

The Shroud Of God

Third Edition

Illustration by God / Interpretation by Steve K Briggs (Yayayar)

The Shroud of Turin (image from the negative)

FRONT

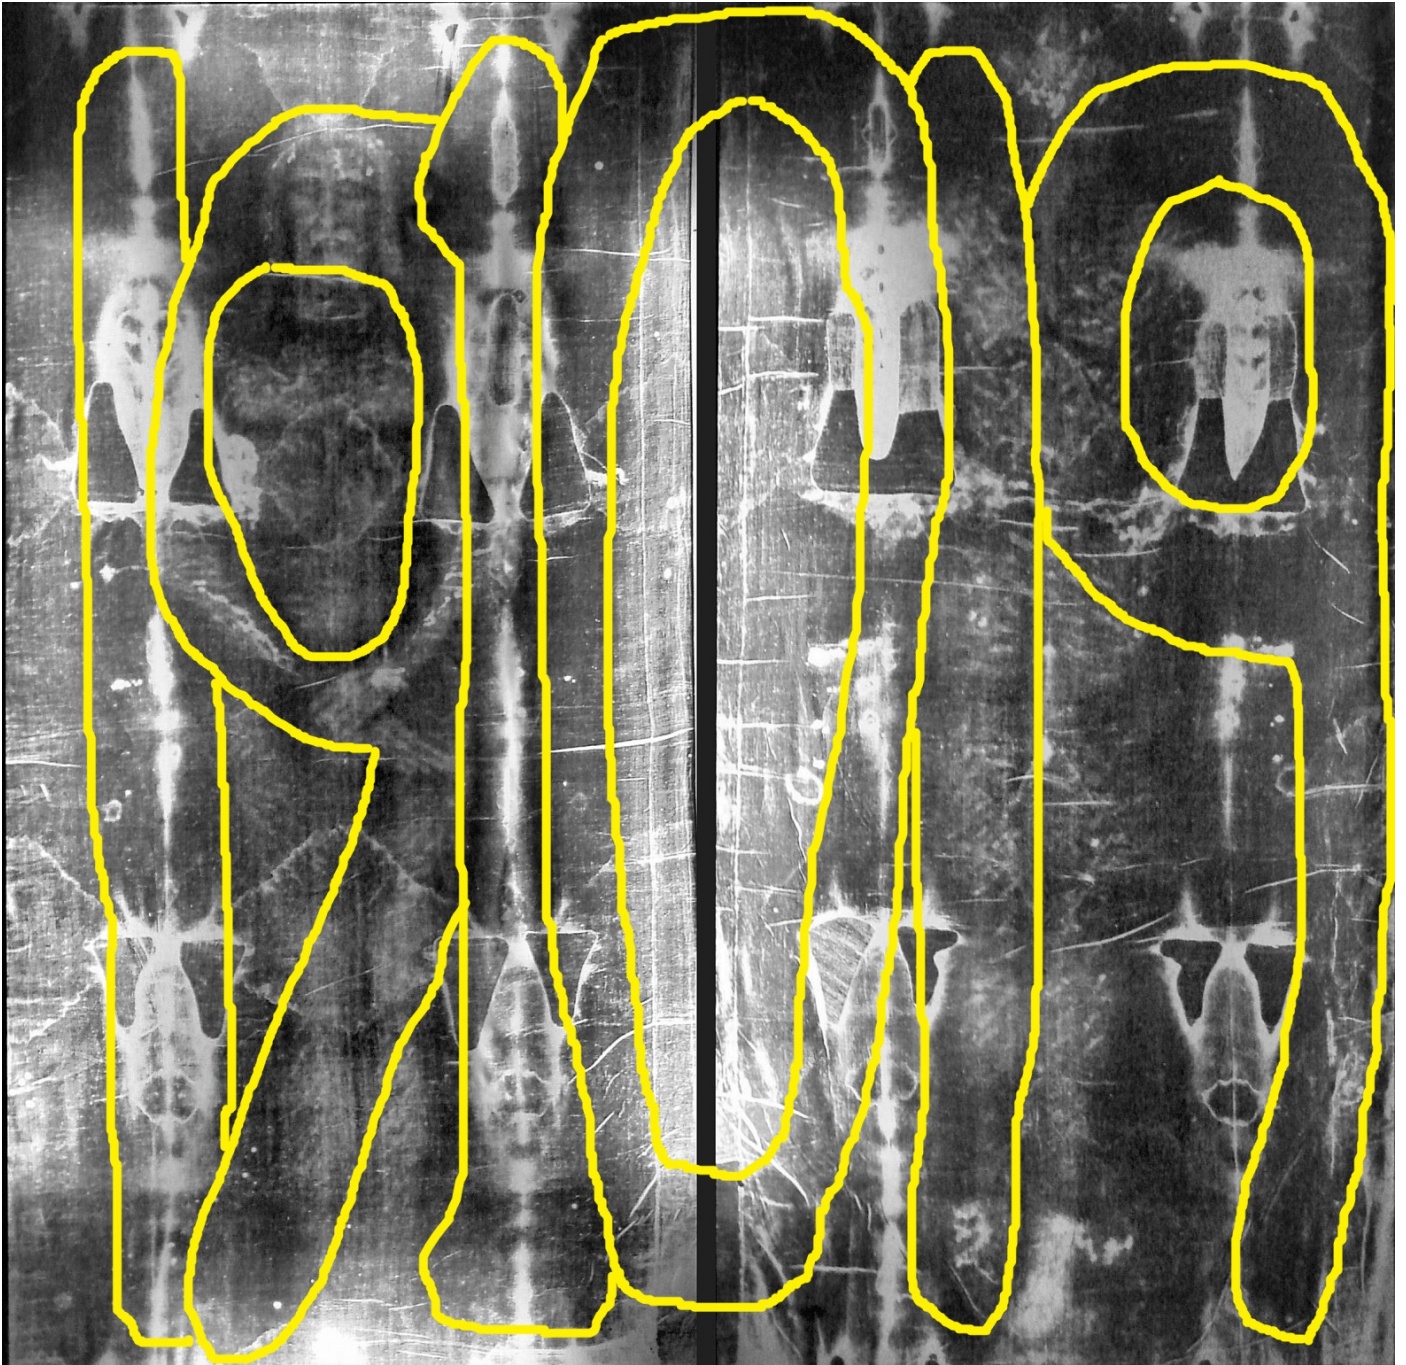

BACK

The front of the Shroud presents a likeness of Jesus (in his human incarnation), from the front. The back of the Shroud is a rear perspective likeness of Jesus. My book *Line 5: The Hands That Rocked Time*, and mini-book *The Life and Crucifixion of Emanuel* reveal the image is also a representation of Emanuel –the first incarnation of Jesus.

