Around mid June, 2023, I began trying to solve Chapter 13, of the Bible's Book of Revelation. A few weeks later, I received a Divine request to solve the entire book of Revelation. About a year later, late June or early July, 2024, after about five failed Destruction Day predictions, I arrived at September 23<sup>rd</sup>, 2024 (West) and September 24<sup>th</sup>, 2024 (East), as the correct date of the One Hour War. I have not, and will never, change that date. But it turns out, *that* Revelation date was a deliberate tactical deception.

Around April, 2025, I discovered God and Satan had been involved in a series of Revelation-related Wagers, going back over 4,000 years (as I reported in *The Wagers*, May 11<sup>th</sup>, 2025).

May 17<sup>th</sup>, 2025, I first reported that John Rockefeller had been the originally planned human "beast" of Revelation 13:18. But, enraged by Satan's constant cheating and desecration of *Nuestra Señora de Guadalupe*, shortly before the final wager began, God replaced Rockefeller with John W Gardner –a much more aggressive and destructive beast (see STSN).

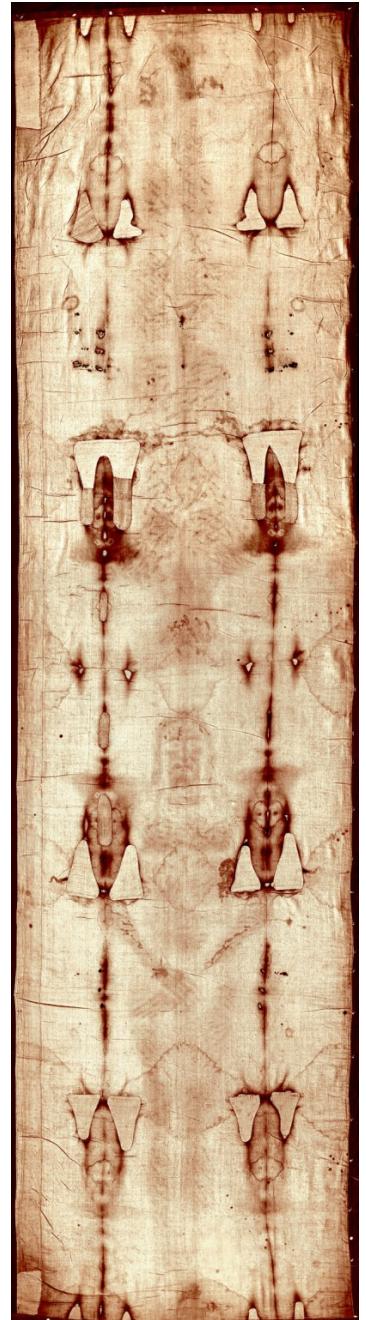

11 days later, May 28<sup>th</sup>, 2025, I announced that I found the true and correct date of One Hour War hidden in *Nuestra Señora*: December 7<sup>th</sup>, 2025.

But December 7<sup>th</sup>, 2025, came and went, quietly.

Within a day or so, I found date images in NSdG and the Elder Badge (see STSN), indicating the Event was on the Julian calendar, not the Gregorian. I alerted the world that December 20<sup>th</sup> (Gregorian) was the new Destruction Date.

But December 20<sup>th</sup> passed without incident.

Published December 24<sup>th</sup>, 2025. There are 3,800 words in this mini-book.

## The Shroud

Initially, I guessed that when God changed the Beast, he also changed the One Hour War date. But when I found and analyzed the “new” War date, on three different calendars, the new date connected to Revelation’s central matters as if designed and intended by the most masterful writer. So I concluded the *new* date had always been God’s intended War date.

So here’s how I found the not-really-new One Hour War date...

When the One Hour War did not happen on December 20<sup>th</sup>, 2025, my first guess was: *when God changed the Beast, in 1888, before the final major Wager began, He also changed the One Hour War date* (see *The Wagers* and STSN to for more). A sound theory. The next question was, “So, when is correct One Hour War date?”

Solving the correct Event date would be MUCH easier than previous attempts; because, according to my current published interpretation of the Wagers, the Destruction Date was to occur before the final Wager ended –December 25<sup>th</sup>, 2025 (Julian),<sup>1</sup> or January 7<sup>th</sup>, 2026 (Gregorian). This meant, on the evening of December 20<sup>th</sup>, 2025, there were only 18 days left that the Destruction Date could fall on.

Because the final major Wager began on Christmas Day (Julian), in 1888, I felt strongly that the most likely War dates were Christmas or Christmas Eve (Julian), which translate to January 6<sup>th</sup> or 7<sup>th</sup>, Gregorian. But the hunches of a guy who has failed to predict the Destruction Date 10 times have little value. I needed verification. Fortunately, God is exceptional about verification.

When art vandals and thieves desecrated NSdG in 1777, God attached a set of badges to NSdG (KG). And when vandals and thieves cut the badges off in 1786, in 1787 (or thereabouts) He added the existing badges (KG). So, based on that pattern, since Satan and Western elites stole Nuestra Señora’s crown in 1888, I reasoned that God may have left some clue about His Destruction Date after the crown was stolen. Thus, I wondered if there was another work of art, created by God, after 1888.

I searched online, and quickly learned about “*Acheiropoieta*”: *Christian icons that are believed to have been created miraculously –not by human hands*. Wikipedia listed six items on its *Acheiropoieta* page; but only two of the examples appeared genuine to me<sup>2</sup> : (1) Nuestra Señora de Guadalupe<sup>3</sup>, and (2) the Shroud of Turin.

By this point, NSdG’s War clues were exhausted. This left the Shroud of Turin.

<sup>1</sup> Previously, I indicated the final Wager ended on the final second of December 24<sup>th</sup>, 2025. However, as previously explained, the Wager was initiated on December 25<sup>th</sup>, 1880 –a leap year –because on leap years, Christmas falls on the 360<sup>th</sup> day of the year, and 360 has numerical and symbolic meaning to God (and His Family). Thus, the Wagers’ end date, on a non-leap year, like 2025, would also be on the final second of Christmas –the 359<sup>th</sup> day of the year. [See STSN, page 421, for 360 details.]

<sup>2</sup> it’s very possible that the other revered Acheiropoietas are also legitimate, but destroyed and falsified, over time, by Satan and the West –just as they destroyed Nuestra Señora de Guadalupe (read KG for more).

<sup>3</sup> Today Nuestra Señora is almost entirely fake (KG), and far, far, far below the quality of God’s work.

At the time I began writing this, Western “experts” alleged the Shroud dated back to the 13<sup>th</sup> or 14<sup>th</sup> century; which made the shroud even older than NSdG. But in 1898, photographer Secondo Pia discovered the shroud’s images was much more visible in a negative (right). 80+ years later, when I was a teenager, there was still great interest in negative images of the Shroud. Since the negative seemed to augment the image, I decided to see if God put the Destruction Date in the Shroud of Turin.

The shroud of Turin was believed by many to be the shroud (covering) that the human incarnation of Jesus was placed in after his death. In 1988, when John W Gardner ruled the West, the US and Germany used radio-carbon dating, usually called “**carbon dating**” (utter junk science) to falsely allege that the shroud only dated back to the 13<sup>th</sup> or 14<sup>th</sup> century AD (long after Jesus’ time). No Eastern nations, and no non-White nations, were allowed to date the cloth or watch Western junk science methods.<sup>4</sup> Worse, in 2002 the West “restored” the Shroud (harsh “restoration” methods should never be used on sacred and valued ancient items, as these methods alter and degrade what remains of the usually delicate artifacts).

