

The Deception Date (Take 2): Julian

Satan's false One Hour War date,
Hidden in *Nuestra Señora de Guadalupe* & *The Shroud of Turin*

Steven Kenyatta Briggs (Yayayar)

Intro

In mid 2023, I began to search for the date of the One Hour War, of the Book of Revelation, Chapter 18, the day when Babylon (the United States) is destroyed (also mentioned in many Old Testament books –three or four thousand years before Jesus' human birth). Almost 2.5 years later, on December 24th, 2025 (Gregorian), I published the date of the One Hour War, about 2 weeks before the Event: January 7th, 2026 (Gregorian calendar), and/also December 25th, 2025 (Julian calendar), and/also 11 Month, 19, 4723 (Yin calendar). Incredibly, God revealed and confirmed the hour/time of His hour of wrath in *Nuestra Señora de Guadalupe*, and revealed the day/date of His wrath in *The Shroud of Turin*.

However, on the day of the Event, on the news media in Mexico, and possibly many other nations, there was no evidence or suggestion that the United States had been defeated in a nuclear war. Everything appeared normal. The next day I published *Doubts About the Renee Nicole Good Story/Photograph*, where I first showed evidence that Satan was using AI to conceal the fall of the US. Five days later, January 13th, 2026 (Gregorian), I released *The United States is Dead*, where I concluded the AI evidence suggests the US was effectively destroyed in the One Hour War, but Satan and surviving Western elites planned to conceal the destruction until February 1st, 2026 (Greg), which is when they planned to falsely allege the destruction occurred.

But, after making that assessment, I made 1 or 2 huge **mistakes**: I assumed that 500 years ago, God could not have known of Satan's coming fake war, and could not have also hidden Satan's "deception date" in *Nuestra Señora*, and *The Shroud of Turin*.

But, sort of on a whim, on January 29th (Greg) or 16th (Julian) 2026, I looked in *Nuestra* and the Shroud, and Satan's deception dates were there, on the Julian, Gregorian and Yin calendars. In the following pages you will see the various ways God expressed Satan's deception date. **However**, in the first publication of "The Deception Day," I mistakenly assumed Satan and the West's deception date was on Satan's preferred Gregorian calendar; however, it was on the Julian calendar. Thus, the event is 13 days delayed. This mistake is corrected in this version. Other relevant corrections and issues are addressed in the "Outro" section, pages 22 to 29.

- Be aware, Satan may delay the deception date by a day or two, and backdate the event to February 1st, 2026 (Julian), February 14th, 2026.

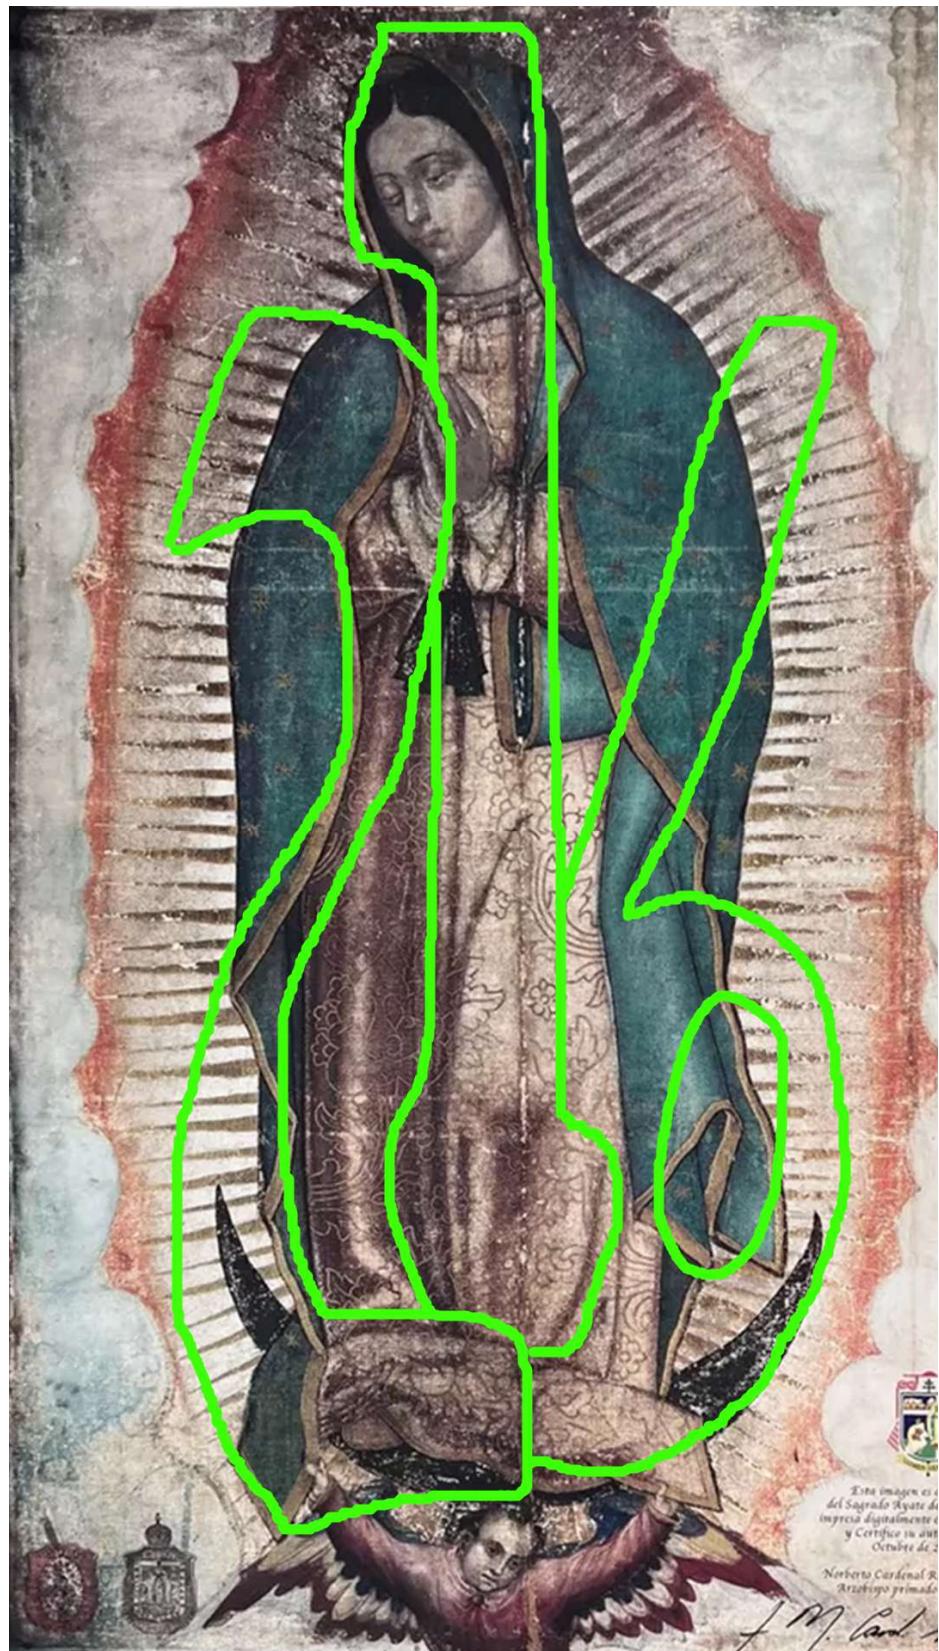

The Deception Date in
Nuestra Señora de Guadalupe
On the Julian Calendar

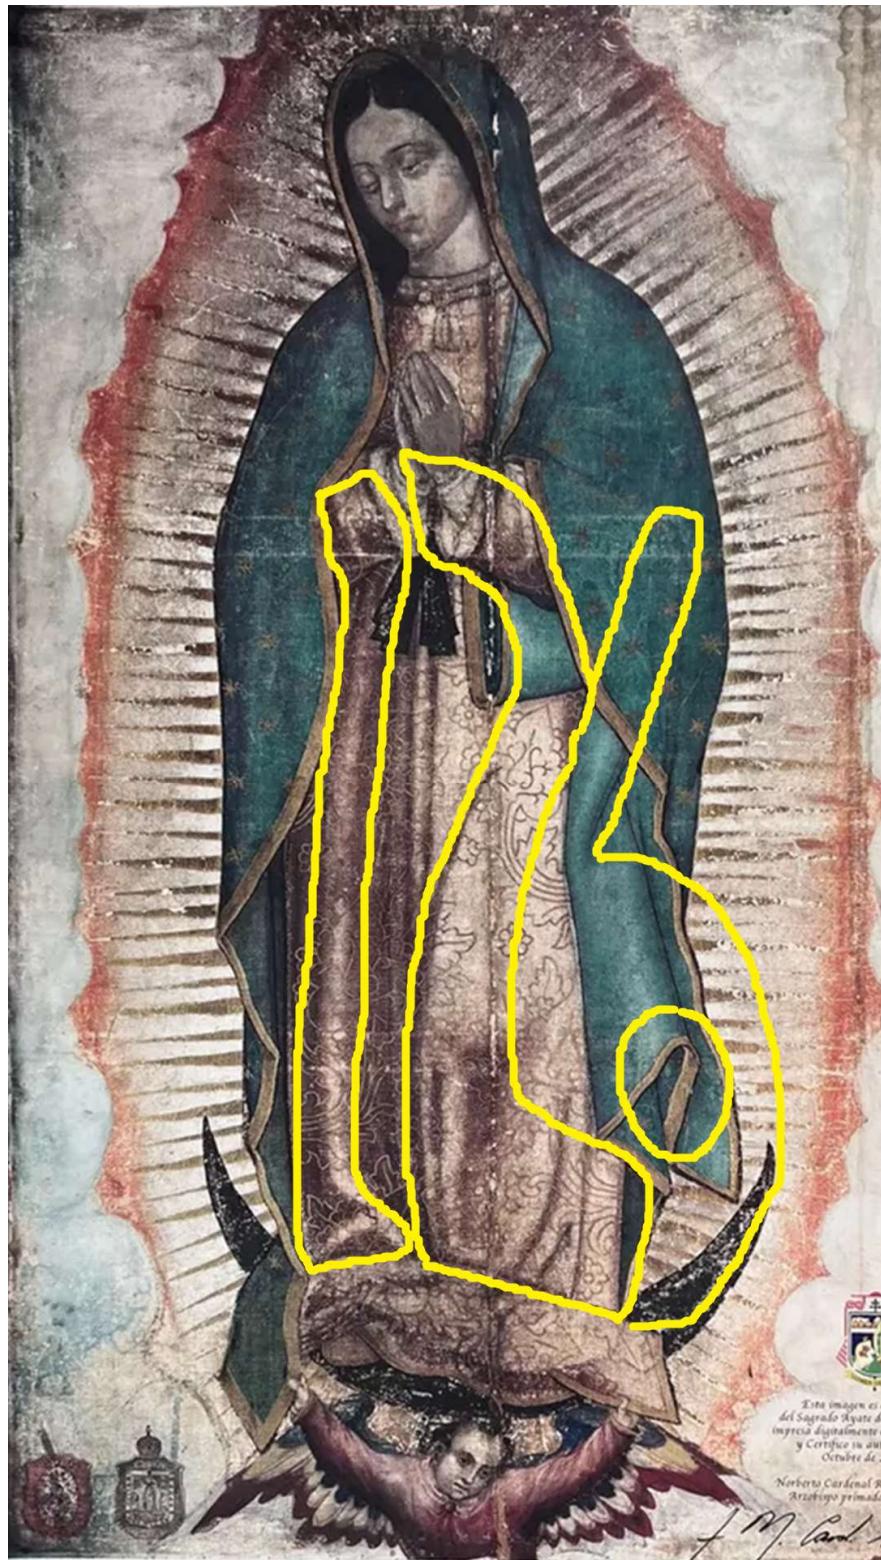

Above, 2 - 1 - 6 (February, 1st, 2026) expresses Satan's *deception date* on the Julian calendar, in the US manner –month first, day, year.

Above, 1 - 2 - 6, expresses the deception date (Julian), in the conventional manner, day, month, year: The 1st of February, 2026.

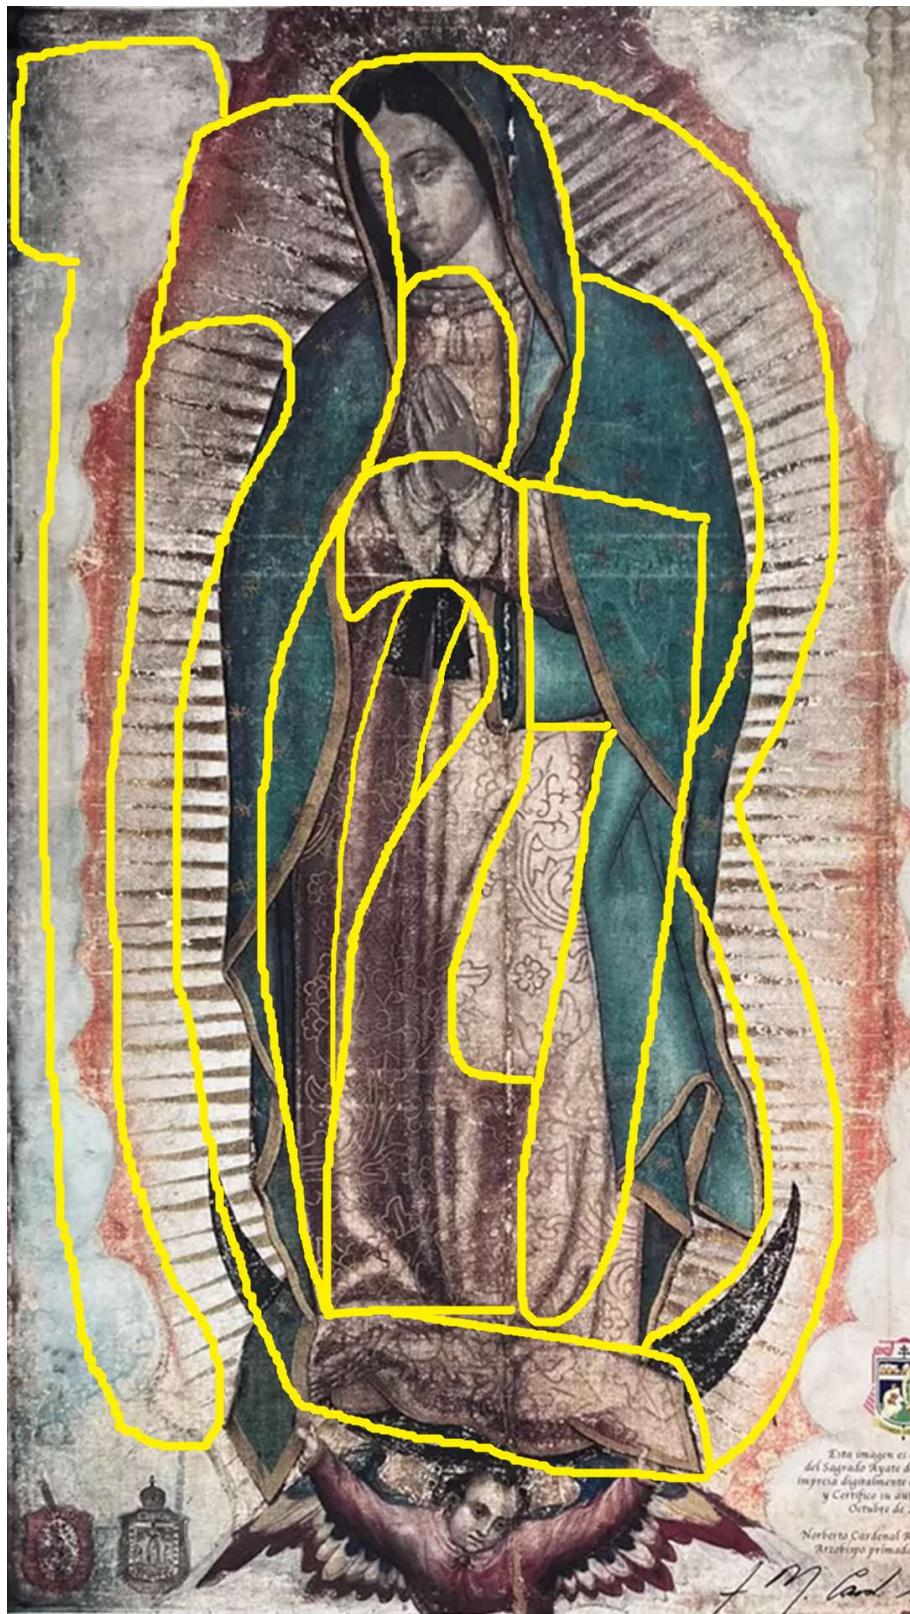

2 - 1 - 6 is a variation of the previous US-style Julian calendar deception date: February 1st, 2026.