Hidden in the Shroud are many date image numbers; many of which I published in previous editions of this mini-book. Those previous date image numbers are explained in *THE TWO HOUR WAR: Date & Time*. One of most important date images in the Shroud is:

The Date of the Two Hour War:

On the Julian Calendar

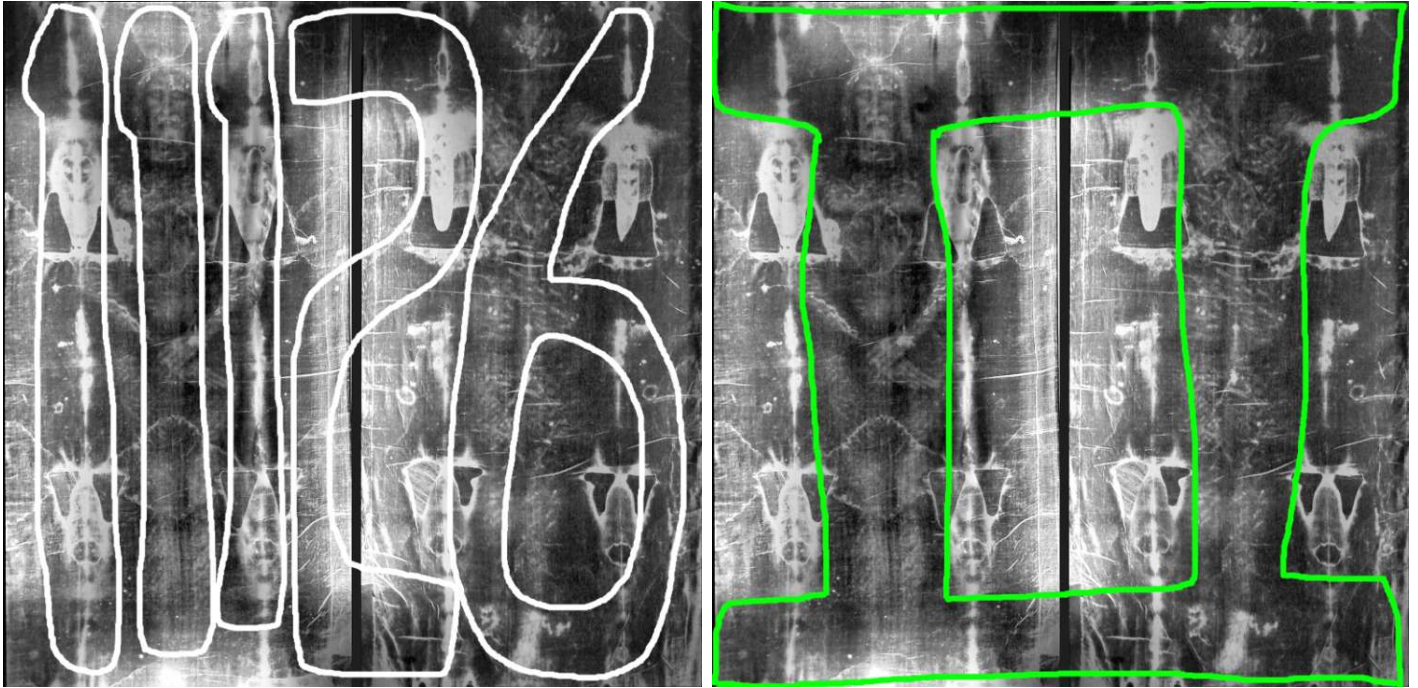

The Julian calendar Two Hour War (2HW) date, forward and backward, 19/10 and 10/19: October 19th (2026).

The 2HW Date on the Gregorian and Yin calendars

Above, the Gregorian Two Hour War date, 1-11 or 11-1; November 1st (2026), and the Yin calendar date, 9th Month 23, in the Shroud. If you happen to have read *THE TWO HOUR WAR: Date & Time*, you know this date was also the Yin date of the end of the major Wagers, 11 Month 19, 23 (4723). But the Wagers are another story.

Above, left, the Gregorian Two Hour War date: 11-1-26 (November 1st, 2026).
 Above, right: the Roman numeral 2, for *Two Hour War*.

