

The Devil's Date

March 16th, immediately after I published *Double Damnation: Prequel to the Candelaria*, I began to notice, on my TV and internet, that Satan was emphasizing the letter "R" in his ubiquitous AI *hidden images*. I'm not going to do an outline of any of Satan's latest R's, herein (I have more important work to finish and publish), but I believe Satan was repeatedly emphasizing the R's because he wanted me to reveal the meaning of 35 ...well 3/5... a number that was revealed in *Double Damnation*.

3/5 represents a couple of things, and reveals some semi-interesting things about Satan and his once relentless effort to make himself like God.

3/5 is the conventional (European) expression of what Satan seems to be saying is his new *delayed deception date* (read *Double Damnation* to learn the significance of this date). Europe, and most of the world, make numerical date expressions in the sequence *day/month/year*; while the US expresses this *month/day/year*. Thus, with this date arrangement, Satan is first reminding us that his "seat", or his throne, has always been in the UK, if only symbolically.

Above: 35 (or 3/5), an enlargement of an image area from page 3 of *Double Damnation*.

Satan makes this first point because, in the late 19th century, he saw to it that the UK, London, Greenwich, was at the center of each day. Thus, for the one minute of each day that the entire world in the same day/date, the UK is exactly at 12:00 PM, noon; with half of the world in the second half of the day (PM, in the East), and half of the world in the first half of the day (AM, in much of the West). Thus, Satan positioned his throne in the center, as if the world revolved around him (an obvious symbolic effort to make himself equal to, or greater than God). Also, with this arrangement, Satan was expressing his constant desire to divide mankind, to infuriate God (who would like to see mankind at peace, and resolving any differences reasonably). You might notice, in the image above, Satan placed his *delayed deception date* above God's true One Hour War date. No accident.

Scripturally, 3/5 refers to Genesis 3:5, where Satan (the Serpent) encourages Eve to defy God, and eat the forbidden fruit of Knowledge of Good and Evil.

And, probably most to Satan's liking, the actual date, May 3rd, is the **123rd** day of 2026. 123 represents **Revelation** 12:3, the verse in which Satan is properly depicted as the entity that reigned over the seven nations of the Holy Roman Empire, once the mightiest and most evil empire on Earth (Satan also reign over the allied US/West, the new most powerful alliance):

And another sign appeared in heaven: behold, a great fiery red dragon having seven heads and ten horns, and seven diadems on his heads.