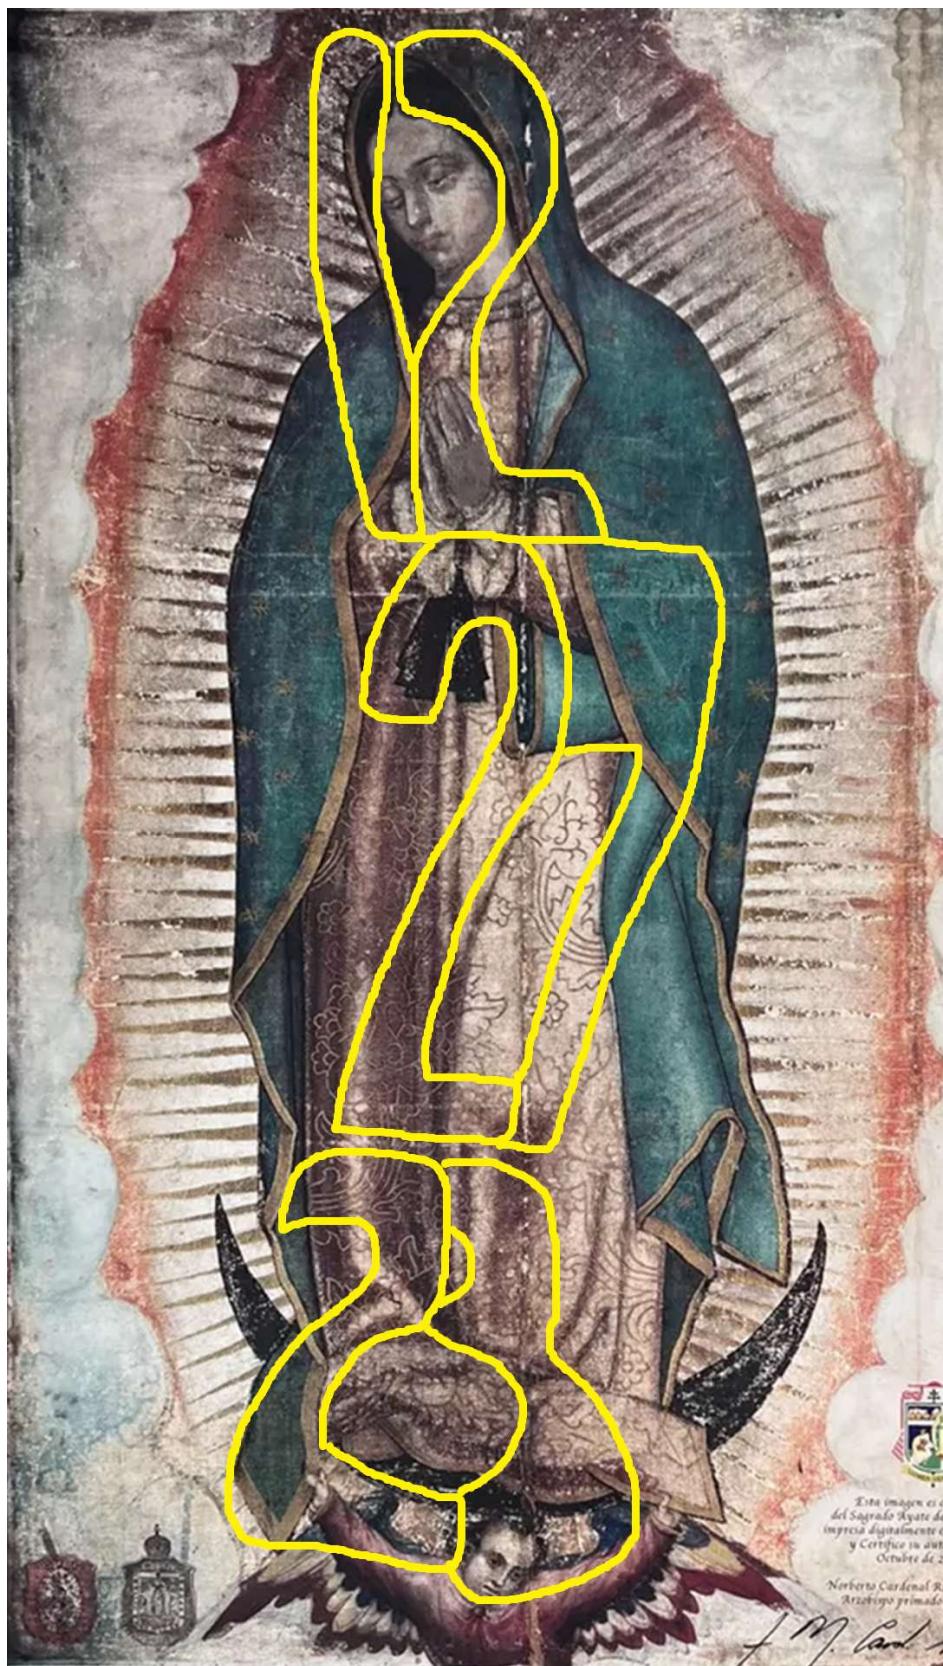

A variation of the conventional Julian deception date image: 1 - 2 - 6: The 1st of February, 2026.

For the record, God strongly prefers the Julian calendar -created to honor the birth of God's Son, Jesus.

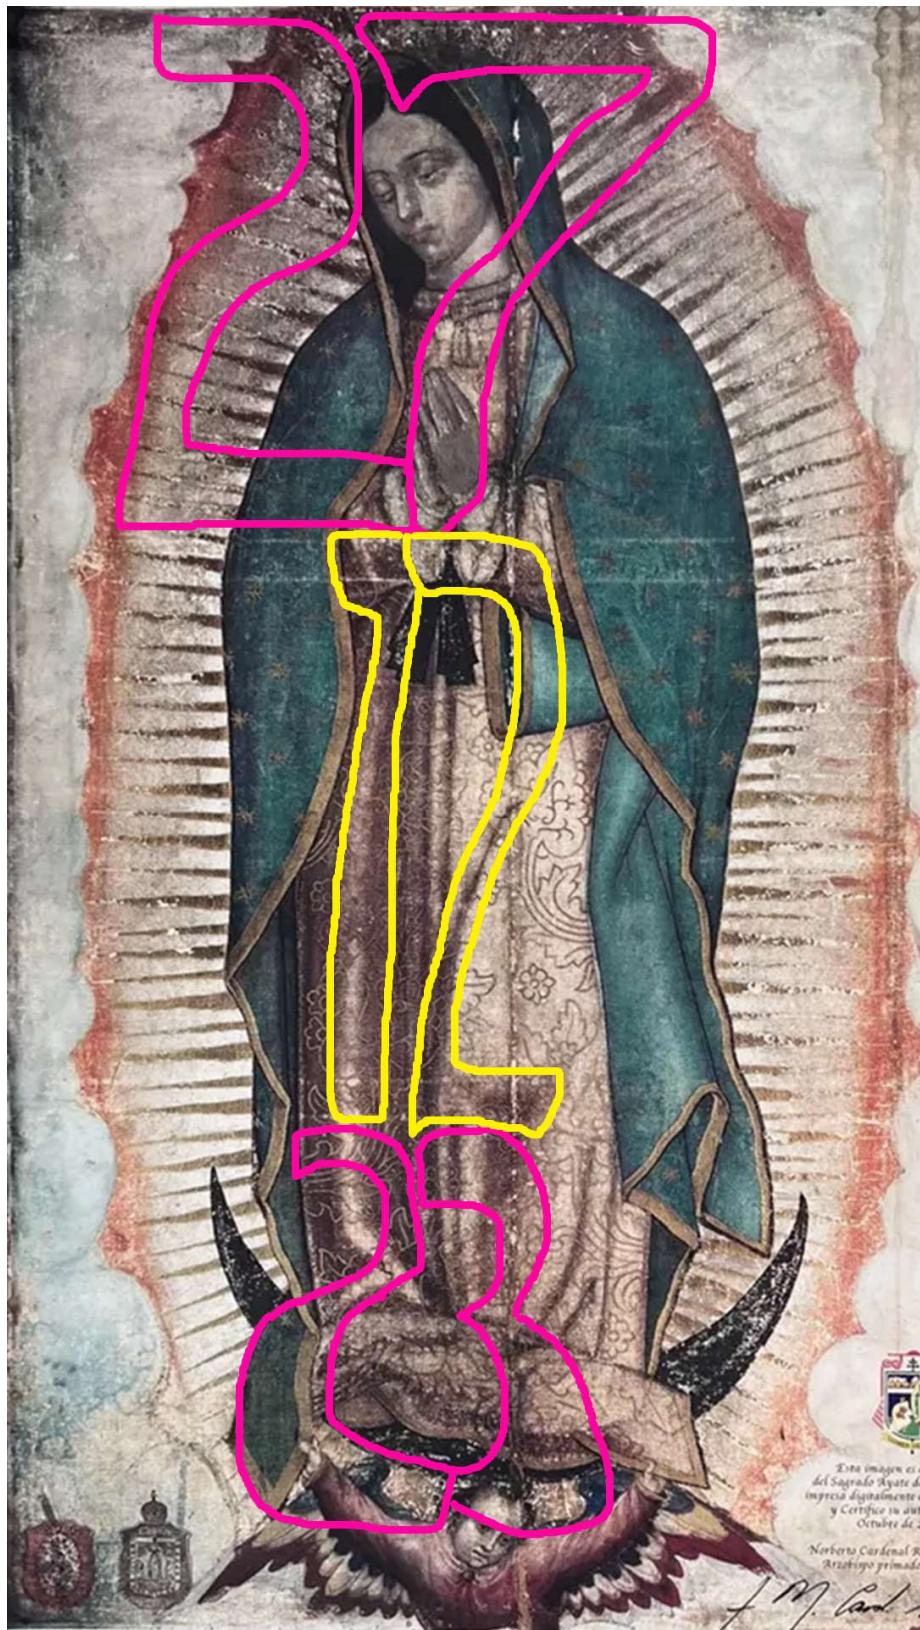

Yin Calendar

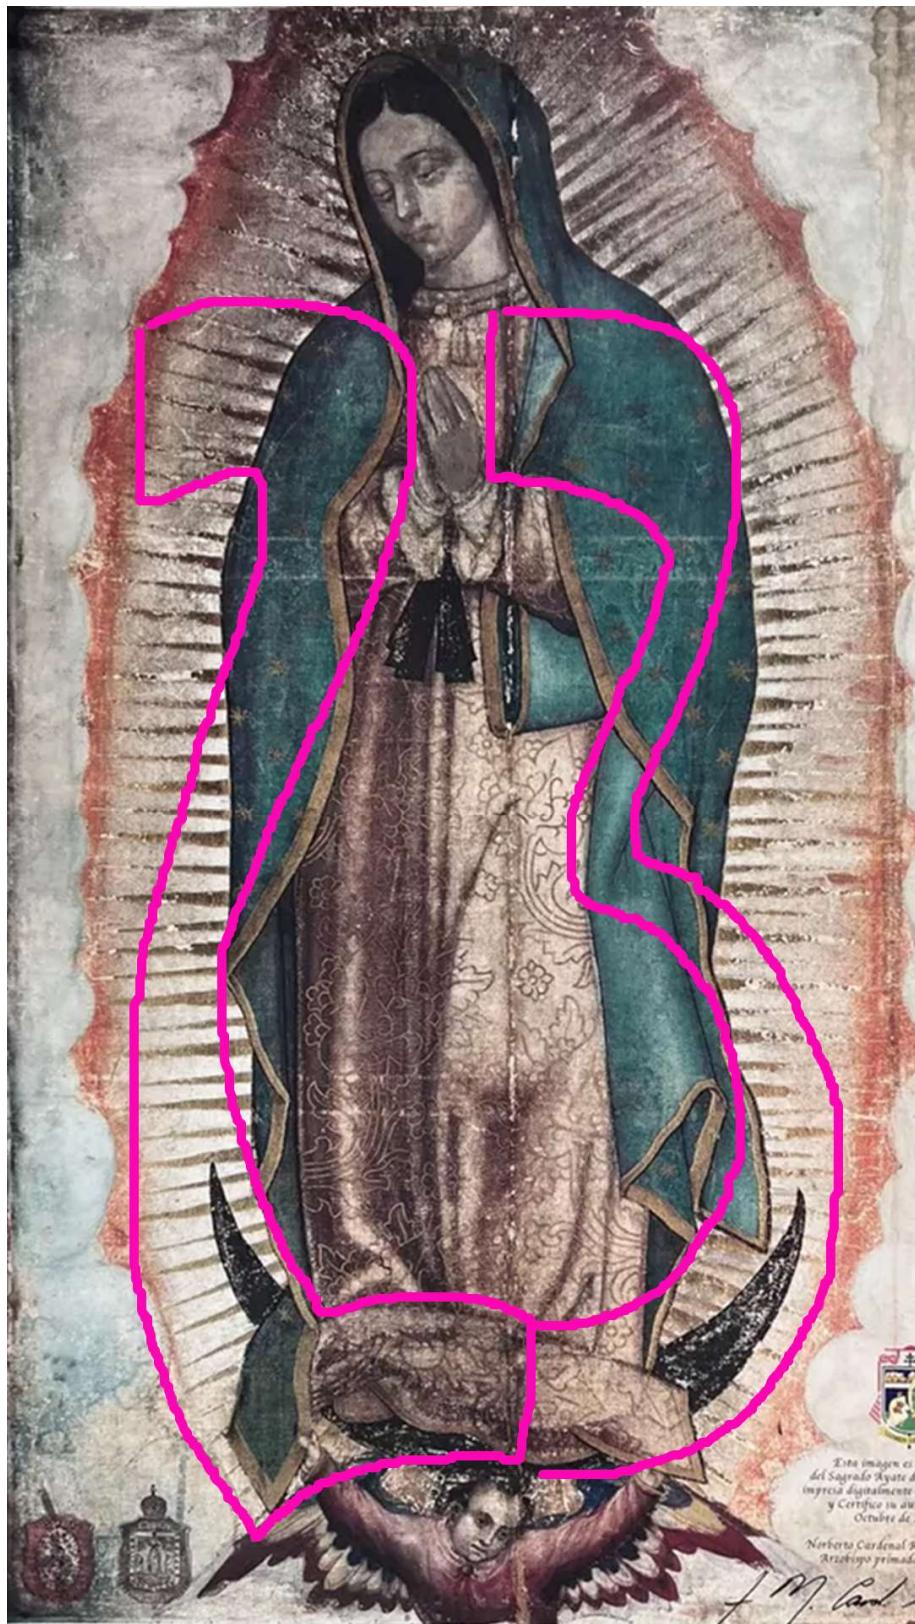

On the Yin calendar, the deception date occurs on 12th Month, 27 (day), 4723 (year),
above: 12 - 27 - 23.

