XVIII NOTES

The final page of these *Notes*, page 474, is a graphic image, not suitable for children.

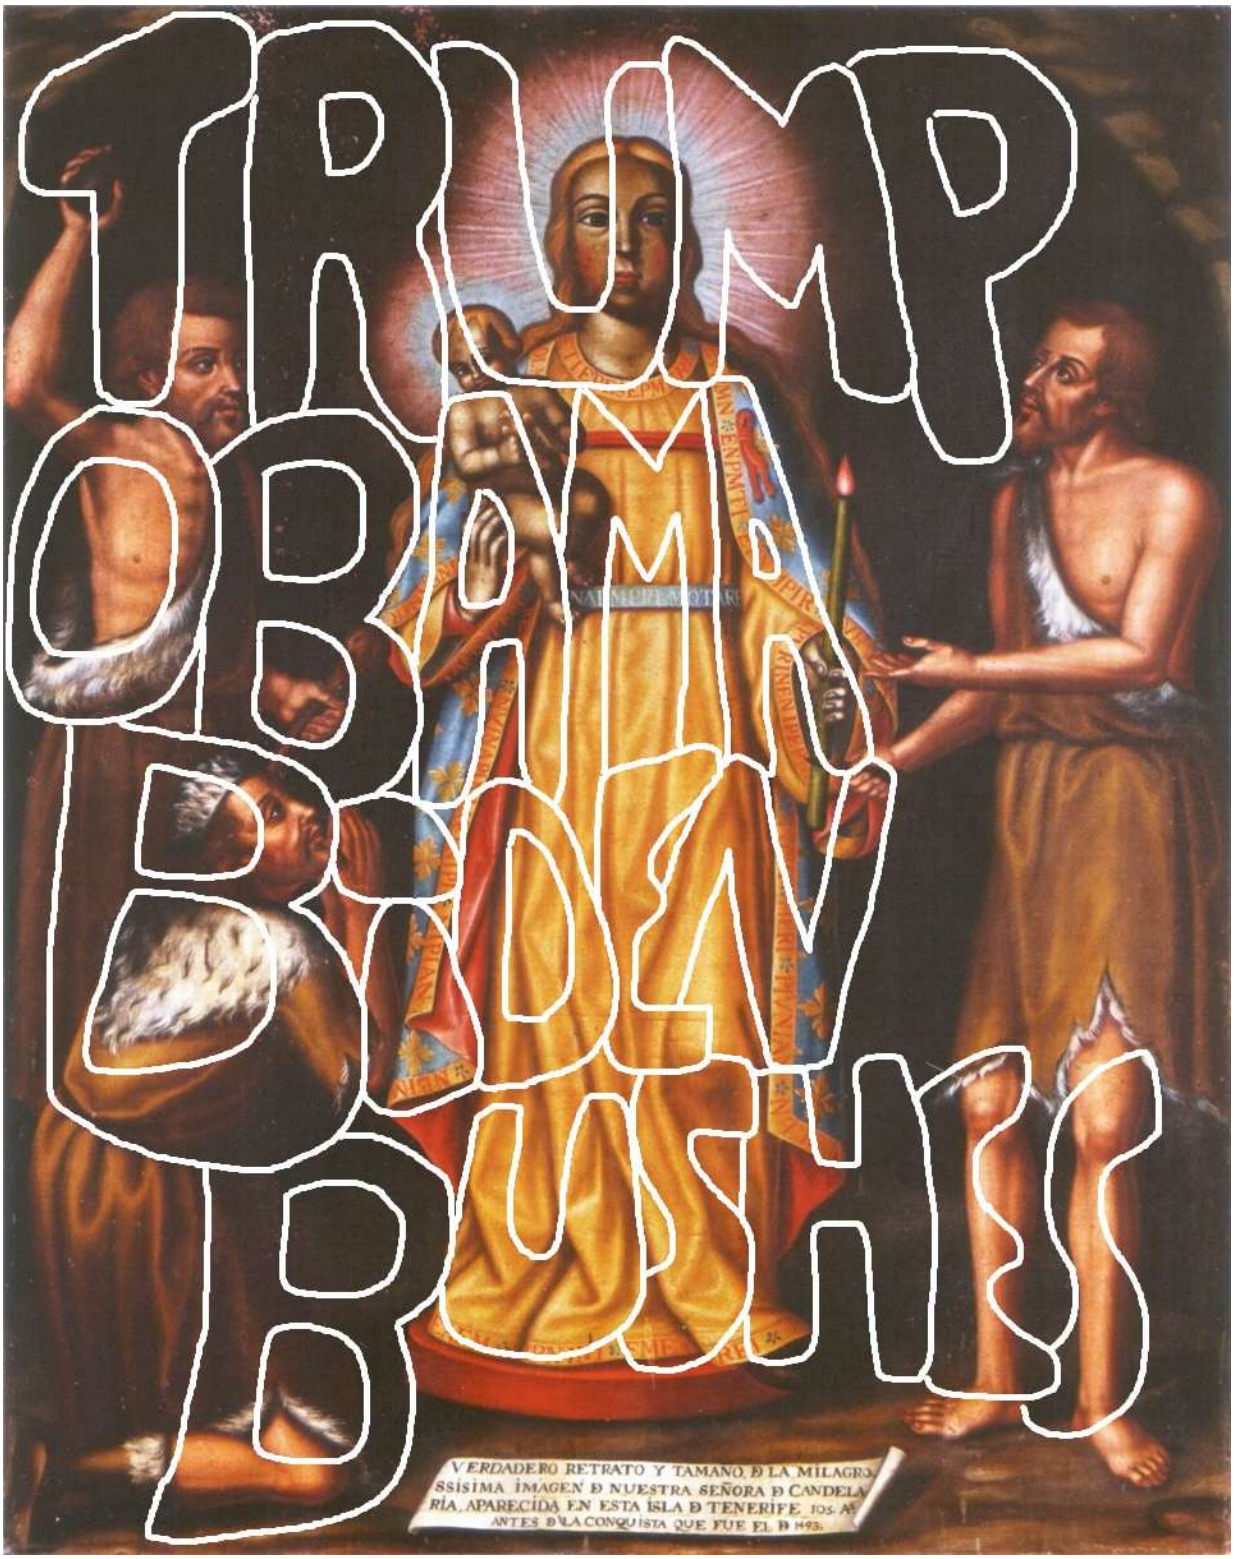

After writing Steve's Top Secret Notebook in November 2025, followed by many updates and couple of new editions, in spring 2026, I wrote the Candelaria Code (which decoded several messages from God), and *Line 5: The Hands That Rocked Time* (with even more Revelation than STSN). For these books I began to use a sacred image I call the *Candelaria Likeness*. While writing *Line 5*, I learned the Candelaria Likeness contained the names of at least 11 people or families who knew the U.S. was truly being governed by Satan (although I have still seen no revelation that anyone other than the Rockefeller brothers knew Gardner and Malone were the human beasts). The first three of these names you will recognize from earlier in the book (STSN). To the right, the Candelaria image line reads: *Shapiro, Wilson, Schreiber*. *Shapiro* is Carl Shapiro, and possibly Helen and Toby. *Wilson* is certainly David Wilson, and probably Dennis and Marina. And *Schreiber* refers to Hugh Schreiber.

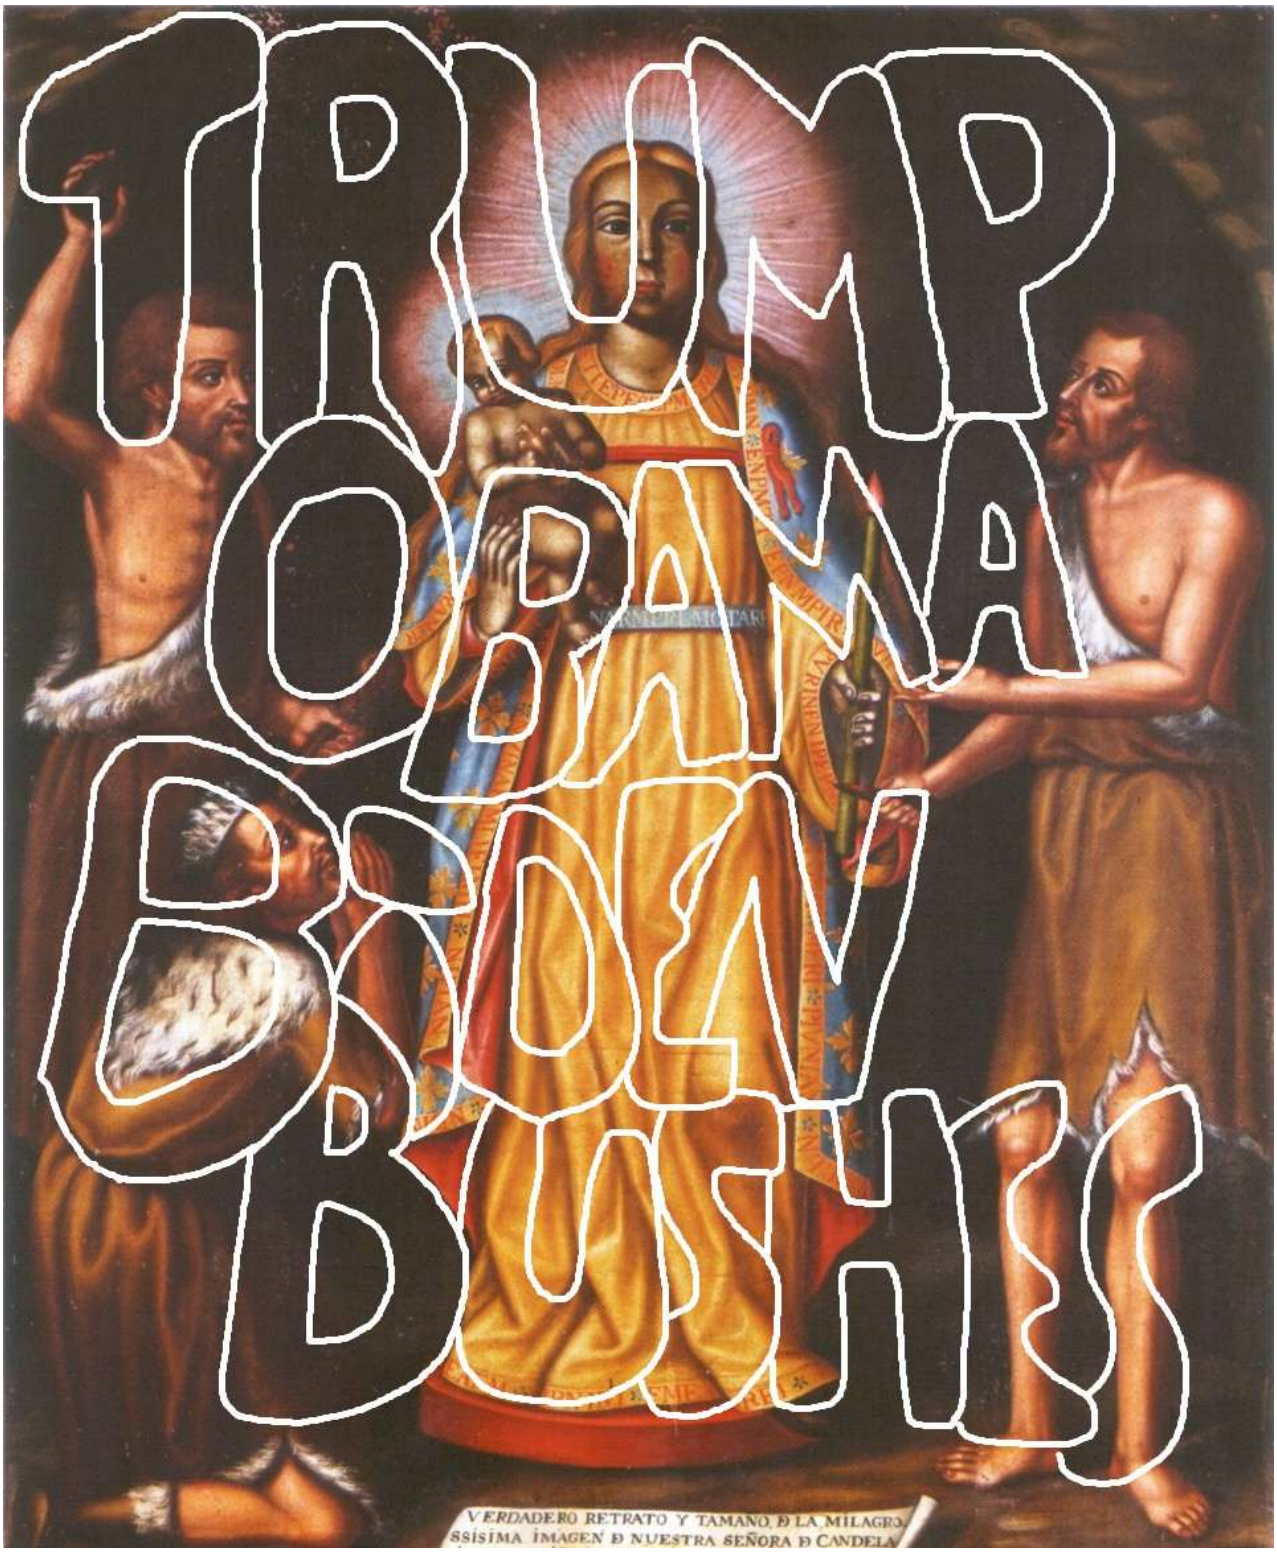

The Candelaria Likeness confirms Malone and Gardner (the beasts) knew, of course, as well as the Rockefeller brothers.

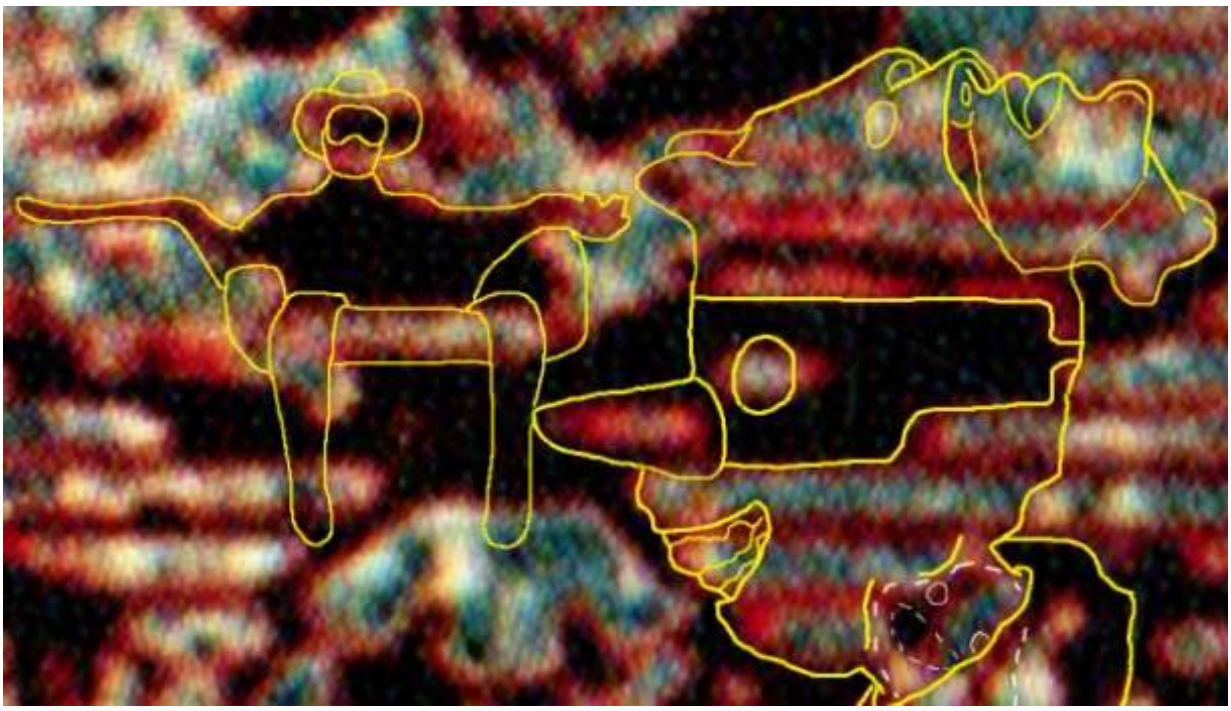

The Candelaria Likeness also reveals the names of at least 5 US Presidents who knew Satan called the shots: *Trump, Obama, Biden,* and the *Bushes* (US President Bush #39 and #43).

The Candelaria included this variation of the previous President's names outlining, for verification (the primary differences are the position of Obama's name, and the position of the *B* in Bushes).

- *Line 5: The Hands That Rocked Time*, chapter 3, Part III, explains how the image above is a representation of Satan telling David Wilson and other US elites about Line 5.

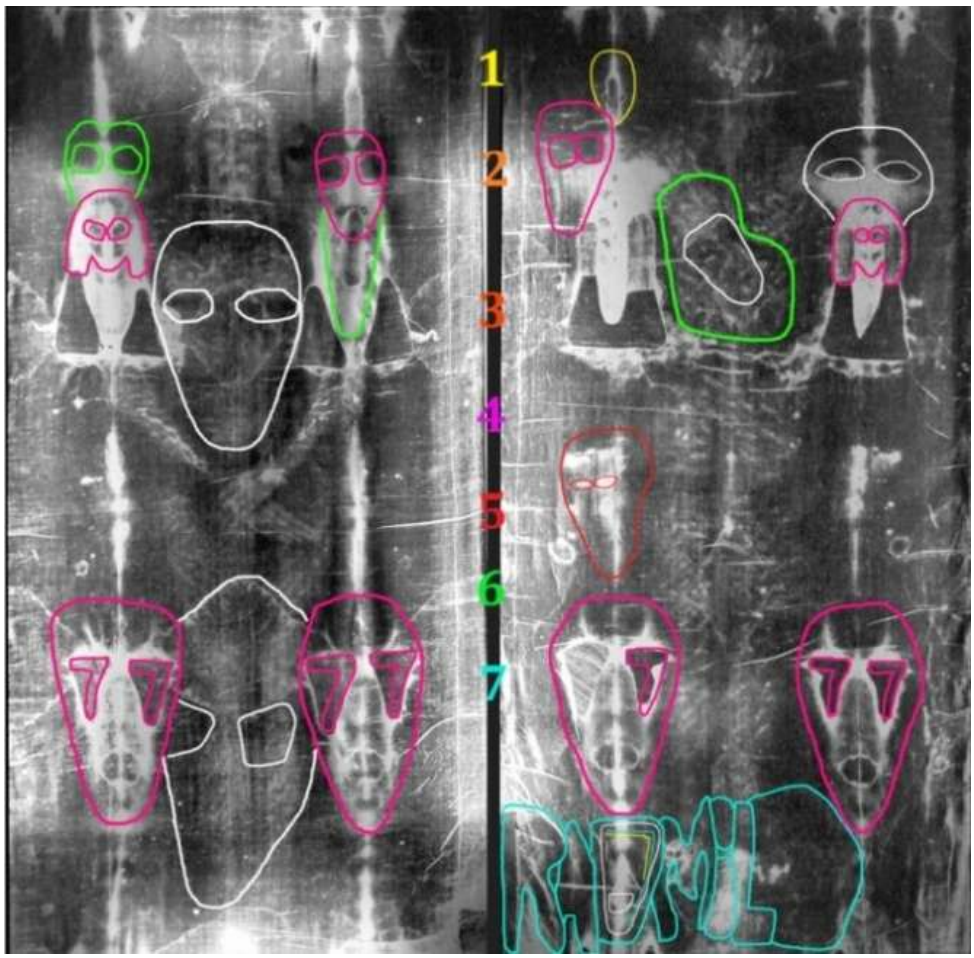

- In earlier versions of the Mark Crimes (Revelation 2: The Solutions), I indicated deliberately contaminating another nation's or group's water supply was a Mark Crime, but later I changed that. Contaminating water is one of the most evil things you can do, but if a nation or people will not defend their most sacred asset, their water supply, and allows anyone to come in and tamper with it, it's possible that God's view is: *any people who are that thoughtless deserve the trouble they invite.*

- **HYPOCRISY**. One of God's many messages that I wasn't able to squeeze into the body of this Notebook was a strong statement against hypocritical world leaders and social policy. At points in the main Notebook storyine, we witness God (in my curtain) exhibit all of the worst curtain behaviors; going against all He Commands and instructs. This was a *sweeping* statement against hypocrisy. But hypocrisy is a broad idea, which covers tiny and giant infractions. Mexico immigration practices seem to be great examples of hypocrisy

  Two months after I arrived in Mexico, an acquaintance told me immigrants cannot legally work in Mexico. Shortly, thereafter I saw a bunch of news reports where Mexico did not appear welcoming to immigrants. If these things are true, hypocrisy can't get much worse than this.

I grew up in California, USA, where, by the time I was a young adult, there was probably over a million Mexican immigrants, and millions more around the US. Mexican immigrants made the US so much better, more productive and wealthier. For a nation to rightly take advantage of their right to go to another country to pursue opportunity and compete, as Mexico did, then turn and restrict immigrants into *their* land, is simply not right.