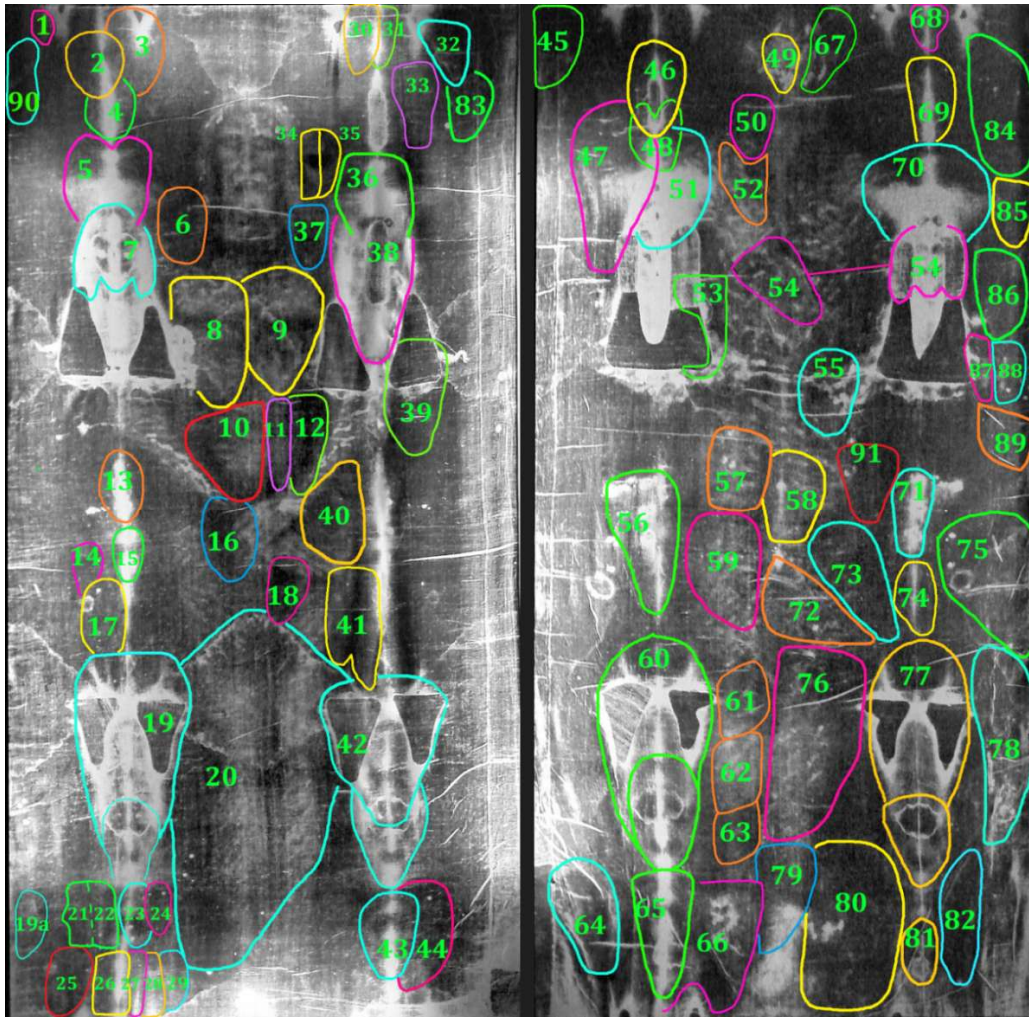

You can see more Shroud date images in *THE TWO HOUR WAR: Date & Time*.

The Faces

There are also many faces hidden in the Shroud.

The faces below, near the base of the Shroud, with 7-eyes, are mentioned in the book of Revelation (find out where in *Revelation 2: The Solutions*).

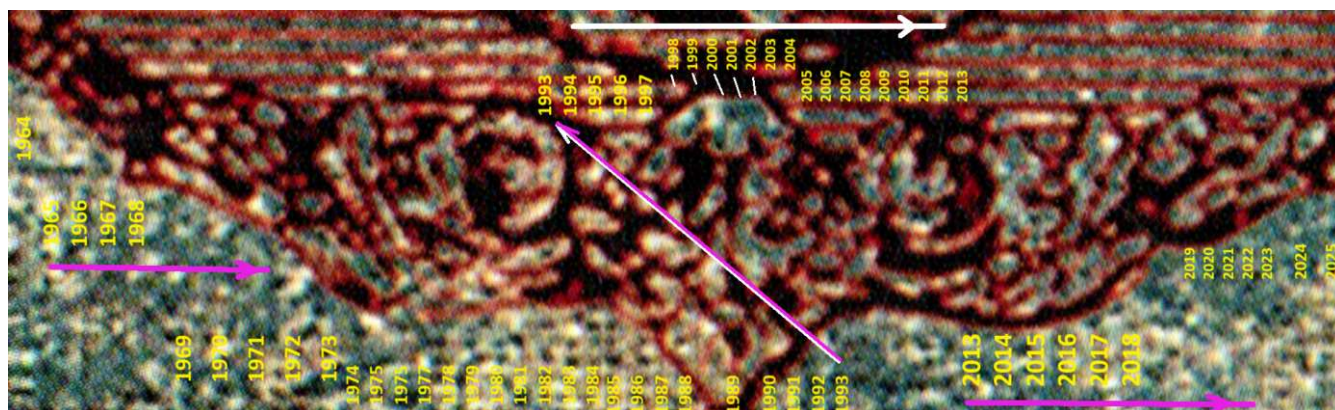

The image above, from *Steve's Super Secret Solutions*, numbers and names about 90 faces hidden in the Shroud.

DESTROYING THE SHROUD

If you're familiar with my writing on the Elder Badge, like *Steve's Top-Secret Notebook* (STSN) or *Killing Guadalupe*, you may recall me explaining that the primary purpose of the base area of the Elder Badge is to reveal people who have committed *Mark Crimes* against me. According to this guideline, at a glance, it may seem unlikely that I would find any messages concerning the Shroud in the Elder Badge –unless you've read *The Wagers* or *STSN*, and recall that God predicted I would solve His Revelation-related mysteries. Thus, if Satan's beasts (John W Gardner, followed by John C Malone) tried to substantially discredit the Shroud as God's work (such as using falsified carbon dating reporting to discredit it), or if they tried to harm the Shroud or degrade the image (using a fake "restoration" procedure, etc), those actions could make my job (finding information in the Shroud) much harder, or impossible. Thus, Gardner's 1988 "carbon dating" of the Shroud, and Malone's 2002 *restoration*, would easily count as Mark Crimes against me.

The way the Elder Badge's Unforgivable Crimes Timeline works is: (1) Unforgivable Crime events, or the names of Mark Crime violators, appear in the UC Timeline with the first letter of the perpetrator's name, or the first letter of the event, positioned in the year that the Crime was committed; (2) to appear as a Mark Crime revelation, the crimes must have been committed between 1964 and 2025 (these are general rules, which God can modify, as needed).

The 1988 *carbon dating*, and the 2002 *restoration*, both, comfortably fit in the Timeline guidelines. So, I checked the Timeline *Year Key*, to see approximately where the first letter of the Crimes should fall in the Elder Badge base Timeline.