Above, 12 – 27 – 23, the deception date on the Yin, 12th Month, 27, 4723.

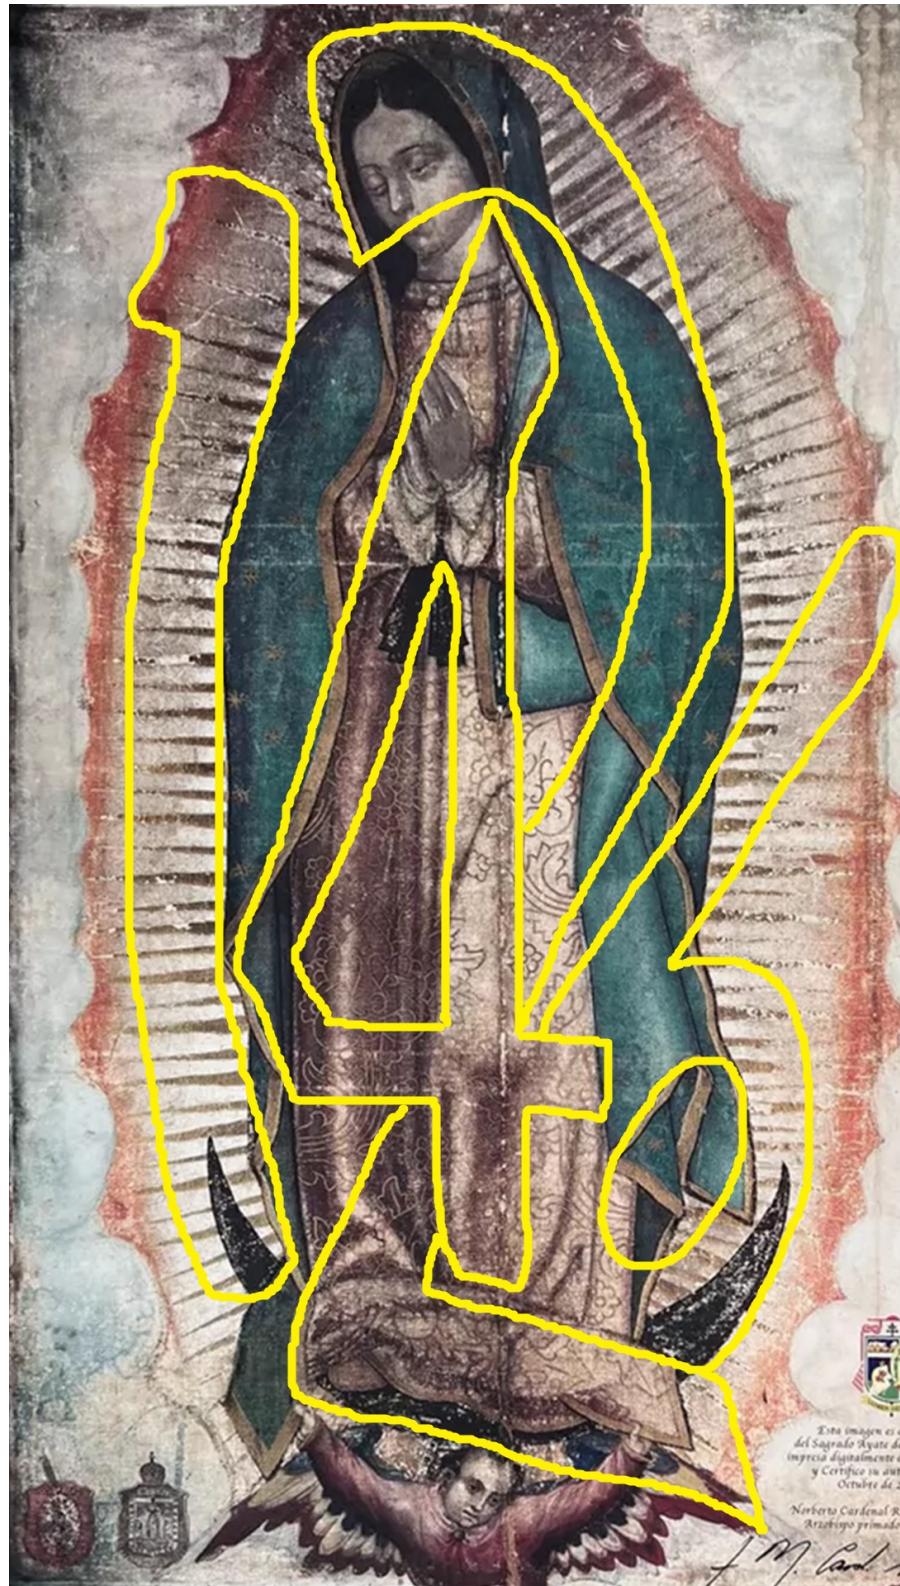

Above, a variation of the Yin date, expressed with the day of the month first, followed by the month, then the year (4723): 27 – 12 – 23.

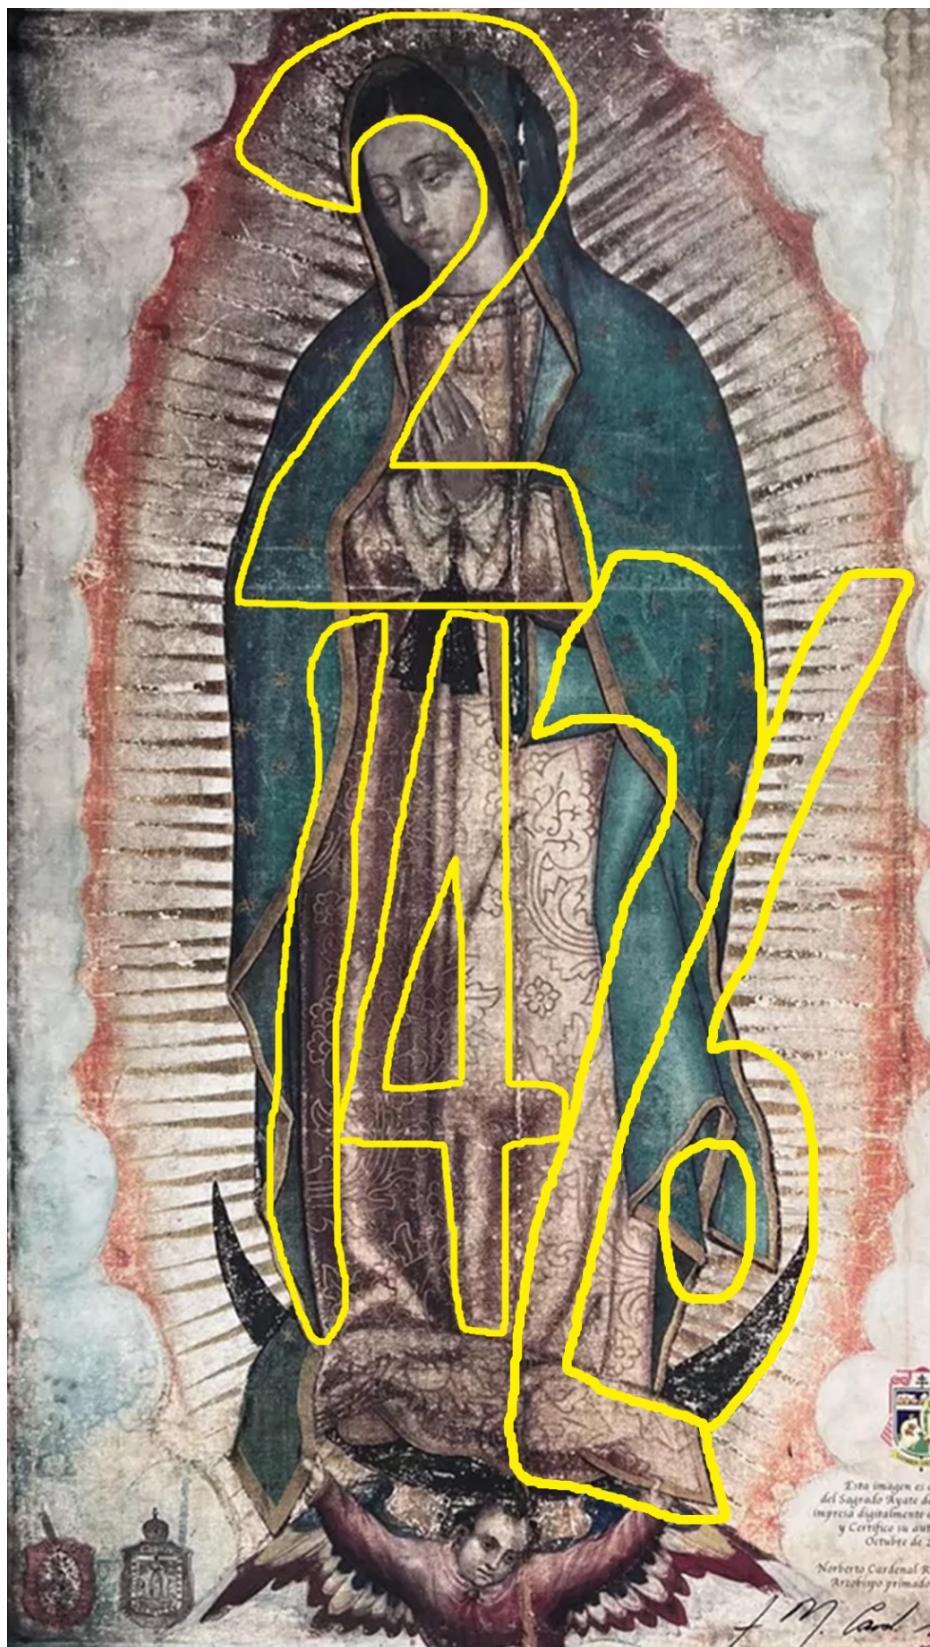

I found this obvious expression of 23, for 4723, conveying God's appreciation for the East's efforts to instill good values in their people (although God certainly believes we can all always strive to do even better).