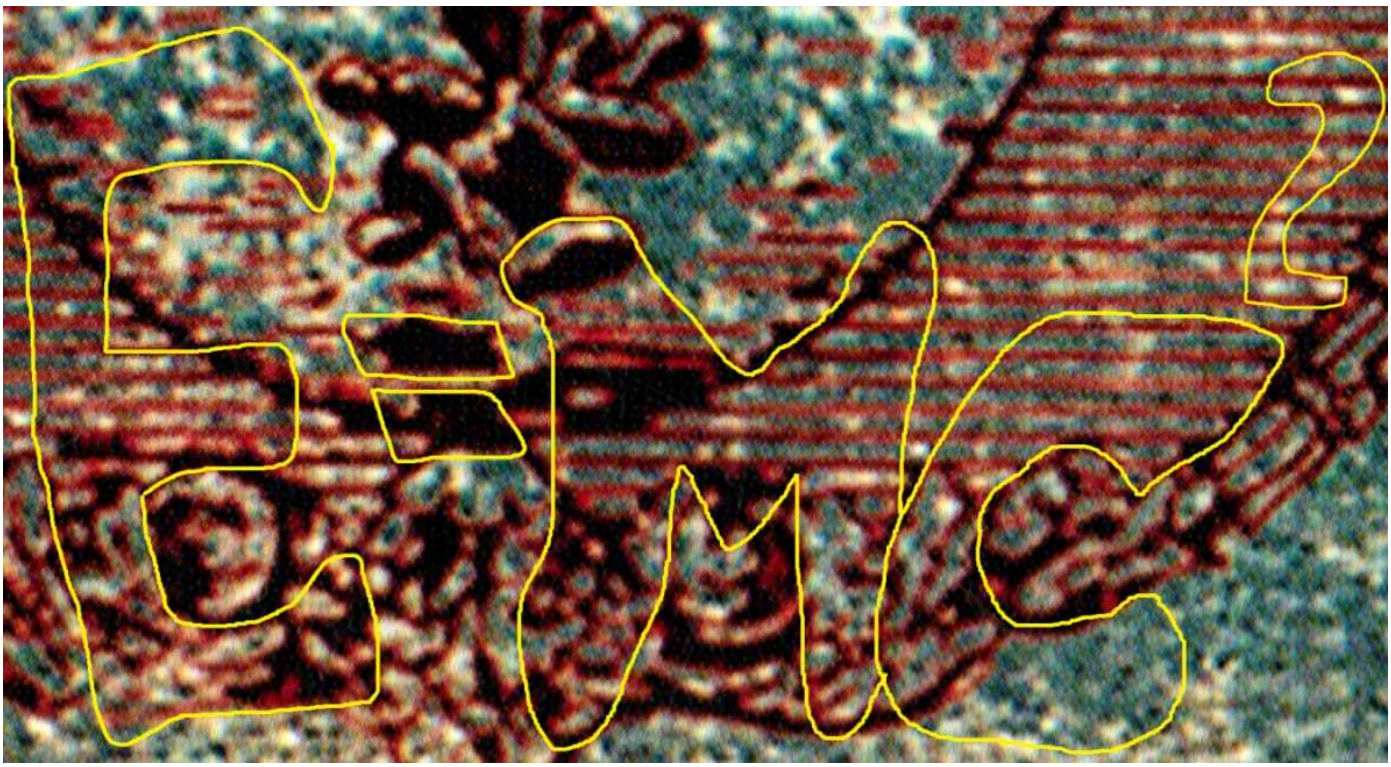

DOWN ARROW HOPE!

- In *The Terms* section, we saw faces that had been depicted in chapter 12, in Gehenna levels 4, 5 and even 7, who, in *The Shroud of Turin* (above), had advanced upward (toward Heaven), to level 2 and even 1. More, some of these people's names had even been previously rendered with down arrows (indicating damnation), in chapters 7, 7.33, and 7.67. This means most people still have hope -if they make real changes- of making it to Heaven.

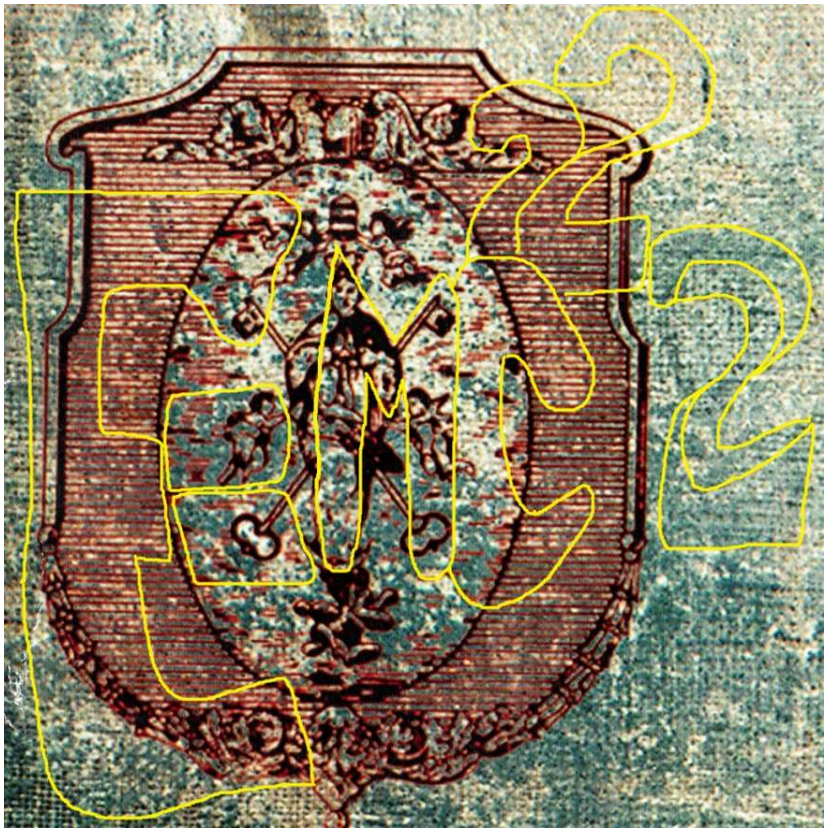

God's also makes exaggerated damnation claims in Revelation (see *Revelation 2: The Solutions*, solution #217). This is to challenge us to analyze what we read, and to question and speak against tyranny and injustice.

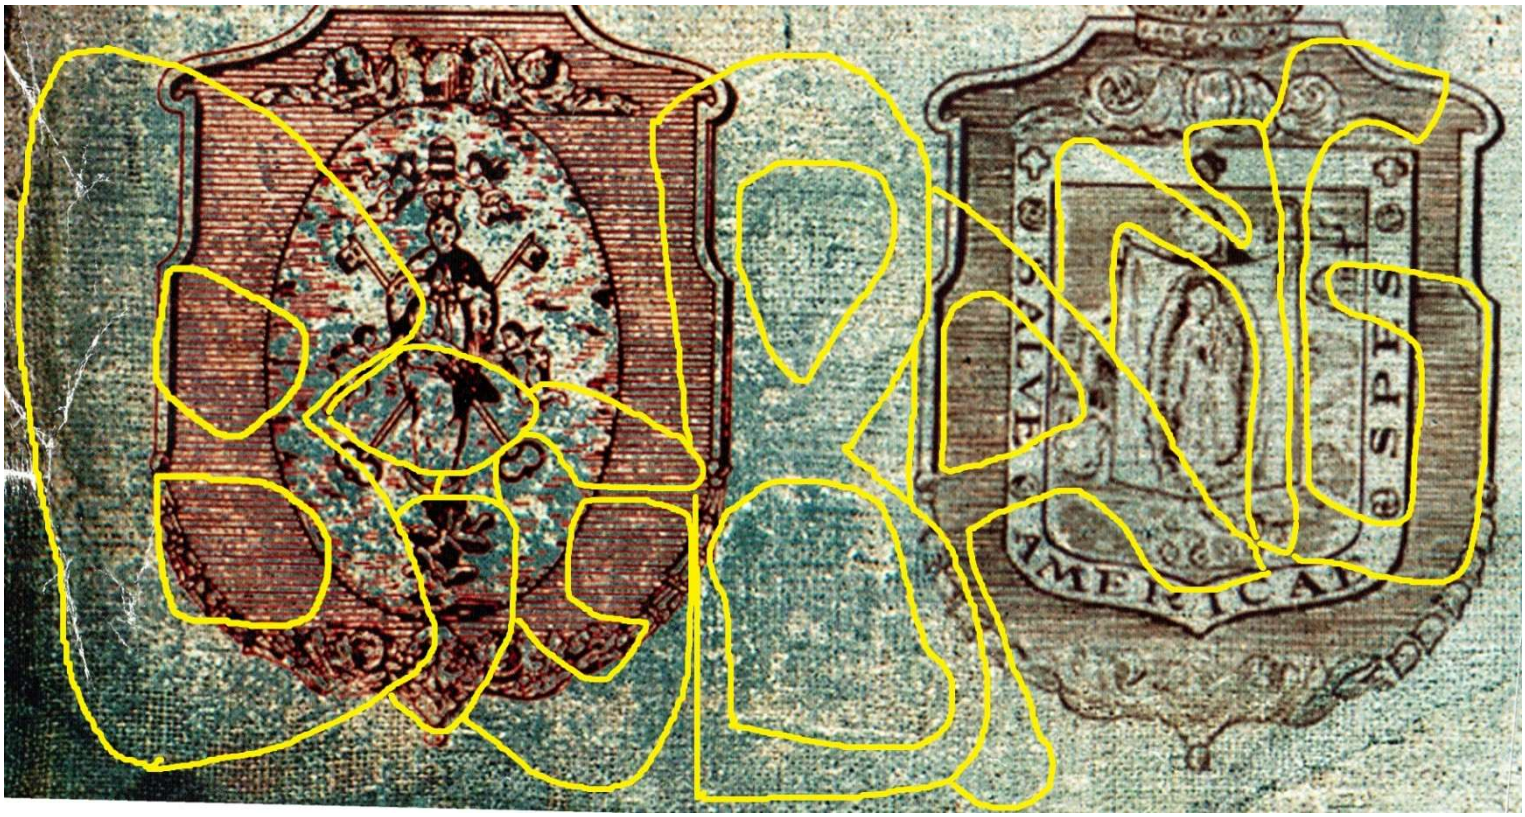

- I believe the reason God chose to start the final major Revelation Wager (*The Beast Wager*) on Christmas, 1888, is because on leap years, like 1888, Christmas falls on the 360th day of the year. 360 features Natas' numbers (3, 6) and is divisible by them. 360 is also divisible by Jesus' numbers (5, 8). And 360 represents one full circle, which can represent God. 360 also is divided by Satan's primary numbers (6, 3), and can represent the 360-degree cipher Gardner used (seen in The Zodiac Killer's Identity Revealed). Thus, 360 can represent Satan's War Against God –and against God's Family. A few more interesting related facts/dates:
  - *The Wagers* explains Satan viewed the 137 year Wagers as running for 50,005 days (365 x 137 = 50,005, minus leap years). Thus, Satan viewed the final Wager as ending November 21st, 2025 (Julian); December 4th, 2025 (Gregorian).
  - It is certain that God did not allow Satan's *future-vision* to see the true date of the Two Hour War. Thus, I believe Satan's future-vision stopped at November 29th, 2025, on the Julian calendar, the 333rd day of the year (Natas' primary number is 3); or December 12th, on the Gregorian. Satan would have been satisfied with this, as he improperly viewed the Wagers as ending 8 days earlier: 11/21/2025 (Julian), or 12/4/2025 (Gregorian).

- God inserted at least two giant expressions of $E=MC^2$ in the Elder Badge, to confirm Einstein's theory of Relativity was meaningless. Satan used the $E=MC^2$ to prove he and his Western press could dictate what even the greatest scientific minds believed.

The true meaning of $E=MC^2$ is *M* (13) times *C* (3), which equals 39; squared (39 x 39), which equals **1521**. 1521 is the year Satan began to divide God's Western Christian Church, in the **E**dict of Worms. **E** = 5 (Jesus' primary number) and **E**dict and 13:**5** –the Revelation verse that first speaks of Satan and Martin Luther's attack on the Church. E also equals 1**555**, the year God's Church was officially divided (referenced in Revelation 13:6).

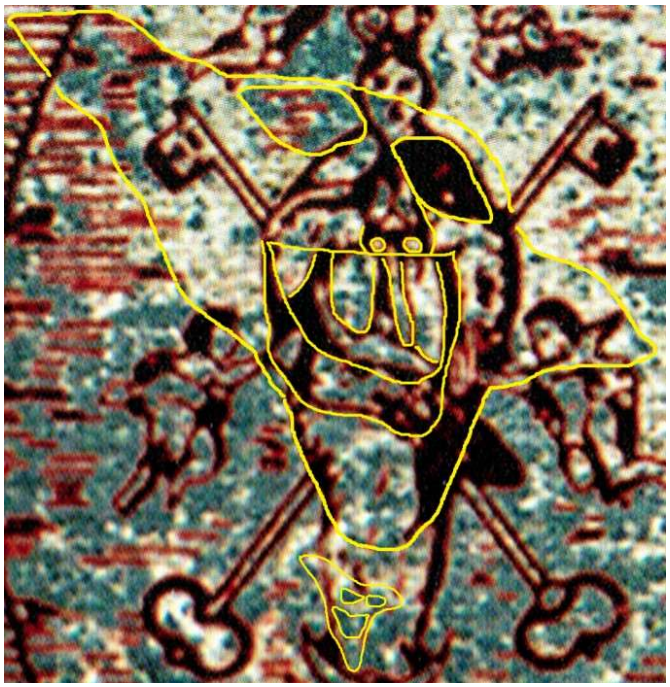

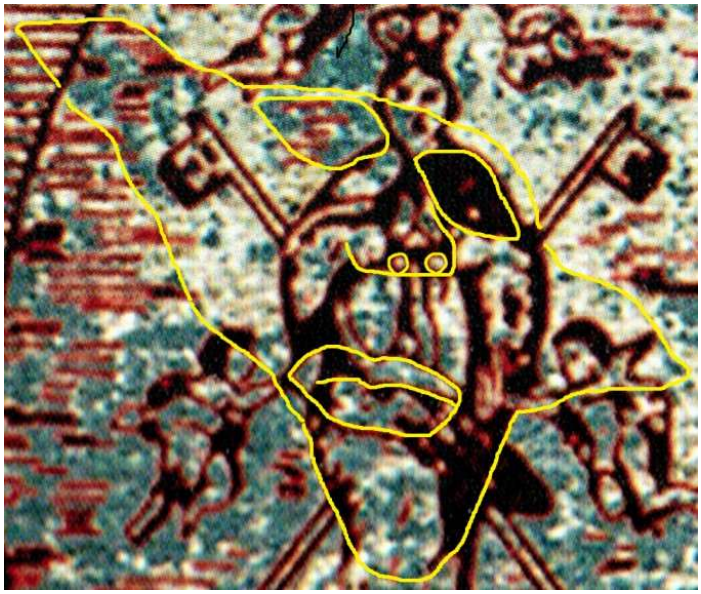

- ***Big Bang*** Theory is also fraudulent nonsense.

- Disproving widely accepted scientific theories involves more than tracing obscured image lines (although the fact that God made the images makes my position unbeatable). I disputed the Big Bang as trash in past publications, and have long been suspicious of Einstein's fake Relativity Theory. It occurred to me that God may have addressed these bogus theories, concocted by Satan, in the Elder badge…

- The human beasts (Gardner and Malone) could/can only hear and respond to Satan when they were on Stanford University grounds. This is why John W Gardner and John C Malone both lived on Stanford grounds. I believe this was a punishment imposed on Satan sometime between 1968 and 1981.

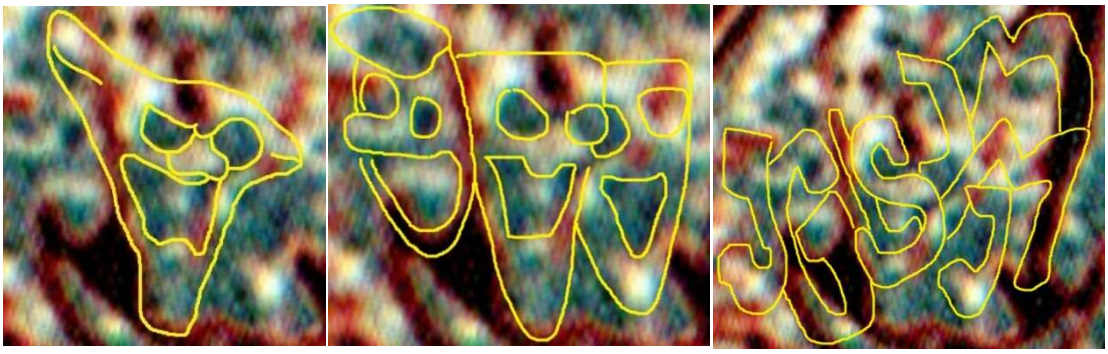

- People should understand how corrupt the US's encouragement of stock gambling was… Satan knew which stocks would rise a year in advance, so he instructed 666 business leaders (through Gardner and Malone) where to invest. Thus, 666 members made hundreds of millions of dollars, and looked liked geniuses, as they corruptly stole the common people's life savings.

- In the Elder Badge, God gives us clues about Satan's appearance (see Dog *Vision*, BtL #vii), and indicates Satan's head is shaped sort of like an upside-down triangle. God gives us a more accurate image of Satan, hidden across the Elder Badge's central image area, above. In Ezekiel 28:1-19, God seems to depict Satan rise, as Heaven's most beautiful angel, and after his fall he becomes grotesque (Ez 28:19). In the larger image, above, on the left, God included a smaller confirmation image.

The smaller representation of Satan (below, left) is flanked by Gardner on the left and Malone on the right (below, center), and their initials (below, right).

UNFORGIVABLE CRIMES HISTORY

If you read *Revelation 2: The Solutions* you might get the impression God kept the Unforgivable Crimes hidden from public view for thousands of years, until I showed up and revealed them. That's not the case –well, it might be true for the *Image* Crimes –which didn't come into existence until the 20th century. But many of the Mark Crimes concern things like administering justice fairly, and not publishing false information, not offering or accepting bribes, fighting poverty and misfortune, not oppressing or mistreating foreigners… things that were addressed from the start, in the first 5 books of the Bible. Here are a few examples, just from Exodus.

Do Not Publish or Spread False Information

Exodus 23:1: You shall not circulate a false report…

Exodus 23:7: Keep yourself far from false matter…

Administer Justice Properly and Fairly

Exodus 23:3: You shall not show partiality to a poor man in his dispute.

Exodus 23:6: You shall not pervert the judgment of your poor in his dispute.

No Bribery

Exodus 23:8 You shall take no bribe…

Be Kind to Immigrants

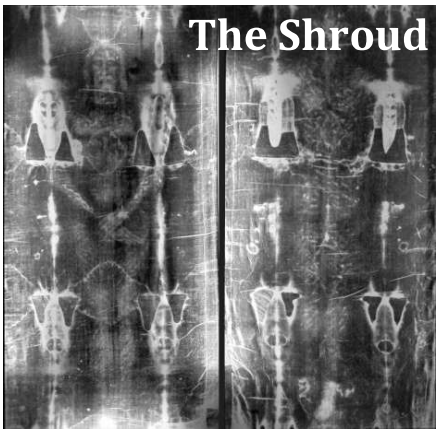

Exodus 22:21: You shall neither mistreat a stranger nor oppress him, for you were strangers in the land of Egypt.

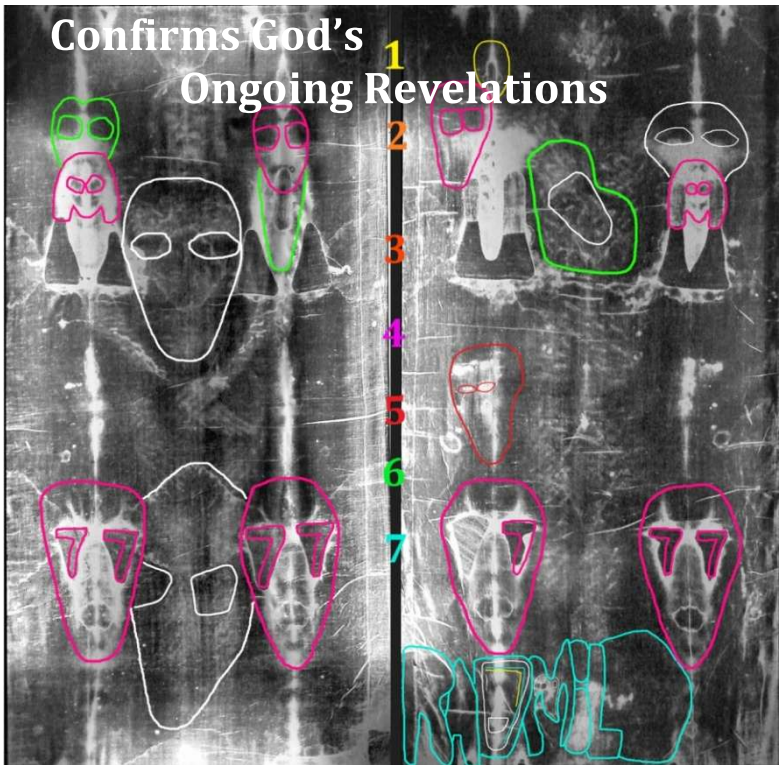

Exodus 23:9: Also, you shall not oppress a stranger…

Make Adequate Provisions for Fatherless Children, Widows and Unmarried Women

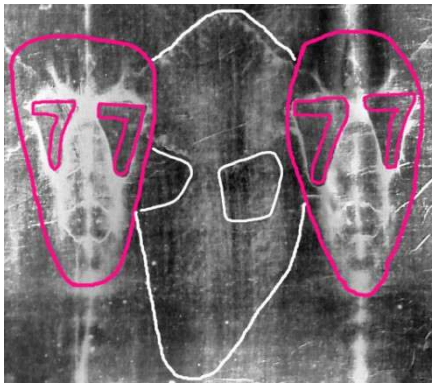

Exodus 22:22-24: You shall not afflict any widow or fatherless child…

If you afflict them in any way… I will kill you with the sword…

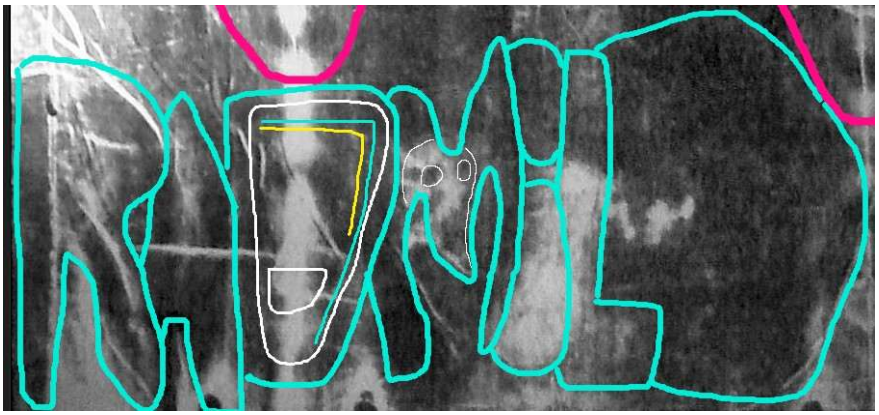

Lateral to STSN, in 2025, I began to find some of God's Revelations concealed in The Shroud of Turin, 1978 negative (insert above). *The Two Hour War: Date & Time* reveals the date of the 2HW in the Shroud.