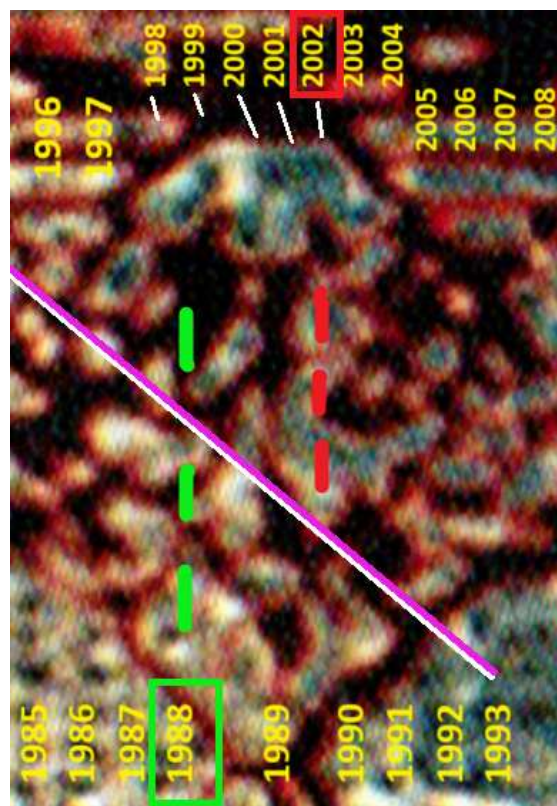

Above: The Elder Badge's Unforgivable Crimes **Timeline** and **Year Key**.

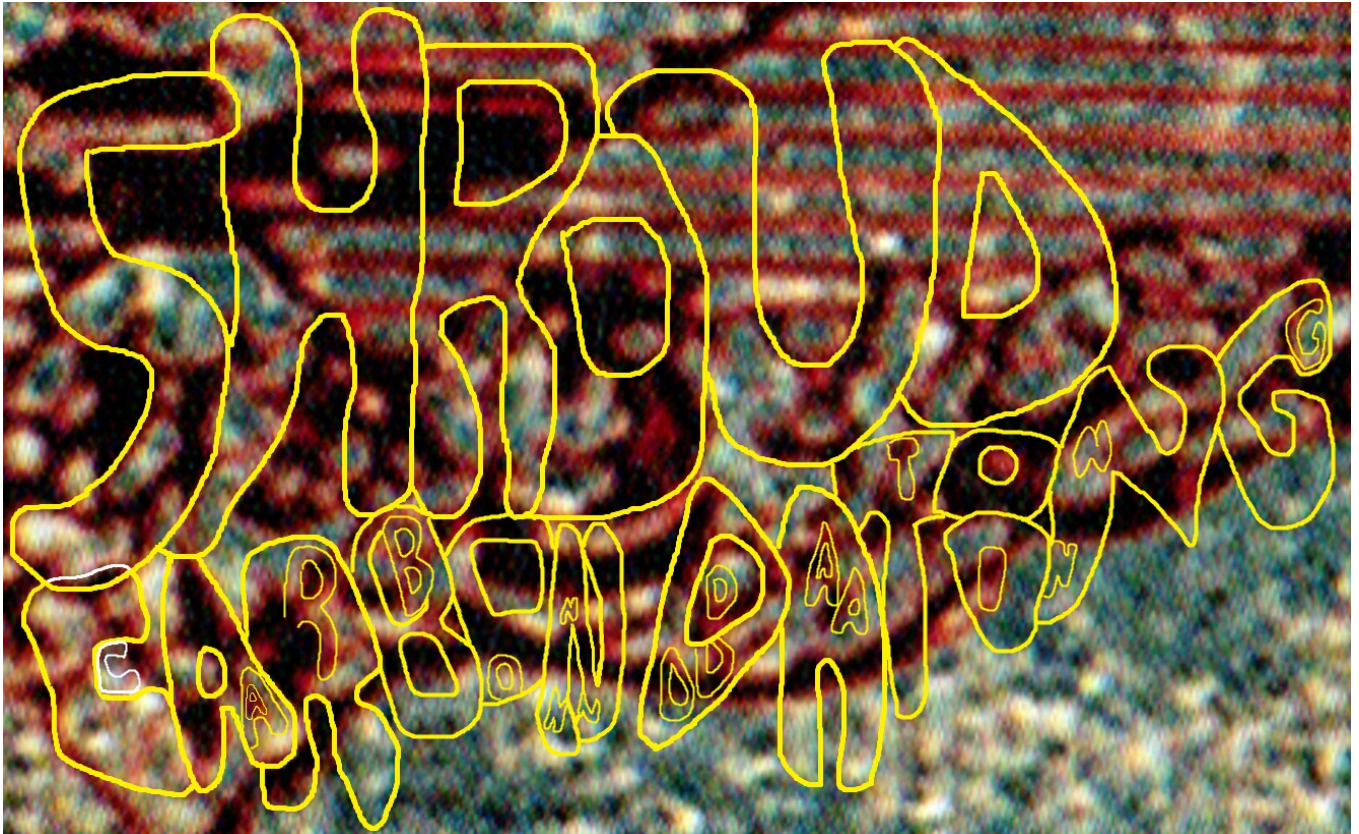

As you can see, in the enlarged Timeline central display area, to the right, the year **1988** (in the green rectangle, at the bottom of the image) lands near the left shoulder of the likeness of a young man (walking with a young woman) in the central display area. And the year **2002** (in the red rectangle at the top of the image) falls near the right shoulder of the likeness of a young woman in the central display area.

Thus, I checked the UC Timeline, in these areas.

Guess what I found...

- To better understand the Timeline, see STSN, chapters 6 and 7.