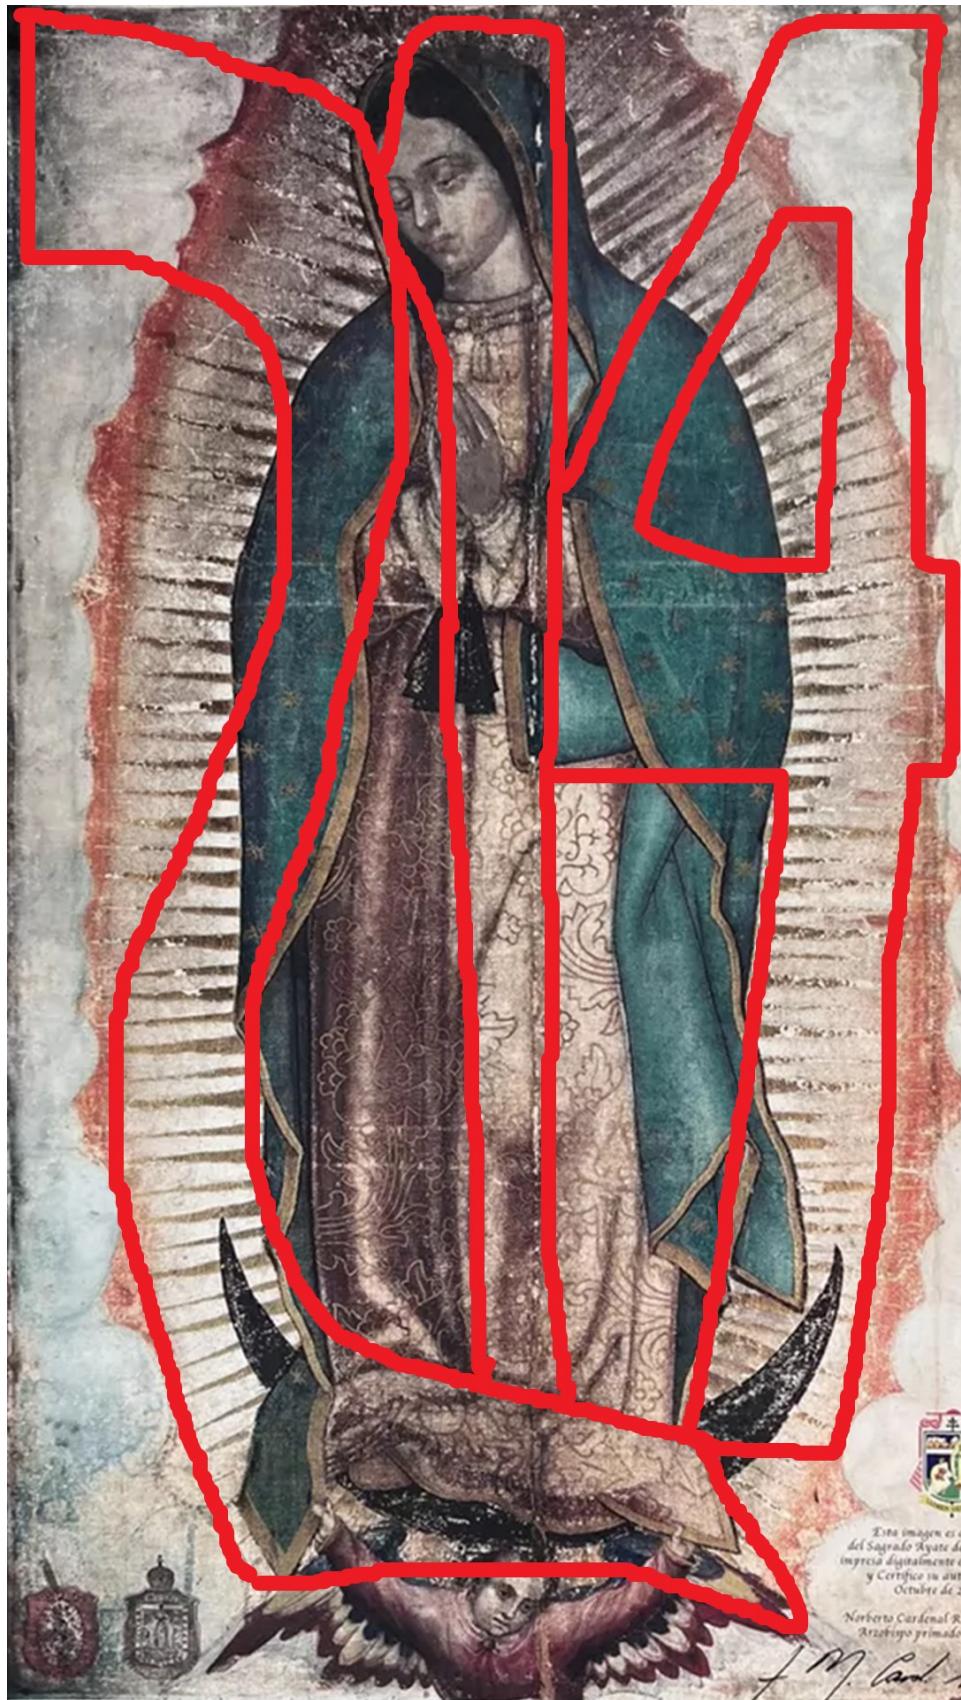

Gregorian Calendar

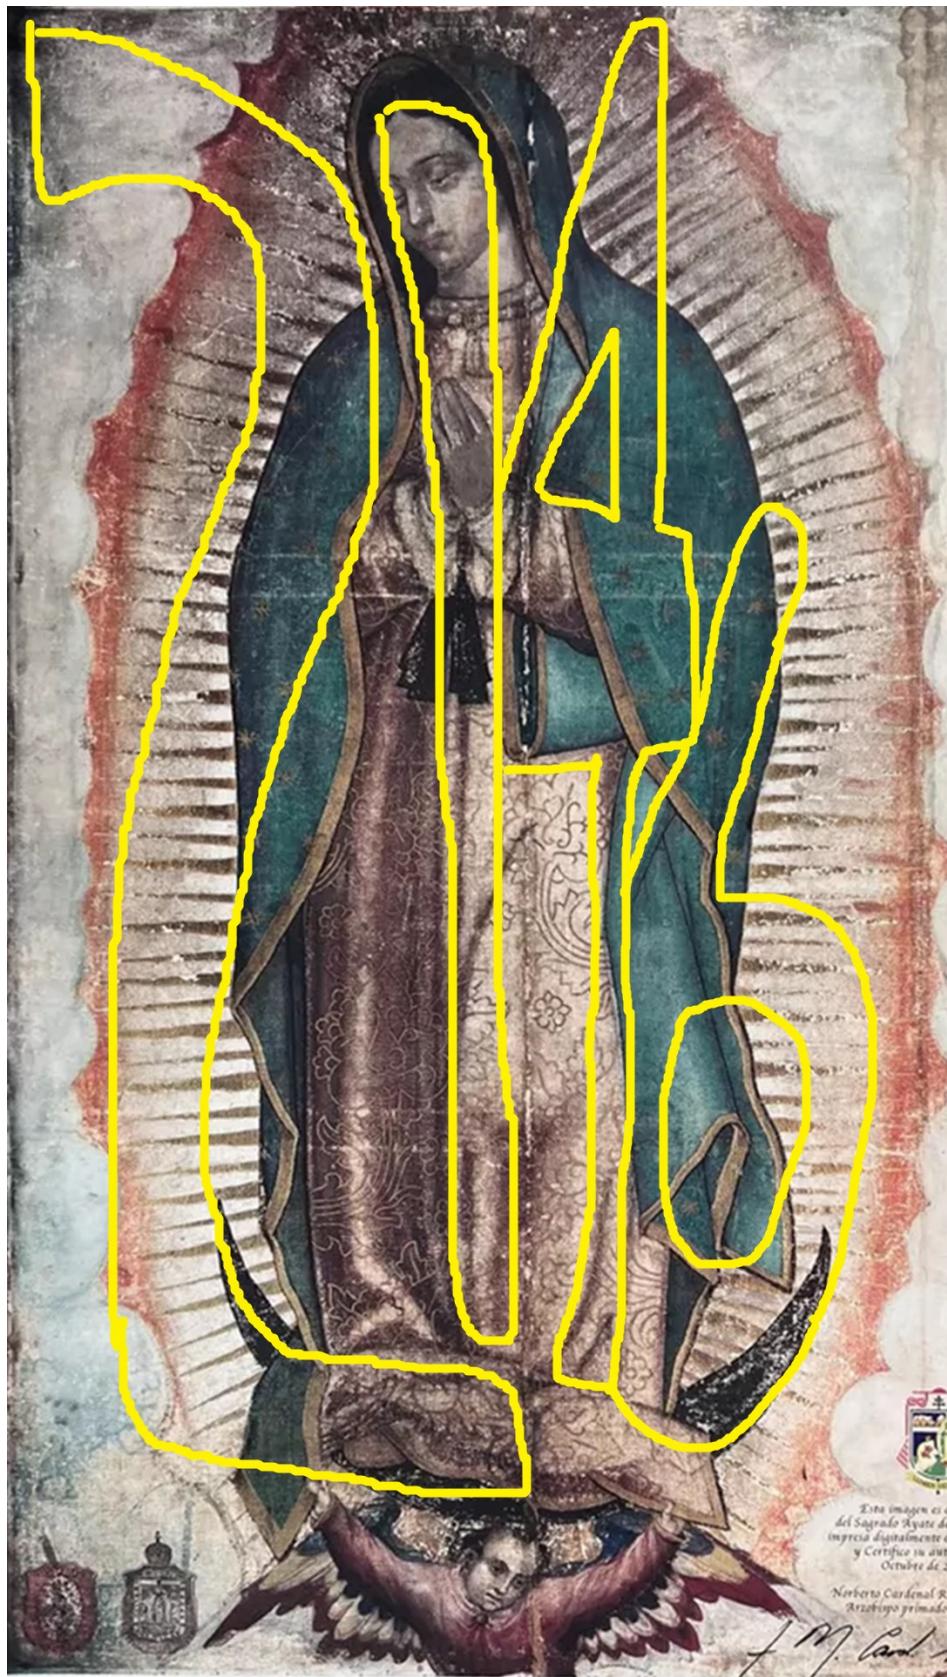

God included many expressions of the deception date, converted to the Gregorian calendar.
Above, the deception date, Gregorian, conventional style: 14 - 2 - 26 (the 14th of February, 2026).

Above, once again, God expresses the Gregorian conversion of the deception date, in the US date style: 2 – 14 – 26 (February 14th, 2026).

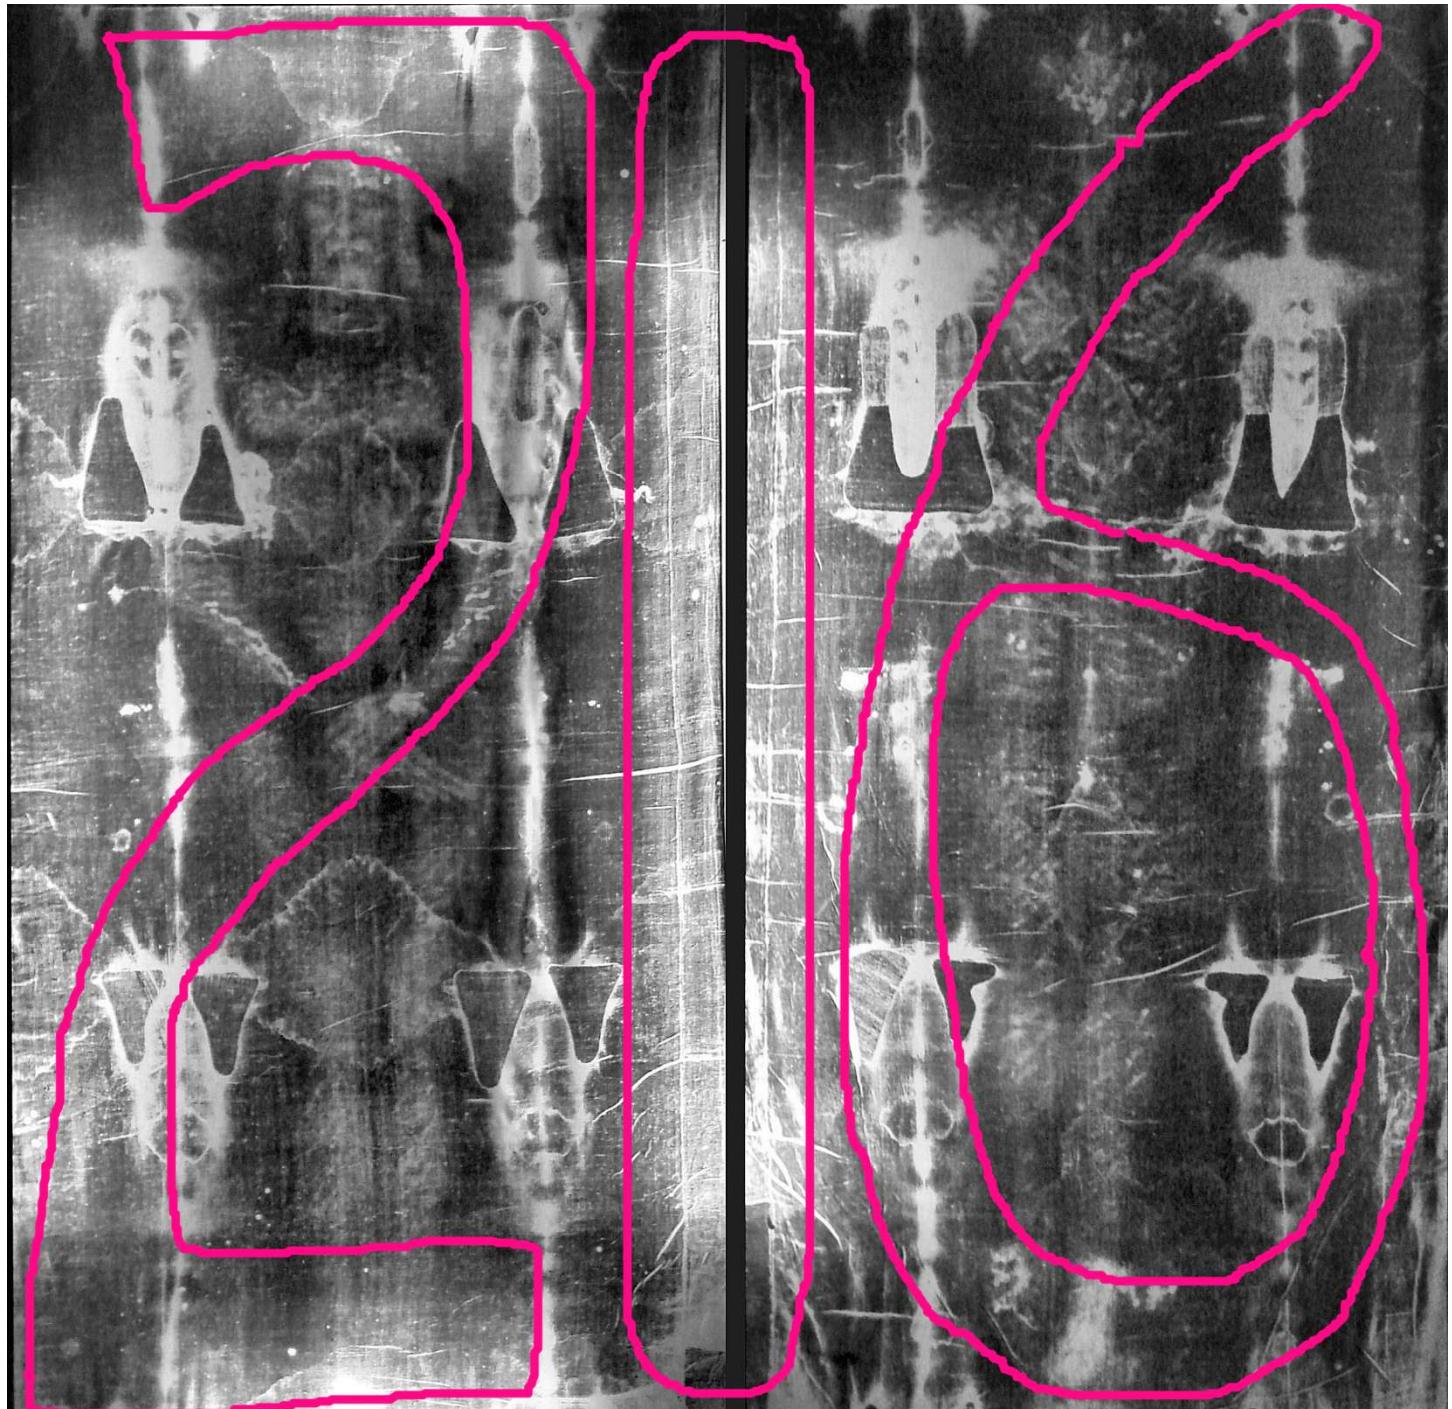

Above, another US-style expression of the deception date: February 14th.

Above, another US-style expression of the deception date: 2 – 14 – 6; February, 14th. 2026.