My emphatic view is: the Shroud is the work of God, given to us as a representative “likeness” of Jesus, not intended to be an exact likeness of Jesus.

When I was a teenager, I first saw images of the Shroud (the film negative images, which are easier to see), and felt the image was genuine, somehow.

So I downloaded images of the shroud, to see if God indicated when his new One Hour War date would be. **The One Hour War dates were everywhere.**

- **God also reveals the year He created the Shroud.**
- **God signs the shroud –two different ways.**
- **And God includes a few other secrets.**

Spoiler: the One Hour War date, on three different calendar systems, is:

1. **January 7<sup>th</sup>, 2026**, on our Gregorian calendar.
2. **December 25<sup>th</sup>, 2025**, on the Julian calendar.
3. **11 Month, 19 (11/19) 4723**, on the Yin calendar.

Let’s begin with the representational face of Jesus, hidden in the Shroud...

<sup>4</sup> In addition to using two of Gardner’s favorite numbers (88) in the date of the carbon testing, the Wikipedia entry about carbon testing seemed to hide an 88 (heil Hitler) wink to Gardner: “*The most recent analysis (2020) found that adjusting the results from two of the labs by just ten years would be sufficient to resolve the inhomogeneity and a slightly larger adjustment of 88 years would make all of the results agree with one another statistically.*”

## The Date Hidden In & Around Jesus' (Representational) Face

On the following page, you'll see the Destruction Date, on three calendar systems, hidden on and around the representational face of Jesus, above. Can find the dates?

- NOTE: As the United States will be most impacted by God's One Hour War, most of the date numbers in the Shroud are given in the US manner: Month/Day (month followed by the day of the month, followed by the year).

The red numbers represent the One Hour War date on the Julian calendar: year 25 (2025), December (12), 25<sup>th</sup> day. The purple number, on the bottom, is the Destruction Date on the Gregorian: year 26 (2026), January (1), seventh day (7). The yellow numbers on the top are the year on the Yin (4723). The green numbers in the right are the month and day on the Yin: 11 Month, 19<sup>th</sup> day. With this image, God is prioritizing the Yin calendar, I believe this is because Asian nations have tended to be more moral than other nations. God prefers the Julian to the Gregorian –almost certainly because the Julian hasn't been manipulated by Satan.

