

The Elder Badge

This is the *Elder Badge*; 1 of 2 such badges attached to the lower left corner of *Nuestra Señora de Guadalupe*. The badge is only 4 inches high by 3 inches wide (approx 10cm x 7.5cm).

The badges were first photographed in 2000 –but not examined, enlarged, or explained, until I did so, in *Killing Guadalupe*, March 2025. In fact, no distinguishable photos of the badges were published online or in print, until I did so. To learn the full purpose and history of the Elder Badge, read *Killing Guadalupe* (particularly chapter 4 –also chapter 11).

Some of the images in this booklet were published in *Killing Guadalupe*; some are new. I've outlined many of the images; otherwise they are unaltered –the work of God and Jesus. To learn more about the Elder Badge, read *Steve's Top-Secret Notebook* or *Killing Guadalupe*.

This is the mantle of the Elder Badge. It Represents Heaven.

The unsettling images in the mantle reinforce the information in the base.

Butterfly Driver –the title of my most well known screenplay.

The **base** of the Elder Badge is explored on the following pages.
Some of that information may be unsettling.

The base of the Elder Badge represents Gehenna (AKA “Hell”), and contains information related to my work on Revelation’s *Unforgivable Crimes*, and the afterlife fate of some family members and acquaintances. But **not** every soul featured in the base is bound for Gehenna.

The image above is a compound image, created from a few images. The numbers 43, 44, 36 pertain to the Unforgivable Crimes; 5 and 26 pertain to the *Publication Date* of the rescheduled *One Hour War* (see *Revelation 2: The Solutions*, for more about the Publication Date).

Amazingly, both images below are found in the same location.

The spherical ornament, at the lower tip of the base, with many mouths (right), is only an 1/8th of an inch across.

The mouths, hidden in the far right of the base, represent my parents, grandparents, grand-uncles and aunts, and great-grandparents. These souls establish a family tree, and are not necessarily in Gehenna.

The small head, left, represents John W Gardner –the Beast.

The larger head represents Satan.

Gardner coming out of Satan's mouth says Gardner was Satan's voice –able to receive messages from Satan and execute all of his orders. The image also says all of the souls Gardner consumed also fed Satan.

The image to the right represents Gardner's corruption of US police departments, newspapers and all US and Western institutions.

But the images below may be the most stunning images...

My July 14th, 2024 Revelation solutions contained a new solution, #247 (now #251), which explained that in Revelation 4:7, the Four Living Creatures' four faces (a lion, a calf, **a man**, an eagle) represented the **zodiac** signs of the other four members of my nuclear family, when I was a kid. The **man** represented Sagittarius (half man, half horse), sign of my stepfather. A month or two later, in *My Stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers*, I said the Headline Letter Code indicated my stepdad killed Carolyn Nadine Davis with **strychnine**, in 1973, via **syringe**. A few years earlier, in December 1968, six weeks after my mother started dating Dennis Wilson (my stepdad), 15 or 20 miles from my home in Berkeley, California, the **Zodiac** Killer killed Betty Lou Jensen and David Faraday, at night, in the dark, using what he called an "**electric gun sight**" –technology never before used in an American murder. My stepdad's connection to the Zodiac may have seemed doubtful, until a few months later, March 2025, when I published *Killing Guadalupe*, and greatly enlarged and explained the images in Elder and Juan Diego badges (which Western leaders and the Catholic Church suppressed for hundreds of years), and revealed dozens of secrets hidden in the tiny badges, including the face of **a man**, who represents my stepfather, positioned next to a gun with an *electric sight* –and the gun-sight doubled as the shaft of a **syringe**.

Whether the badges were affixed to *Nuestra Señora*, by God, in 1777, and again in 1786 or 1787, as I say, or if they were affixed in 1531, all possibilities verify what I've said.

The point: God has confirmed that my stepdad was involved in the Zodiac murders to confirm everything else I've said. And I've said, in *Revelation 2: The Solutions* and other publications, that God's *One Hour War* against the US (and likely other Western allies) will occur **December 7th, 2025** (on the **Julian** calendar); or **December 20th, 2025**, on the Gregorian calendar, in use in the US and most of the world), or **11th Month, 1, 4723** (on the Yin calendar).