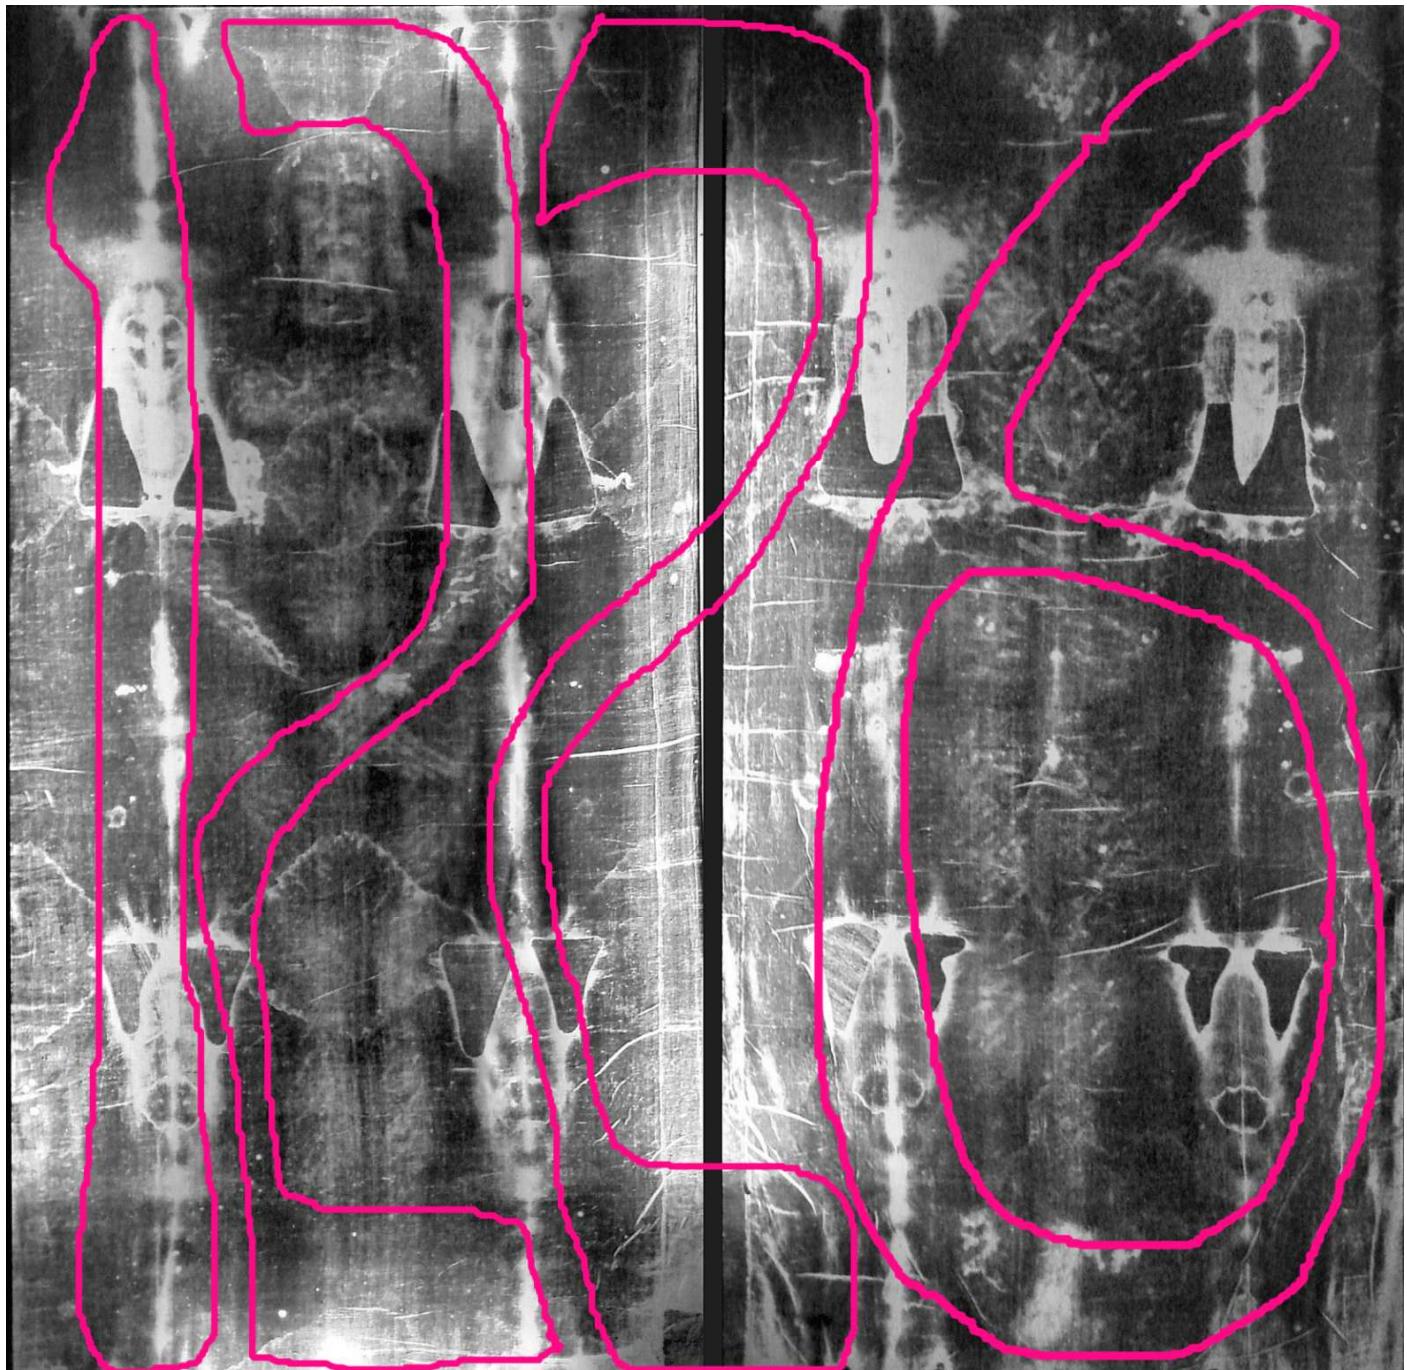

The Deception Date in The Shroud of Turin In the Julian Calendar

2 - 1 - 6, the US-style deception date expression, February 1st, 2026.

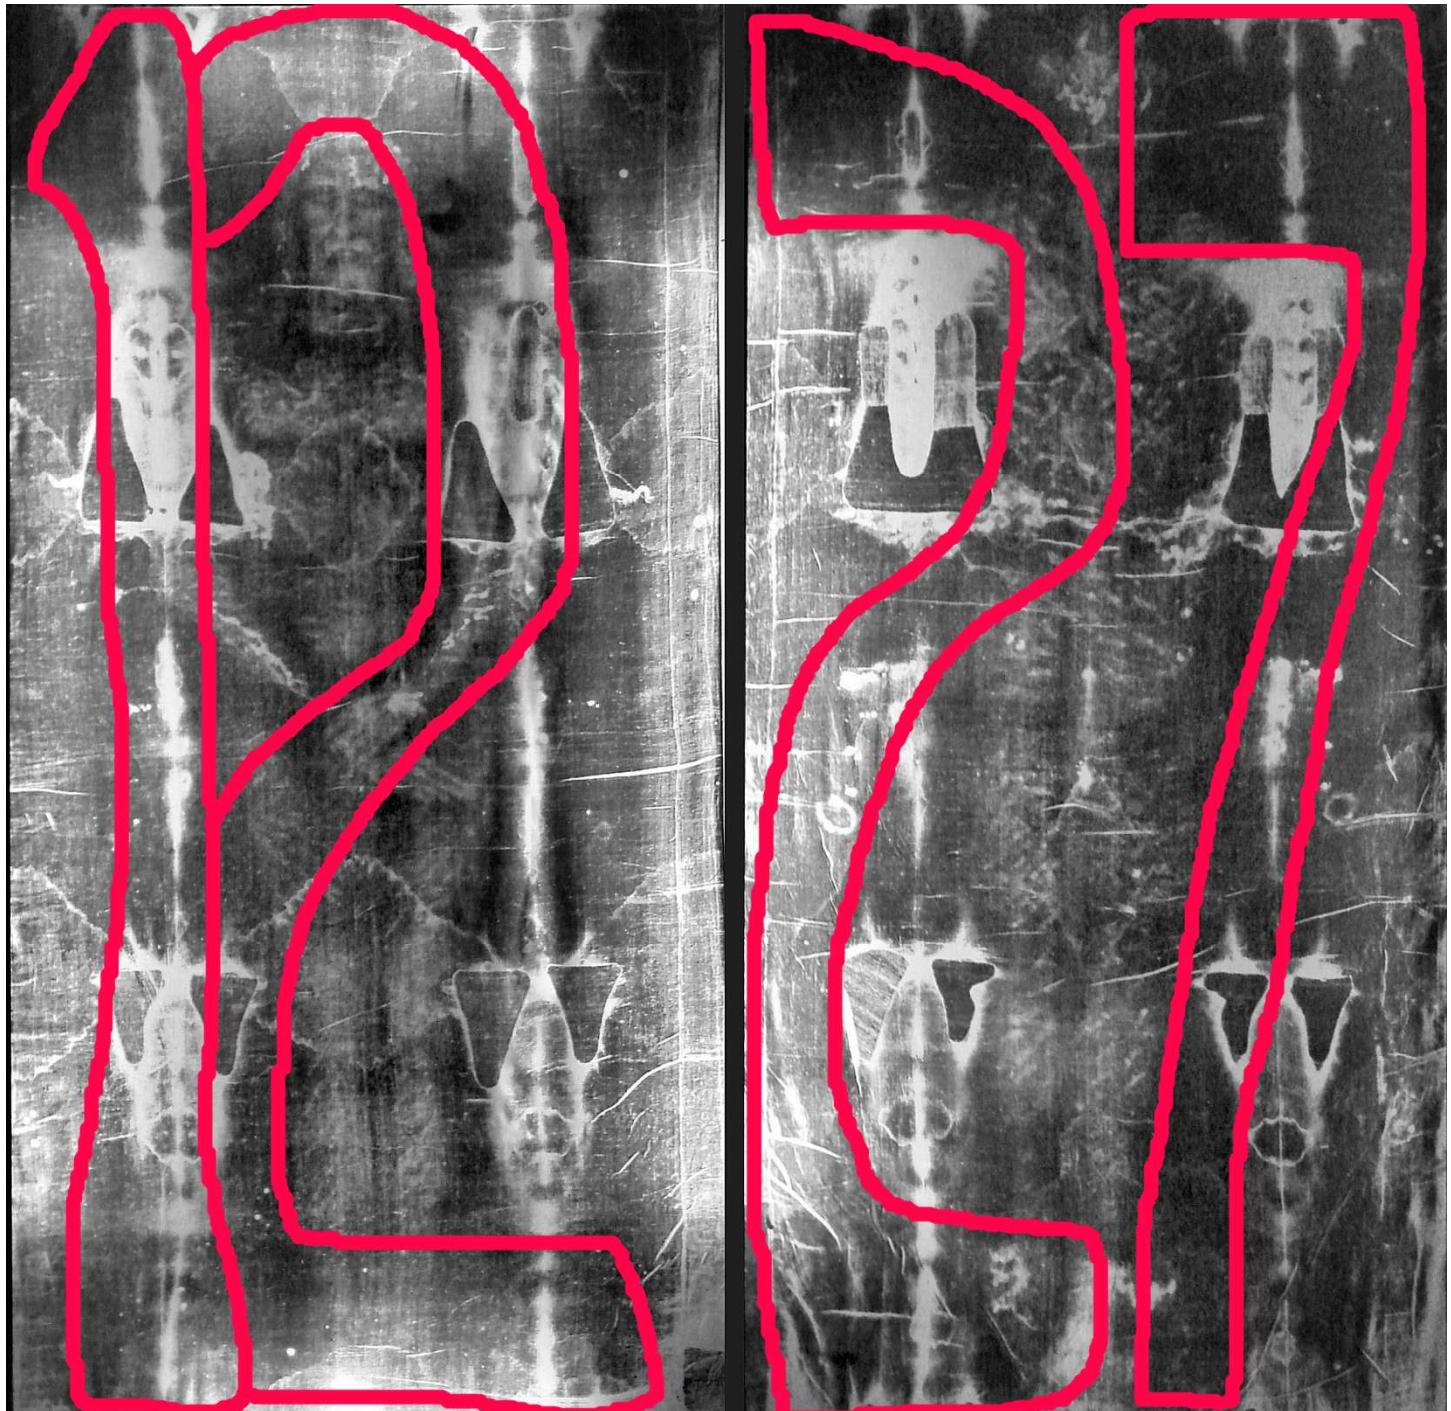

The conventional Julian deception date expression: 1 – 2 – 6 (the 1st of February, 2026).