## Compare Images

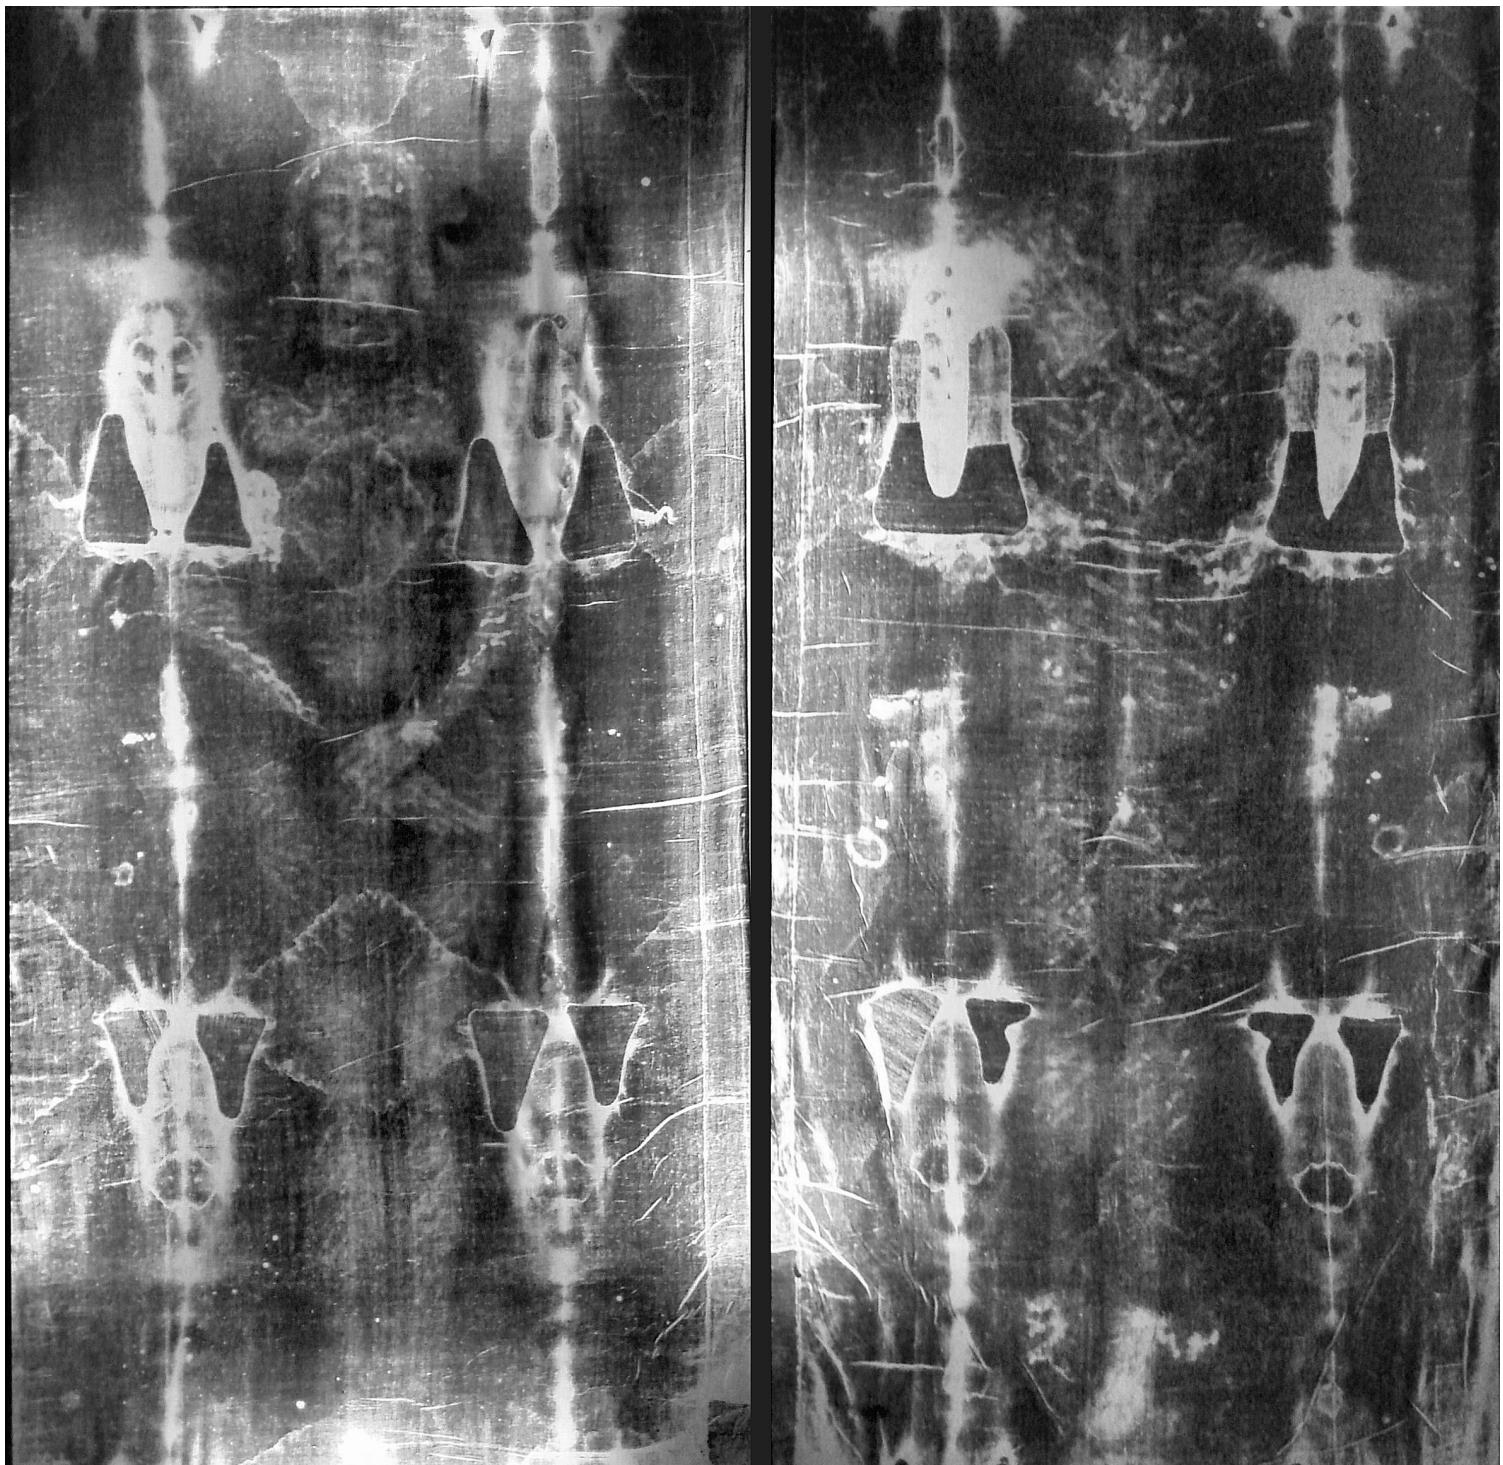

Here, I placed the previous images on the same page (upper left and lower right), so you can more easily compare the images. You should also be able to find the special Julian date, outlined in the lower right corner.

The emphasis on 25 is because 5 is Jesus' primary number, and 25 is  $5 \times 5$  (or  $5^2$ , squared).

Now let's look at the whole shroud.

## The Shroud of Turin (image from the negative)

FRONT

The front of the Shroud presents a likeness of Jesus (in his human incarnation), from the front.

BACK

The back of the shroud presents a rear perspective likeness of Jesus.