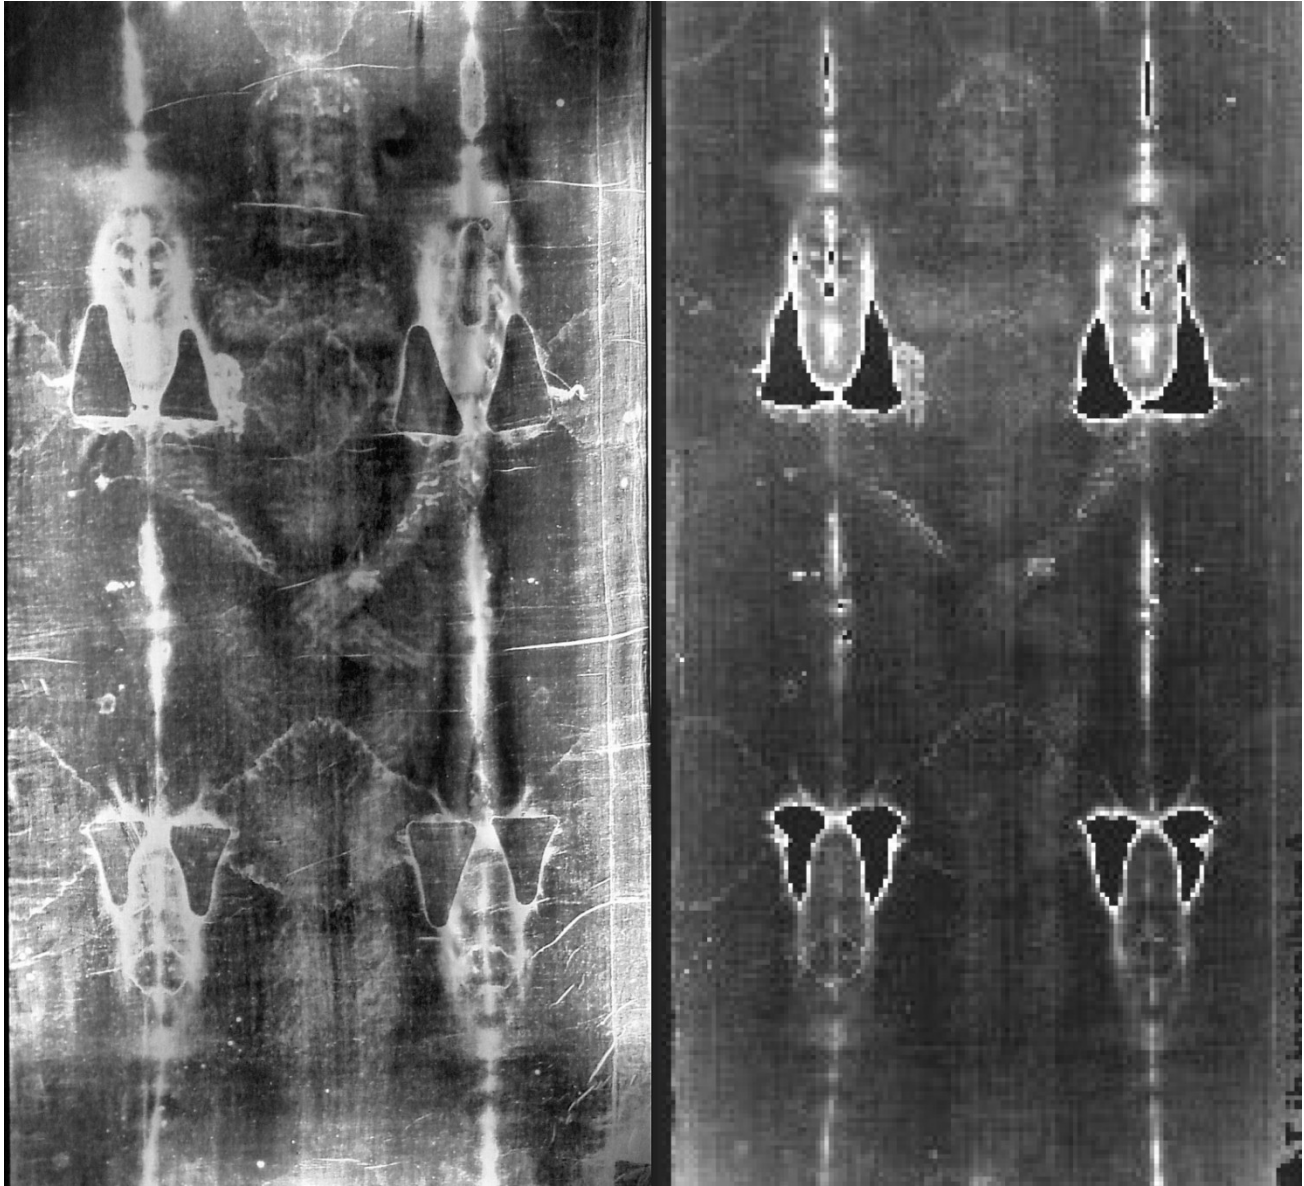

Above, *Shroud Carbon Dating* (with extra confirmation letters, see STSN) appears in the 1988 position, and *The Restoration of the Shroud* (below) is positioned in 2002.

“Restorative” Destruction

Before the 2002 “Restoration”

After the 2002 “Restoration”

Hopefully you wonder *how much harm the Catholic Church did by “restoring” the Shroud?*

I tried to determine that. Above are frontal images of the Shroud, cropped and positioned for comparison, from before and after the restoration. The US/West disinformation machine has many fake, backdated Shroud websites up –most of which did not identify when their images were created. From the information available, the image I used, above, left, was taken in 1978. The image on the right is a very small, and low quality –but it is the only image I could find online identified as taken after the *restoration*.

So how bad is the “restorative” damage? Catastrophic. If I had to work from the image on the right, I would have found very little useful information.

The Year God Made the Shroud of Turin, #1

Above, I enlarged this *tracing* about as much as possible, so you can see and follow the lines. Since human aptitude for this varies, I've included some variations of this tracing on the following two pages. You might check them against the page 1 image.

- Made in **77 A.D.** Thus, before Revelation was written, God knew the 2HW date.
- The 77 at the top, below the *M*, and next to the *AD*, in **MADE**, confirm the 77A.D. below.

The Year God Made the Shroud of Turin, #2

Follow the lines, and shade and color changes, and the curve of Jesus' representational face and forearms...

The West *only* lied about when the Shroud was created by about 1300 years. I think I first reported *carbon dating* as junk science, created to deceive, a couple years ago (an assertion confirmed by God).