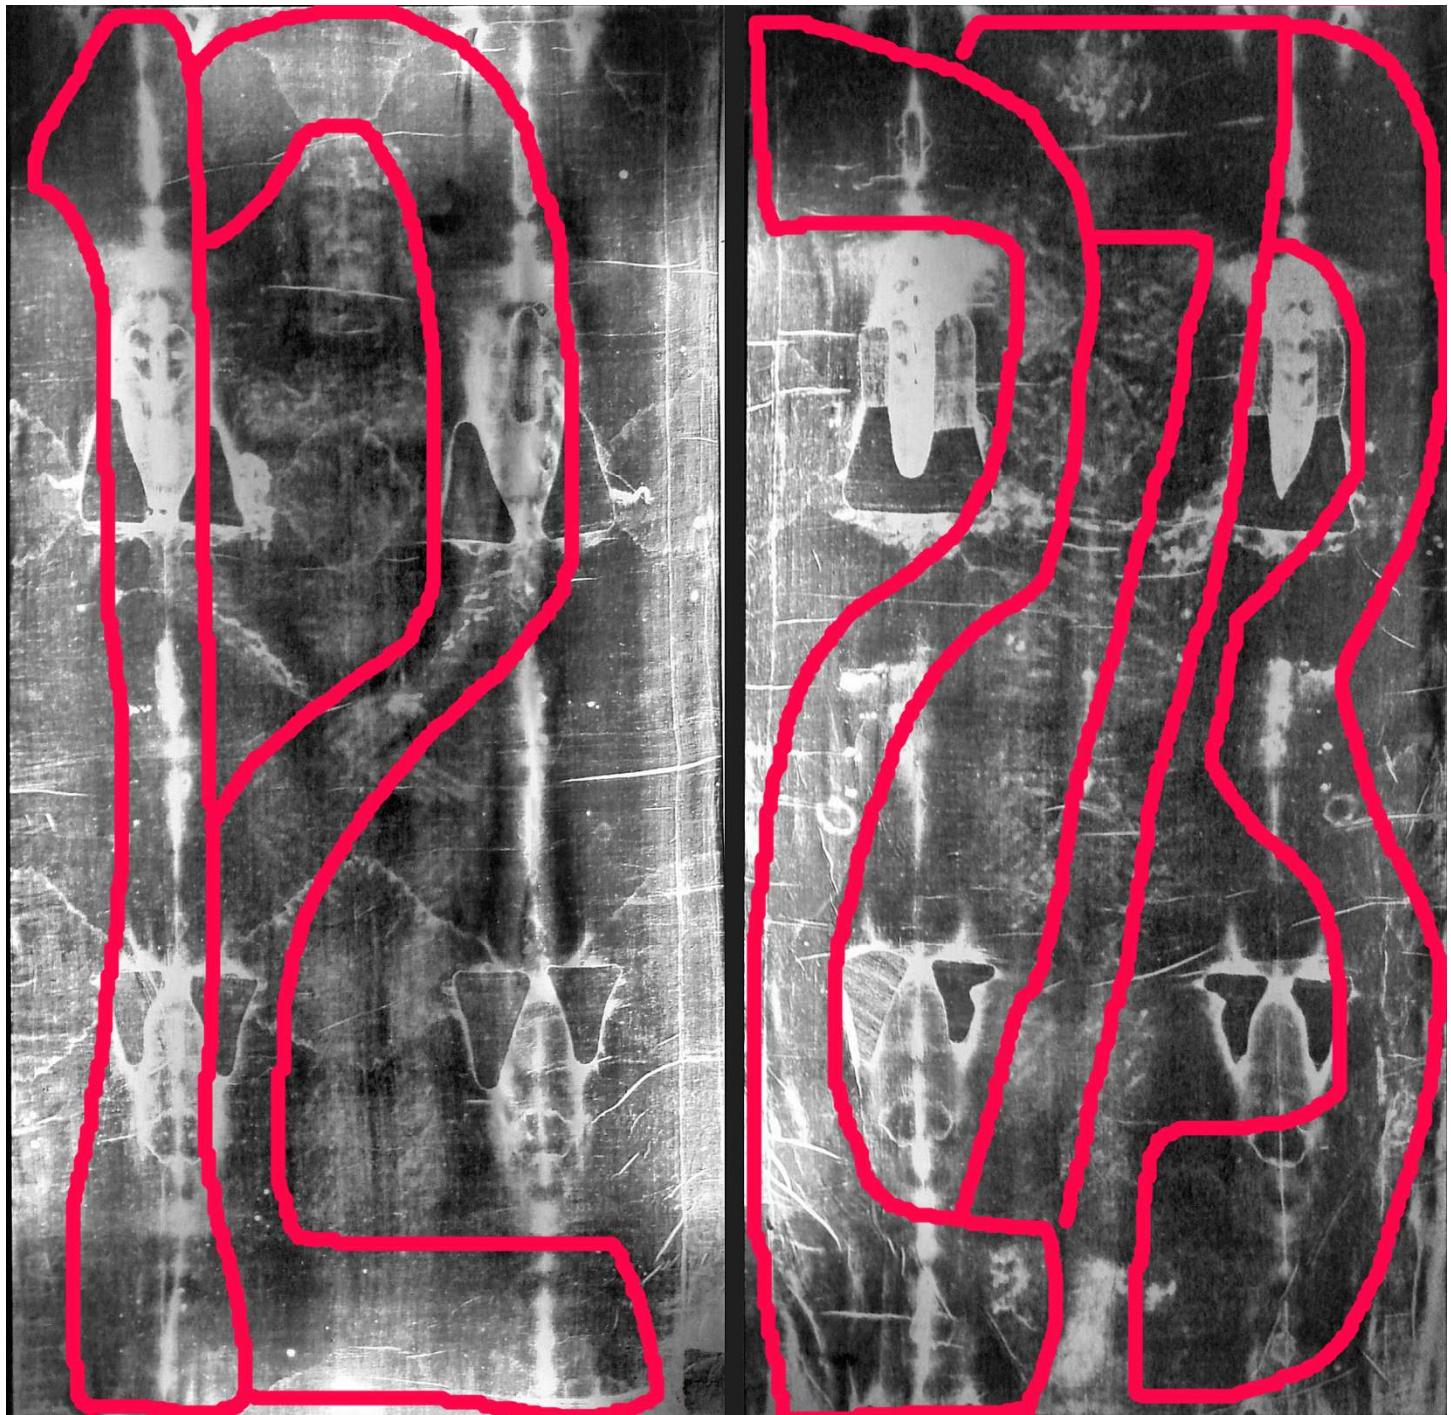

A variation of the conventional Julian deception date expression: 1 - 2 - 26 (the 1st of February, 2026).

Yin Calendar

The deception date, converted to the Yin calendar; 12 – 27 (12th Month, 27th day).

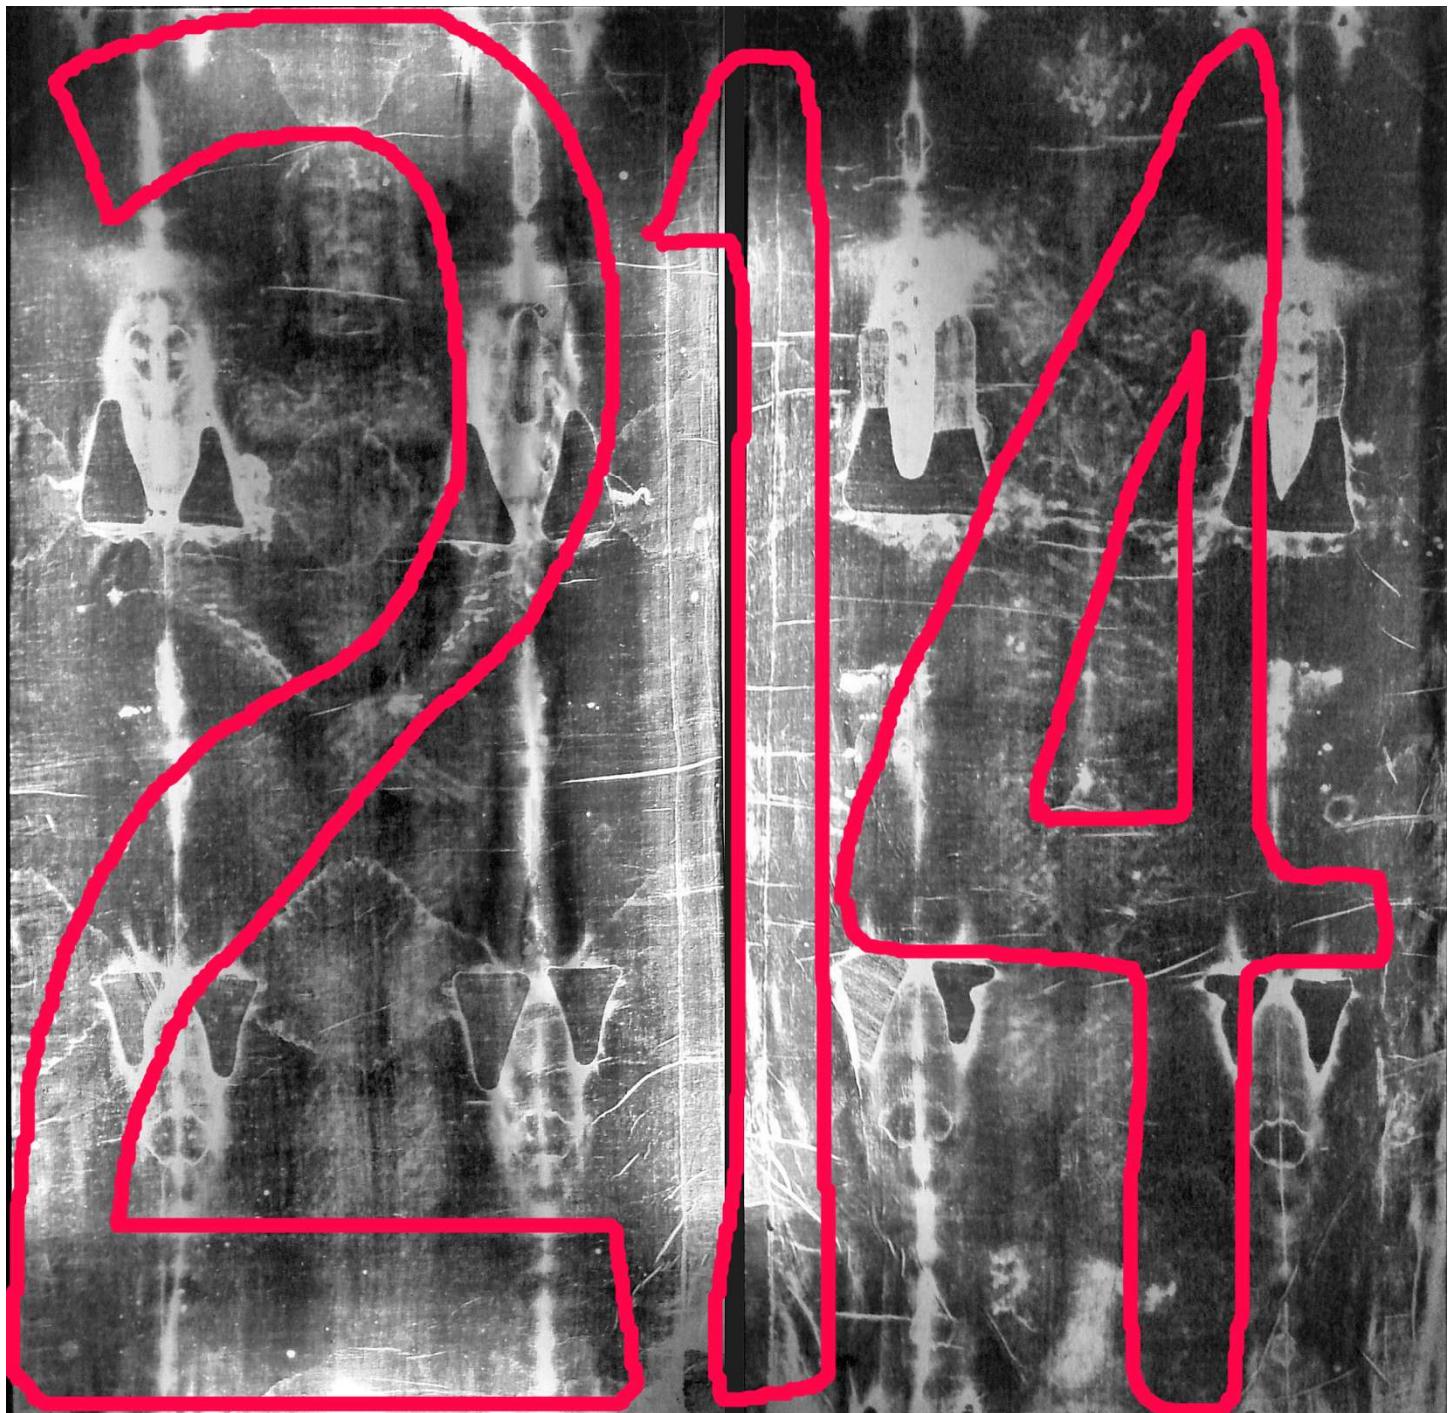

Once again, the deception date, with year, converted to the Yin calendar: 12 – 27 – 3 (12th Month, 27th day, 4723).

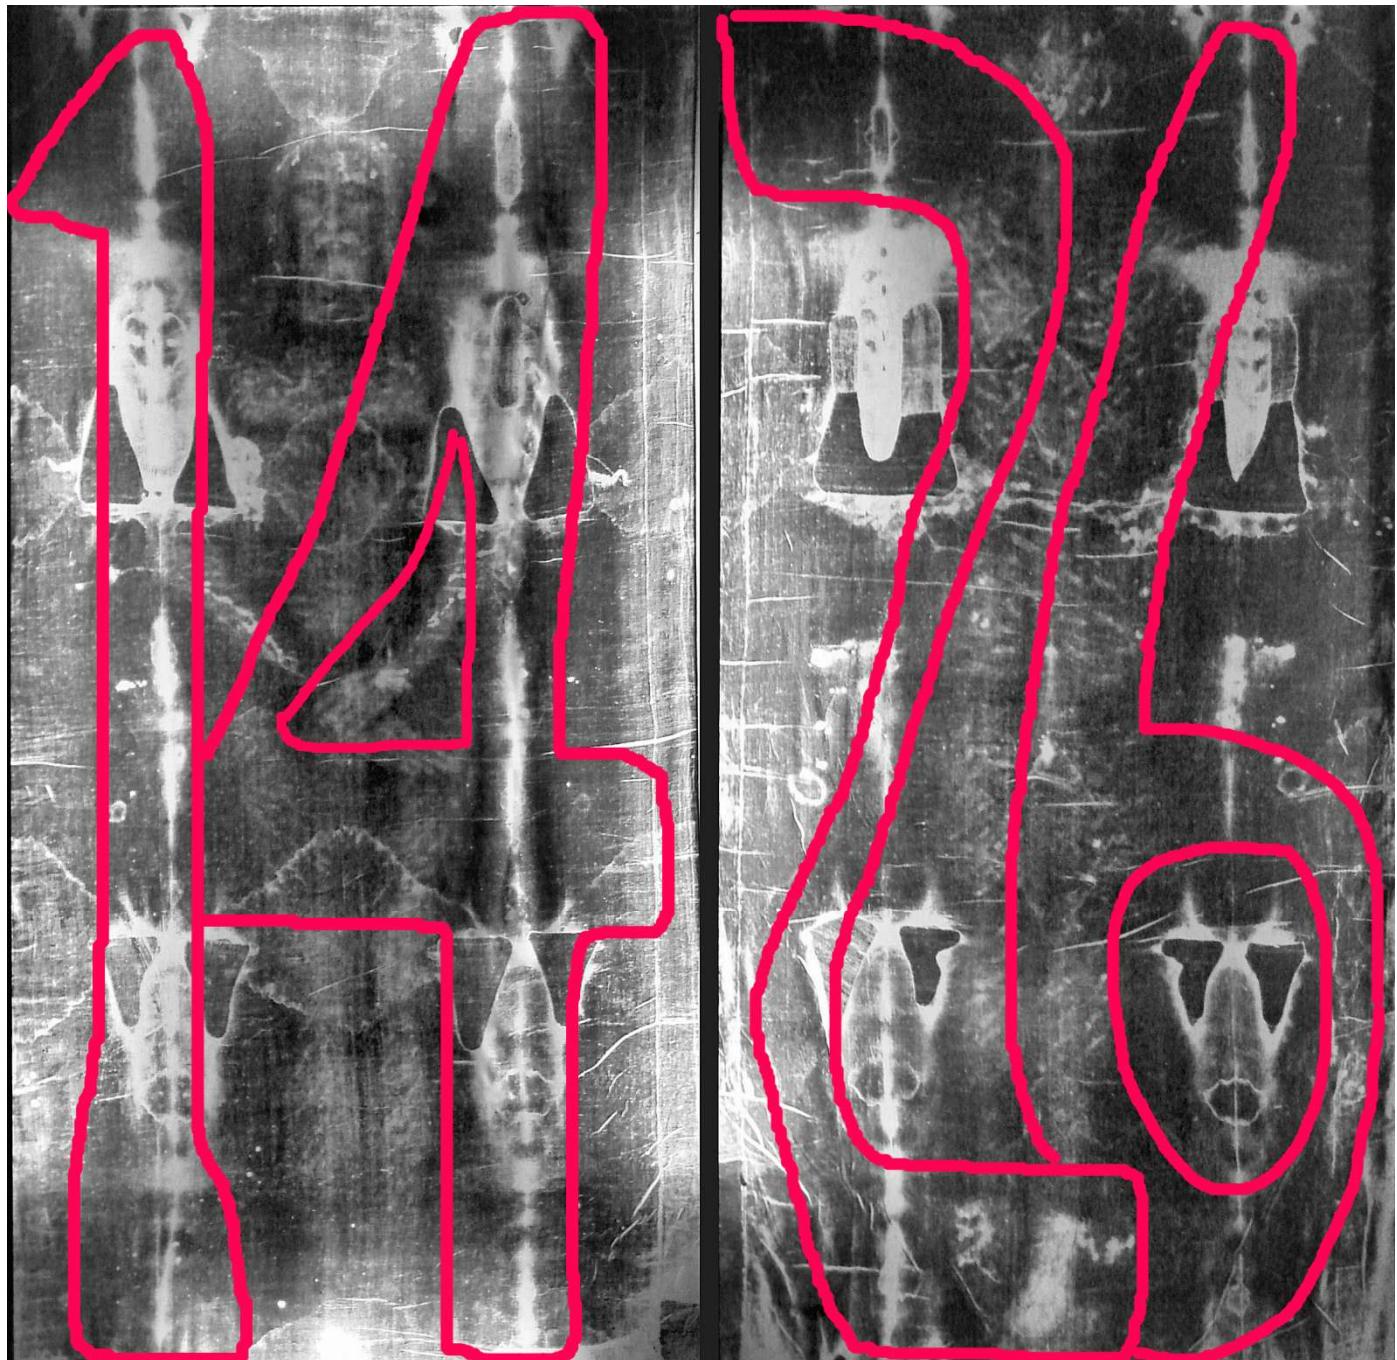

Above, a day -first variation (day, month, year) of the Yin date: 27 – 12 – 3 (27th day, 12th Month, 4723).

