

**The corrected
One Hour
War date:**

**Nov 1st, 2026 (Greg./West),
Oct. 19th, 2026 (Julian/ West),
4724, 9th Month 23 (Yin/West),**

I know, after failing to predict the date of the One Hour War 12 times, I should quit. But those 12 efforts led to the solution of the Emanuel mystery and to the discovery of the 6 timelines, which outweigh the OHW solution. Thus, based on those solutions, I get another prediction.

After missing the OHW date on June 19, 2026, Gregorian (or June 6, 2026, Julian), I came to see the semi-obvious: just as God gave each timeline its own name (and each person on each line their own identifier), since Revelation's Chapter 18 OHW (the destruction of *Babylon*) happened on Line 5, the Line 6 Event would have a different name. This led me to the correct date and Event name. I'll post specifics on www.TheZoneResistance.com soon.

The thing about the dates above that may cause some of you to take notice is: the Yin date is **9th Month 23 (West)** of Yin calendar year **4724**. This date-number, **9/23/24**; or Day: **23**; Month: **9**; Year: **24**, may look familiar to a few of you. In *Revelation 2: The Solutions*, **9/23/24, West** (the date of the OHW in the US/West) and **9/24/24 (East)** have been my only, and my final published solution for the Chapter 18 OHW date for two years, since June/July 2024. [More recently, in May 2026, I revealed the Chapter 18 OHW occurred on Line 5 -about 470 years ago (for more about this see *Line 5: The Hands That Rocked Time*.)] This means God has given the OHW on Line 6 (our Line) the same numerical date as the Line 5 OHW, but put the Line 5 OHW on the Julian calendar, and the Line 6 OHW on the Yin calendar, to distinguish the Events.