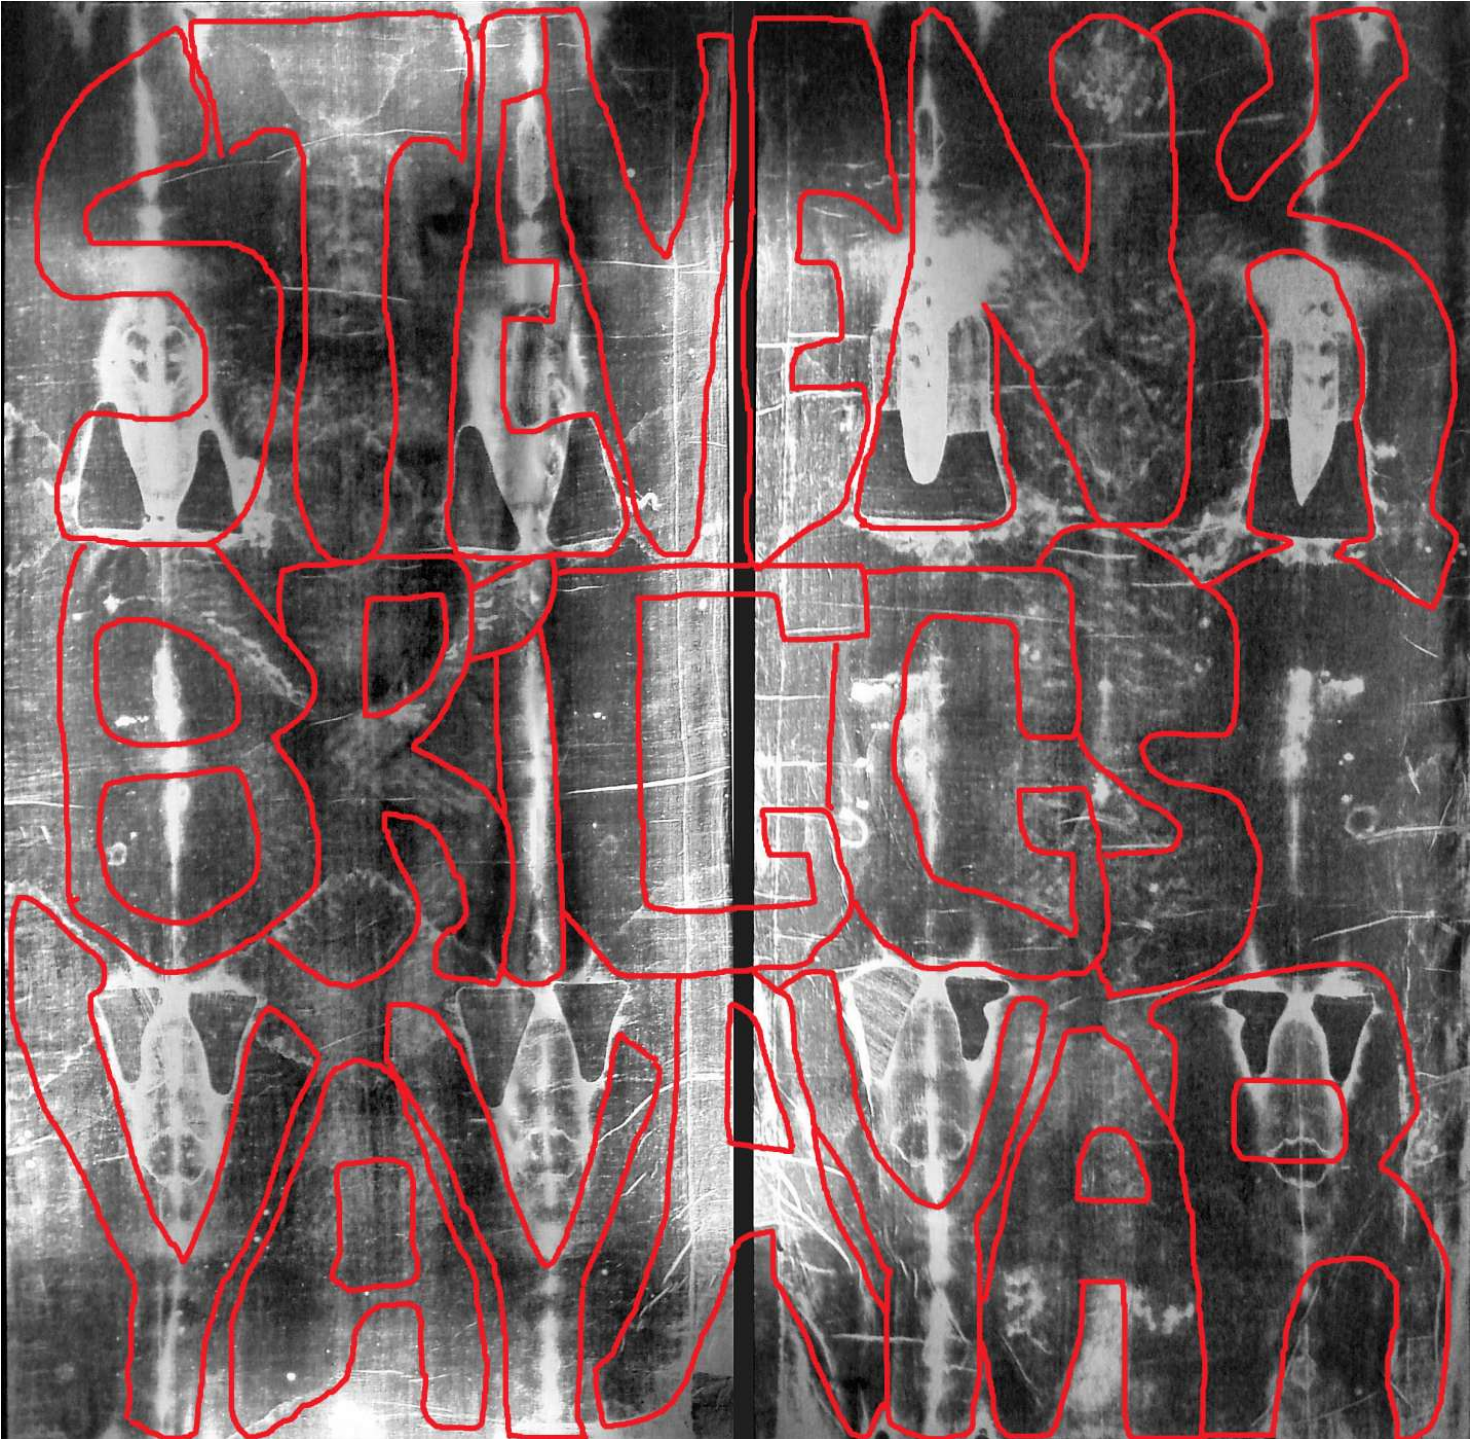

The Year God Made the Shroud of Turin, images #3, 4, 5...

There are many more expressions of *Made In 77 A.D.* in the Shroud.