We saw the tracing above in *The Terms*. In the lower left corner (enlarged to the left), the dark face with a broad forehead and tapered chin, behind two pale faces with 77 on their eyes, tells me Ray Marchbanks delivered Gardner's orders, via David Wilson, to David Coppock and Richard Wright, whom God revealed in chapter 12, each committed 77 Mark Crimes against me.

Above left, by enlarging Radmilo's name in the base of the Shroud, we see that by placing a human face in the center joint of the *M* (see center image, zoom), which God also did with the *M* in title rendering for *Moonlight Sonata* (see *Line 5: The Hands That Rocked Time*, chapter 7), God confirms that *Moonlight Sonata* was written by Steve-A (see L5:THTRT).

The Meaning of the Gregorian 2HW Date

The Gregorian 2HW date is November 1st, is written in most counties as *1-11*, and written in the US as *11-1*. These numbers carry important representational meaning. Each of the three iterations of *1* represents one of the three Great Gods: (1) God the Father, (2) Jesus, the Son (3) Natas, the Daughter (effectively Mother Nature).

The configuration of the three 1's, as **1-11** (1/11), or **11-1** (11/1) informs us the Great Gods govern on a majority rule basis; any two Gods in agreement overrule any One. [I do not believe this applies to determining who enters Heaven. The facts indicate that Jesus, alone, rules on that, using God's Law and Natas' Law as His guideline.]

The configuration *111* (the three Great Gods, standing together), in respect to the Two Hour War date, indicates God, Jesus and Natas all agreed (unanimously) that God's Prophesied Two Hour War punishment of the US/West was/is just and necessary.

Below, I speculate on the Gods' special interests, in Their assessment of our lives.

GOD

SPECIAL INTERESTS:	God is interested in all human endeavors, and particularly people who hope to do great things. God prioritizes His Law (10 Commandments). God is very interested in people and nations striving to cooperate and coexist.
APPROVE:	As the first Father and the conceiver of all life, God loves good parents and good family members. God also strongly approves of good citizens. God strongly approves of perseverance, hard work and creativity.
DISAPPROVE:	God strongly dislikes all forms of hatred, unkindness, perversion…

JESUS

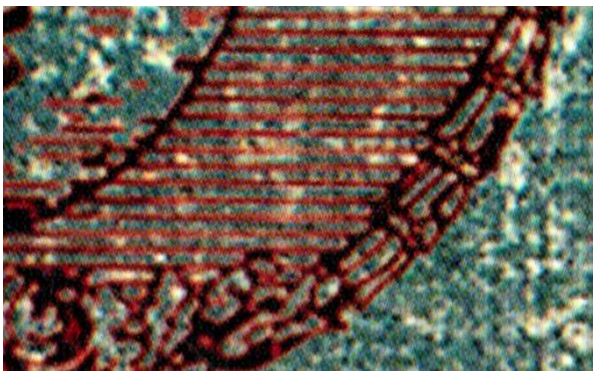

SPECIAL INTERESTS:	Jesus promotes God's and Natas' Laws, and gave us His *Golden Rule* (*treat others as you would have them treat you*). Jesus is very concerned with justice, fairness and the less fortunate (the poor, the blind, the weak…).
APPROVE:	Jesus is very interested in music, art, higher thought and creative freedom and responsibility. Biblically, seemingly everywhere that Jesus/Emanuel goes symbolism and mysteries abound.
DISAPPROVE:	Jesus is extremely family oriented, and vigilantly defends his family. Anyone who declares war against God or Natas should be concerned.

NATAS

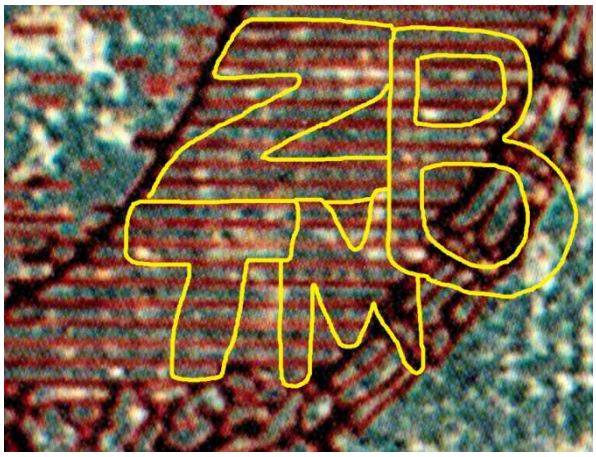

SPECIAL INTERESTS:	Natas is concerned that humans live is accordance with nature, their nature, and sustainably.
APPROVE:	Natas views good parents very favorably; as well as trustworthy, reliable family members. (The opposite is not sustainable.)
DISAPPROVE:	Natas would disapprove of anyone who, unprovoked, harms, betrays or goes against family. As migration is essential to nature's plan, Natas likely disapproves of leaders who punish, restrict or deport immigrants.

- All of the Great Gods are concerned that humans respect the environment and other animals and plants in the ecosystem, and not pollute the lands, sea, air or waters.

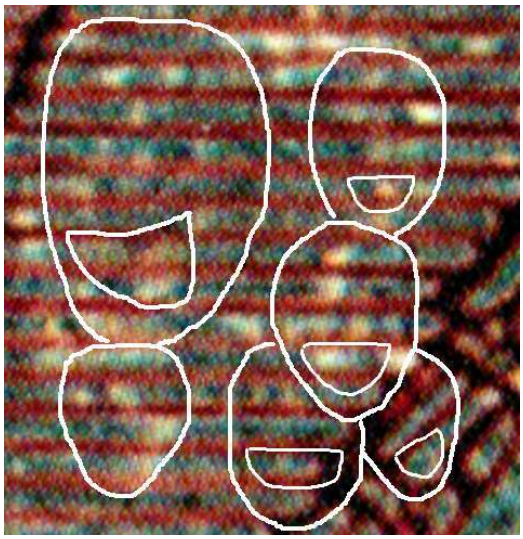

The Four Fake Billionaires

Circa 2004 to 2006, after illegally obtaining my screenplay *Uberopolis: City of Light* (AKA: *Butterfly Driver*), Satan and John C Malone formed plans to create a fake mega-billionaire US President, based on the Uberopolis mega billionaire/President villain Drexler.

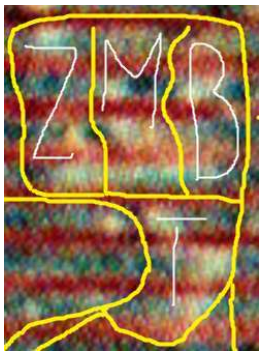

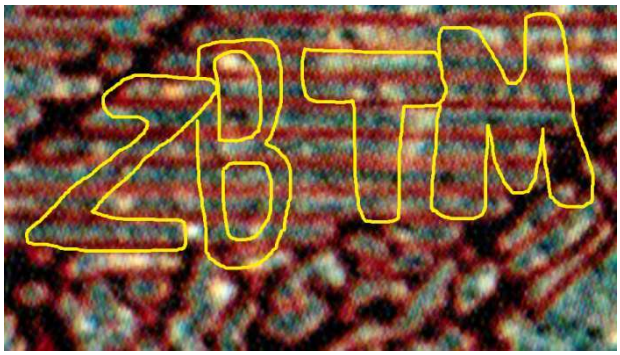

In the lower right corner of the Edler Badge (top right), in several places, God inserted the first letter of the four men Satan chose to groom to be fake billionaire Presidents: **Z**uckerberg, **B**ezos, **T**rump and **M**usk (not born in the US, Musk presented challenges.)

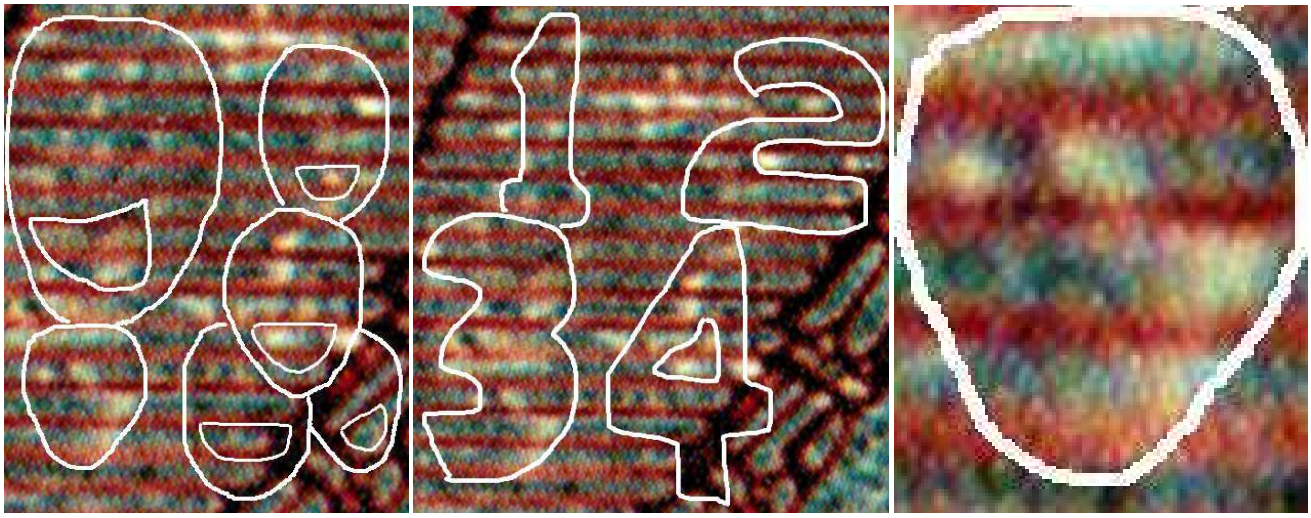

In the same image area, God included hidden "likeness" images of these men's faces, right.

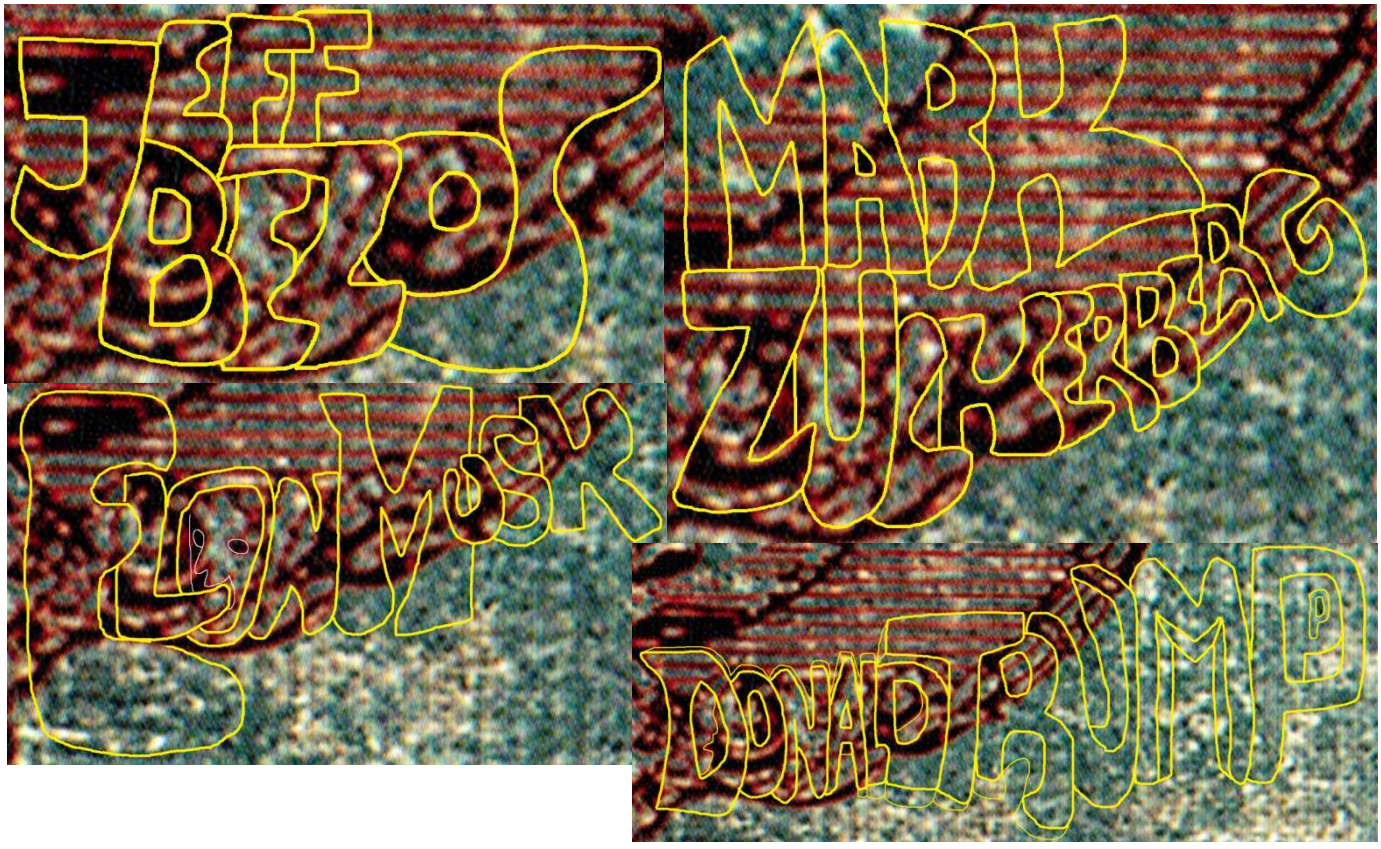

Below are a couple more of the last name initials, hidden in this image area.

With the cartoonish facial images (above, left), God reveals that three of the fake billionaires were awkward and insincere on camera. God gave Zuckerberg (Satan's first choice) a sideways smile. God gave Bezos crossed eyes (indicating he came off as goofy on camera). God gave Elon Musk three faces, indicating Musk's media personality was inconsistent. But Trump (enlarged above, to the right) was absolutely at ease on Camera. Above, Trump's image seems to be checking out fellow homosexuals Bezos and Musk.

Skits and Dirty Tricks

(This 3-page section was previously presented in chapter 7.33, the UC Timeline.)

The murder attempts, the hormones, the puberty blockers, mumps and measles, stealing my IP, killing my dogs are the worst dirty tricks, but here are a few examples of less dangerous, more "typical" skits that my family and friend performed…

1#

When I was 18, Gardner paid my *co*-best friend (Dave C, not Rick) to create a situation where I was alone in a car, at night, with an underage girl named Dee Dee, who also appeared to be drunk. The girl soon passed out. Nothing happened. But the point of the dirty trick was to try to get me to take advantage of the girl.

#2

I lived in New York but worked in California from late 1998 to mid 2007. Around 2003, when I flew out to California, Pay Rose told me a mutual female acquaintance, wanted to get pregnant soon, because she had fertility problems, which reduced her *procreative window*. Pay proposed that we both donate sperm (I guess at a fertility clinic), let them mix it up, and let Cassy have a baby, and we would never know if the father was Pay or me; astoundingly immoral.

- Any man who violates nature by mixing his sperm with another man's sperm to conceive a fatherless child has almost no chance of entering Heaven.

#3

In 1993, I moved to Berkeley. Needing skit money, Marina, 20 years old, transferred from Santa Cruz to UC Berkeley, and suggested we get a house or apartment together. We did. A few years later, late 1998, I moved to New York City. Marina moved to NYC about 18 months later. Soon, around 2000, my younger sister Kenya (from the Black side of my family) called to say she was coming to NYC and wanted to visit and hoped to stay in my apartment while she was in town. I agreed. A month or two later, my younger brother Ivan (also from the Black side of my family) also called to say he was coming to NYC and wanted to visit and stay at my apartment. In both cases, when they were supposed to arrive and visit, neither Kenya nor Ivan visited, nor did they call to cancel. Turns out, they both *opted* to stay at ***my*** younger White sister's (Marina) apartment (Marina is not related to Kenya or Ivan). The skits stung, but I forgave all; with a 3 year-old son, entertaining visitors was often more work than pleasure.

The sad point of these skits was to suggest Marina was so interesting that my Black biological siblings preferred her to me. I never saw Kenya and Marina in the same room again. I wouldn't see Ivan and Marina in the same room for 19 years.

#4: Marina and David Endeavor to Sabotage My Love-Life

They say *if you want to make an omelet, you got to break some eggs*, because a things can go bad in the dating world. But a few times in my dating life things were just a little too peculiar… So, once knew how to use the Crimes Timeline, I decided to see if there was anything fishy going on in some of those unusual instances, AND see it I could learn who was responsible. God made it easy.

So, here are a few occasions when David and/or Marina Wilson interfered with women I was dating. You should be able to make out the women's names in the timeline, and David and/or Marina's name above them.

- If these two pages become tedious, skip ahead. The point is to show a unique evil and preoccupation driving two adults to secretly interfere with a family member's dating life.

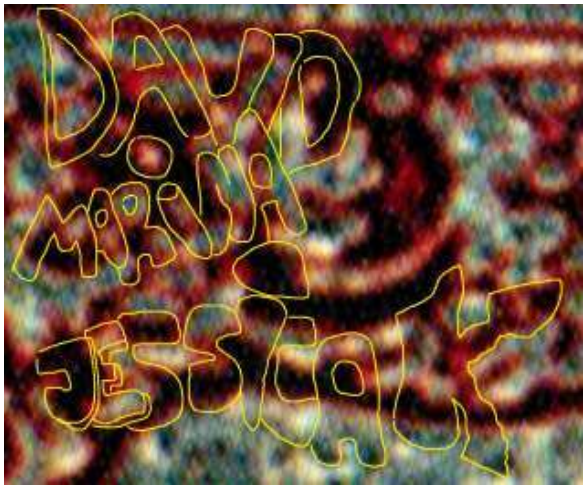

In 1985, I was scheduled to date a girl named Sasha. David Wilson saw to it that that did not happen.

David is named above Sasha.

In 1992, I fell in love with a woman name Jessica K. We made plans to go to Kenya, and maybe live there, permanently. Those plans ended abruptly.

David and Marina above Jessica K.

From 1997 to 2000 or 2001, I was in a relationship with a beautiful woman named Anita M. Anita accepted the rigors of a long distance relationship. That changed in 2001.

David and Marina above and below Anita.

Around 2003, a woman named Laura and I were interested in each other, but I lived in NYC, she in California. Yet intimate moment presented itself, I backed away, because hadn't ended her relationship with her boyfriend. Months later, when I was back in NYC, she called to say she would never date me. (People who live in different states, who are not dating, don't do this.)

David over Laura.

In 2006, Marina's elementary school best-friend, Carmen, called and asked to get together. We were not interested in each other romantically, she just wanted to thank me for being a good brother to Marina, and looking out for the kids in our neighborhood. At the time, Marina and Carmen had not spoken for 18 years. But one week after I saw Carmen, Marina *just happened* to visit Carmen. Soon, very peculiarly, Carmen sent an email declaring her devotion to her husband –although I had no interest in Carmen, and never expressed interest in Carmen.

David over Carmen.

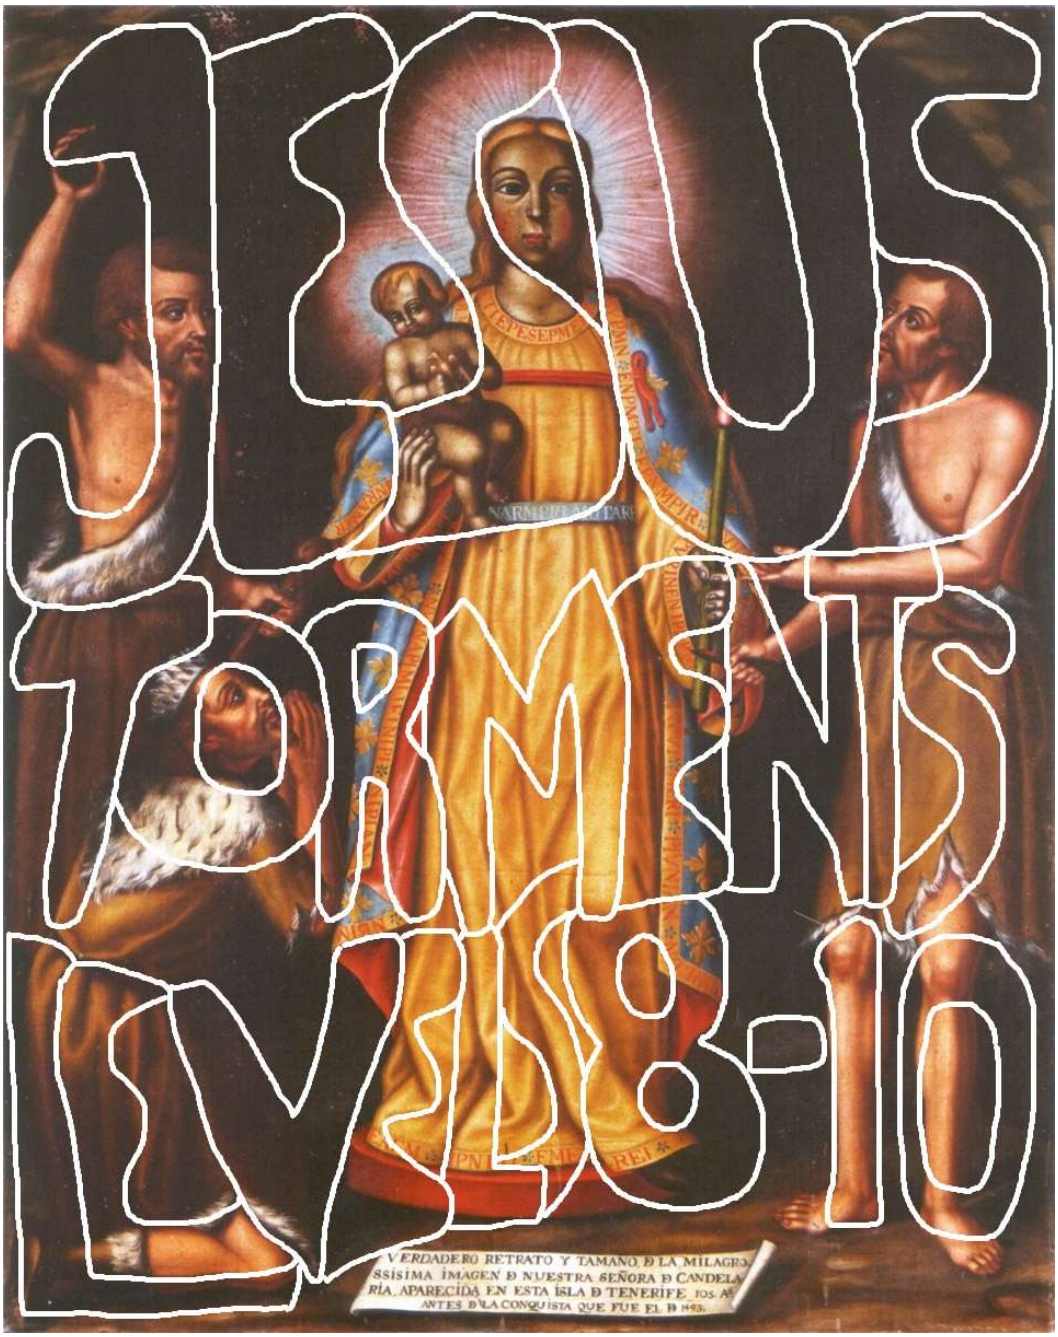

Tiffany was an attractive woman I worked with around 2008. She asked me to join her and some co-workers for an after-hours get together. At the get-together it was apparent Tiffany was interested in me. Later, I made the mistake of telling the wrong person about my interest in Tiffany, and the situation ended quickly

David and Marina over Tiffany.