Gregorian Calendar

Above, the Gregorian conversion of the deception date, in US style date expression: 2 – 14 (February 14th).

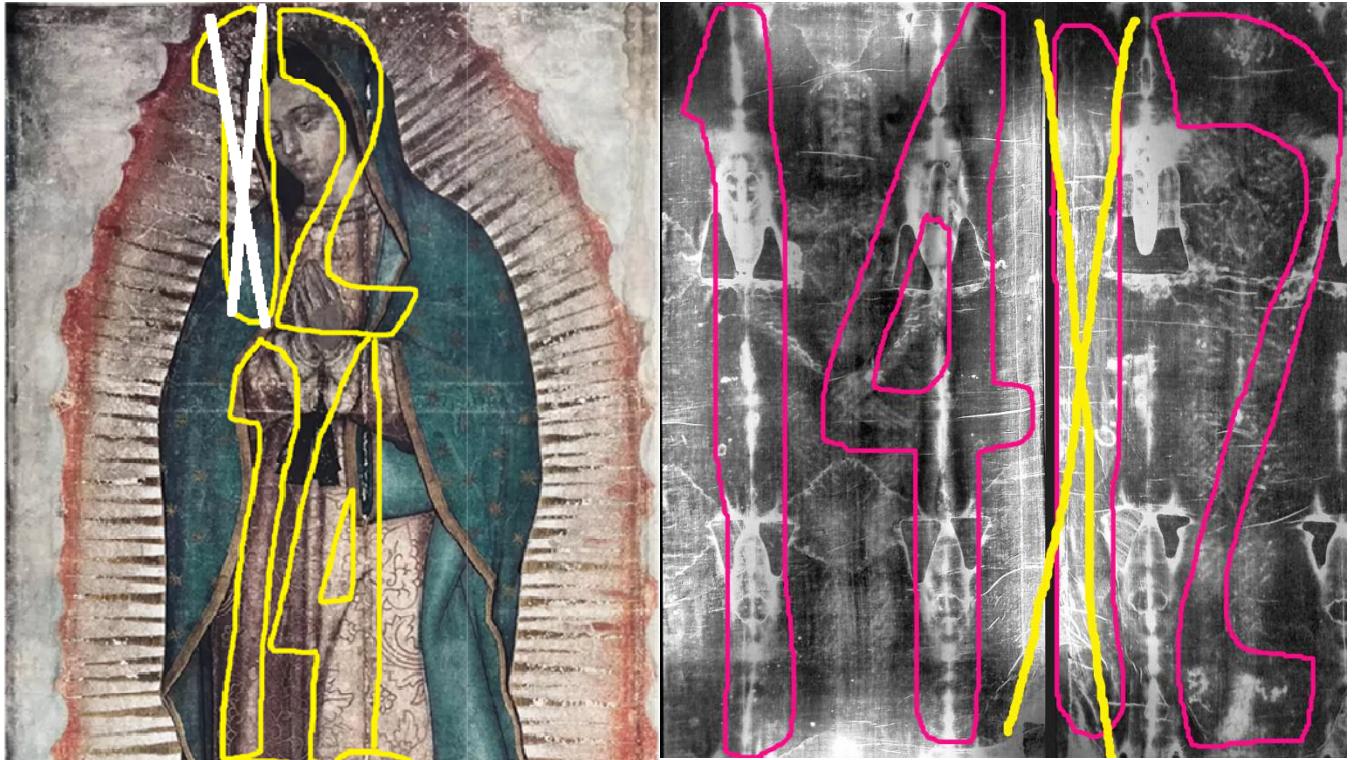

Above the conventional expression of the Gregorian conversion of the deception date: 14 – 2 – 6 (the 14th of February, 2026).

OUTRO

Early January 2026 (Greg.), when I found Satan's AI images of his deception date (February 1st, 2026), I assumed the date was on Gregorian calendar, since he and the West created the Gregorian calendar. But February 2nd, 2026 (Gregorian), I learned the deception had to be on the Julian calendar. This created two problems: (1) I had to revise "The Deception Day" PDF, and (2) changing the date to Julian meant that the Julian calendar and Yin calendar numerical images I published in *The Deception Day* were incorrect, at best. Thus, I felt I should address this.

God hid the One Hour War (OHW) times and date in *Nuestra Señora de Guadalupe* and *The Shroud of Turin*, respectively. **Curiously, the mistaken Gregorian deception dates that I saw in Nuestra and the Shroud were only about one number away from the OHW date.** Nonetheless, to bolster confidence in the new Julian-based *deception date* images in this mini-book, below I present 5 of the previous incorrect date images from *Nuestra Señora*, and below those images I present 4 of the new correct date images. As you see, the new images are higher quality, tending to suggest they are correct.

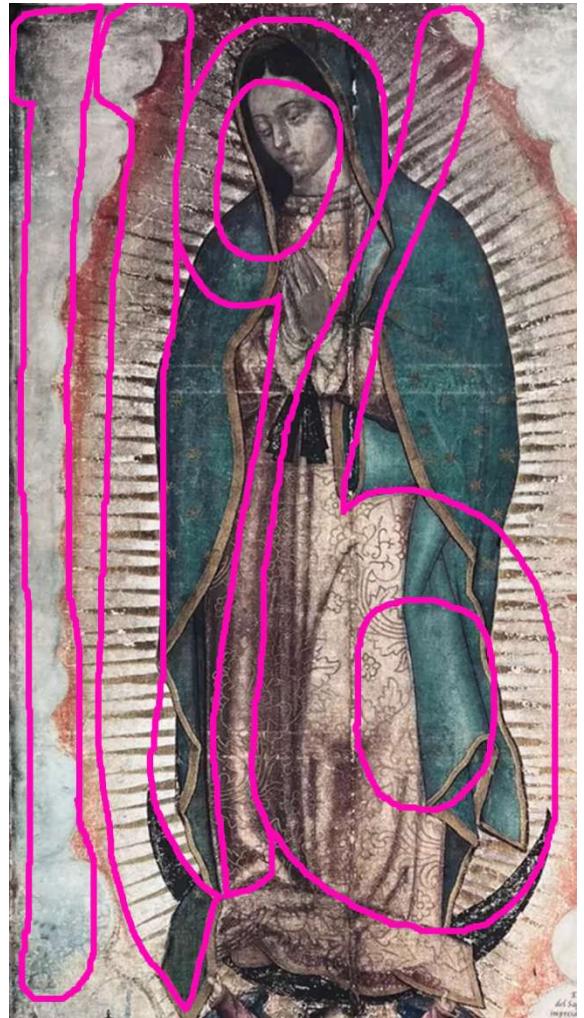

Above, 12 14 or 14 12, represents the previous mistaken Yin deception date (**12th Month, 14th day, 4723**), when I erroneously assumed the event was on the Gregorian calendar. If we omit the 1 in the number 12 (as I have crossed out the 1's in the images above), we get the number 2 14, or 14 2, which is the new deception date –if we convert the new Julian date back to Gregorian: **February 14th, 2026**.

And to the right, one of the previous images of the mistaken Gregorian-based deception day: **1/19/6**, or January 19th, 2026. This is similar to the Yin date of the One Hour War: **11/19/23**: 11 Month, 19, 4723.

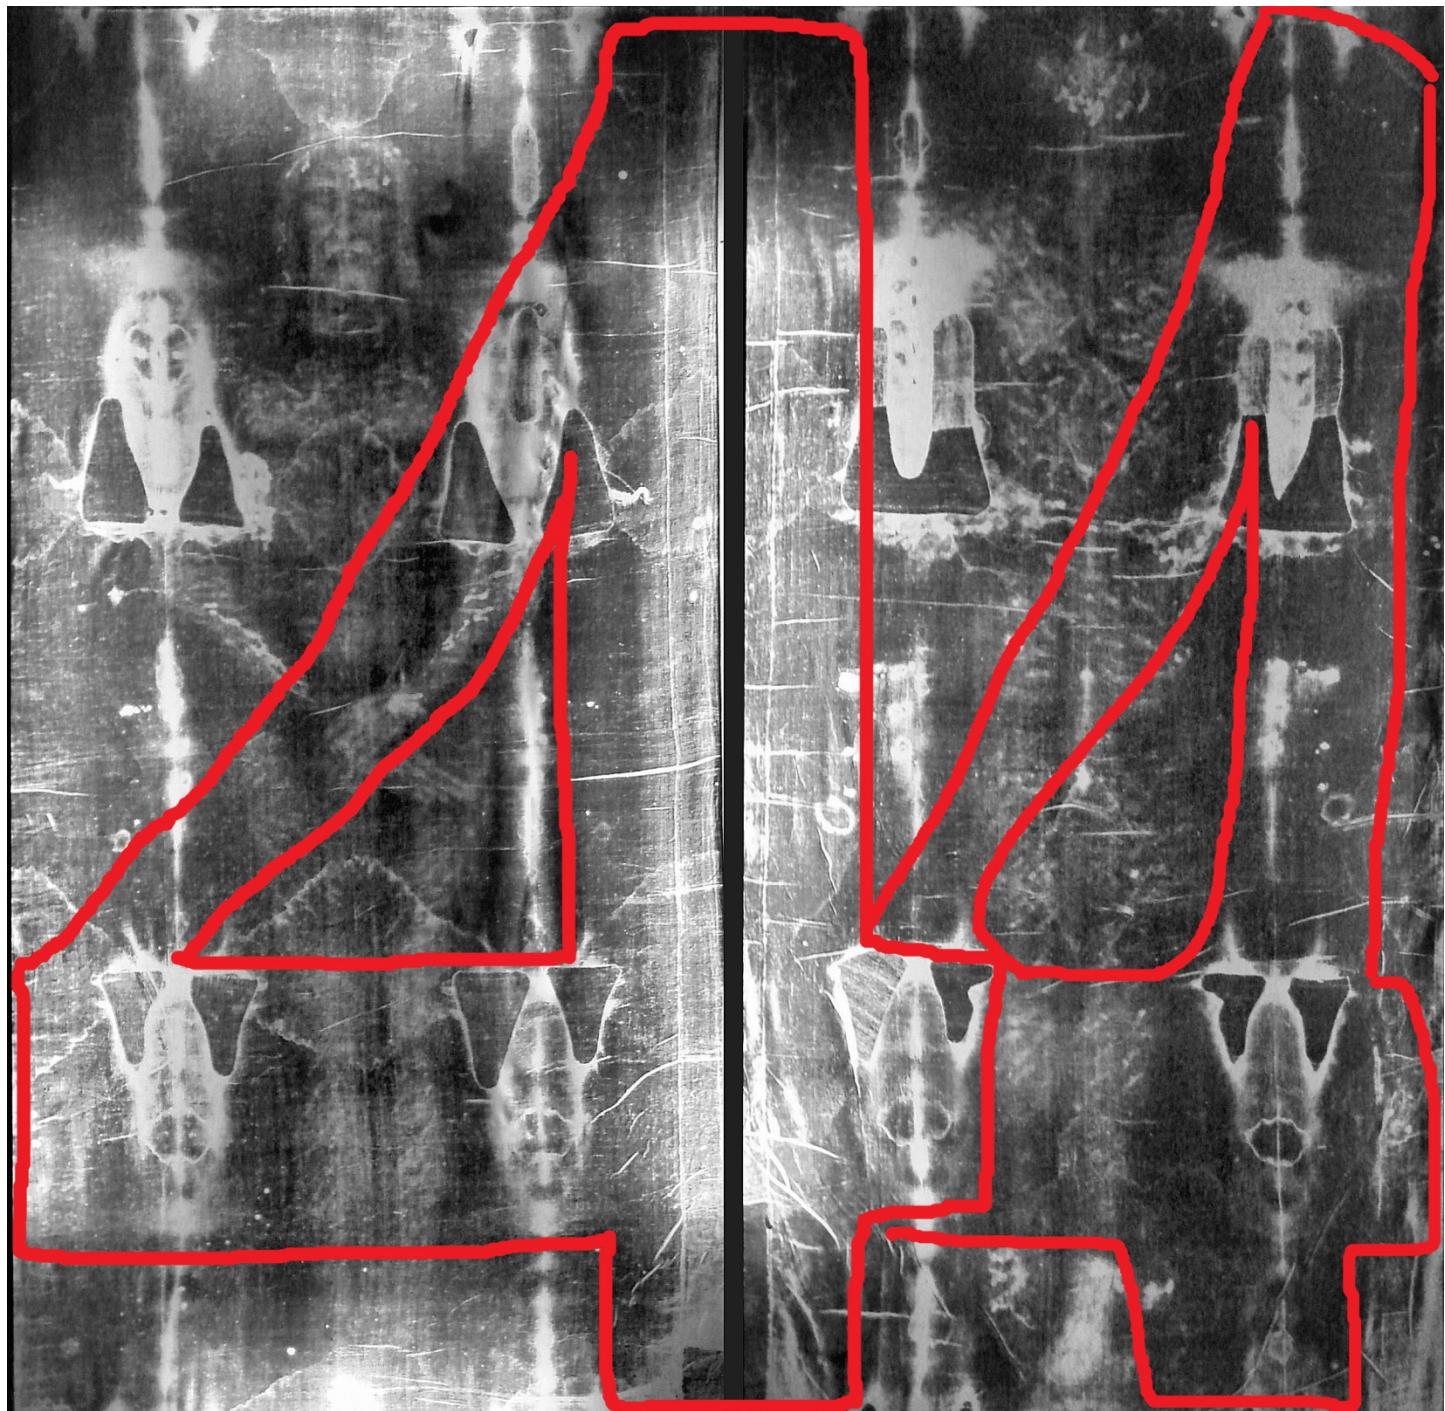

So, although the previous Gregorian-base deception date numbers were incorrect, I was seeing numbers that were certainly in *Nuestra Señora de Guadalupe* and the Shroud of Turin.