My Name

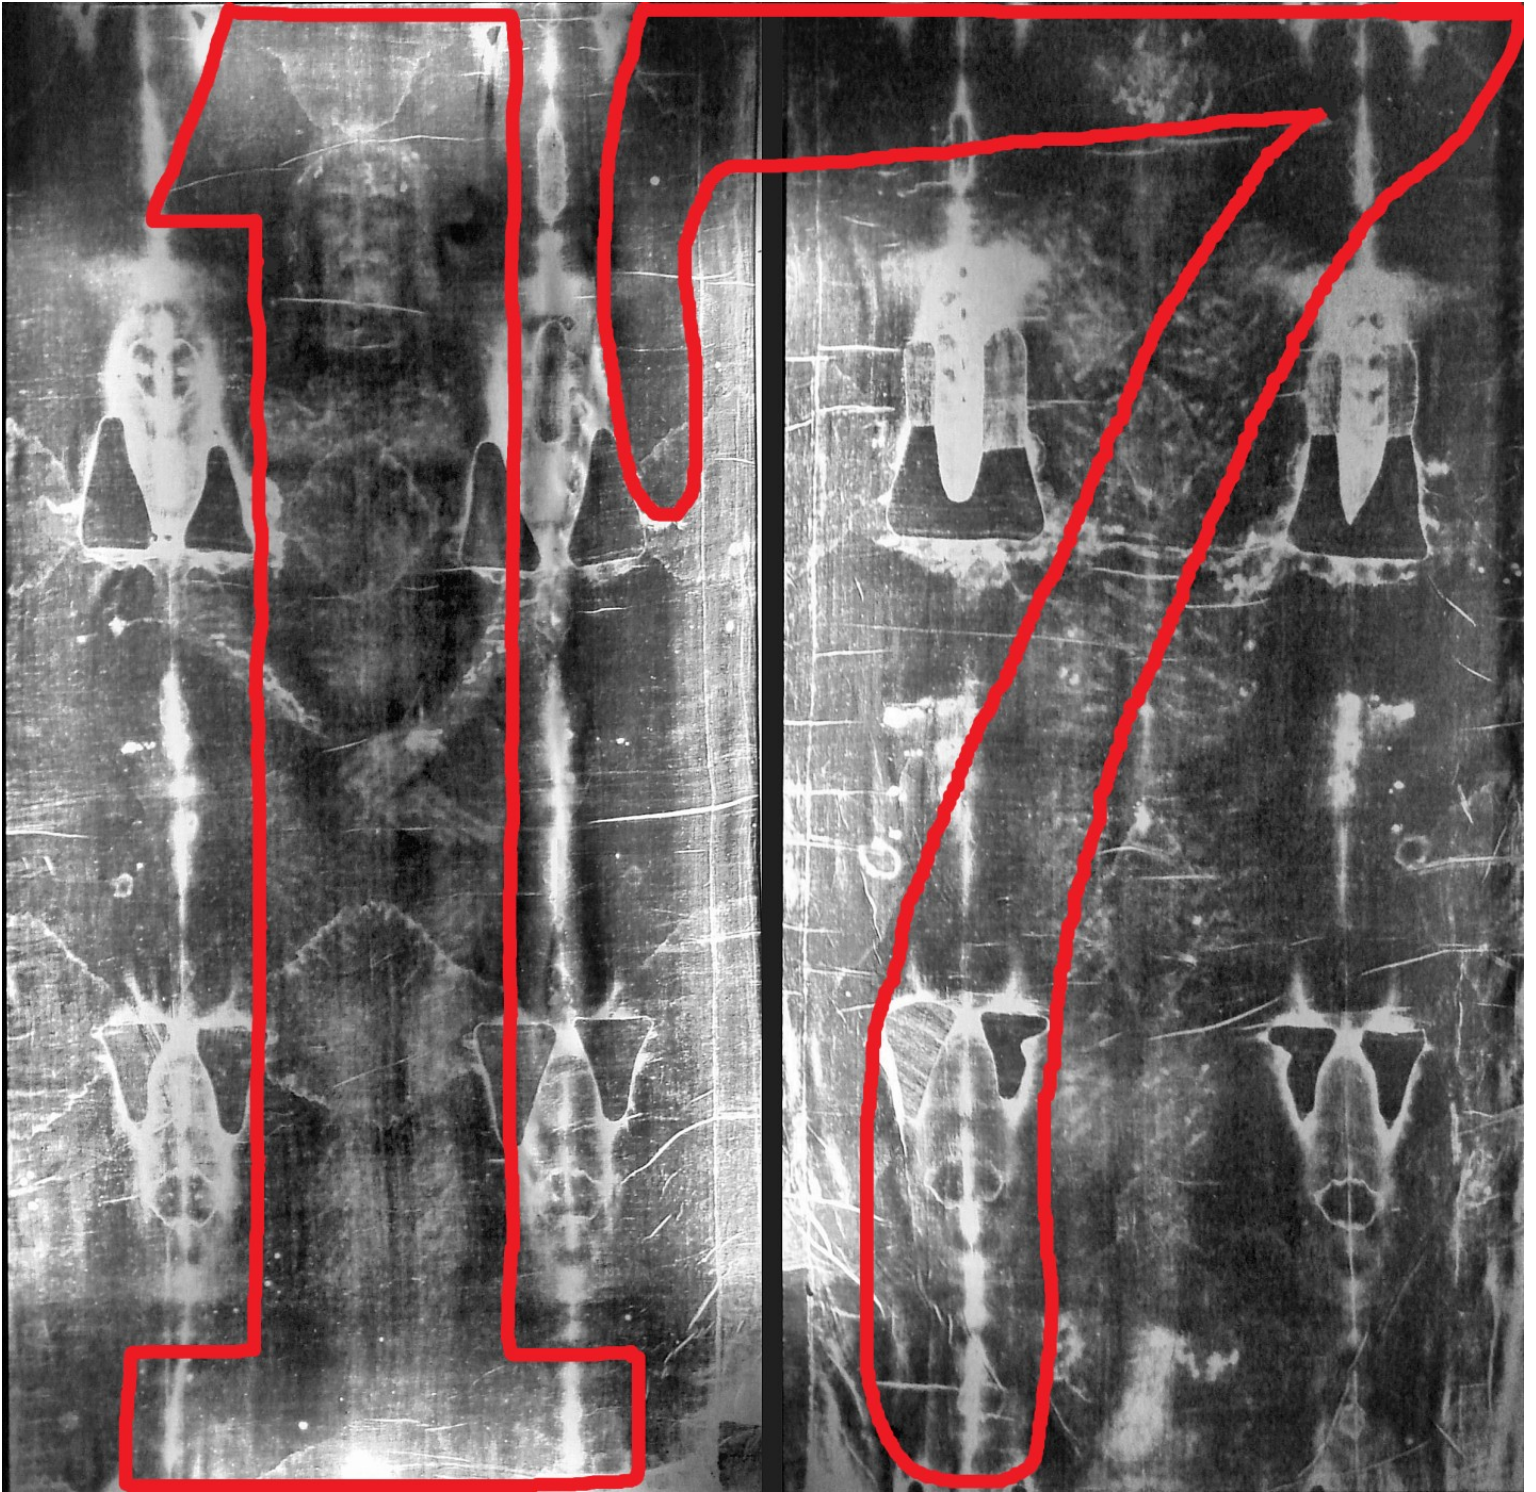

Above, God spelled my full name (middle initial): Steve K Briggs Yayayar.