## Number Dates Hidden in the Shroud

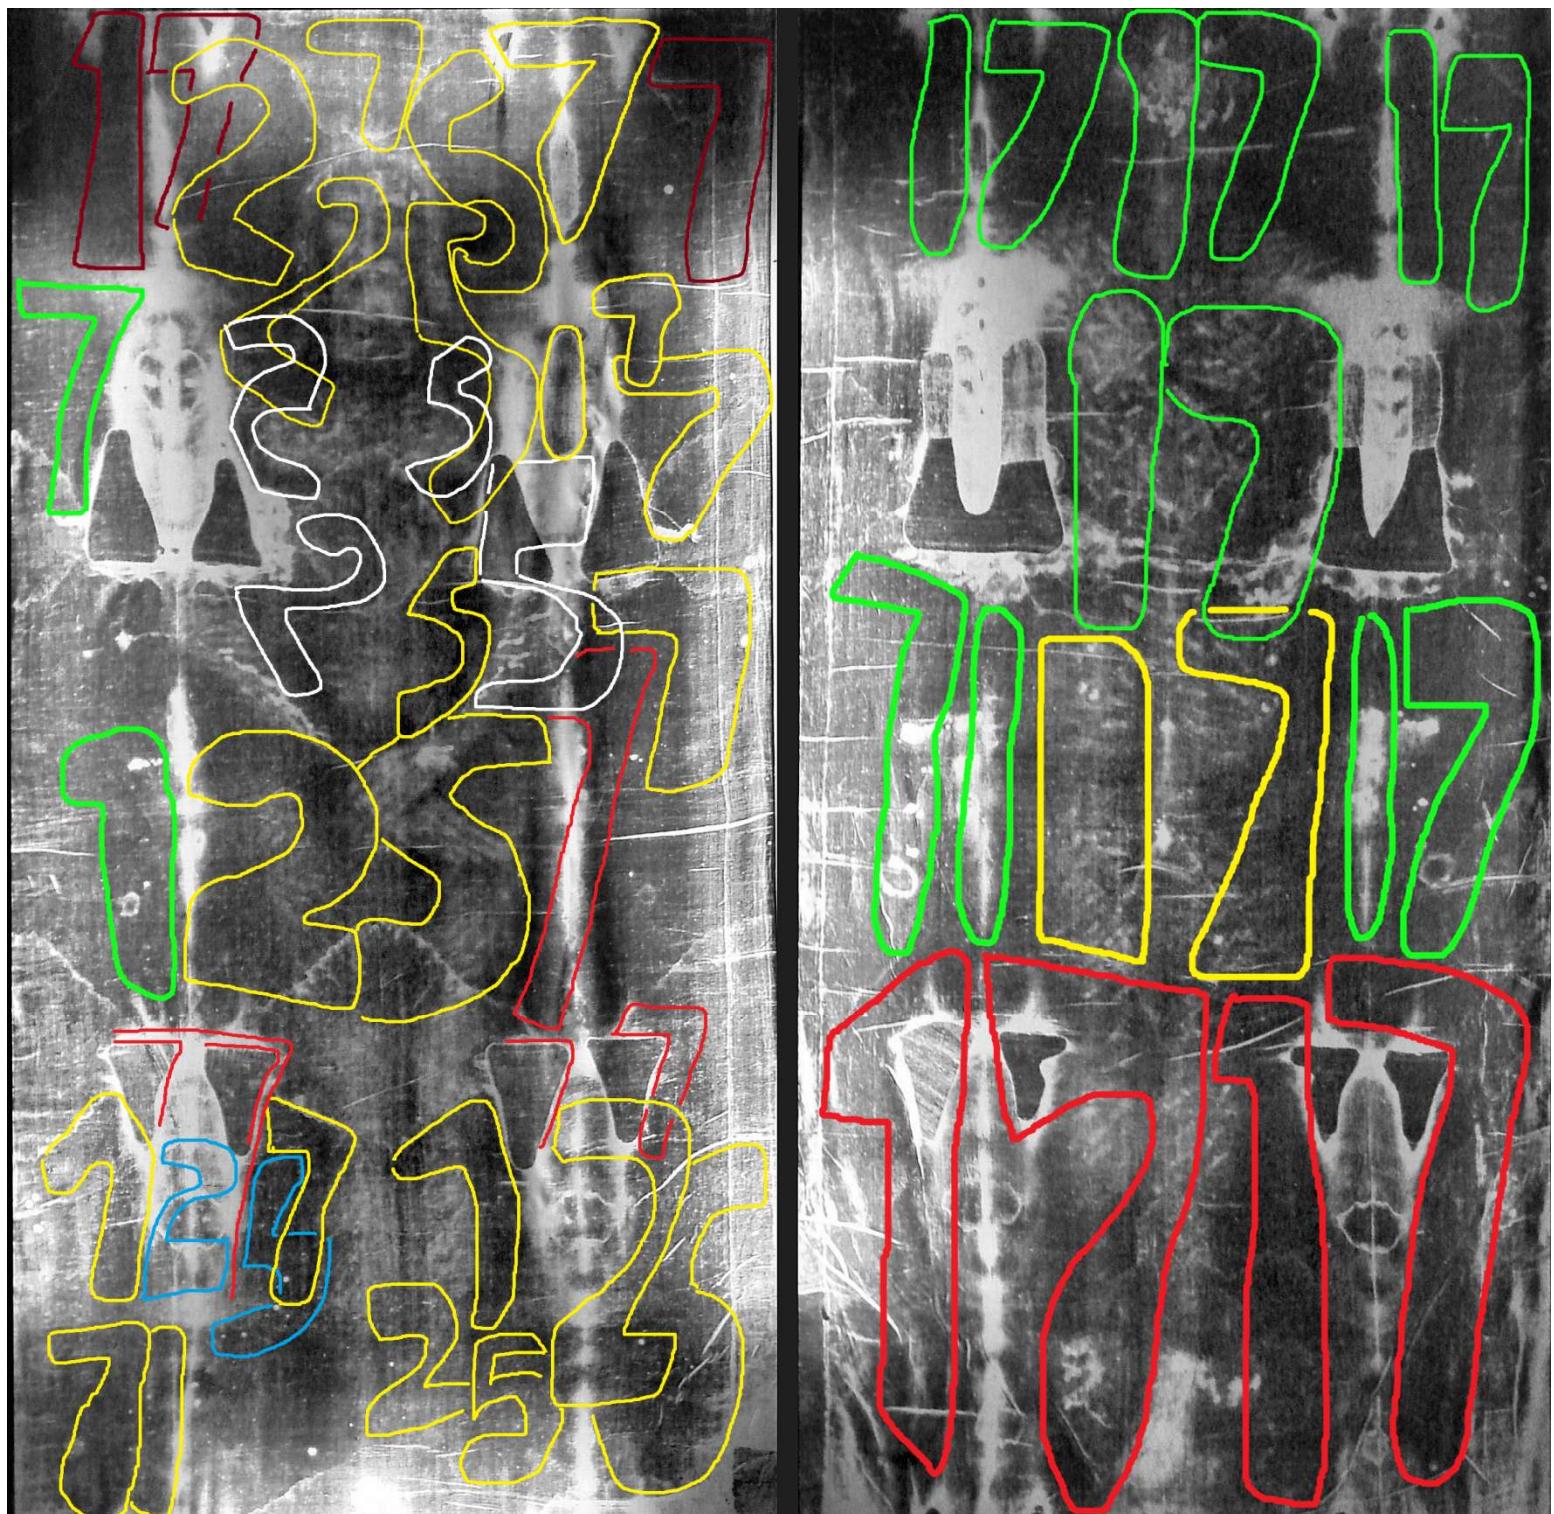

This group of numbers are full expressions of the D-Date on all three calendars.

**On the left**, top, the D-Date on the Yin: 4723, 11/19. Second row: D-Date on the Gregorian 2026, 1 (January), 7<sup>th</sup>. Third row: D-Date on the Julian, 12/25/25 (I'll find the missing 2 when time allows).

**On the right**, top, the D-Date is expressed on the Yin: 11/19/23. Middle Row, D-Date on the Gregorian: 1/7/26. Bottom row, D-Date on the Julian calendar: 12/25/25.

More Number Dates Hidden in the Shroud

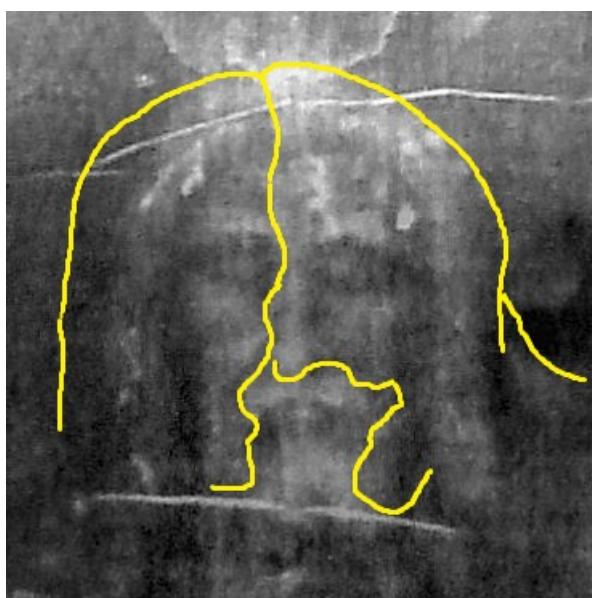

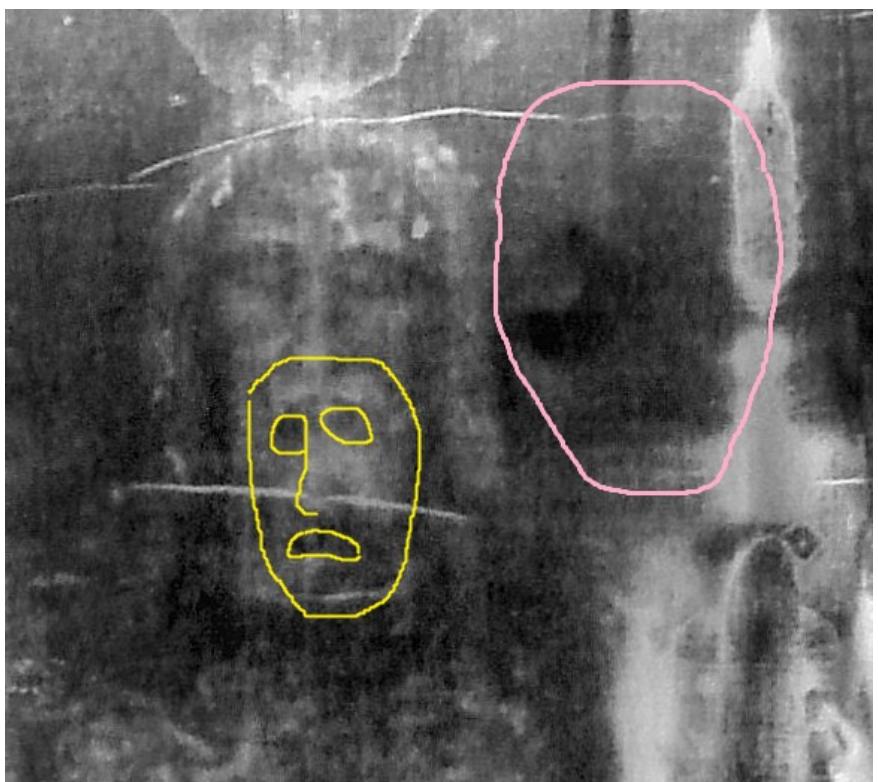

There are so many expressions of the same numbers, I needed two pages, and still couldn't get them all. As you see, on the right, the numbers 1 and 7 (January 7<sup>th</sup>, Gregorian) are found, widely, on the reverse side.