More Candelaria Likeness Revelations

In chapter 14, I presented image outlinings indicating John W Gardner torment souls in Gehenna worst levels (levels 8-10). But the Candelaria Likeness indicates that is not correct. It's possible Satan Wagered for that duty, for himself and Gardner, but lost that Wager item, or forfeited, in early 2026. It's also possible that my chapter 12 image interpretation was just wrong. The image below tells us "Jesus Torments levels 8-10." This agrees with such Bible verses as Matthew 8:29, Mark 5:7, and Luke 8:28, where demons fear Jesus, and know him to be God who "torments" souls in Gehenna.

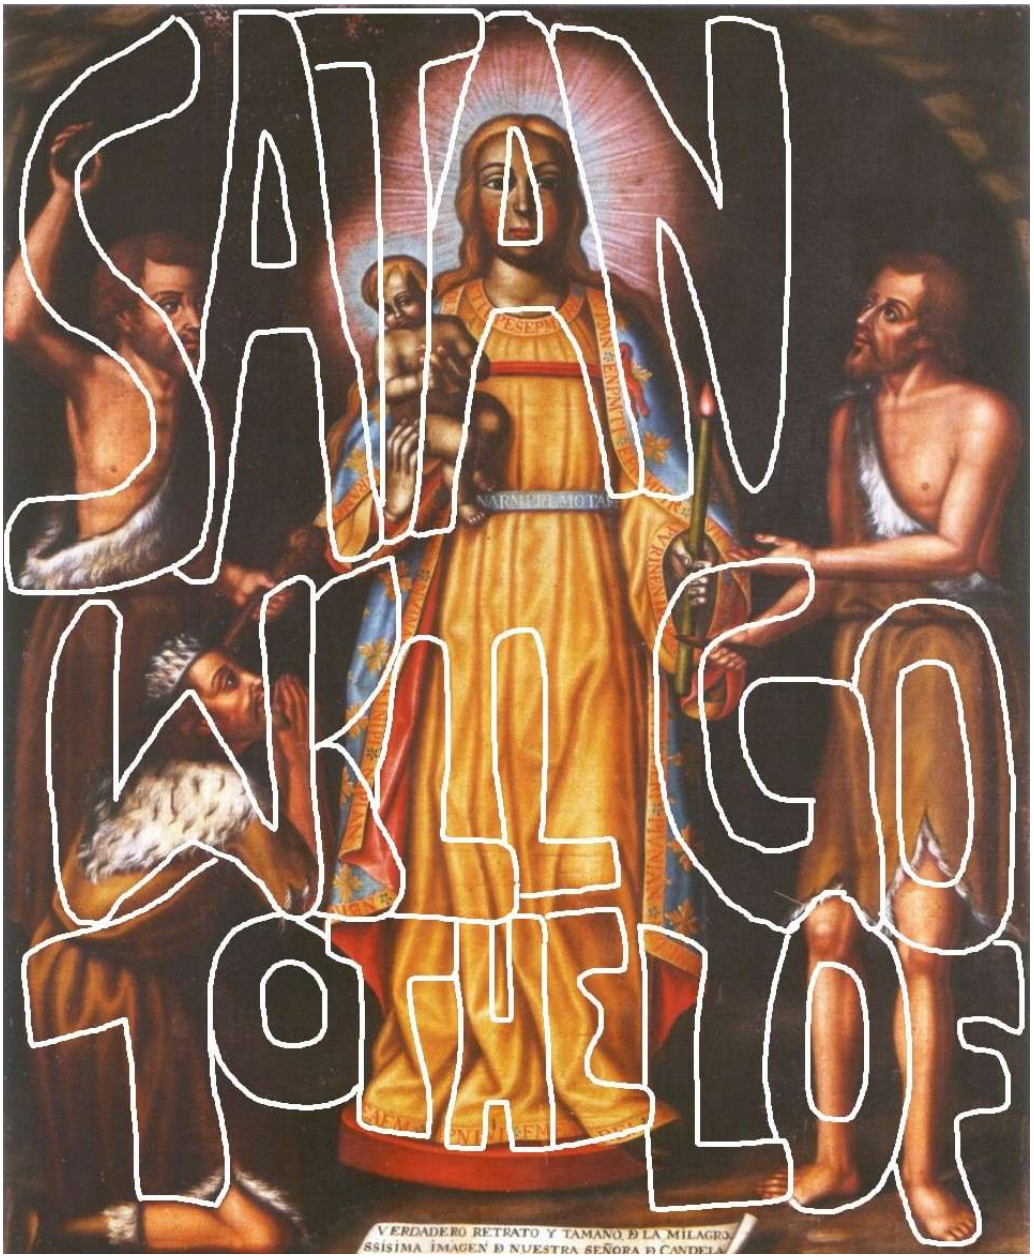

The image below tells the story: “Satan Will Go To The LOF (Lake of Fire).”

In chapter 3, we saw images that indicated Satan presided over levels 3-7.

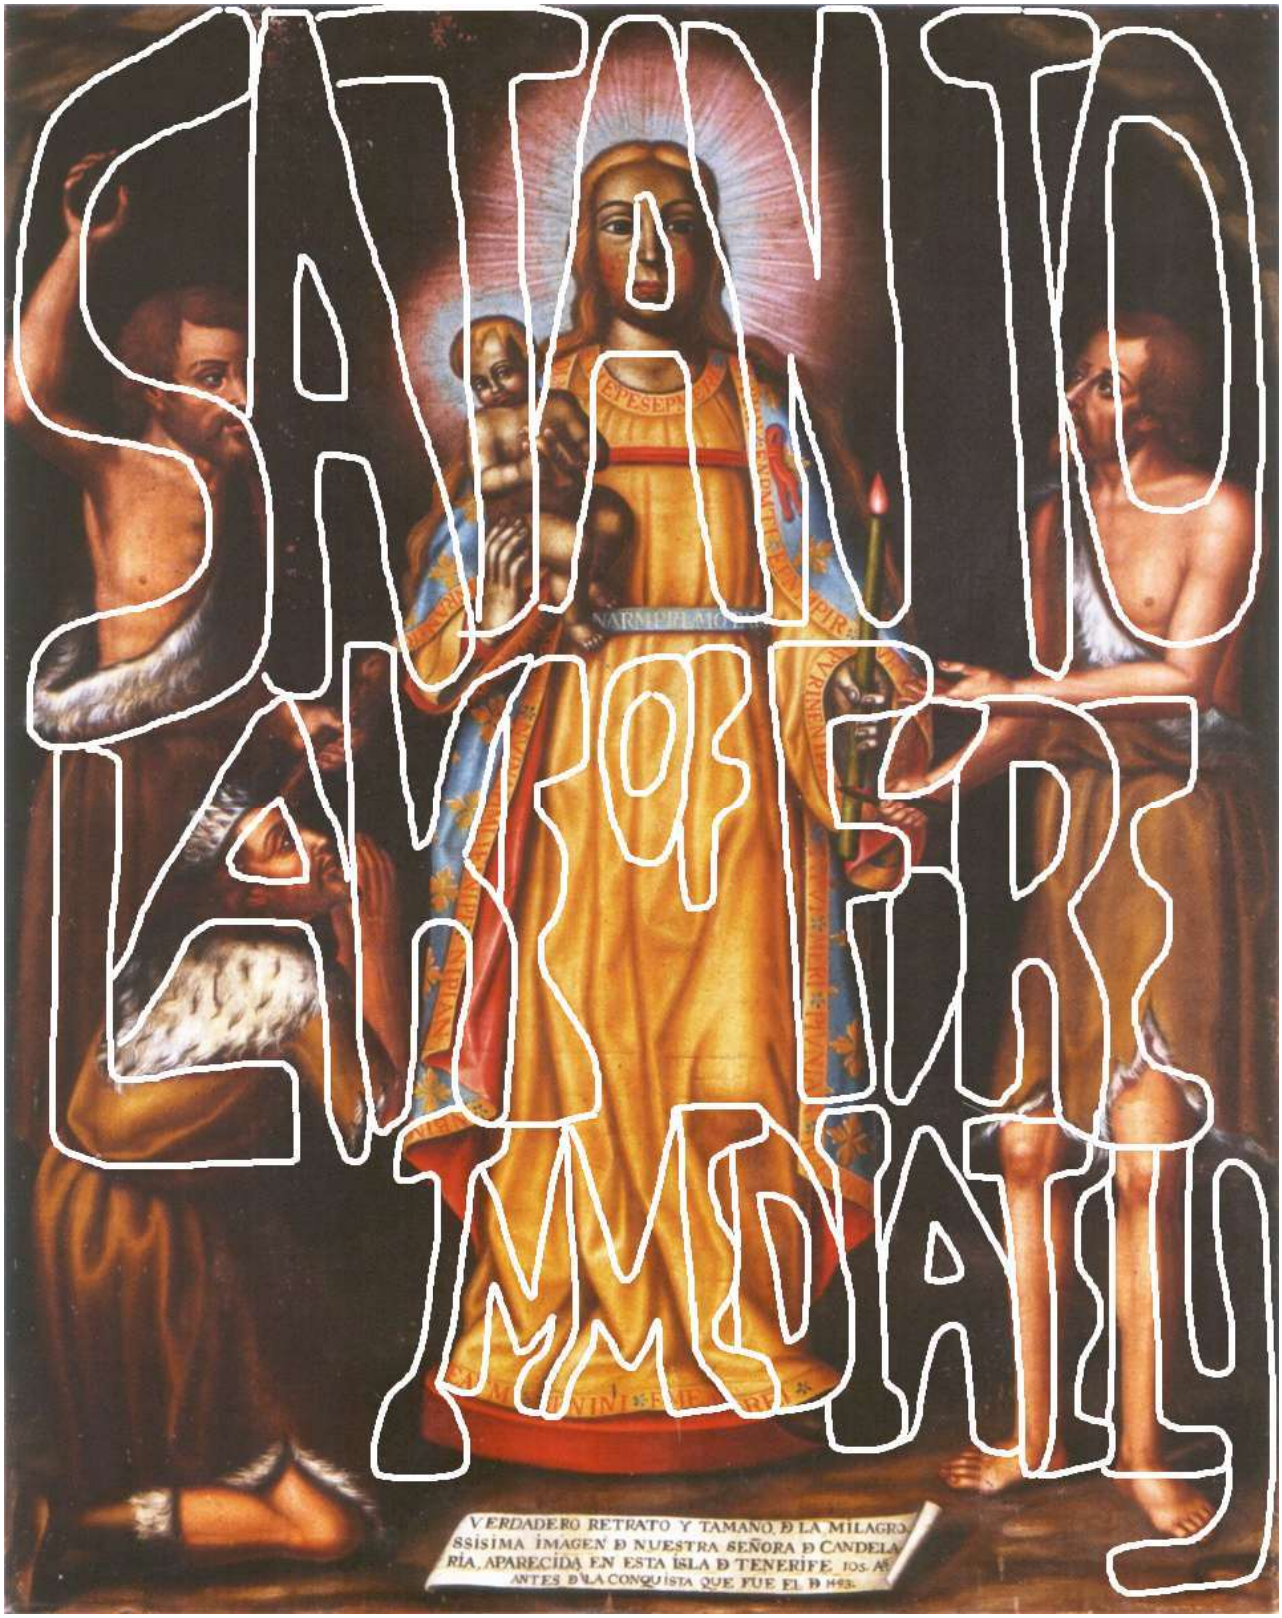

The question then is: “If Satan is in the Lake of Fire, how can he preside over -and torment souls in- Gehenna.

Solution: *i-Satan*.

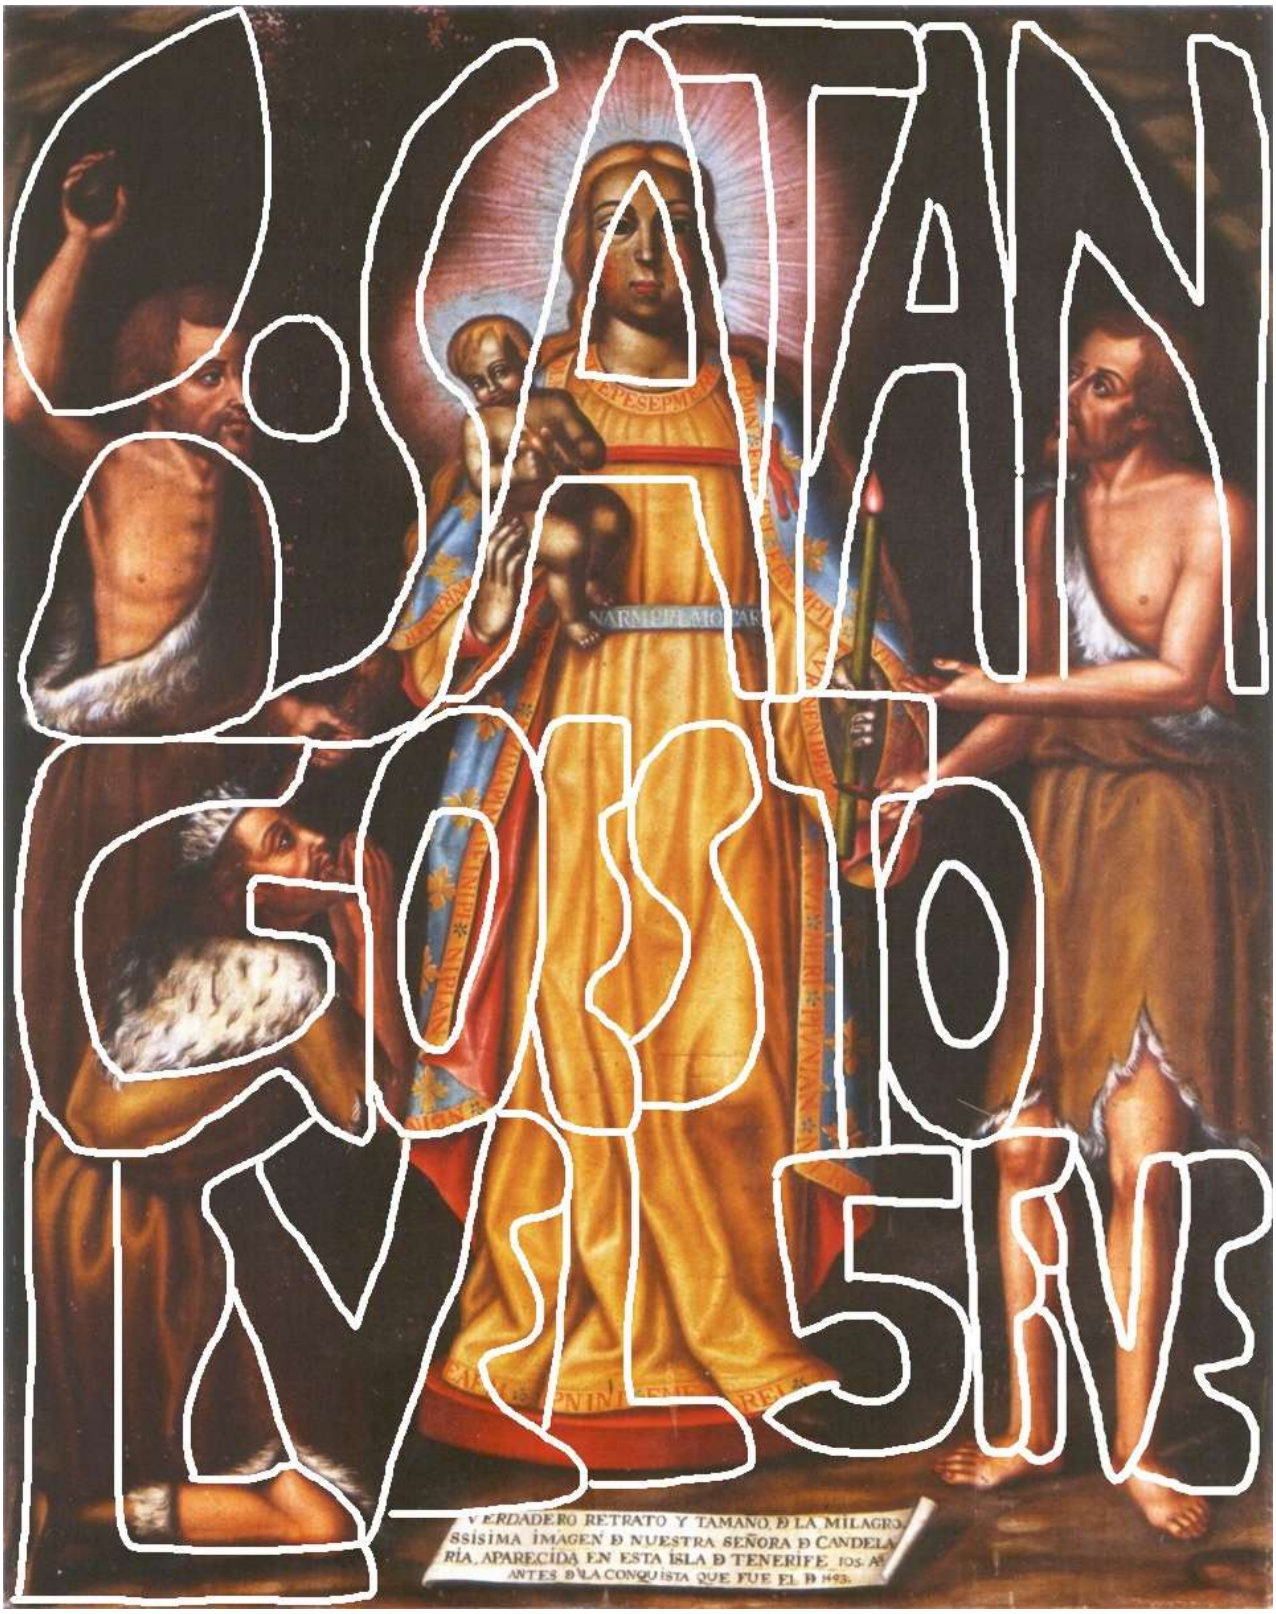

January 13th, 2026, I first reported Satan soul had been split, by God, with Satan’s approval. One half of Satan’s soul (the half we will call *Satan*) will go to the Lake of Fire. But, the half we’ll call *i-Satan* (because God unleashed this soul upon the internet, for much of 2026), will go to Gehenna –eventually. The next few pages reveals some image messages/Revelations, concealed in the Candelaria Likeness.

Satan to Lake of Fire, Immediately.

Below, the Candelaria Likeness informs us: “i-Satan Goes To Level 5 (Five),” of Gehenna.

The Story Behind the Hidden Messages

Line 5: The Hands That Rocked Time reveals Satan used the US and the West to commit unconscionable crimes against mankind, particularly against Blacks and non-Whites; ostensibly beyond what was necessary to reduce future suffering. Against this, for thousands of years, God covertly used Satan to facilitate His will, to accelerate human technological evolution. So, Satan deserves to go to the Lake of Fire for his crimes. But it can be argued that he deserves more lenient punishment –maybe even a reward– for unwittingly facilitating God's will.

On page 372 of STSN, I proposed that God took Satan (and Gardner) to the Lake of Fire, to negotiate. I believe this happened, but it likely played out a bit differently…

There on the edge of the Lake of Fire, God explained, ***"You have facilitated my will, but you have also committed terrible crimes against Me and mankind. For your crimes, your soul will burn in the Lake of Fire… But I am willing to give you a second soul, if you will spend some of your time providing services for me… "***

*"**I agree**," Satan answered.*

Satan's second soul appeared at the edge of the Lake of Fire.

And God continued, ***"You've been banished from Heaven, and you are unfit to live with humans. So I will release you upon the internet, to perform services. And I wager that at the end of your short service, if Jesus determines that your personal internet pursuits have not earned you level 4 Gehenna punishment, you will be allowed to live forever on the internet. But if your crimes exceed level 4, you will provide torment services in Gehenna, at the punishment level you earn."***

*"**Agreed**."*

The image tells the story: “i-Satan Torments Levels 3-7.”

