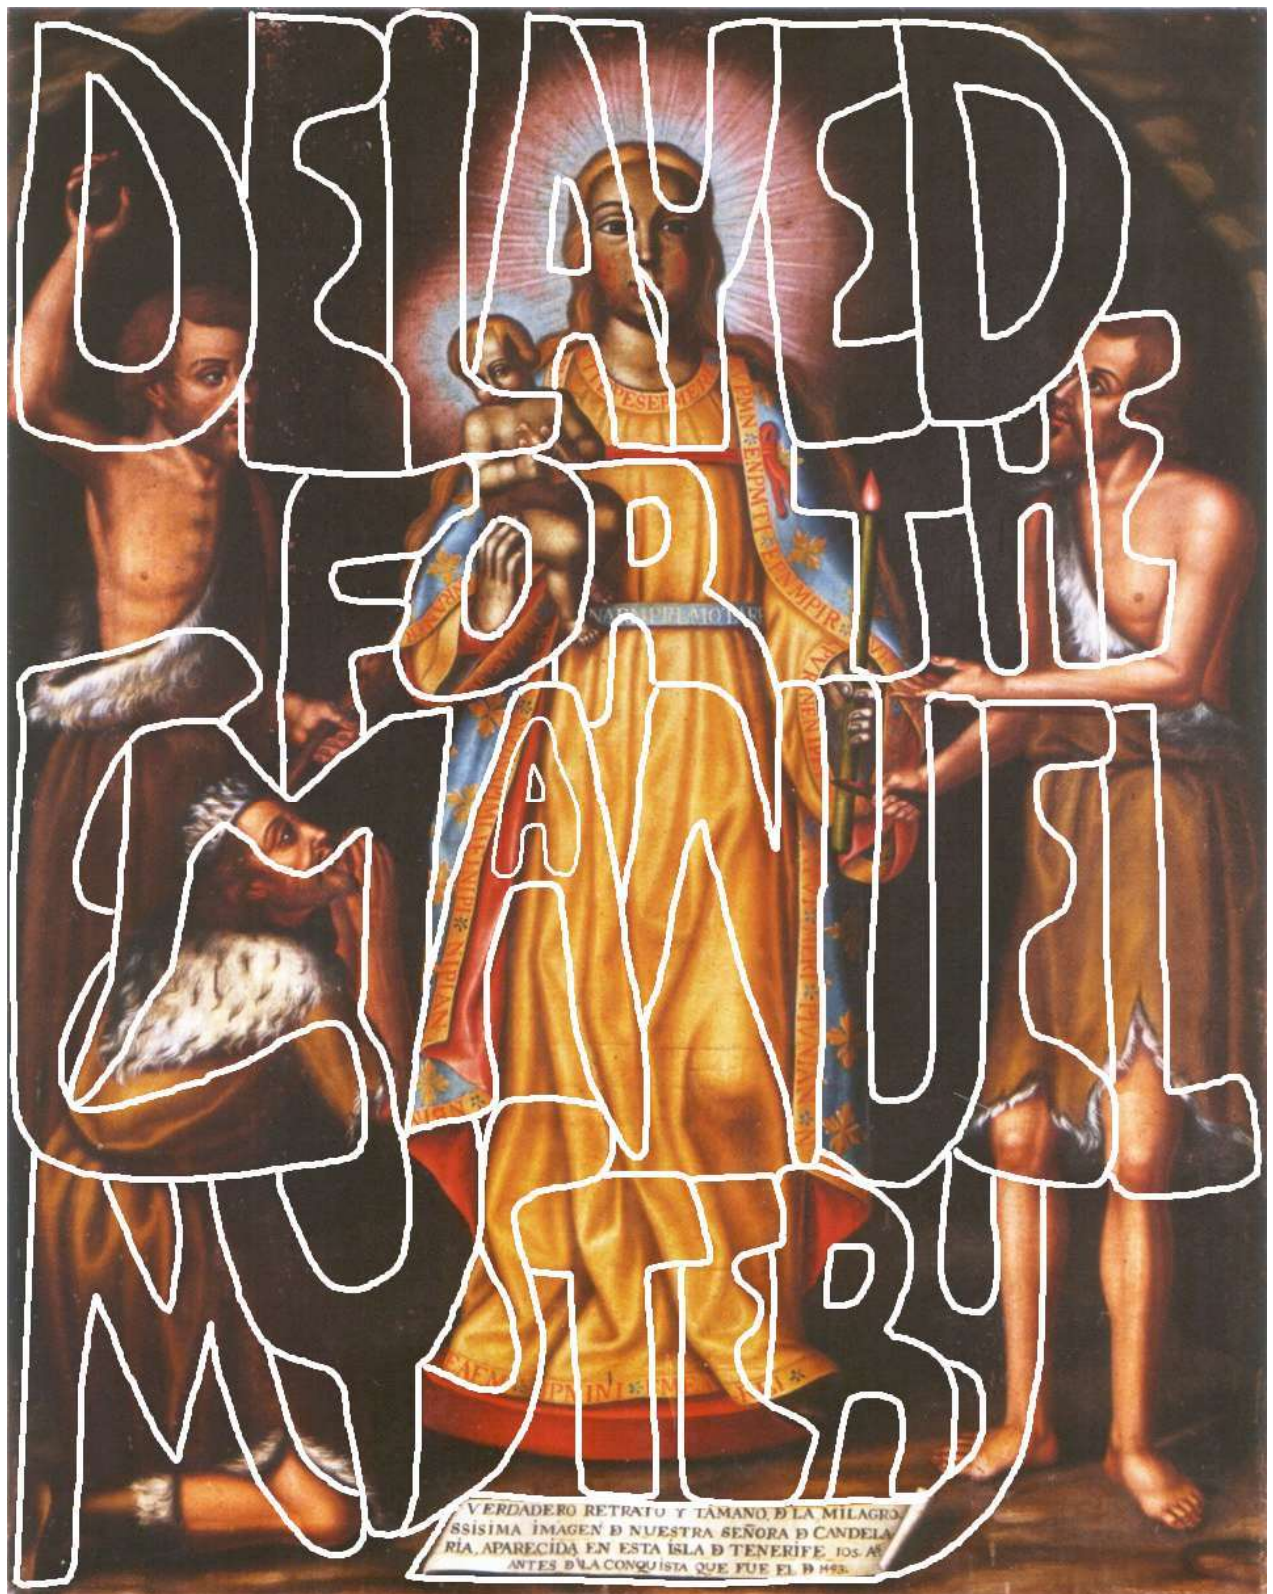

“The One Hour War Was Delayed,” in the Candelaria Likeness

“The One Hour War Was Delayed,” in the Sacred Image Key.
The colorful shape on the right is a One Hour War (OHW)
hourglass, hidden in the Sacred Image Key.

The Candelaria Likeness reveals the OHW was delayed to give me time to solve the Emanuel mystery: *Delayed for the Emanuel Mystery.*

God and Jesus confirmed the OHW was delayed for the Emanuel mystery solution with at least a couple variations of the previous message.

Delayed for the Emanuel Solution.
