

# **The Deception Day (Julian), 13 day *calendar conversion* delay**

Recently, after finding and publishing various and numerous AI images signaling the date February 1<sup>st</sup>, 2026, I published numerous documents stating Satan's deception day would be February 1<sup>st</sup>, 2026 (GREGORIAN). That date has come and gone –so, I was wrong about the Gregorian date. I said the event would occur on the Gregorian calendar because that is the Gregorian is the calendar that the West and Satan created. However, now that the Gregorian date has been eliminated, it is just as likely that date being signaled in those AI images was intended for the Julian calendar (God's calendar). **So, I believe, and I am hereby predicting, that Satan's *deception day* (the fake revealing of the One Hour War), will occur on February 1<sup>st</sup>, 2026 (JULIAN) –which is February 14<sup>th</sup>, 2026.**

Yes, when I am wrong, I can admit it –and have done so in the recent past. But currently, I am not yet wrong. I was mistaken about the prevailing calendar –but not about the deception day *date*.

If I am right that Satan expressed the date on the Julian calendar, that may be Satan's small way of indicating God won the final -and most important- Wager.

For those of you who are not familiar with all of this, I contend that the US was defeated and effectively destroyed in the *One Hour War*, of Revelation, Chapter 18, on January 7<sup>th</sup> (Gregorian), and/also DECEMBER 25<sup>TH</sup>, 2025 (JULIAN), but Satan's US/Western media/internet suppressed news of the Event, and has been fabricating AI footage of US (and Western) news, social events, sports, etc. And Satan and surviving Western elites plan to stage a *deception day*, when they'll use AI produced news and video to allege the US was defeated/destroyed on February 1<sup>st</sup>, 2026 (Julian), or February 14<sup>th</sup>, 2026 (Gregorian.) [It's unclear how far-reaching this deception gone. Possibly just Mexico; possibly the entire Western hemisphere.]

**YES!** I know this sounds crazy. **YES!** I believe every word of this –until God and Jesus prove me wrong.

NOTE: I'm not sure of Satan's event time scheme. As US state Hawaii is 5 hours behind NYC, the event could theoretically begin when most of the US has already entered Feb 2<sup>nd</sup> (Julian), and/or Feb 15<sup>th</sup> (Greg).

In the coming days I will update documents to reflect the Gregorian to Julian conversion.