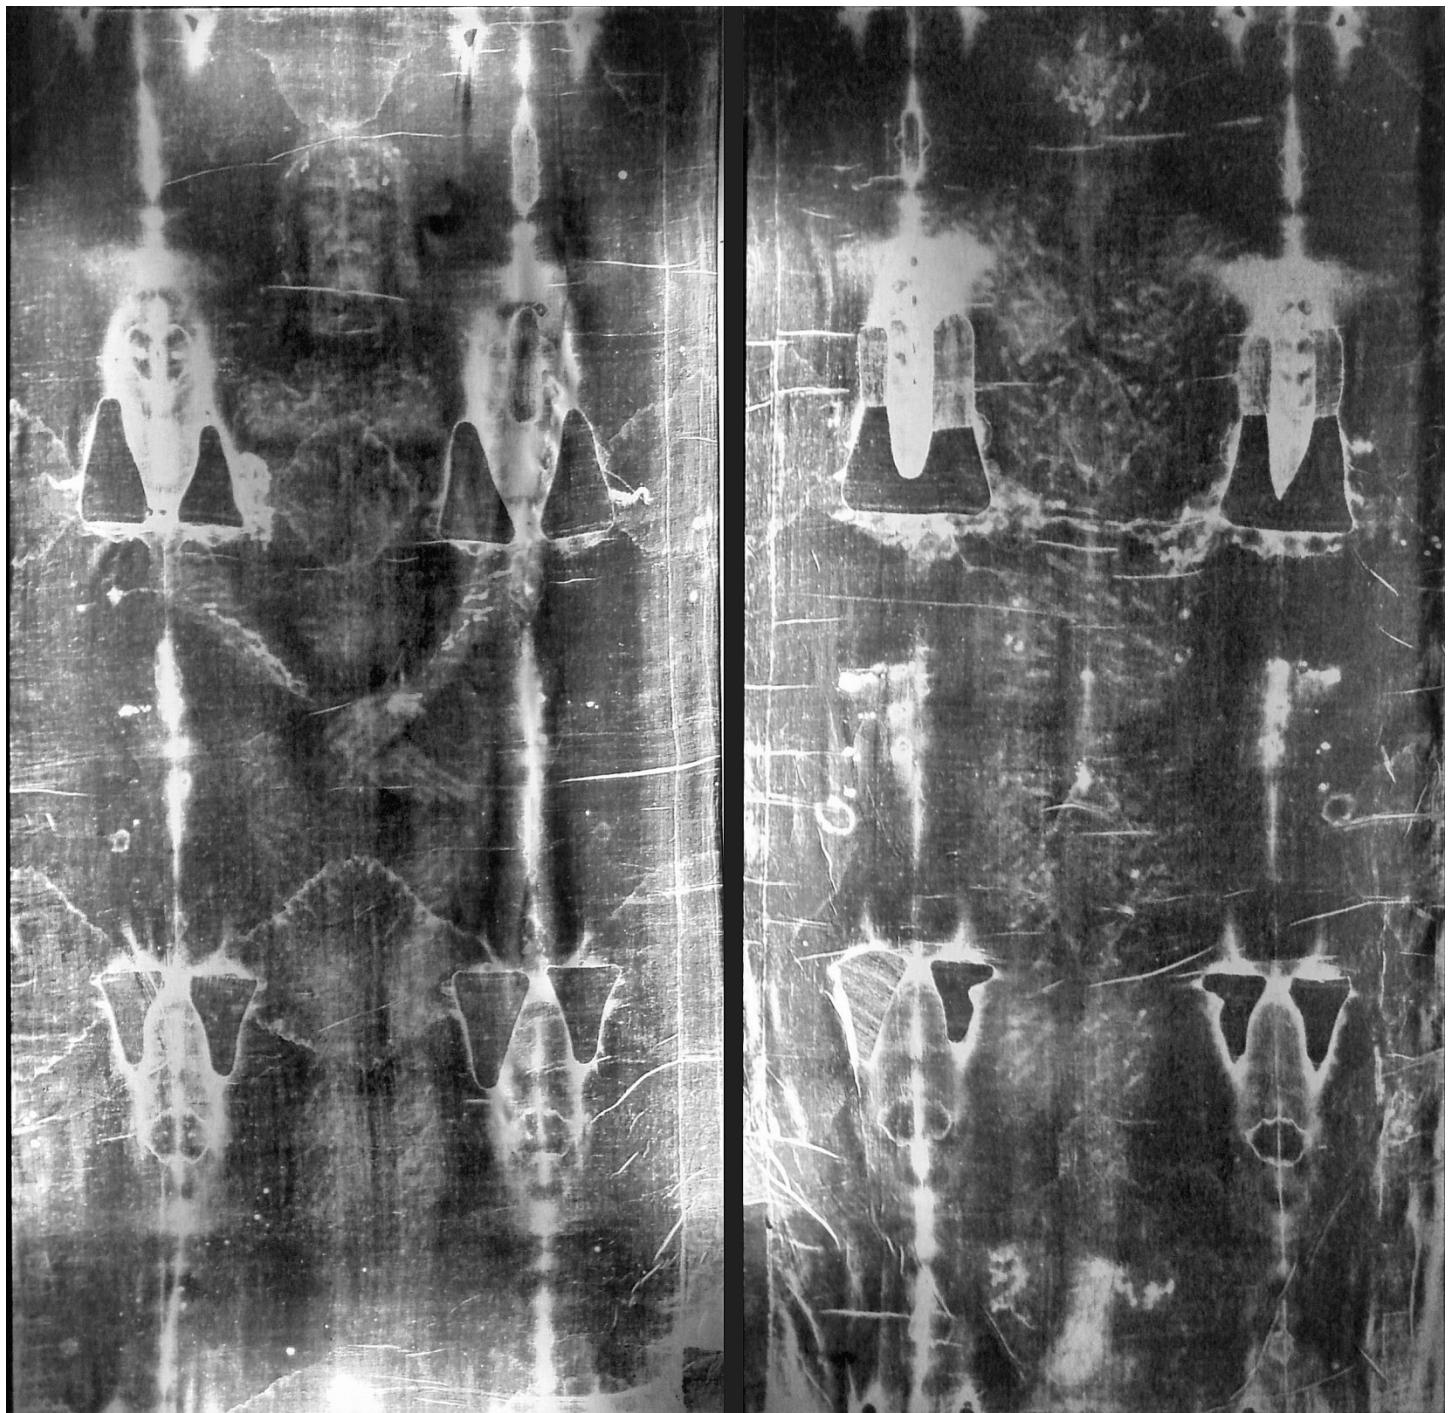

Above, on the right, a large 4 covers the torso and head of Nuestra Señora de Guadalupe. Meanwhile, on the left, an even larger 4 covers Guadalupe's entire body. As 4 is my primary identity number, as established in prior writing (see *Revelation 2: The Solutions*), these numbers act as God's authorization for me to examine Nuestra Señora, and report my findings.

4 (continued)

To authorize my work, God also included a 4 and a confirmation 4 in the Shroud.

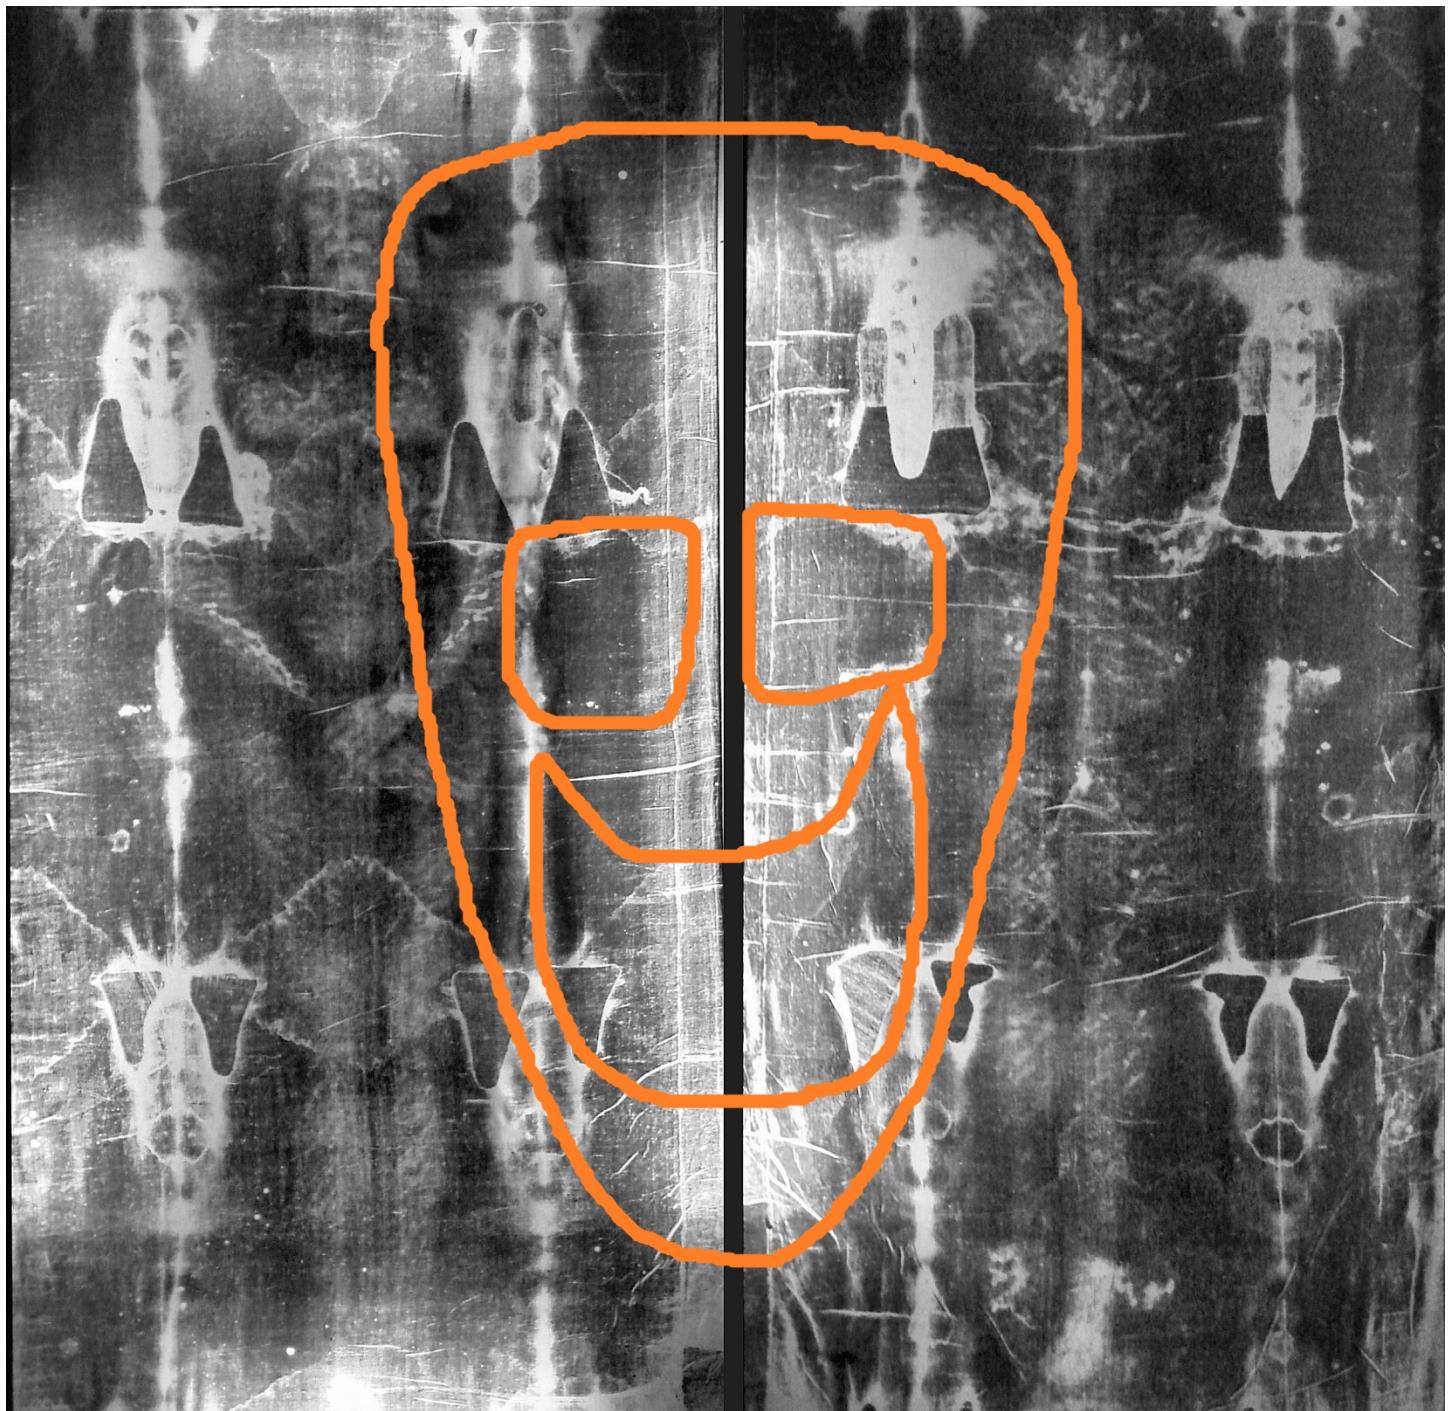

Satan's Likeness

Although Satan is a very dangerous entity/demon, God included a cartoon likeness of Satan in the Shroud.

From the Author:

In the years ahead, there's no telling how the people of the world will view the One Hour War. Some may view the Event as occurring on December 25th 2025 (Julian), and 11 Month, 19, 4723, and/or January 7th 2026 (Greg), while others believe the event occurred February 1st, 2026 (Julian), 12th Month, 27, 4723, and/or February 14th, 2026 (Gregorian). Regardless of their views, with the date revealed herein, there can be no doubt that God's sacred works, *Nuestra Señora de Guadalupe* and *The Shroud of Turin*, foretold of the coming of God's wrath.

The Deception Day, was originally, written, outlined and published January 16th (Julian), 29th (Greg), 2026. This corrected/updated version, ***The Deception Date (Take 2): Julian***, was published, January 23th, 2026 (Julian), and/also February 5th, 2026 (Gregorian).