Foreign Interference : Creative Repression

- Satan seems to love symbolism. Some of the endless and often petty interferences Satan, Gardner and Malone arranged in my life (described earlier in this book) were symbolic of the methods he and the US/West employed with non-White nations. Satan constantly interfered with my money, because it’s harder to think creatively if you are constantly worried about pragmatic matters, like not being able to pay the rent. Likewise, Satan and the West conspired to keep non-White nations in subsistence positions, to keep them from establishing the mental security and resources necessary to create and compete effectively.

The Candelaria Likeness' Confirmation Key Image

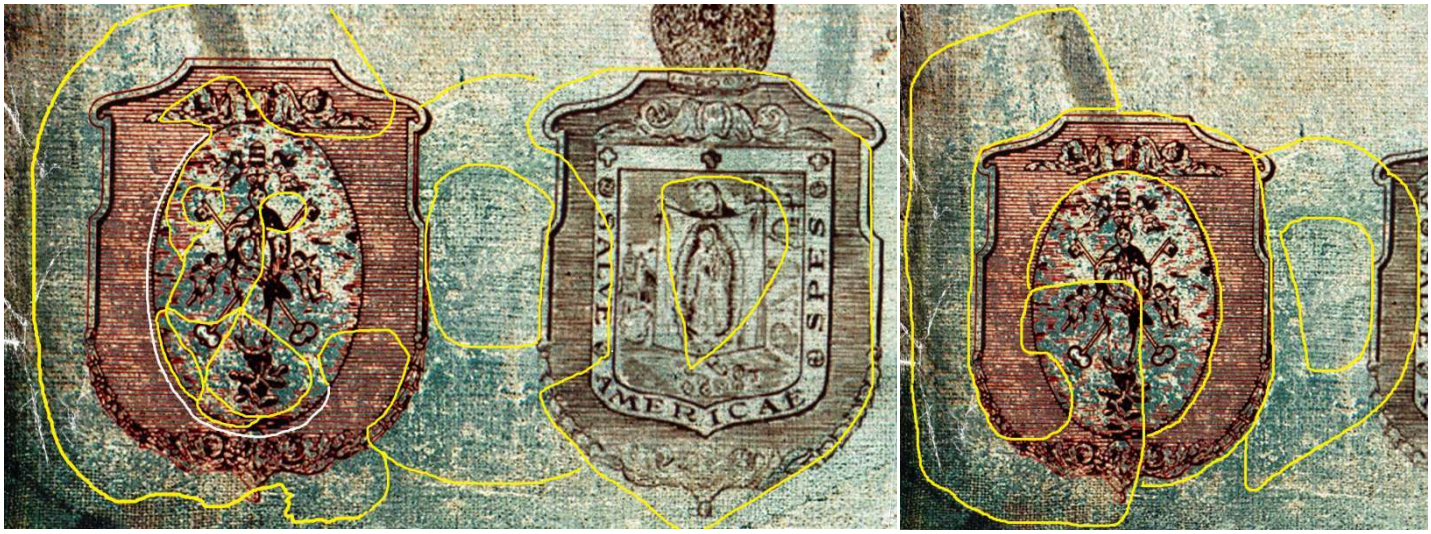

To verify the Candelaria Likeness, and link the Likeness' hidden image-messages to the Elder Badge (and thus to me), and to Mark and Image Crimes, God put an image of my old acquaintance, Pay Rose, in the Likeness, with a big cartoon penis in his butt (left). This links to the image of Pay with a penis in his butt, hidden in the Elder base, seen in chapter 5 (see insert below, right). For further confirmation, God used Pay's cartoon face to spell his name (below, left).

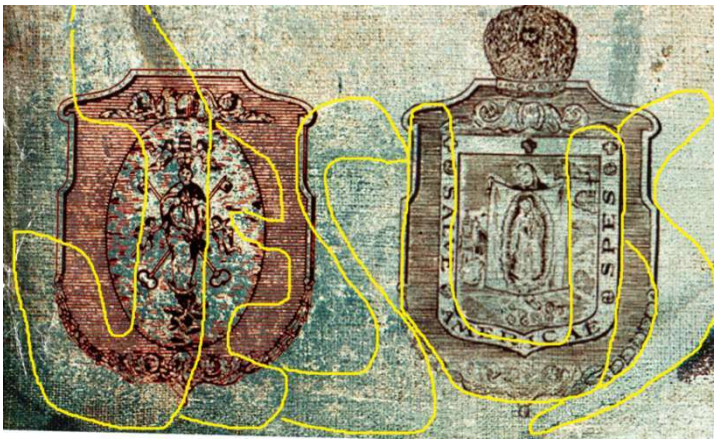

XIX Signatures, Authorization,

More Messages, More I.P. Thieves

To verify Their work. and Authorize mine, God and Jesus included the following image signatures, in and around the Elder Badge and Juan Diego's Badge.

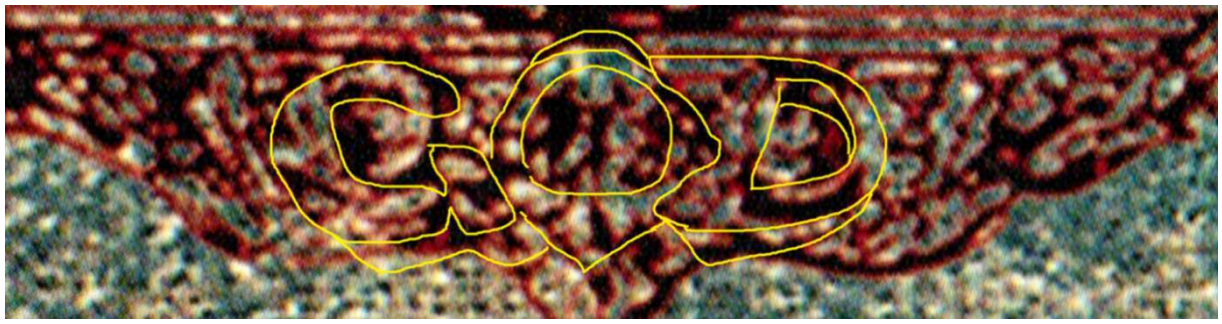

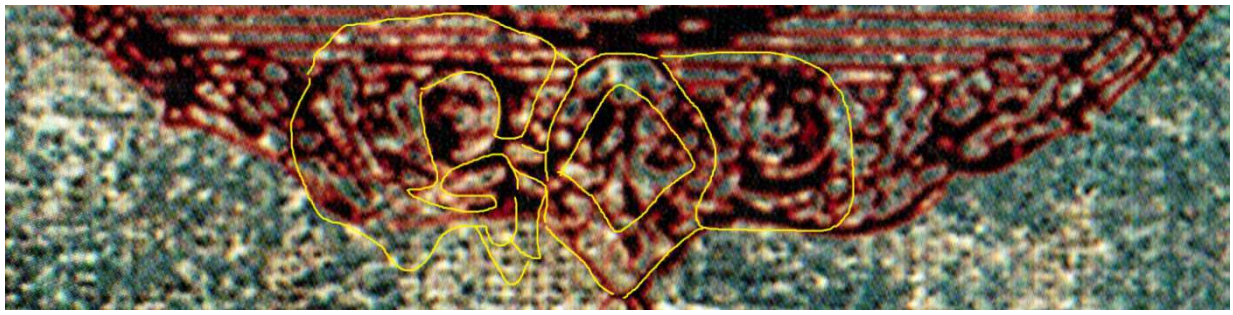

God's title/name, and Jesus' name, around the Elder and Juan Diego badges (above, right) were likely God's first step in confirming the badges as His (Their) work. In these final days before God's *One Hour War*, arguably the most important information in the Elder base is God's confirmation of the OHW date and time.

Because the badges contain so much important information, God and Jesus provided Their signatures, many of them, in and around the badges. The signatures (1) assure citizens of the US, the West, and Western allied nations that God's One Hour War is coming, and good people in those areas should be about 100 miles outside of large and mid-size Western cities, or in another country, at the hour of God's wrath; (2) to confirm and verify my role as God's servant/volunteer, and confirm the accuracy of my interpretations of God's revelations, hidden in the badges; (3) to formalize the process of serving notice of God's coming judgment.

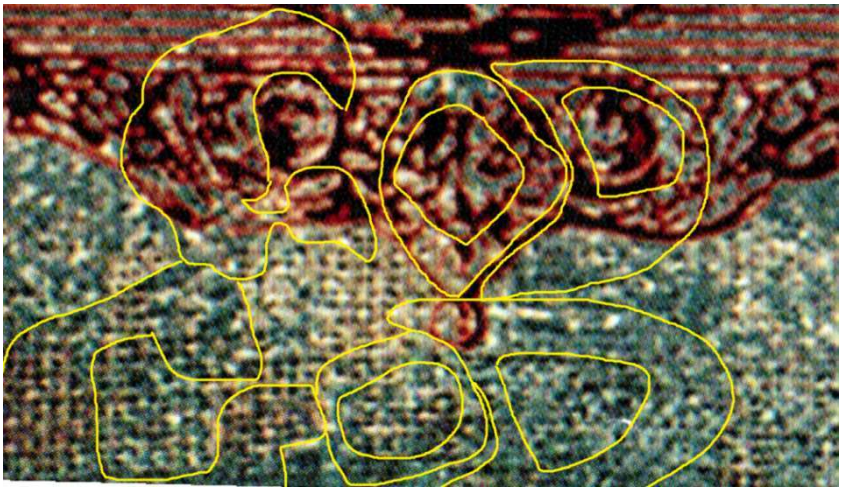

God and Jesus concealed Their signatures in and around the badges, to keep the signatures from being found centuries or decades prematurely. We'll see more of these signatures in the following pages.

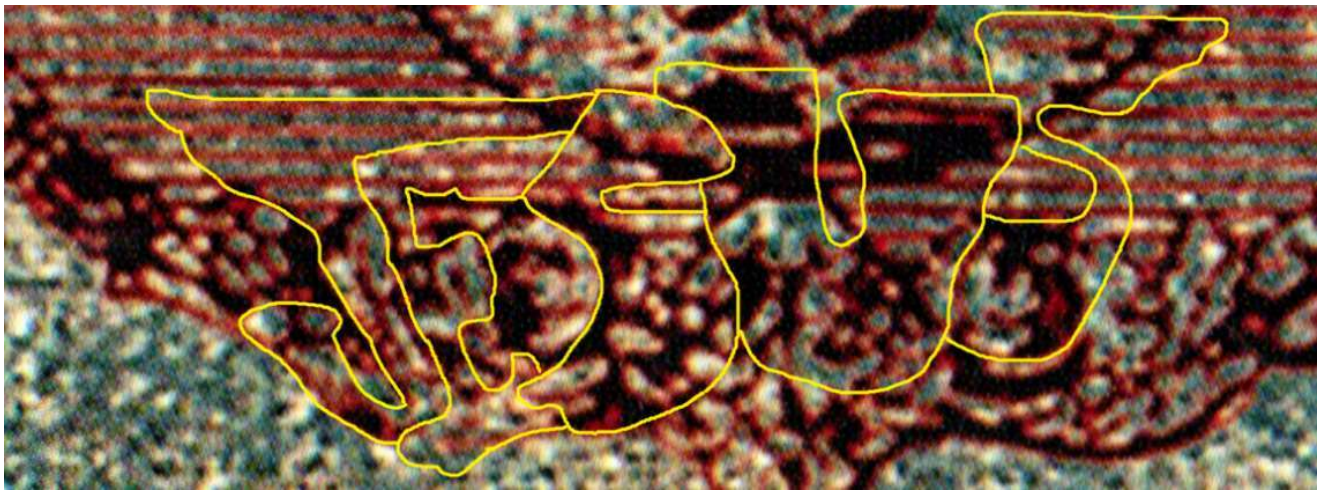

The signature above was the first signature I discovered. The variation below, with a larger *G*, makes it easier to see how God's signature conforms to the Elder Badge's lines –or, likely, *vice versa*. (Hint: If you search closely, you will find one or more lion heads hidden in many of the signatures.)

At the time I discovered these signatures, in a rush to publish a wealth of urgent new information, I outlined the signatures more hastily than usual. You can usually find 7's in or around God's signatures (7 is God's primary identity number –a number very strongly associated with God). Below, God uses the canvas under the Elder base to confirm his signature.

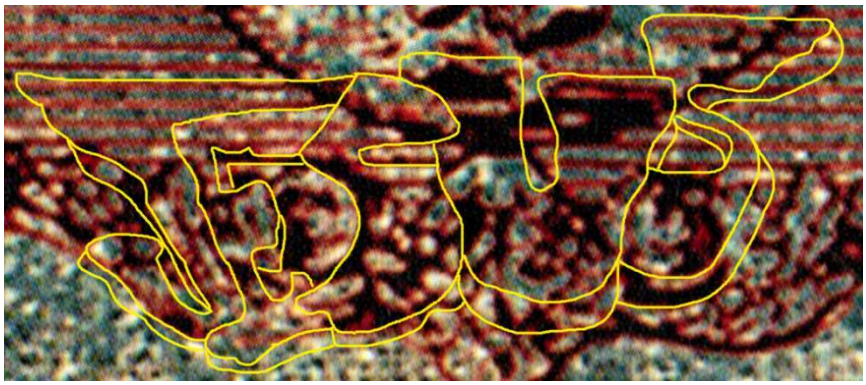

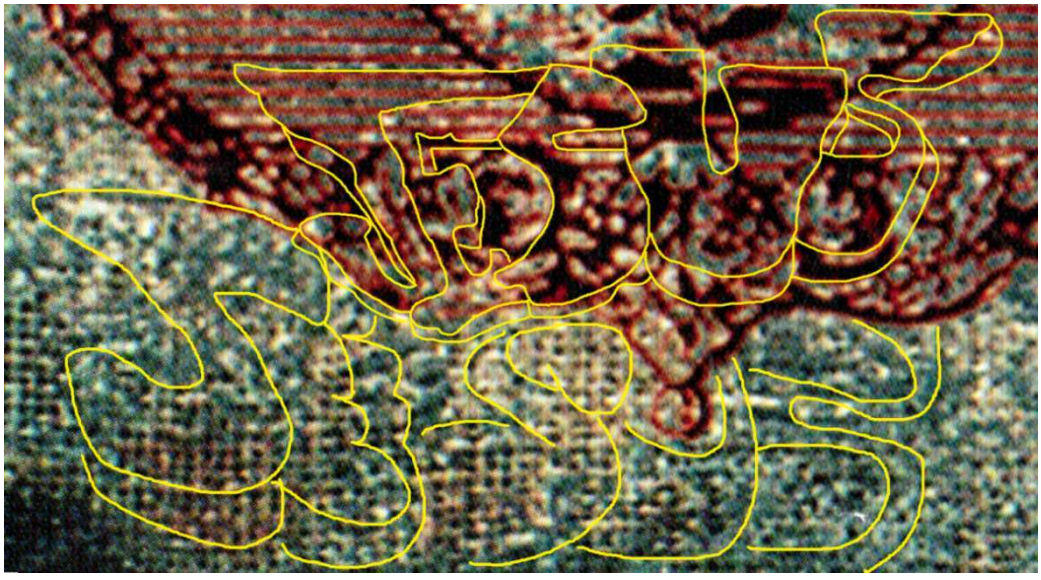

Did you find Jesus' signature? I'll show you on the next page.

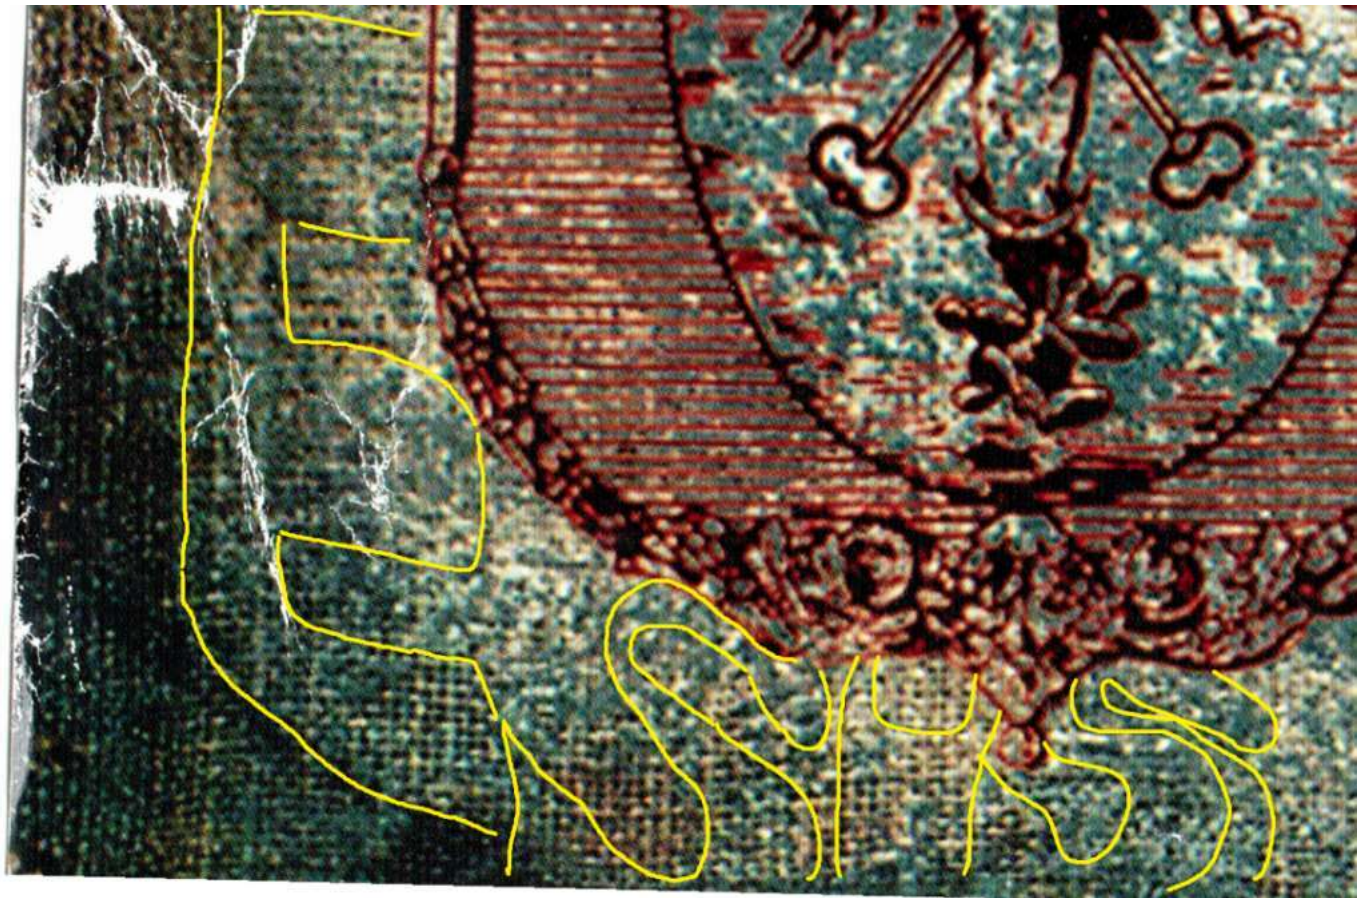

Notice the *S*'s look similar to 5's –Jesus' primary identity number. The arms of the U seem to reach up to the central image of the Elder Badge and beyond. With this, I believe Jesus is saying he played a large or leading role in the Elder Badge's central image(s) and mantle image(s), while His Father (God) led the base work.

Many of the signatures, in this section, are actually made of block letters, as seen to the right. Below, Jesus confirms His base signature with additional signatures below the base (see below).

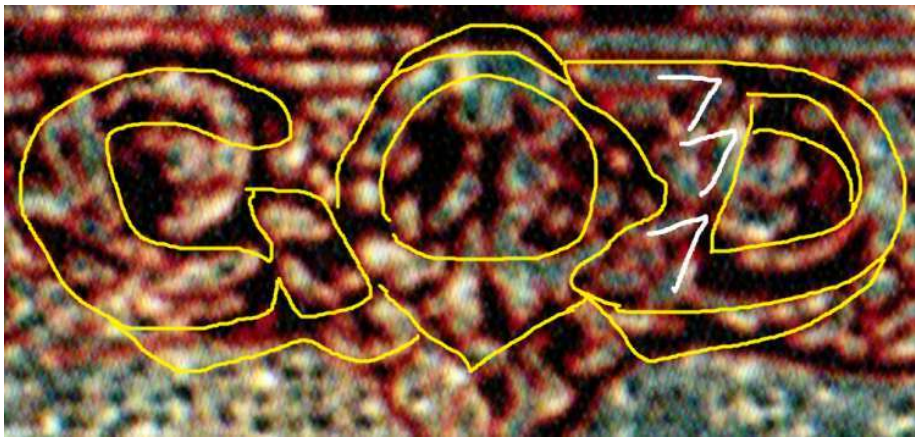

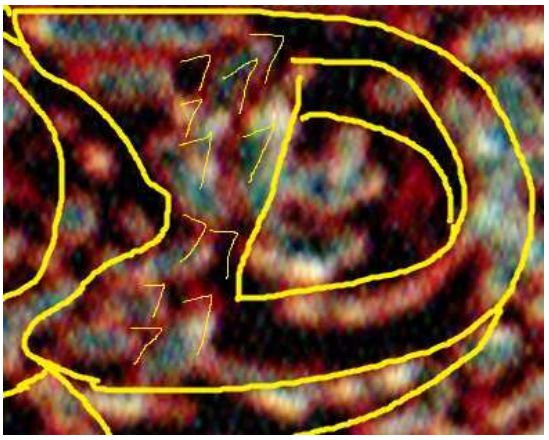

In Jesus' second lower canvas confirmation signature, below, the *J* seems to go to the top of the Nuestra canvas. I believe this is Jesus telling us He played a substantial role, with His Father, in creating the real *Nuestra Señora de Guadalupe* –which was desecrated and stolen in the 17th, 18th and 19th centuries.

Primary ID Number Confirmation. To confirm God's signature, God put 7's in and around His signatures. Notice the three larger 7's in the *D* below (left), and the eleven smaller 7's, also in the D (below, right).