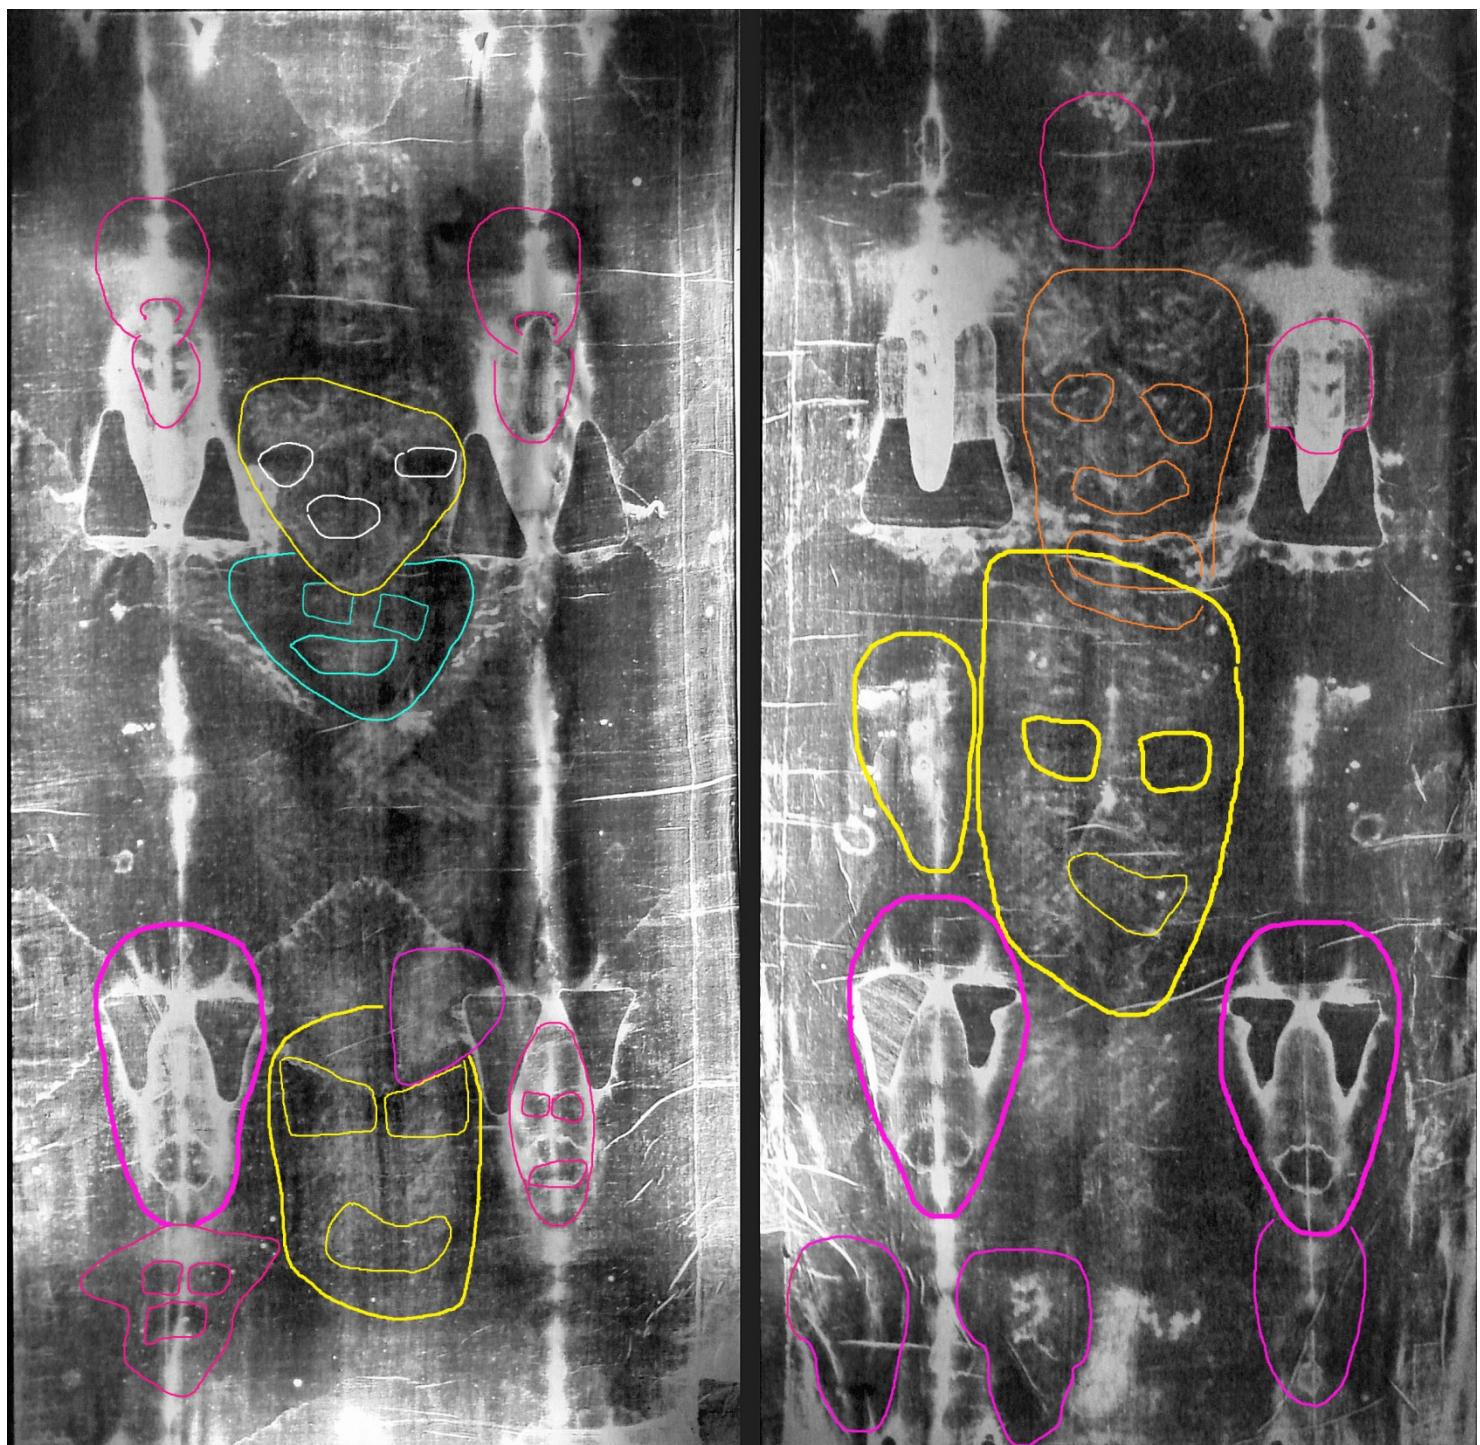

## The Faces Hidden In & Around Jesus' Face

Before I move on to confirming the dates in the Shroud, and revealing other Shroud secrets, I wanted to share some of cartoonish evil and/or sad faces hidden in the Shroud; noteworthy, as this parallels some the images God hid in the Elder Badge.

If you are good at seeing images in seemingly random shades and textures, you should be able to find 5 to 10 faces hidden around Jesus' face. Four of the most interesting faces are a face hidden in the bottom of Jesus' face (lower right), and a very sad face, just to the right of Jesus' face (lower right). Below, left, you should easily find the couple kissing over Jesus' face –although one of them may not be human (which may explain Jesus' unhappy expression).

## More Hidden Faces

Above are some of the many faces hidden in the Shroud. Some have two mouths (a representation of the Beast, who spoke for himself and Satan); some have conjoined heads –representing the close tie between Satan and his beast(s). Above, I only circled some of the more obvious faces; there are many more, large and small, hidden in the image.

So, I had to go back and see if God also hid the final Destruction Date in Nuestra Señora. The final dates were there, as you see, below.

