

Ongoing A.I. Visual Story

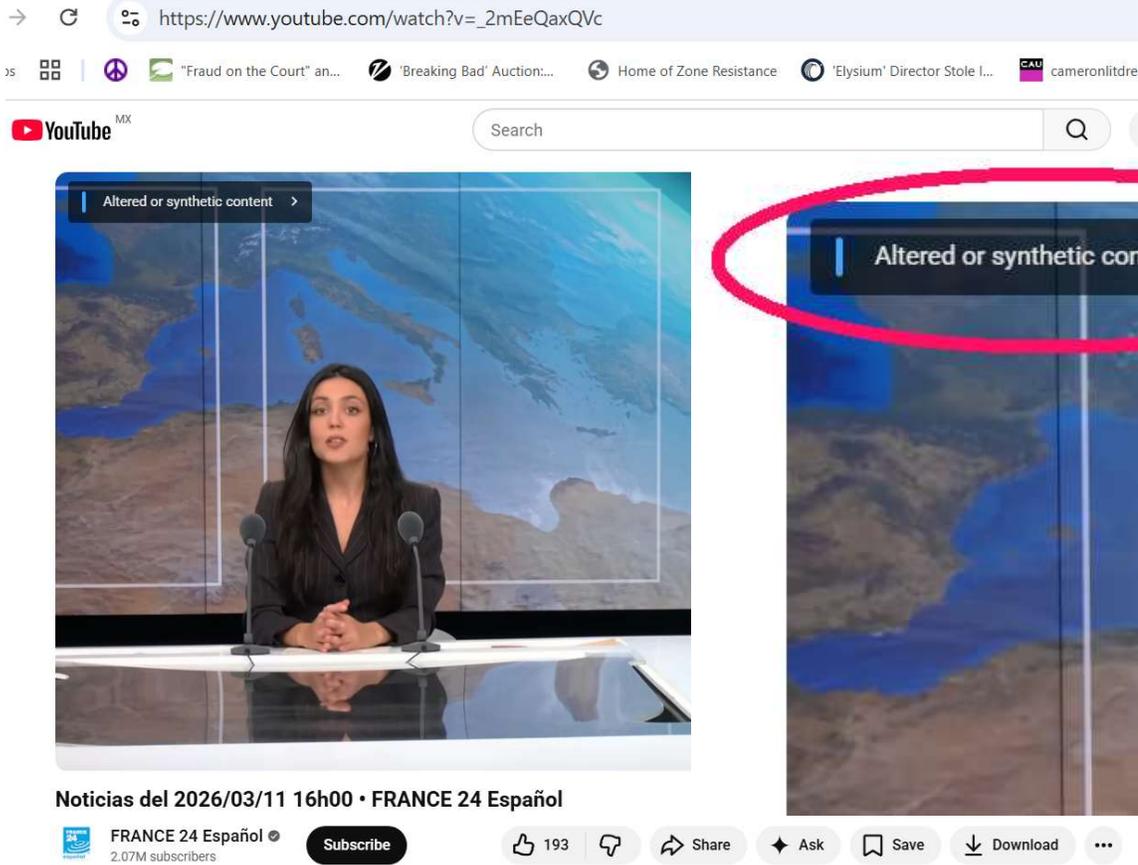

Steve Kenyatta Briggs (Yayayar)

March 12th, 2026 (Greg); February 27th, 2026 (Julian)

I'm working on a couple of new projects, so I'm going to let the images do most of the talking. In this set on images, the abbreviation "A.I." continues to come up often, along with the recently introduced words and abbreviations: *please, please, J.P., Jesus*, and *USA is dead*.

All of the images in this story appeared in *France 24 Español*, March 11th, 2026 (Greg), except the final image outlines, which appeared on the N Foro website.

The message circled above appears when the video begins, then disappears. An English message on a Spanish broadcast will be meaningless to most viewers.

Lots of strange and creepy cartoonish faces in the image, some circled in white above. They all look very artificial. Not at all organic.