The most prominent features in the base are *the man* and the lion.

Personally, *the man* represents my stepfather and the lion represents my younger sister.

Broadly, *the man* represents the West and corruption of all Western institutions, including family and social values.

And now that a new Pope is in the Vatican, Pope Leon, the first American Pope, I suspect the lion -Leo- may represent corruption of the Catholic Church.

... Babylon is fallen, is fallen!
And all of the carved images of her gods
He has broken to the ground.

–Isaiah 21:9

But the base of the Elder Badge has a greater purpose still...

The 10 Levels of Gehenna (Hell)

The base of the Elder Badge is a sin/crime and punishment graph, to give misguided humans an idea of what to expect in the afterlife.

At the top of the chart is Satan, who presides over Gehenna.

The Elder Badge served as a *confirmation key* for the *Publication Date* of God's *One Hour War*; double-digit *decades* icons were displayed on the left, the smaller single-digit year icons (and the month and day) were displayed on the right. From this, the punishment severity and location are presented right to left, bad to worst. Although everywhere in Gehenna is uncomfortable, the pain, heat and "worms" (Mark 9:44) likely increase(s) according to the severity of one's crimes –along with the length of one's stay.

In the image below, notice a small *chunk* of Satan, circled in green, is severed, separate, on the other side of a boundary. This section represents Sheol (AKA *Death* –the place). I believe Satan has remote influence in Sheol, but is not physically there.

Above, notice the separated *chunk* of Satan is above the viewer's right side of the lion, or level #2. From this, I believe level #1 and #2 offenders are sent to Sheol (described as *dark and gloomy* –worse than being dead, but better than being in Gehenna).

- See *Steve's Top-Secret Notebook*, for much more accurate, current and detailed information about Gehenna and the Elder Badge.

I assume people can be sentenced to Sheol for various offenses (and God's and Jesus' overall assessment of their life), but in this model, the crimes represented in area #1 and #2 are *offering or accepting lower-level bribes* (where the crime is smaller, and only one person, or very few people, are impacted).

Logically, offering a bribe is worse than accepting the bribe, because the acceptor does not necessarily need to know the bribers' motives.

Knowingly offering or accepting a bribe against family or a friend substantially increases the severity of the crime.

Area #3 and #4 are for criminals who offer or accept larger, more malicious bribes -including bribes against their family and friends- and may involve multiple *victims*.

These offenders go to Gehenna (Hell).

Area #5 is for crimes like (1) higher level intellectual property theft, (2) non-violent organized crime, (3) knowingly publishing false and damaging information (especially in furtherance of another crime or related scheme).

Area #6 is for at least two major groups of crimes:

- (1) **Extreme Family Violations**, such as a parent willfully acting to turn their child/children against the other parent (or a friend or another family member endeavoring to do so).
- (2) **Image (and Mark) Violations.** *Image* crimes occur through visual technologies, like TVs and internet connected devices. The first clue that area #6 is for Image crimes is the screen-like illumination in the center of the base. But I think I saw other clues...

Area #7 is for murderers –people who kill without justification.

Area #8 is for murderers who kill in unusually painful, terrible ways –and murderers who are in positions of trust, with duties to protect and uphold the law –such as police officers.

Area #9 is for people who corrupt a nation's institutions (usually through bribery), so police and judges become criminals or crime facilitators. Area #9 is also for violent, large-scale organized crime participants, who murder and cause others to live in fear.

And area #10... There is no crime worse than killing –or substantially harming- a child.

A Few Final Images

In *My Stepdad Was One of the Zodiac's Santa Rosa Hitchhiker Murderers*, I revealed that in the first month of 5th grade, I wrote a short story that was stolen and became the “Star Wars” franchise. The Star Wars-like image above was included in central field, beside the bulls, at the Elder’s feet, to confirm that I conceived Star Wars.