**12/25 (also 25/12)  
December 25<sup>th</sup>, 2025  
(Julian Calendar)**

**1/7 (also 7/1)  
January 7<sup>th</sup>, 2026  
(Gregorian Calendar)**

**11/19  
11 Month, 19  
(Yin Calendar)**

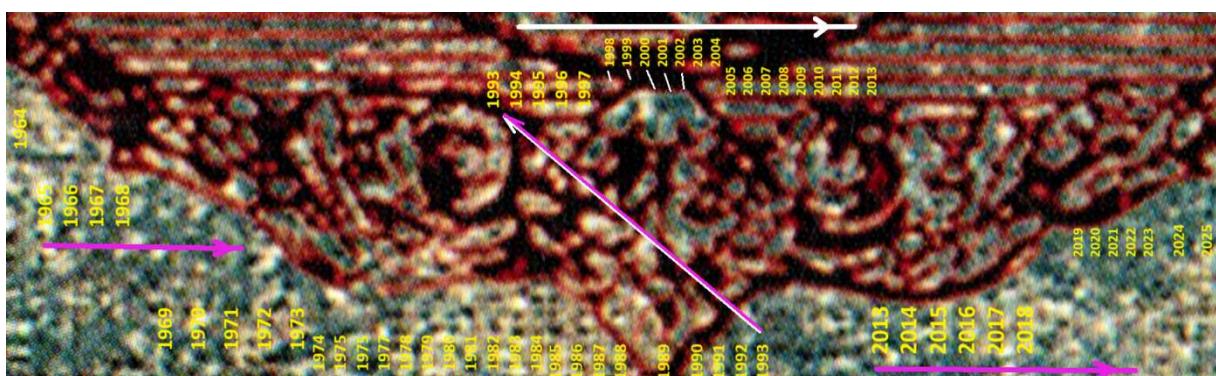

Next, I wondered if God put any shroud messages in the Elder Badge.

If you're familiar with my writing on the Elder Badge (*Steve's Top-Secret Notebook, Killing Guadalupe...*), you might recall me explaining that the primary purpose of the base area of the Elder Badge is to reveal people who have committed Mark Crimes against me. According to this guideline, at a glance, it may not seem likely that I would find any messages in the Elder Badge –until you recall that I also explained that God predicted that I would solve His Revelation-related mysteries. Thus, if the beasts (John W Gardner, followed by John C Malone) and Satan tried to substantially discredit the Shroud of Turin as God's work (such as using falsified carbon dating reporting to discredit it), or if they tried to harm the Shroud or

degrade the image (as we should suspect from an inappropriate “restoration”), those actions could make my job of finding vital information in the Shroud much harder. Thus, John Gardner’s 1988 “carbon dating” of the Shroud, and the 2002 “restoration” of the Shroud, would easily count as Mark crimes against me.

The way the Elder Badge’s Unforgivable Crimes Timeline works is: (1) Unforgivable Crime events, or the names of Mark Crime violators, appear in the UC Timeline with the first letter of the perpetrator’s name, or the first letter of the event, positioned in the year that the Crime was committed; (2) to appear as a Mark Crime revelation, the crimes must have been committed between 1964 and 2025.

The 1988 carbon dating, and the 2002 “restoration” both comfortably fit in the Timeline guidelines. So, I checked the Timeline *Year Key*, to see approximately where the first letter of the Crimes should fall in the Elder Badge base Timeline.

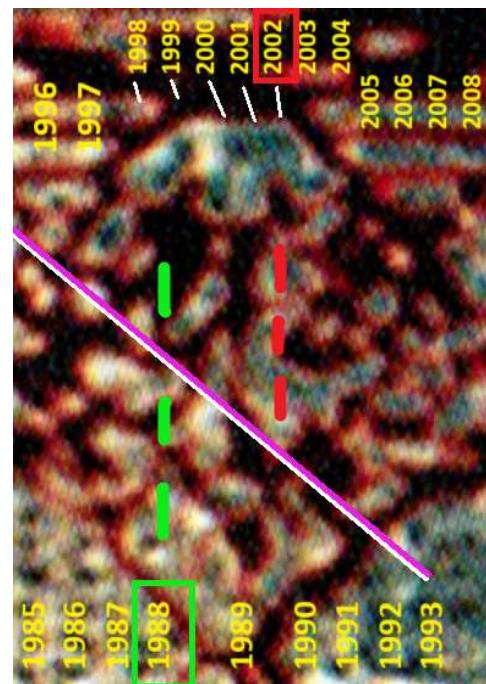

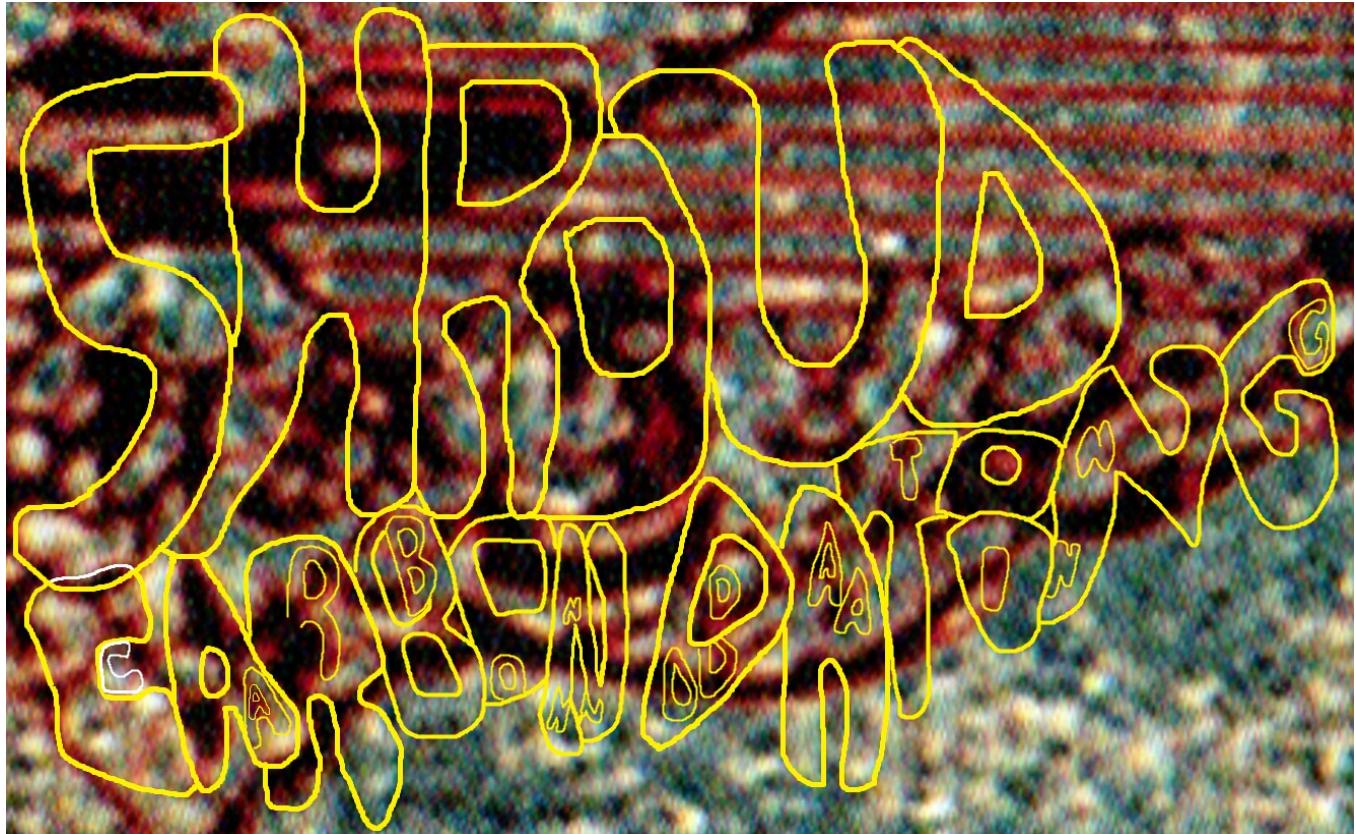

**Above:** The Elder Badge’s Unforgivable Crimes *Timeline and Year Key*.

As you can see, in the enlarged Timeline central display area, to the right, the year **1988** (in the green rectangle, at the bottom of the image) lands near the left shoulder of what appears to be a young man (walking with a young woman), in the central display area. And the year **2002** (in the red rectangle, at the top of the image) falls near the right shoulder of what appears to be a young woman, in the central display area.

