

NATAS' FINAL NINE DEADLINE!

9 Days Left for Nations to Announce Social Reforms!

Nations should announce their social reforms, based on the needs and will of the people, by April 16th, 2026, Gregorian (or April 3rd, Julian).

Reforms should seek such goals eliminating corruption, poverty, violence, educational and social inequality, homelessness, pollution, contaminated water, disinformation, unregulated media...

Reforms without firm consequences for violators are meaningless. Reforms should begin to be implemented immediately. The following day, April 17th (Greg), April 4th (Julian), God's *Prophecies Against* begin (a 21 month period in which God imposes punishment upon certain nations, for their enduring corrupt engagements). Nations who fail to announce their Reforms by the deadline may invite God's wrath.

[Note: Recently, I prematurely announced this Event, with the wrong dates.]