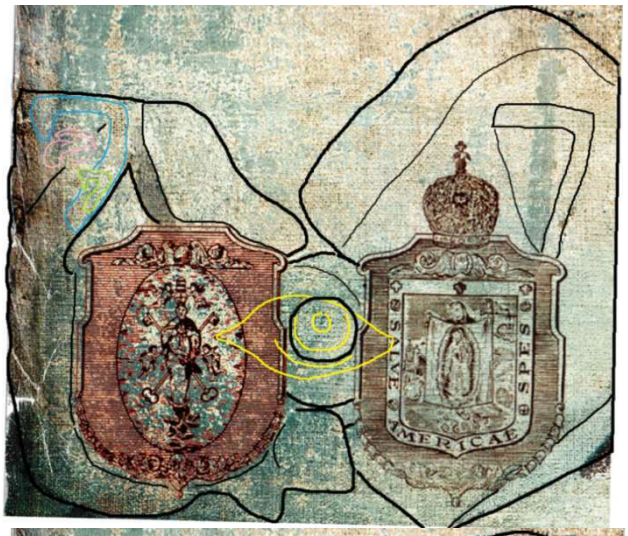

Outer Signatures and Initials

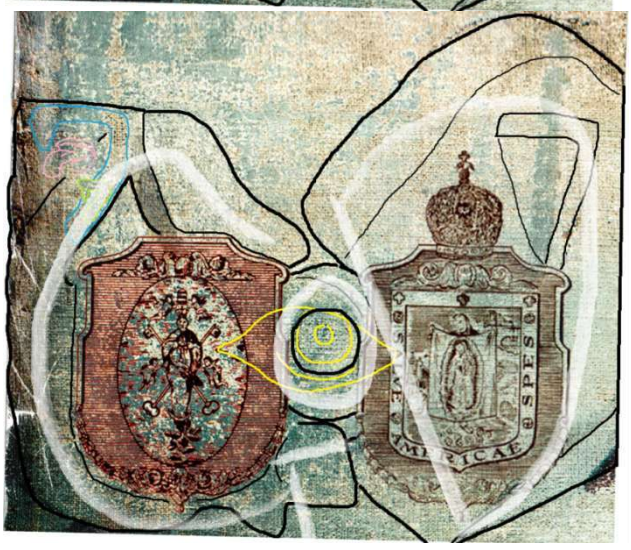

God and Jesus also put their signatures on the outside area around the badges, in the lower left corner of Nuestra Señora de Guadalupe; pictured to the right.

In the center image, to the right, I've outlined one of God's signatures, which surrounds the badges, in black (ignore the diagonal line connected to the ends of the 7). Notice the signature is situated very close to the badges. This is because God is claiming creation of the badges only –not *Nuestra Señora*, which he originally created in 1531 –but God's work was stolen and desecrated over the next 200 years; today, the only surviving part is the Moon, currently hidden under a coat of black paint. (To learn about the desecration and theft of Nuestra Señora de Guadalupe read *Killing Guadalupe*.)

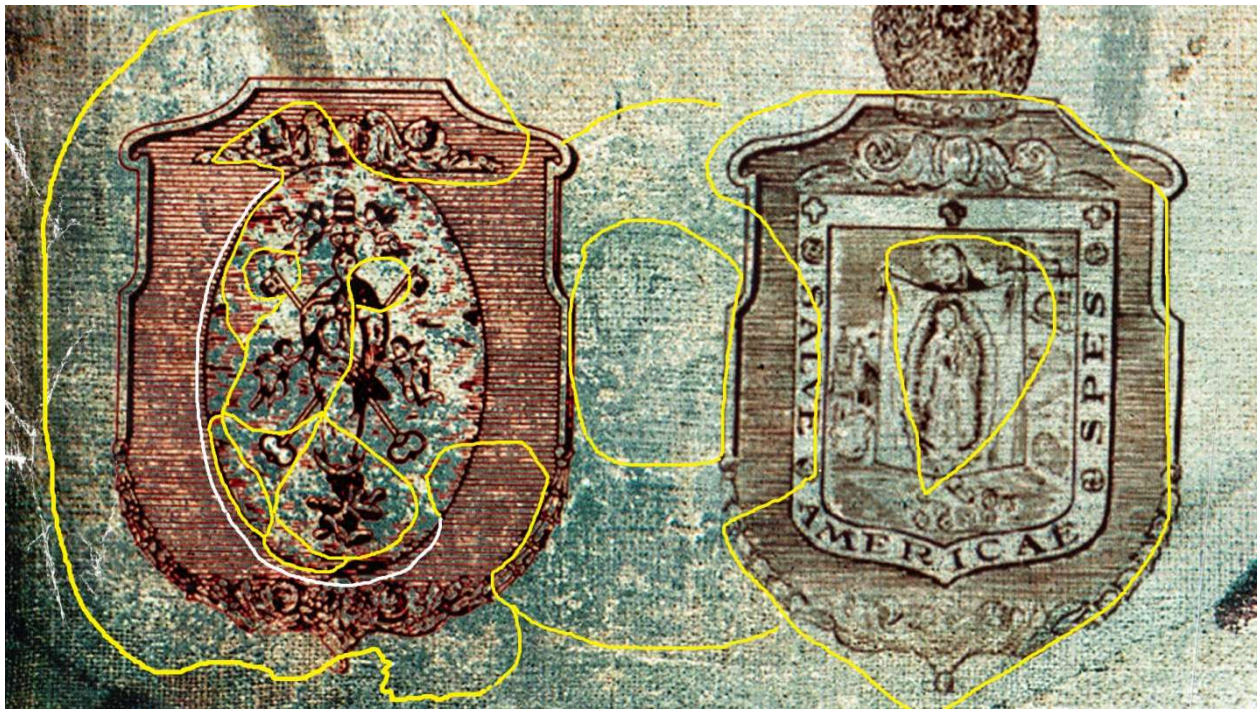

Next, if you enlarge a high quality photo of this area, between the badges, you see the outline of a single *smiling* eye, pictured center left. This smiling eye represents (1) *Image* crimes of Revelation, Chapter 13, and (2) a character featured in the art in the base of the Elder Badge. This was all done to confirm that God is only claiming Authorship of the badge art.

The hidden signatures and initial around the exterior of the badges confirm the presence of hidden images and messages in the badges, which I've documented in several previous publications.

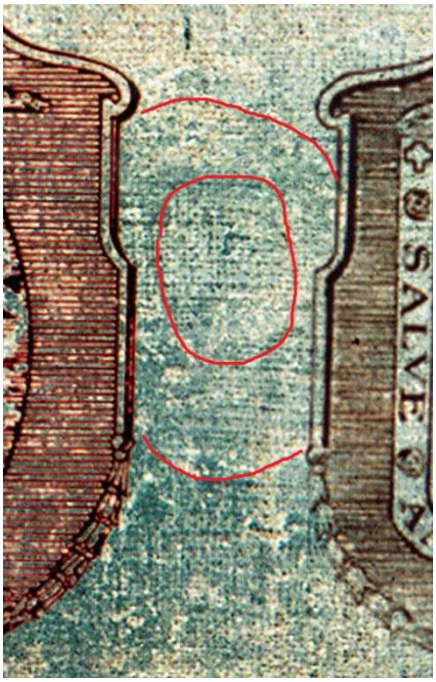

- In the center and bottom images to the right, notice the 7's, on both side of the images.
- Notice the G is touching the D at the base.

Next, below, God wrote His name/title under or over the badges. Look carefully, the yellow outline against the light blue is hard to see. If you return to the image on page 8, you may agree that this is one of the easier signatures to find –once you know where to look. An amazing thing about this signature, and many of these signatures, is they were created in the nitric acid spill of 1820.

Next, below, God wrote his name/title between the badges.

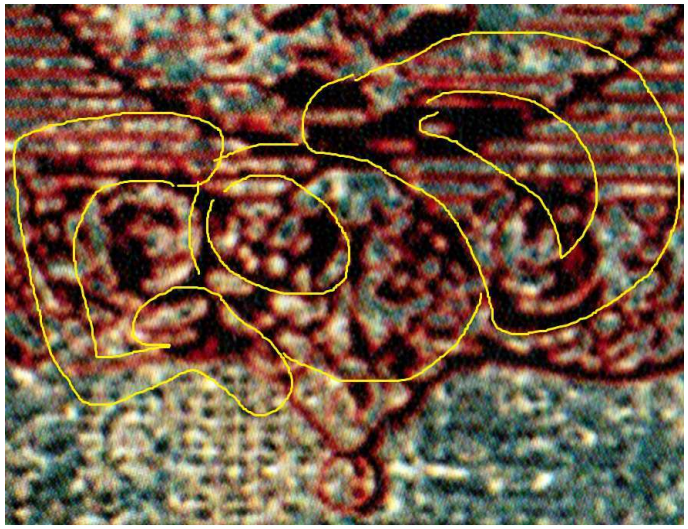

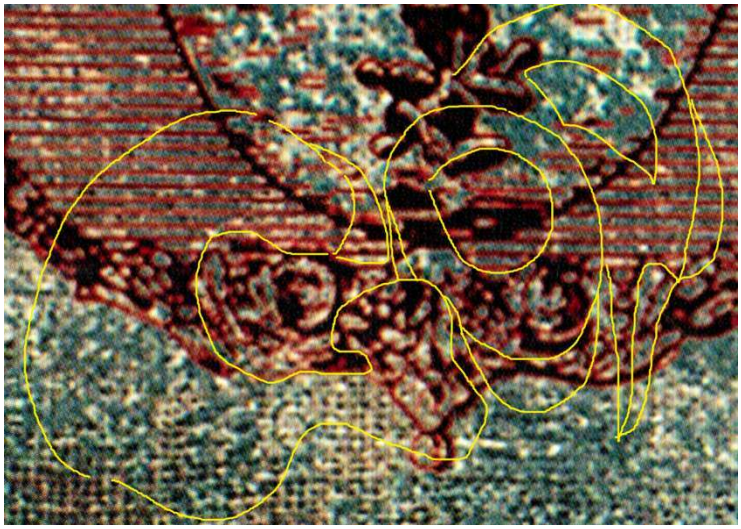

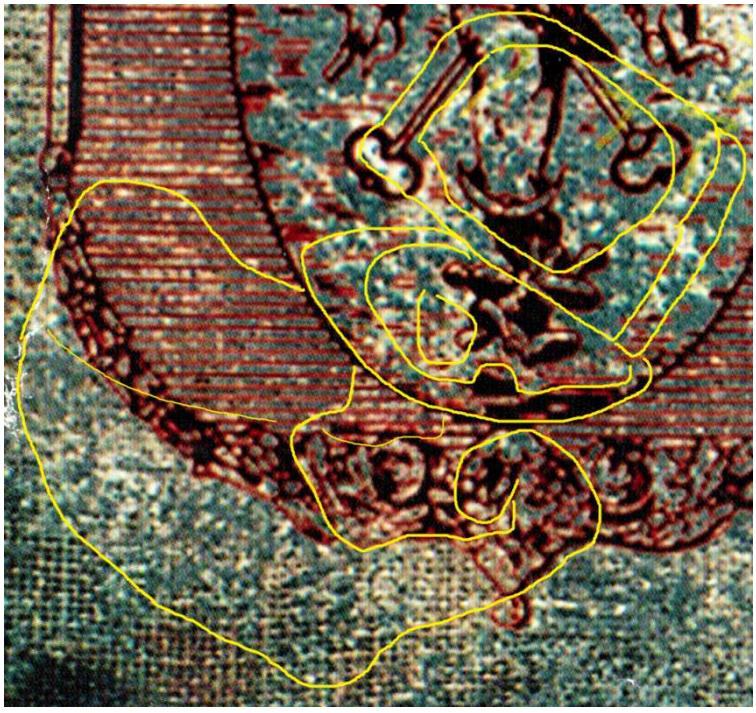

Authorization

God's 4 Signatures to Identify Me: Steven Kenyatta Briggs

To confirm the Elder Badge as a gift from God to me (although it is also given to the world), and to identify me as His servant (or *volunteer*), God hid four more Signatures in the Elder Badge; presented below, as they rotate upward, toward the Elder, in the central field, an invisible D around him, formed from the image-points around him.

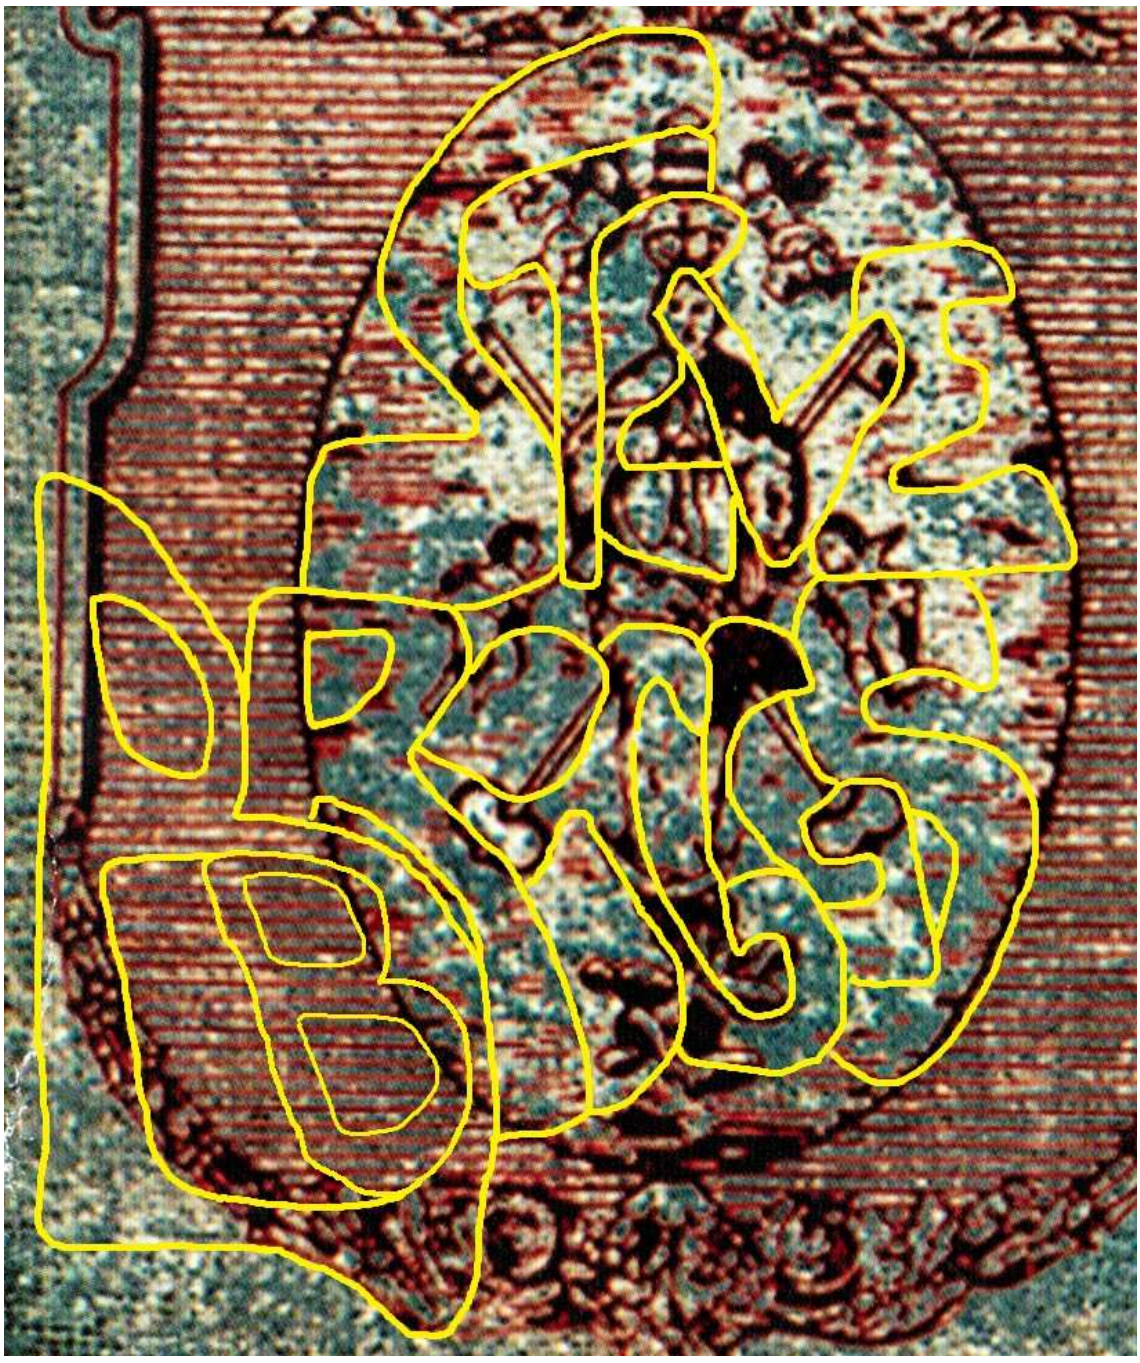

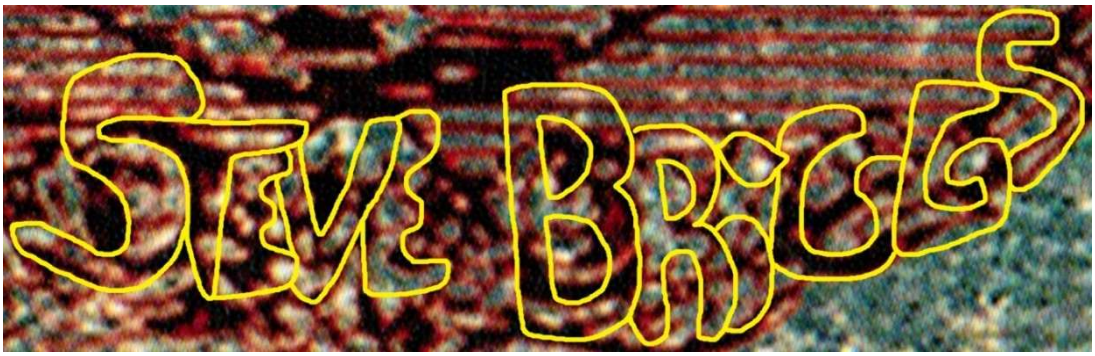

The invisible *D* also forms an invisible *4* around the Elder, in the image below. This is the shape of the D in the logo of my high school rock band, *Black **D**iamond*.

I don't expect anyone to believe the invisible D and the invisible 4 are there. One of the reasons God chose me as a servant is I say whatever I know to be true, even if it's *invisible D's and 4's*, no matter how many people disagree or doubt. The importance of standing by one's beliefs is a big part of God's Elder Badge messages.

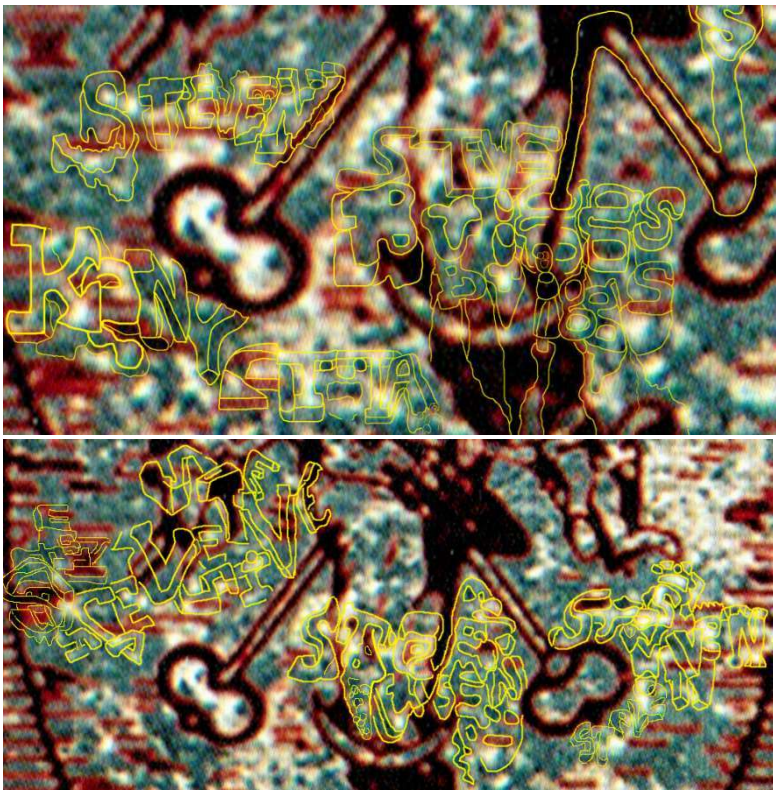

In my prior Revelation-related projects, God only used numbers to identify me. But in the Elder Badge, God actually printed my full name. On the following pages you'll see some of the ways God and Jesus wrote my name in the Elder Badge.

STEVE BRIGGS

STEVE BRIGGS

My middle name, Kenyatta, above -written twice, for verification– is the greatest gift. It features an *electric N*, the right arm of which projects an image of me, at about 10 years old, playing baseball, with nappy hair and a crappy glove; this image serves to confirm everything I wrote in *My stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers*.