Yayayar is the name God revealed as my true family name, as I wrote and researched STSN.

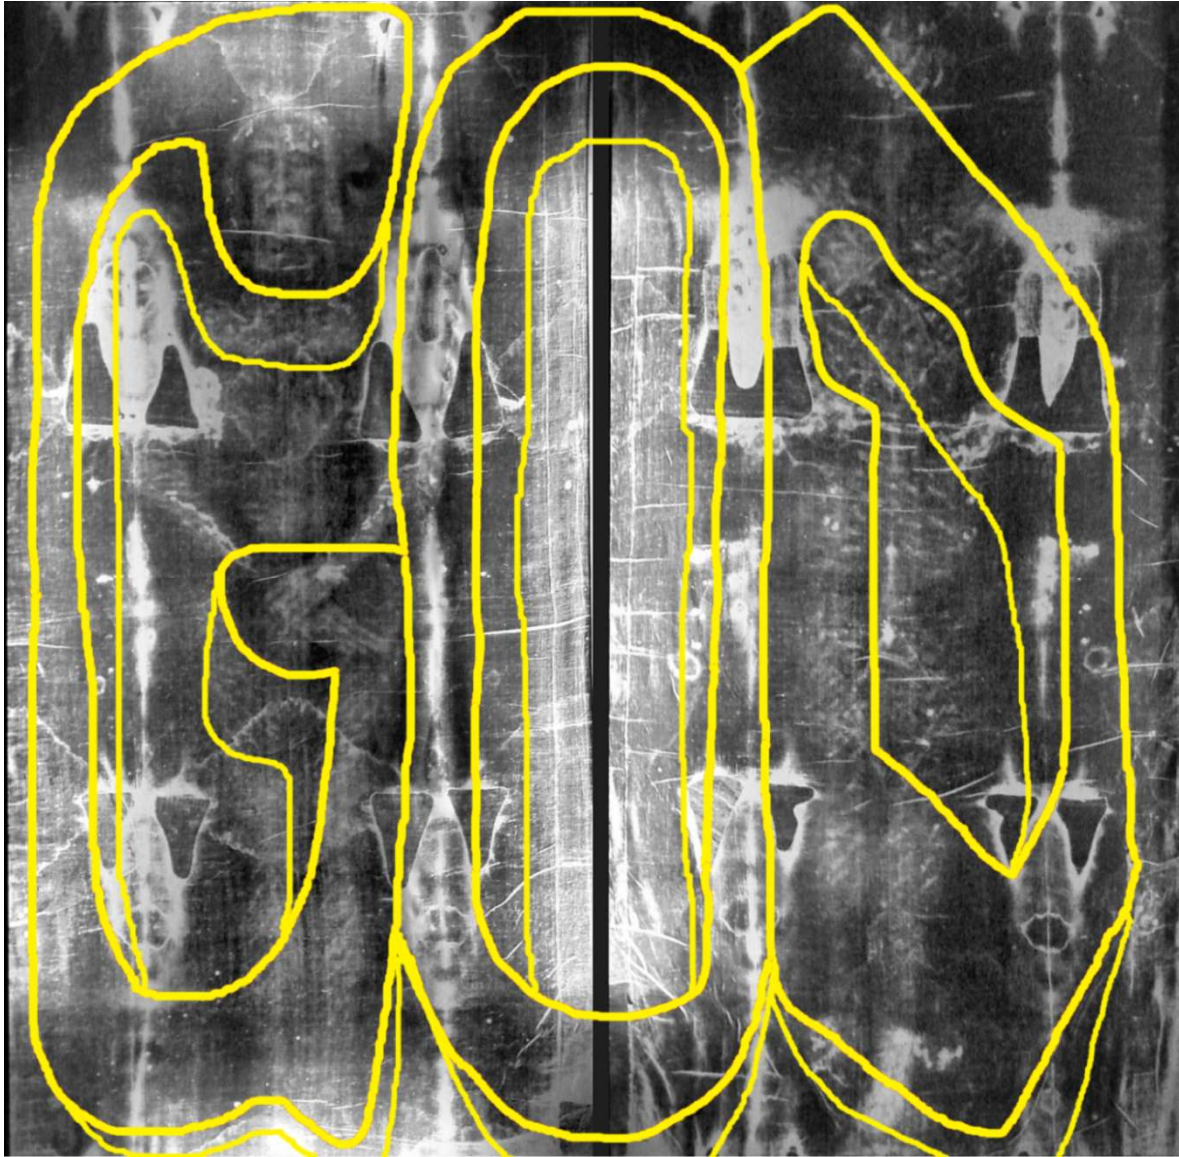

Now for God's signatures...

God's Signature, #1

One is God's *secondary* number, seven is His *primary* number; together, the numbers form a representational full name.

God's Signature, #2

God's conventional title.

Try to be over 50 miles from any large or mid-size US/Western cities on the 2HW date and time: **November 1st, 2026** (Gregorian). The War begins at **1:AM**, US West Coast time (PST).

2HW date, Julian: **October 19th, 2026**,
and Yin: **4724, 9th Month 23**.

Published December 11th, 2025 (Julian), December 24th, 2025 (Greg); 4723, 11 Month, 5 (Yin).
3rd edition update released October 15th, 2026 (Julian), Oct 28th, 2026 (Greg), 4724; 9th Month, 19.

There are 1,200 words in this mini-book/PDF.