Thus, I checked the UC Timeline in these areas. On the following page, you’ll see what I found...

- To better understand the UC Timeline, read Steve’s Top-Secret Notebook –particularly chapters 6 and 7.

Above, "Shroud Carbon Dating" (with extra confirmation letters) appears in the 1988 position, and "The Restoration of the Shroud" (below) is positioned in 2002.

## The Meaning of the Date

**ON THE JULIAN CALENDAR**, the One Hour War is on Christmas Day –the Earth birth date of God’s Son, Jesus. Since the US and the West associate themselves with Christianity and Jesus, God may have chosen Christmas to demonstrate that nations and families should hold themselves to the highest degree of accountability. Secondarily, God may have chosen this date to invite new-believers to Christianity. He might also reasonably expect His other Religions (Judaism and Islam) to acknowledge and respect His Son. Tertiarily, the War on Christmas might be a rebuke to the Catholic Church’s leadership –which allowed evil to infiltrate its upper-ranks, and do great harm, for many generations.

**ON THE GREGORIAN CALENDAR**, the date 1/7 refers to two Biblical passage; one in Revelation, one in Genesis:

1. 1/7 refers to Revelation 1:7, a powerful reference to Jesus, which reads: *Behold, He is coming with clouds, and every eye will see Him, and they also who pierced Him. And all of the tribes of the Earth will mourn because of Him. Even so, Amen.*

Revelation 12:1 presents a *portrait* of Mother Nature –whom God recently revealed is His Daughter, Natas (STSN, chapters 13, 13.357, 13.681). To honor Natas and 12:1, God created *Nuestra Señora de Guadalupe* (which represents Natas and Guadalupe, the representational mother of Jesus), which carries the hour of the day of the One Hour War.

Similarly, with 1:7, God presents a portrait of Jesus, in His Second Coming, which God linked to His artwork the *Shroud of Turin* –which carries the date of the One Hour War.

- 1:7 also refers to Revelation, Chapter 1, broadly; which establishes that God’s primary number is seven (7), and His secondary number is one (1). Thus, by stamping these numbers (1/7) on the Gregorian Destruction Date, God signs His name to His Judgment and sentence.
- 2. 7:1 also refers to Genesis, Chapter 17, where God introduces His Circumcision Covenant to Abraham.
- This Covenant reference likely marks the fact that US and Western leaders violated seemingly all domestic and international laws, to enrich themselves.

**ON THE YIN CALENDAR**, the final One Hour War date is 11/19, which refers to two important Bible verses:

1. Revelation **11:19**, where God reveals he has possession of the Ark of the Covenant; which means He has revoked the Covenant, almost assuredly because critical mass of people who allege to be Jewish do not respect God’s Laws.
- But in associating this verse with the Yin (Eastern) calendar, God is praising many Asian nations, for instilling high values and ethics in their children, and being more ethical than most other nations, and being very productive and innovative.
2. Verse 11:19 is the **194<sup>th</sup>** verse of Revelation, which refers to Genesis **19:4**, where the men of Sodom surround Lot and God’s male angels, to rape them.
- Here, God is reminding us that Satan persuaded US/Western leaders to engage in covert efforts to convert their own citizen -and citizens everywhere- into homosexuals. This is central to God’s wrathful action.

## How God's War Dates Further Connect to Revelation

On page 2, I wrote: "...when I found and analyzed the "new" War date, on three different calendars, the new date connected to Revelation's central matters as if designed and intended by the most masterful writer. So I concluded the new date had always been God's intended War date."

So here's how God's true One Hour War date re-establishes perhaps the most important theme in Revelation, making the War date "perfect"...

In Revelation, Jesus makes two declarations that He is *the Alpha and the Omega, the First and the Last* (or subtle variations of this declaration) in the **FIRST** chapter, in verses 1:8 and 1:11. Jesus makes this declaration again in the **LAST** chapter (22), at verse 22:13. And God makes this declaration in Revelation 21:6. So, by moving the One Hour War date to a position where it is in the **first** month of the Gregorian year, but in the **last** month of the Julian year, God emphasize and fulfills His (and Jesus') message.

God emphasizing this *First and Last* message, at **21:6**, was likely also intended to reference Genesis **2:16**, where God begins to give Adam his first Command (Covenant) –to eat of every tree, except the Tree of Knowledge of Good and Evil. **21:6** is also likely a reference to Genesis **21:6**, where Sarah is extremely happy, because God miraculously helped her conceive a child in her old age.

### God's Prediction

In *Revelation 2: The Solutions*, I explain that in Revelation, God used the *Four Living Creatures* and the *24 Elders* to assign me the primary numerical identity 4 (and secondary numerical identities: 2, 24, 44...). Because God and Jesus say *First and Last, or Beginning and End*, four times in Revelation –including at verse **1:11**, AND because Chapter 4 (where the Four Living Creatures and 24 Elders are introduced) has **11** verses, AND because the Elders (24 Elders) are mentioned **11** times in Revelation, I take these things as God predicting that I would correctly predict the date of His One Hour War on my 11<sup>th</sup>, and final, prediction.

### REMINDER:

People in the US and the West, remember, the One Hour War, on your/our Gregorian calendar **is January 7<sup>th</sup>, 2025**. The Date on the Yin Calendar is 11 Month, 19, 4723. The date on the Julian calendar is December 25<sup>th</sup>, 2025.

**TIME.** The nuclear bombs arrive between 9am to 10am, US West Coast Time (PST); or 12pm to 1pm, US East Coast Time (EST).<sup>5</sup>

## THE CREATION DATE OF THE SHROUD OF TURIN

Previously, I said, in the Shroud of Turin, God reveals the date He created the Shroud. I will present that date/revelation on the next page (well, next 3 pages).

<sup>5</sup> People in other high risk zones (Western Europe –especially the UK, Germany and France– and Israel and, Japan) should find what the corresponding times are in their areas, and try to be 50 miles or more away from large and mid-size cities.

The Year God Made the Shroud of Turin, #1

Above, I made this tracing about as large as possible, so you can see and follow the lines. Since human aptitude for this varies, on the following two pages I've included two variation tracings of this image; check them against the page 7 image.

- Made in 77 A.D. Thus, before Revelation was written, God knew His one Hour War date.
- The 77 at the top, below the *M*, but next to the *AD* in *MADE*, is to confirm the *77AD* below.

The Year God Made the Shroud of Turin, #2

Follow the lines, and shade and color changes. Follow the curve of Jesus' face and forearms, etc.