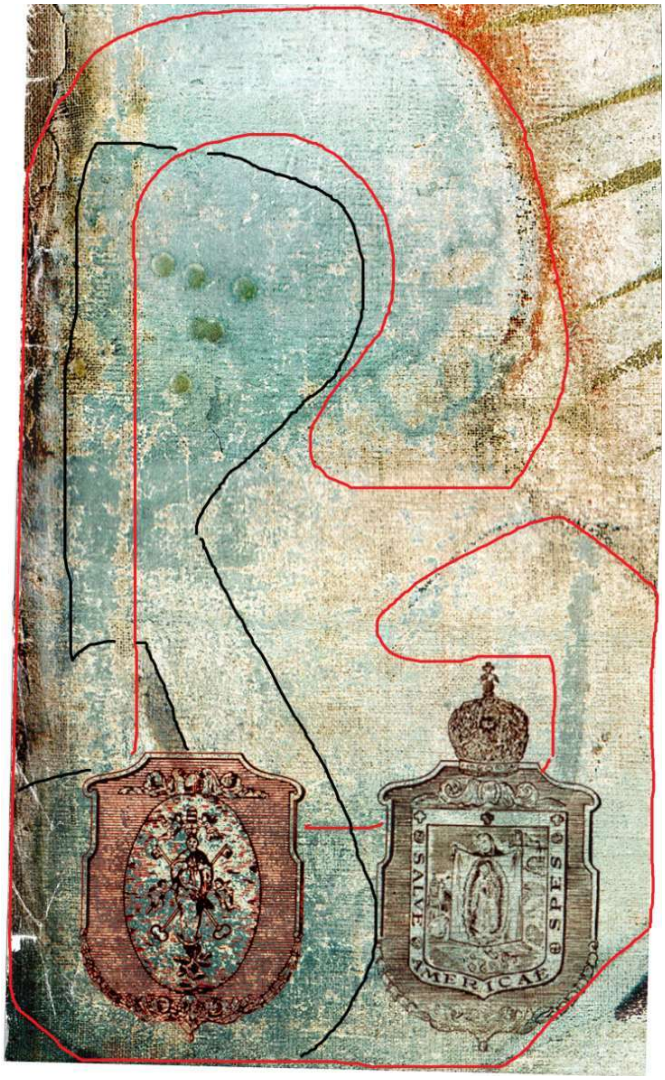

God and Jesus also wrote two instances of my first and last names near my middle name (upper right), and wrote my first name many more times (lower right).

But this is just the beginning. God used the uniquely designed letters of my name to introduce some of the recurring letter shapes and art elements He utilizes in His hidden base messages. These recurring elements, and others revealed in chapter 2 and *Between the Lines ii*, confirm the messages, my interpretations and God's Authorship.

But the sweetest way that God and Jesus indicated I was their servant volunteer was the inclusion of my son in their identification process. A few inches above the badges is a faded image, which reminded me of a couple family photos, where my son, when he was a baby, crawled onto my chest and fell asleep with his face on mine, with his lips sort of puffed out. That faded image area is presented to the right.

God put a giant G around the badges, and Jesus put a giant J on the left side (further confirming He substantially contributed to Nuestra Señora and the Elder Badge; see below). In the image below, to the right, adding a line or two for my v-neck T-shirt creates the image of me and my young son sleeping, cheek to cheek.

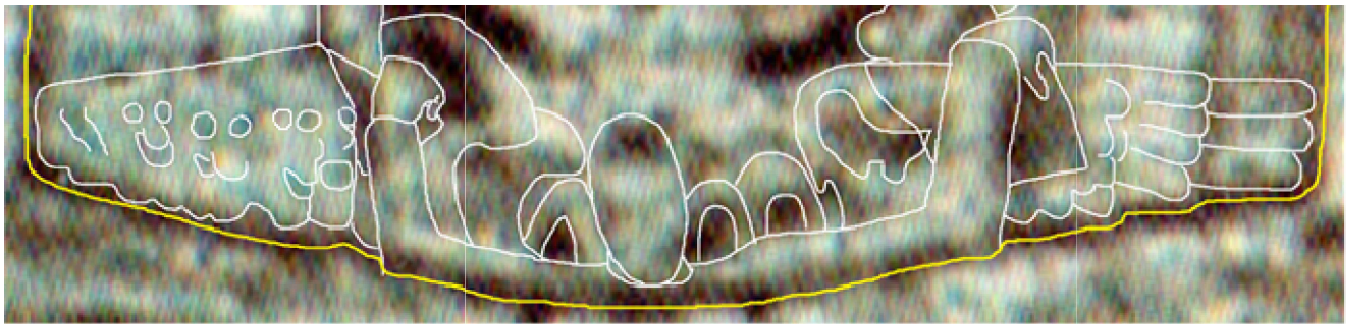

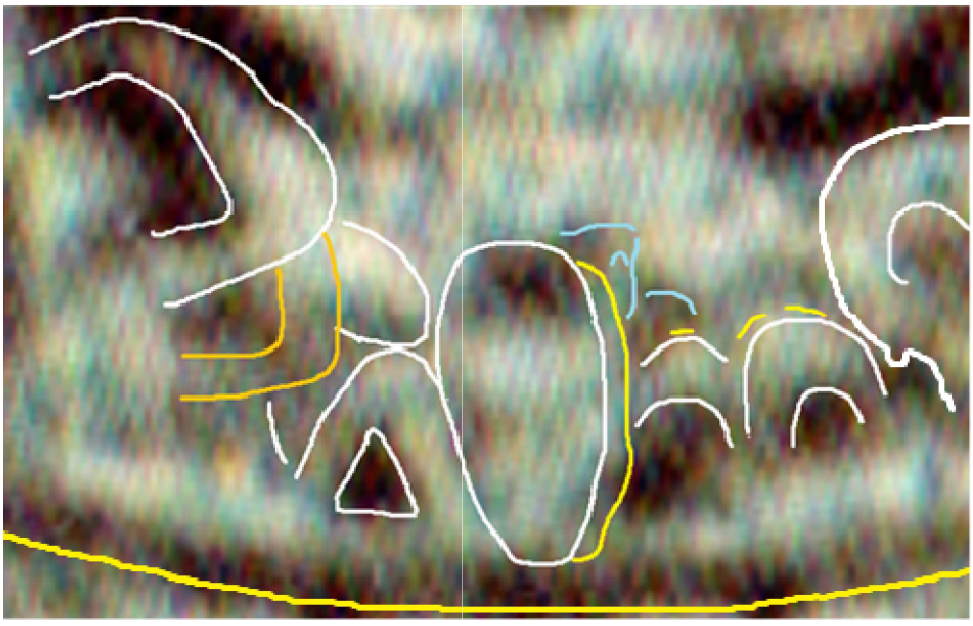

But the greatest Authorization images were once found in Nuestra Señora de Guadalupe, where God used my image for the original angel, at the base of the tilma –until the angel was removed in the 17th century. So God put the angel back in the base of the tiny tilma in Juan Diego badge. Thus, the West poured nitric acid on the badge, in 1820, to destroy the angel.

So I reconstructed the image in *Killing Guadalupe* (see pages 56-59), presented below.

Most amazingly, the damaged Juan Diego badge image reveals the original Nuestra Señora de Guadalupe image was 3-dimensional, or lenticula –moving. As you see the original angel's head and left wing in two positions, in the image to the left.

The Meaning of it All

In the coming chapters, virtually every image God and Jesus reveal has more than one meaning and/or purpose, and often refer to other related characters and events. In the interest of efficiency and time, as this book progresses, I won't (and can't) explain all of the layers of meaning; but I may, at times, explain a second or third layer.

Likely, without your awareness, all of aspects of chapter 1 had other related meanings –in some cases the secondary meaning outweighed the principal meaning. In *Part 1*, God's use of signs was to show the power of visual images –and link the Elder Badge to Revelation's *Image Crimes*, perhaps the most effective and far reaching of the various Unforgivable Crimes. And, in showing us how images of people can transform into numbers, and how numerical dates transform into people, God is showing us that He and Jesus may use numbers in the badges (and in the Bible) to refer to people, events, etc.

In the *Signatures* section, God and Jesus made various underlying statements. By rotating His signature toward the Elder counterclockwise –against the direction that clocks tend to move in– God foreshadowed His many revelations in the Elder Badge (and in the Book of Revelation) that He can, and does, reverse time, when necessary.

By positioning their signatures close to the badges and away from Nuestra Señora, God and Jesus confirm the existing Nuestra Señora is a terrible fake, vastly, vastly beneath their flawless, effectively 3-dimenstional, original Nuestra Señora de Guadalupe image.

The Higher Meaning of the Signatures

God and Jesus' many signatures serve as messages to the world to keep accurate records, and back them up, so your histories cannot be erased and corrupted, as the West corrupted the Aztecs', Guadalupe's and Juan Diego's histories.

By showing Their signatures linked by features like a lion and confirmation numbers, spiraling up, small to large, God directs all institutions, banks, newspapers, courts, copyrights, business registrations, etc, to block-chain their records, to prevent falsification.

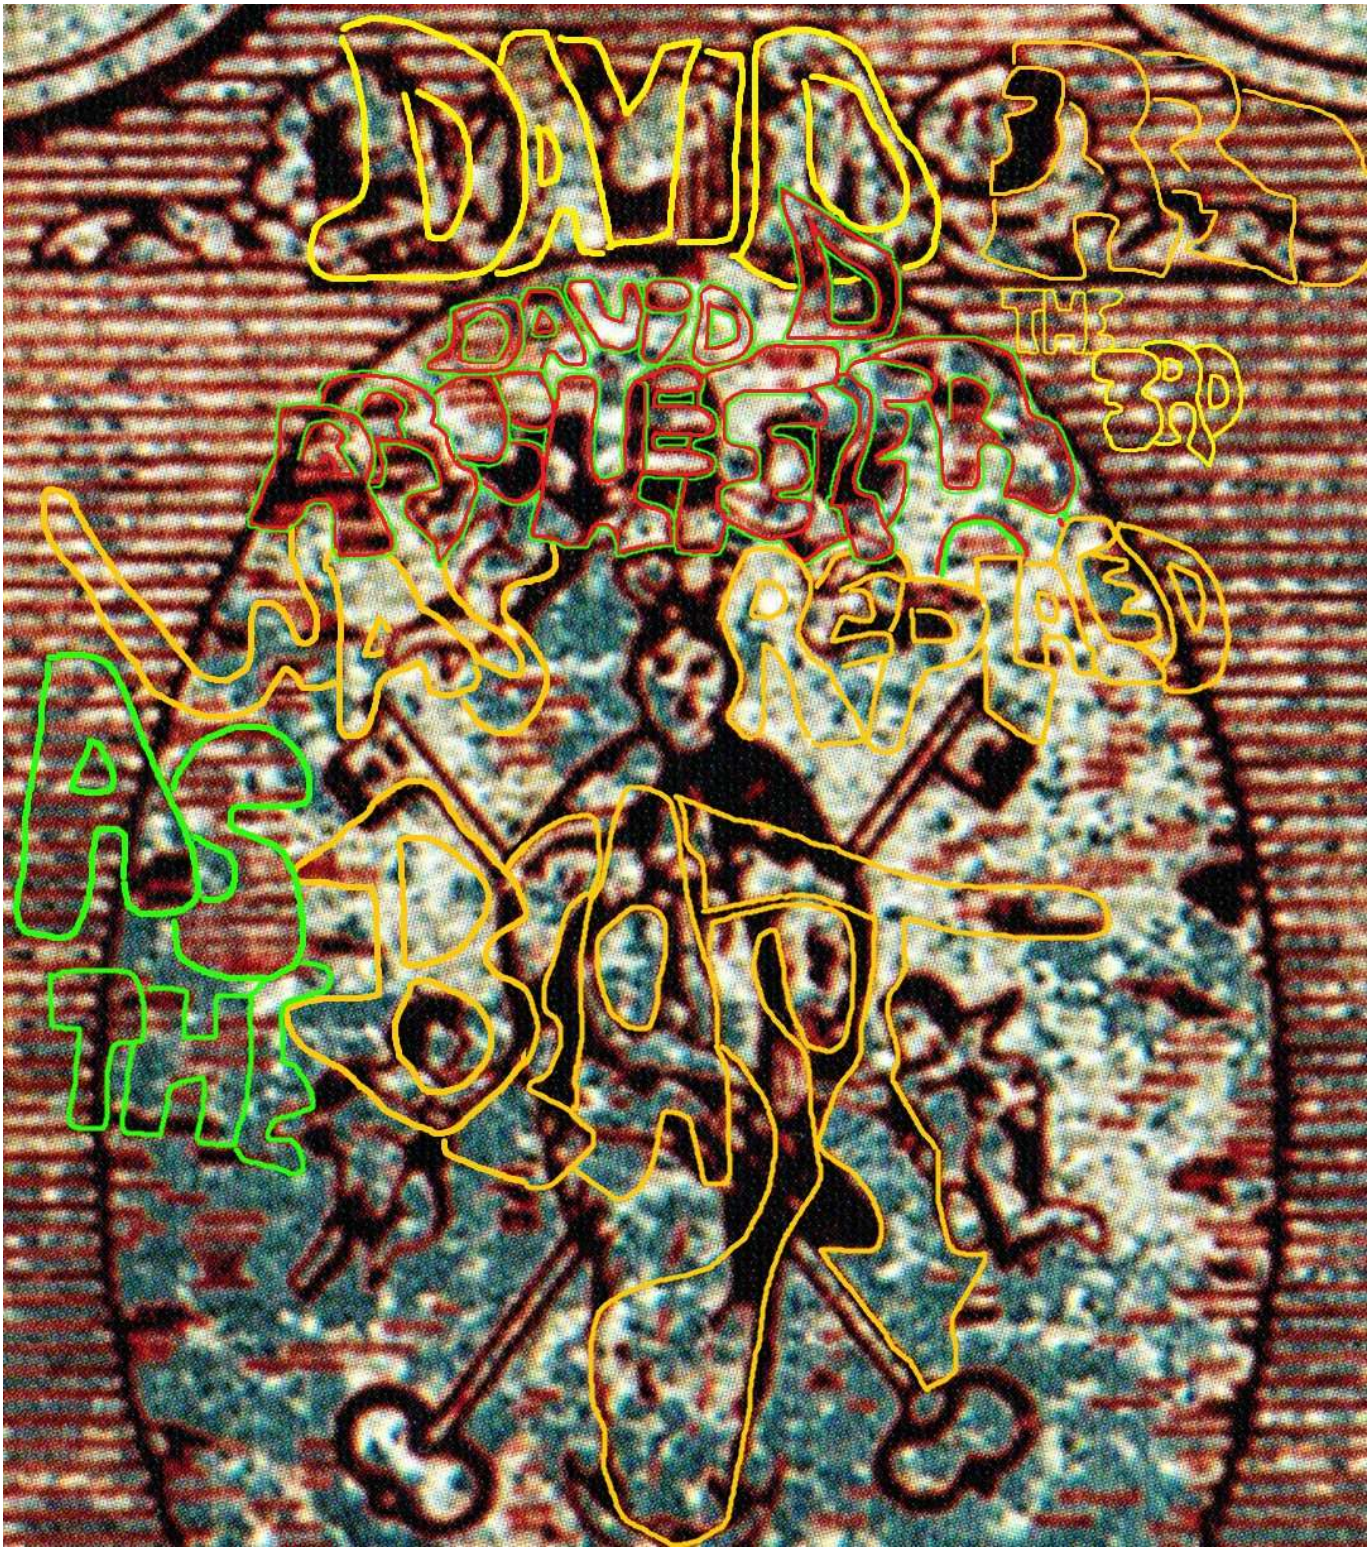

Additional Image Messages

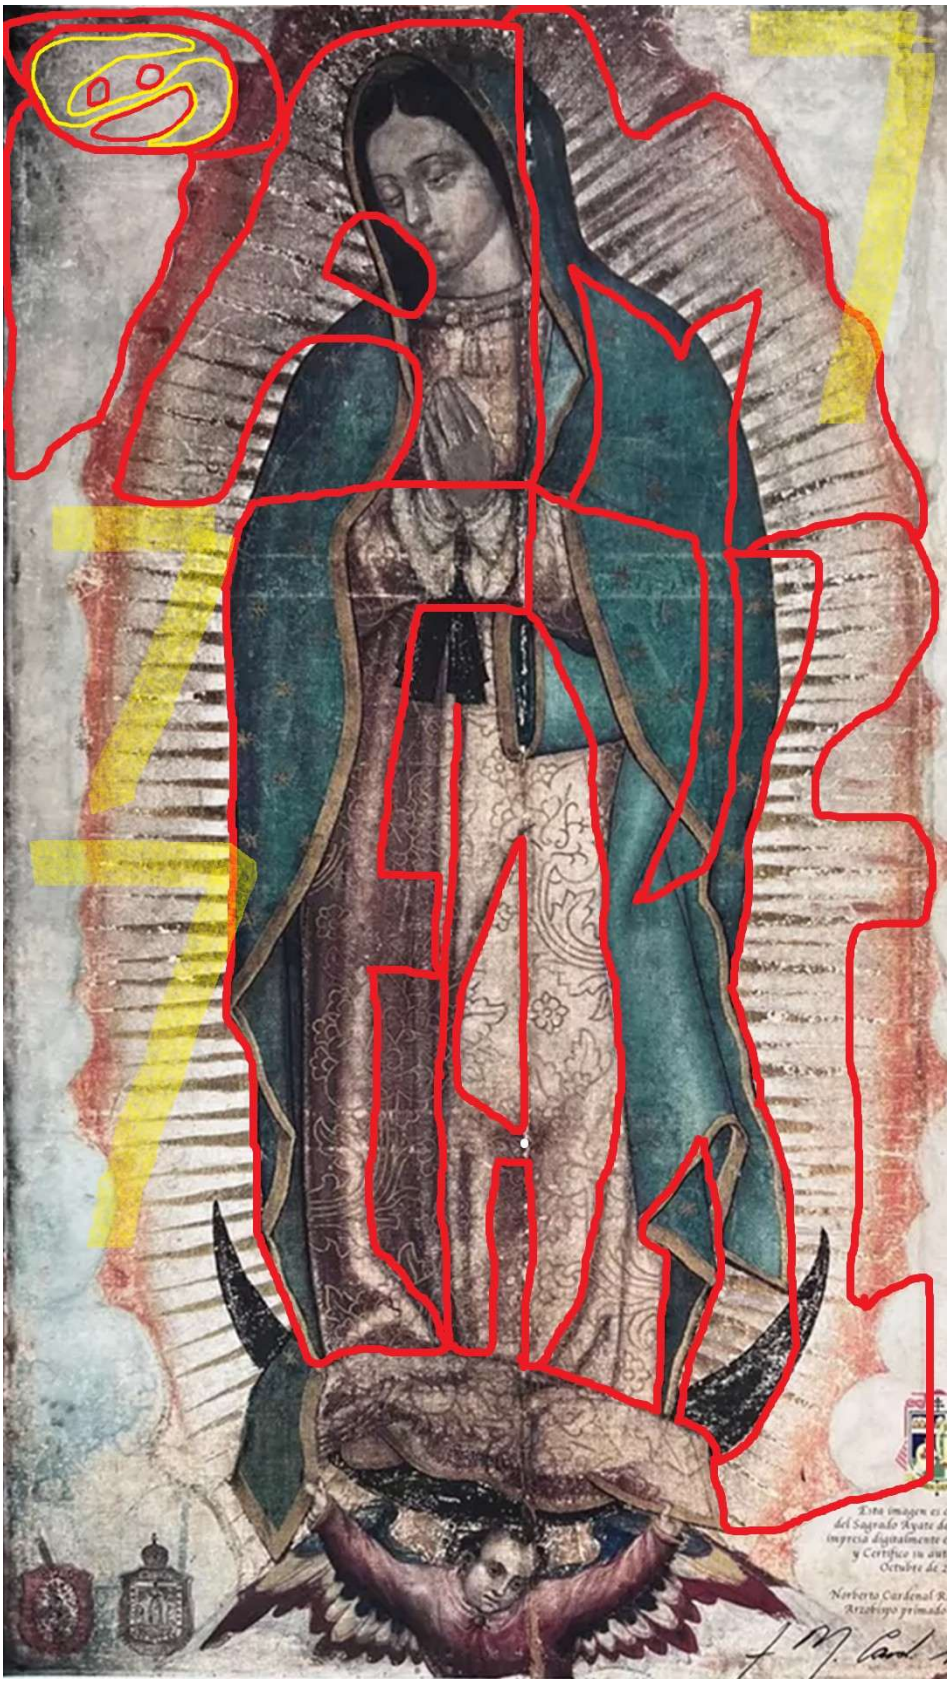

The first edition of this Notebook was maybe 40 pages long, or so. This second edition was completely rewritten, with hundreds of new image tracings, and over 400 pages, at breakneck speed, in five months, from late June 2025 to mid-late November 2025. In the middle of my rush to write and publish this, God (in my curtain) began to direct my attention to various parts of the *Nuestra Señora* image. But, in these instances, rather than just gesturing, like a curtain, God moved my computer display image to the exact image area that He wanted me to consider.

Once I realized He was trying to get me to see something, I began to trace whatever I saw at that moment. I probably outlined about 12 images. Four of those images, presented in this section, made the cut. HOWEVER, retrospectively, although I think God intended the various messages in these three images, I think His larger mission was to get me to see and decode the *Natas messages*, also found on the Nuestra Señora surface.

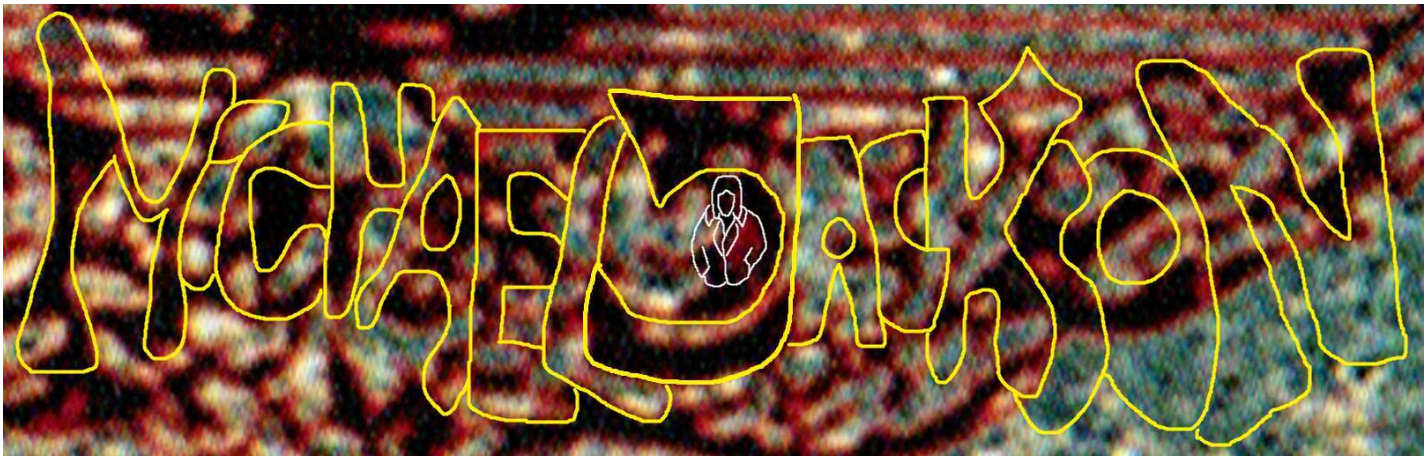

195 is a reference to Genesis 19:5.

More I.P. Thieves

Michael Jackson's "Man in the Mirror" was based on one of my songs, called "Changed."

Idiocracy was based on *Uberopolis/Butterfly Driver*.

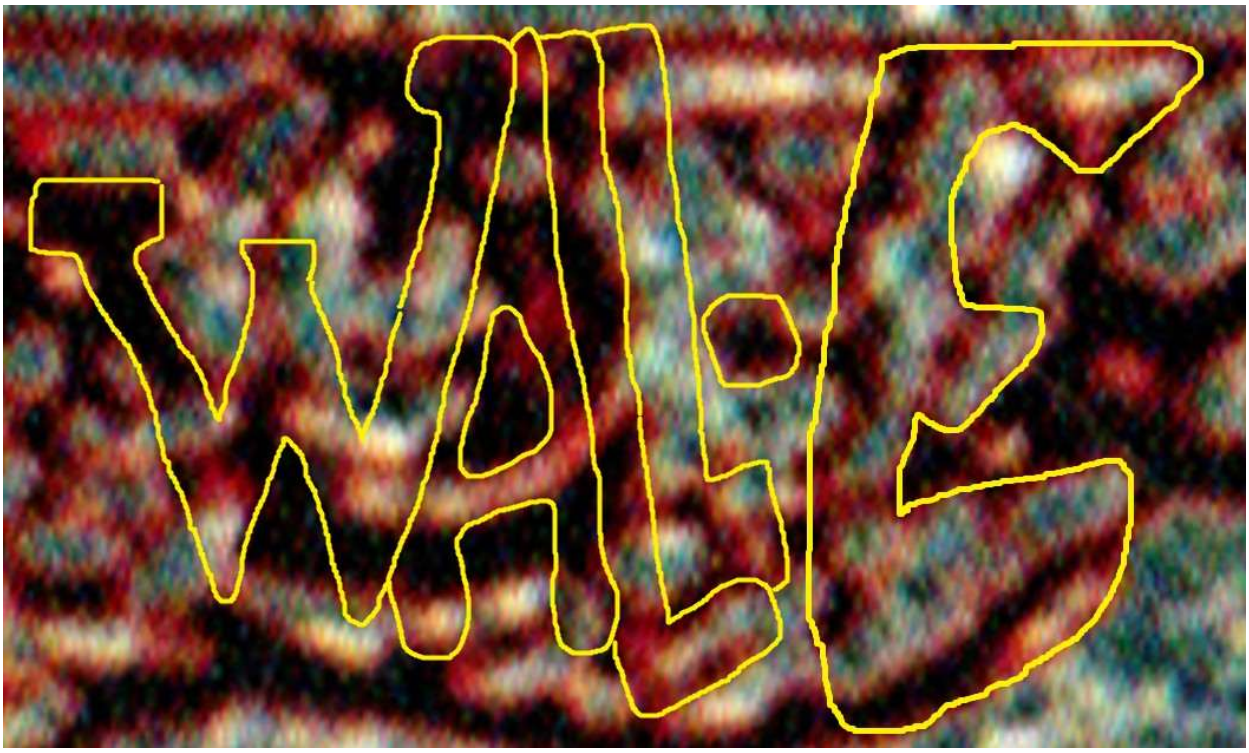

Goo Goo Dolls song “Iris” infringes my work. (I think they stole a couple songs.)

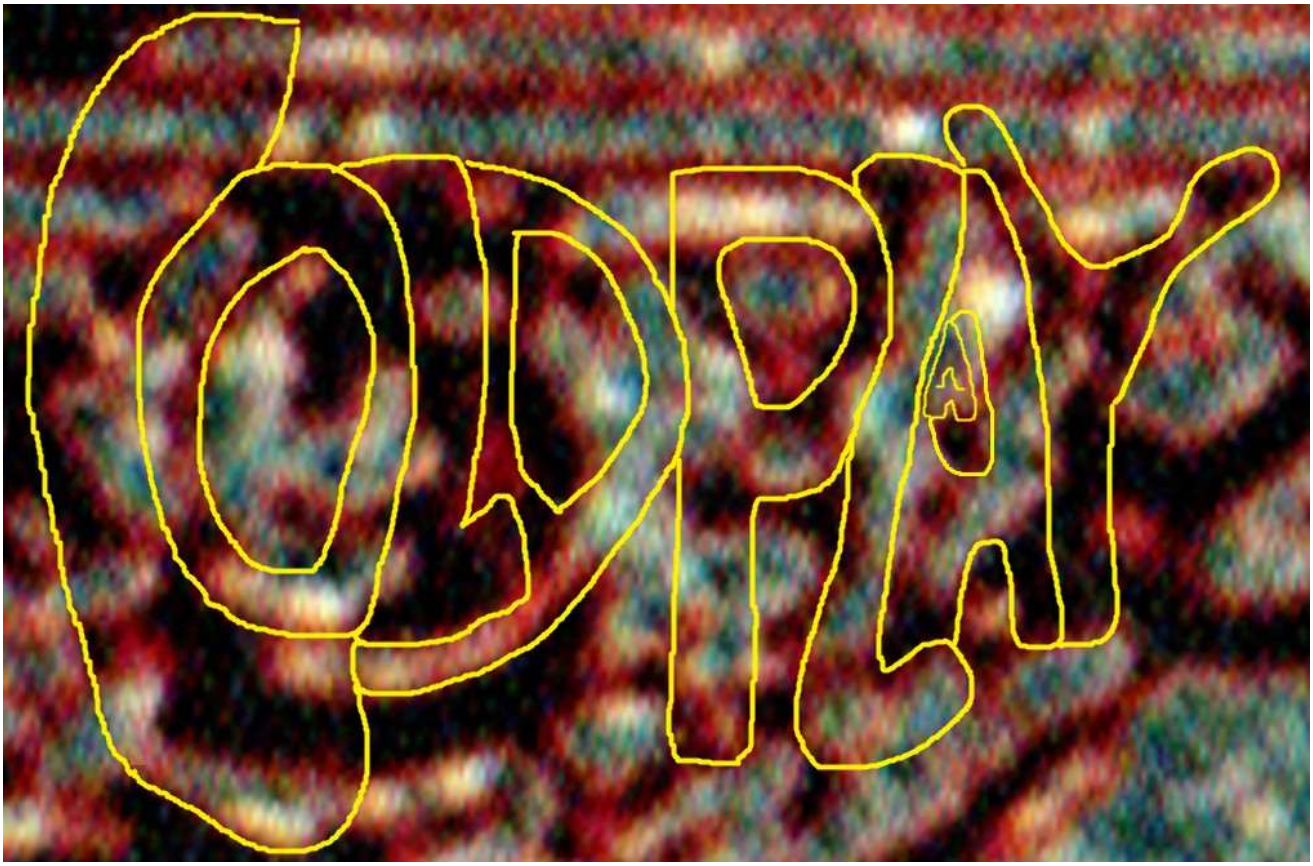

Eminem’s song, *Love the Way You Lie*, infringes “Tell Me a Lie.”

The Royal Tenenbaums was derived from *Hot Orange and Honey*.

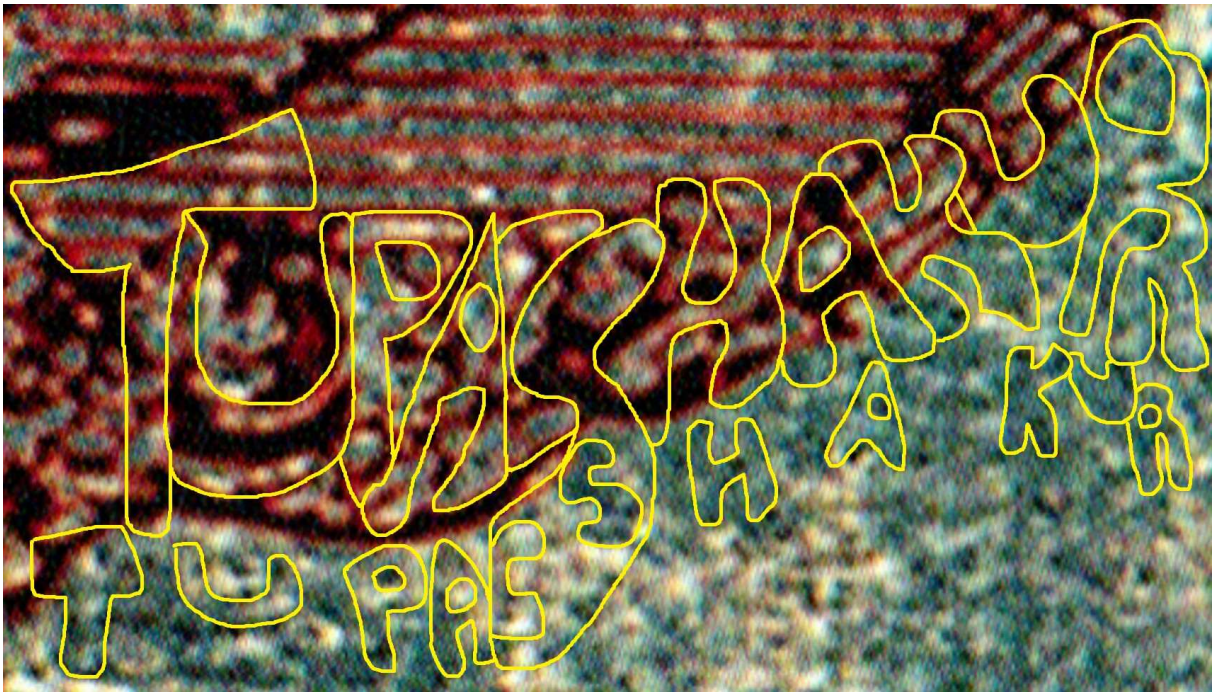

Wall-E was derived from *Uberopolis/Butterfly Driver*.

Cold Play stole When I Ruled the World (they probably stole others).

Tupac stole the concept and feel of *Changes* and some other stuff. God put Tupac's face above (top, right), for the doubters. The letters in the blue field tell us Tupac was a big homosexual. To confirm all this, God put a complete set of confirmation letters in the blue peripheral field (below).

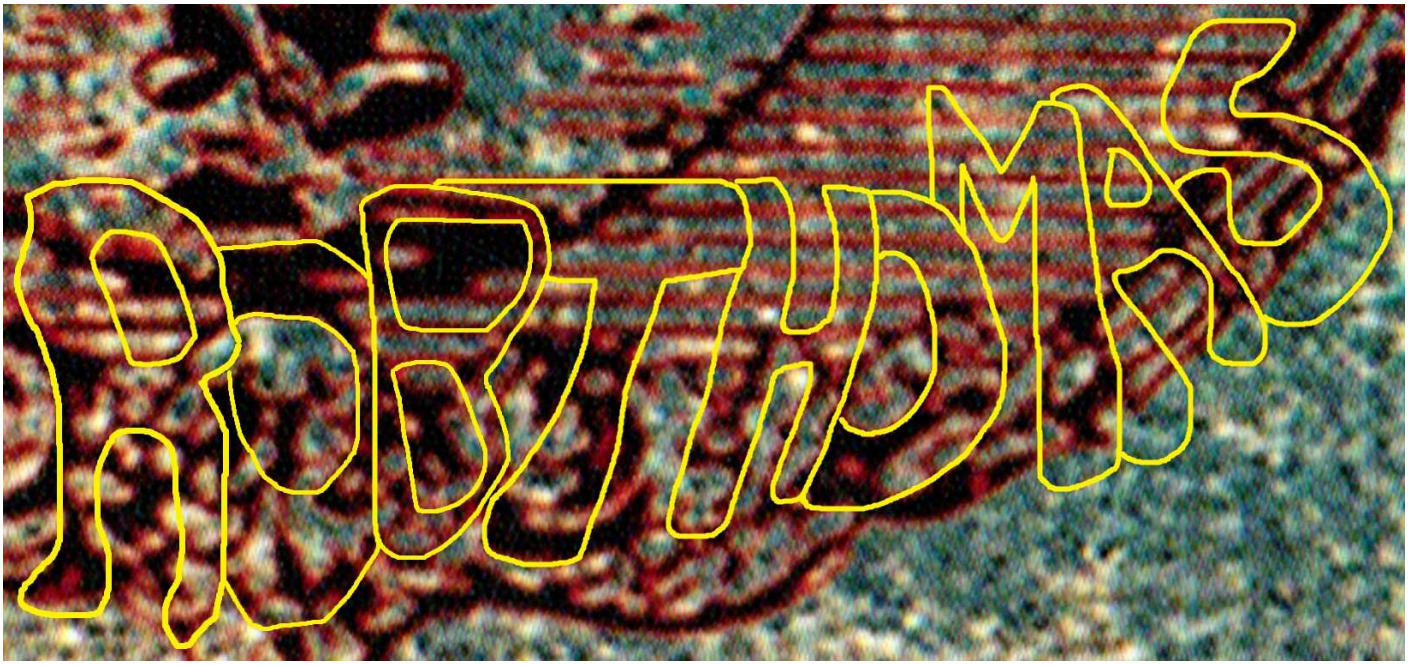

Kanye West stole a few things.

Pearl Jam's better songs were derived from my work.

Rob Thomas and Matchbox 20 stole a LOT.

Rob Thomas and Carlos Santana stole the concept and feel of *Smooth*.

The movie *Napoleon Dynamite* was derived from *Hot Orange and Honey*.

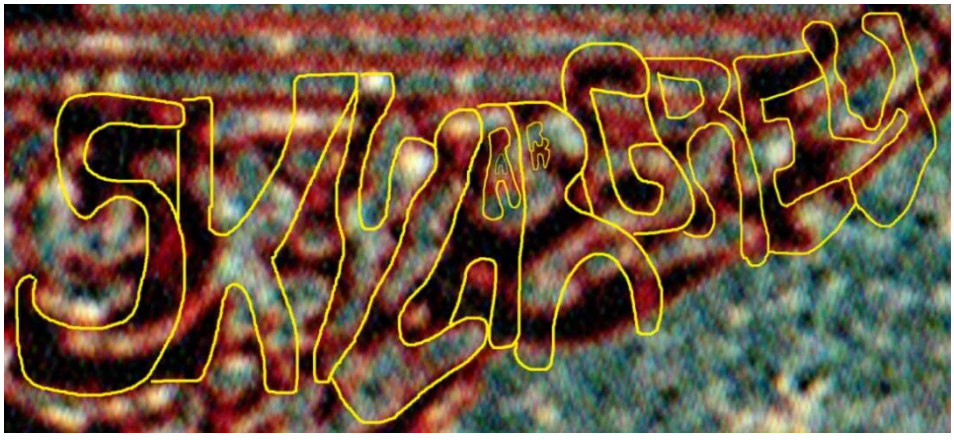

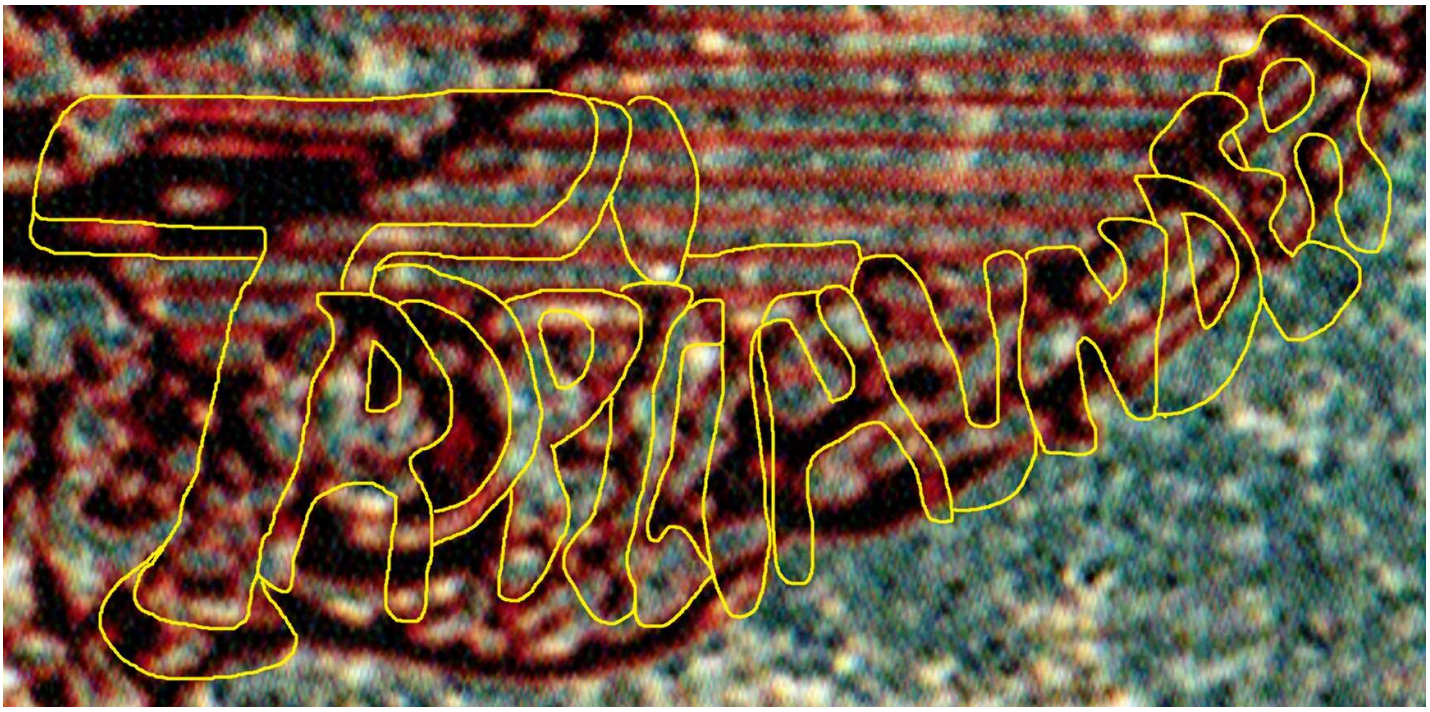

Finding Nemo is based on *Hermit the Hermit Crab* –a story I wrote when I was 8 years old.

Virtually anything John Mayer did that was interesting was derived from me.

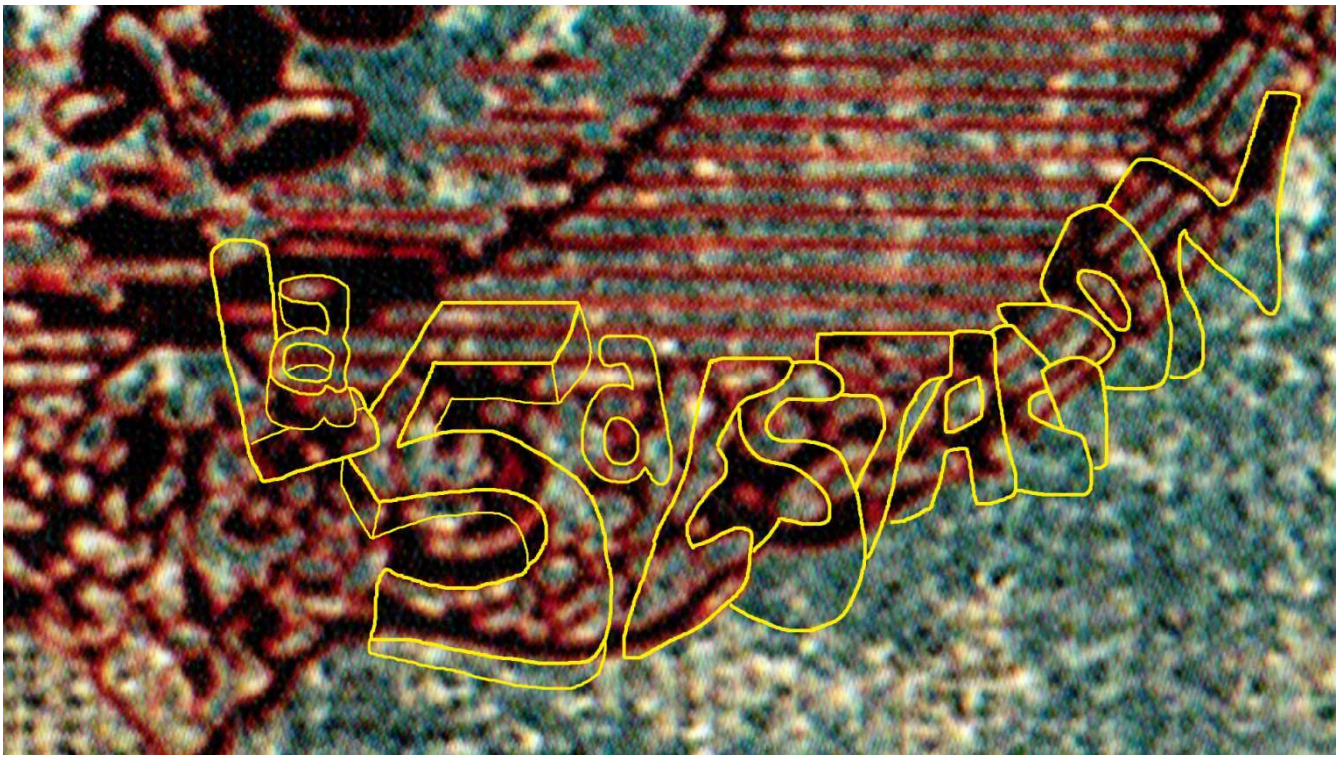

Skylar Grey helped Eminem steal Love the Way You Lie.

The film Tropic Thunder is derived from Butterfly Driver/Uberopolis.
South Park (below) and The Simpsons stole a lot of my ideas, regularly.

La 5ª Estacion –both spellings. Lots of my stolen music went to Latin America.