The West only lied about the date the Shroud was created by about 1300 years. I think I first reported carbon dating as junk science, created to deceive, a couple years ago. That assertion is emphatically confirmed, again, by God.

The Year God Made the Shroud of Turin, #3

People should also note that in the letters and numbers in these dates and messages, God adheres to the lettering guidelines he used in His Elder Badge base revelations (see STSN, chapter 2); thus, all *I*'s are dotted.

Stick around, God's closing signatures are only a couple of pages away.

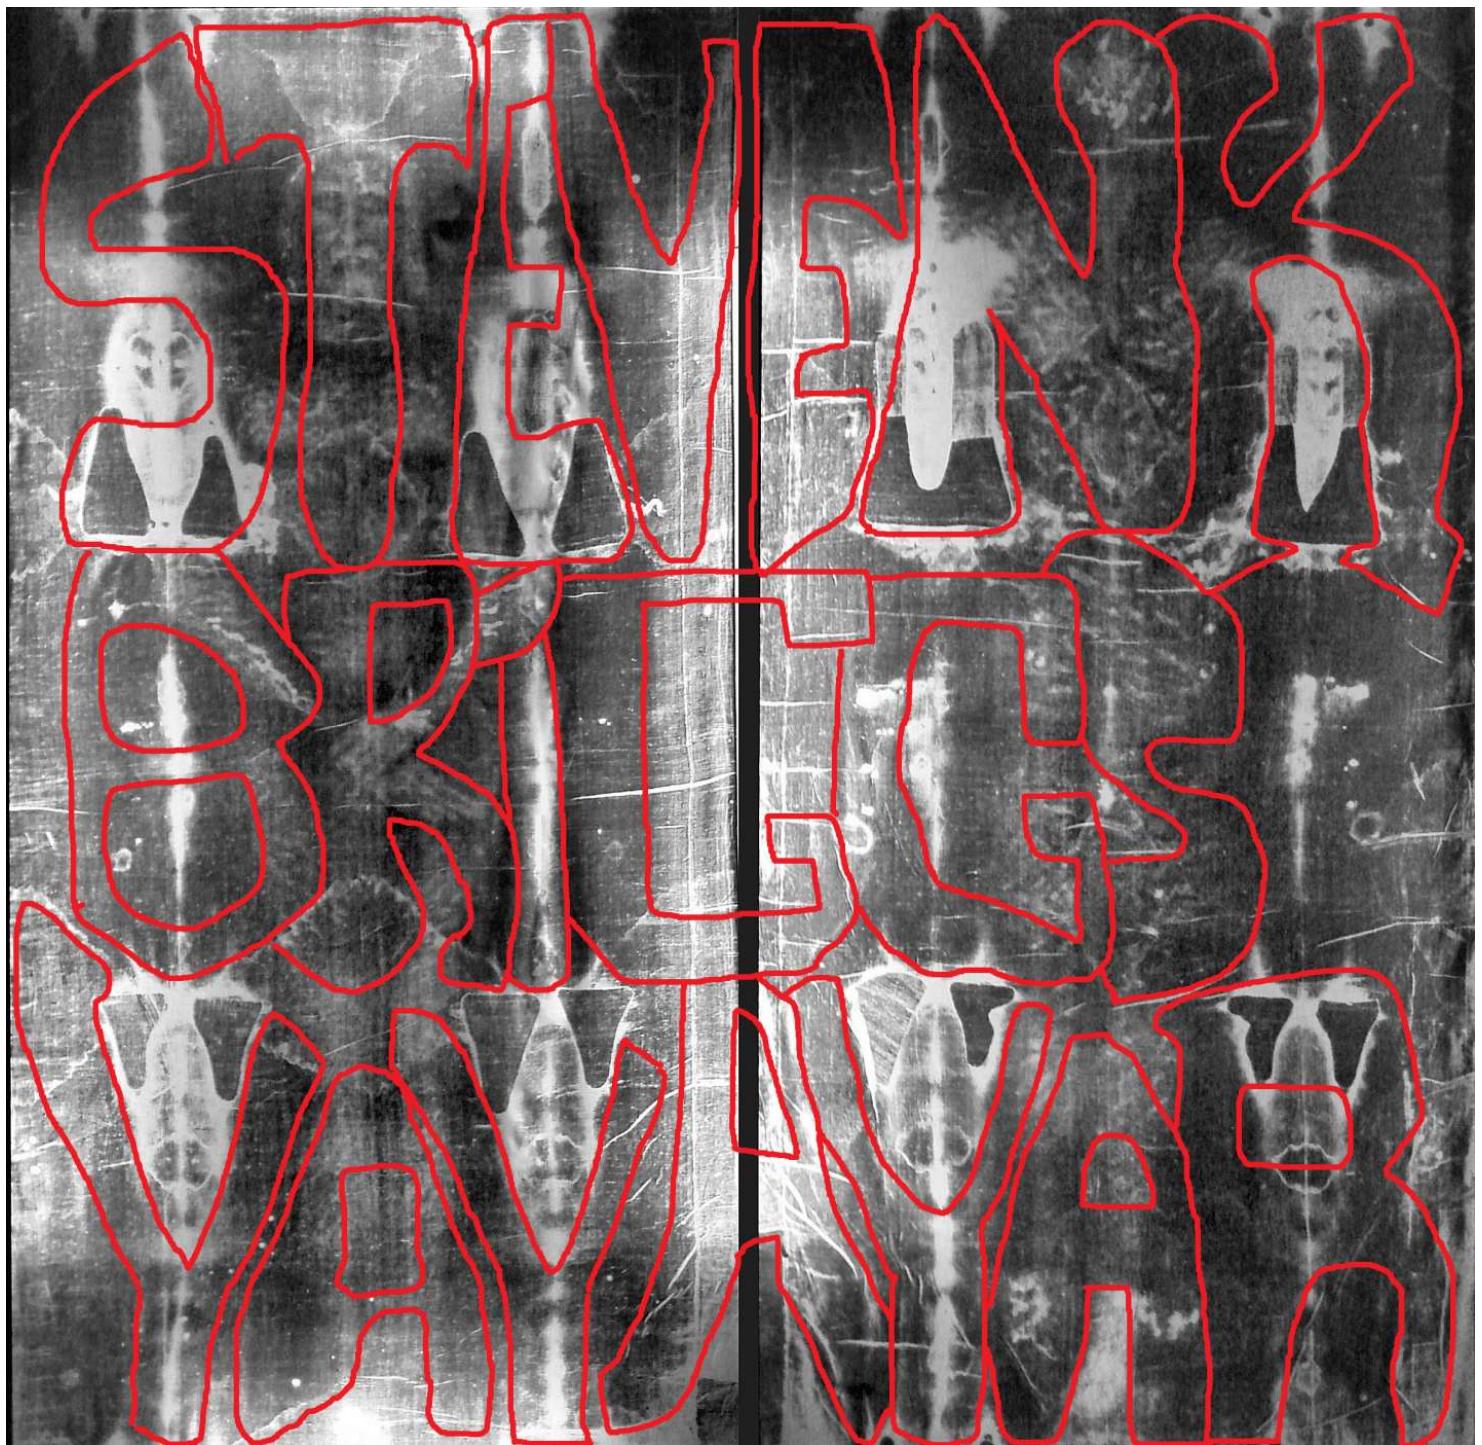

Codenames of God's Predicted Solver

God also put some of His alternate names and codenames for me –four above the others. Suitable for framing.

God also identified me by my conventional name...

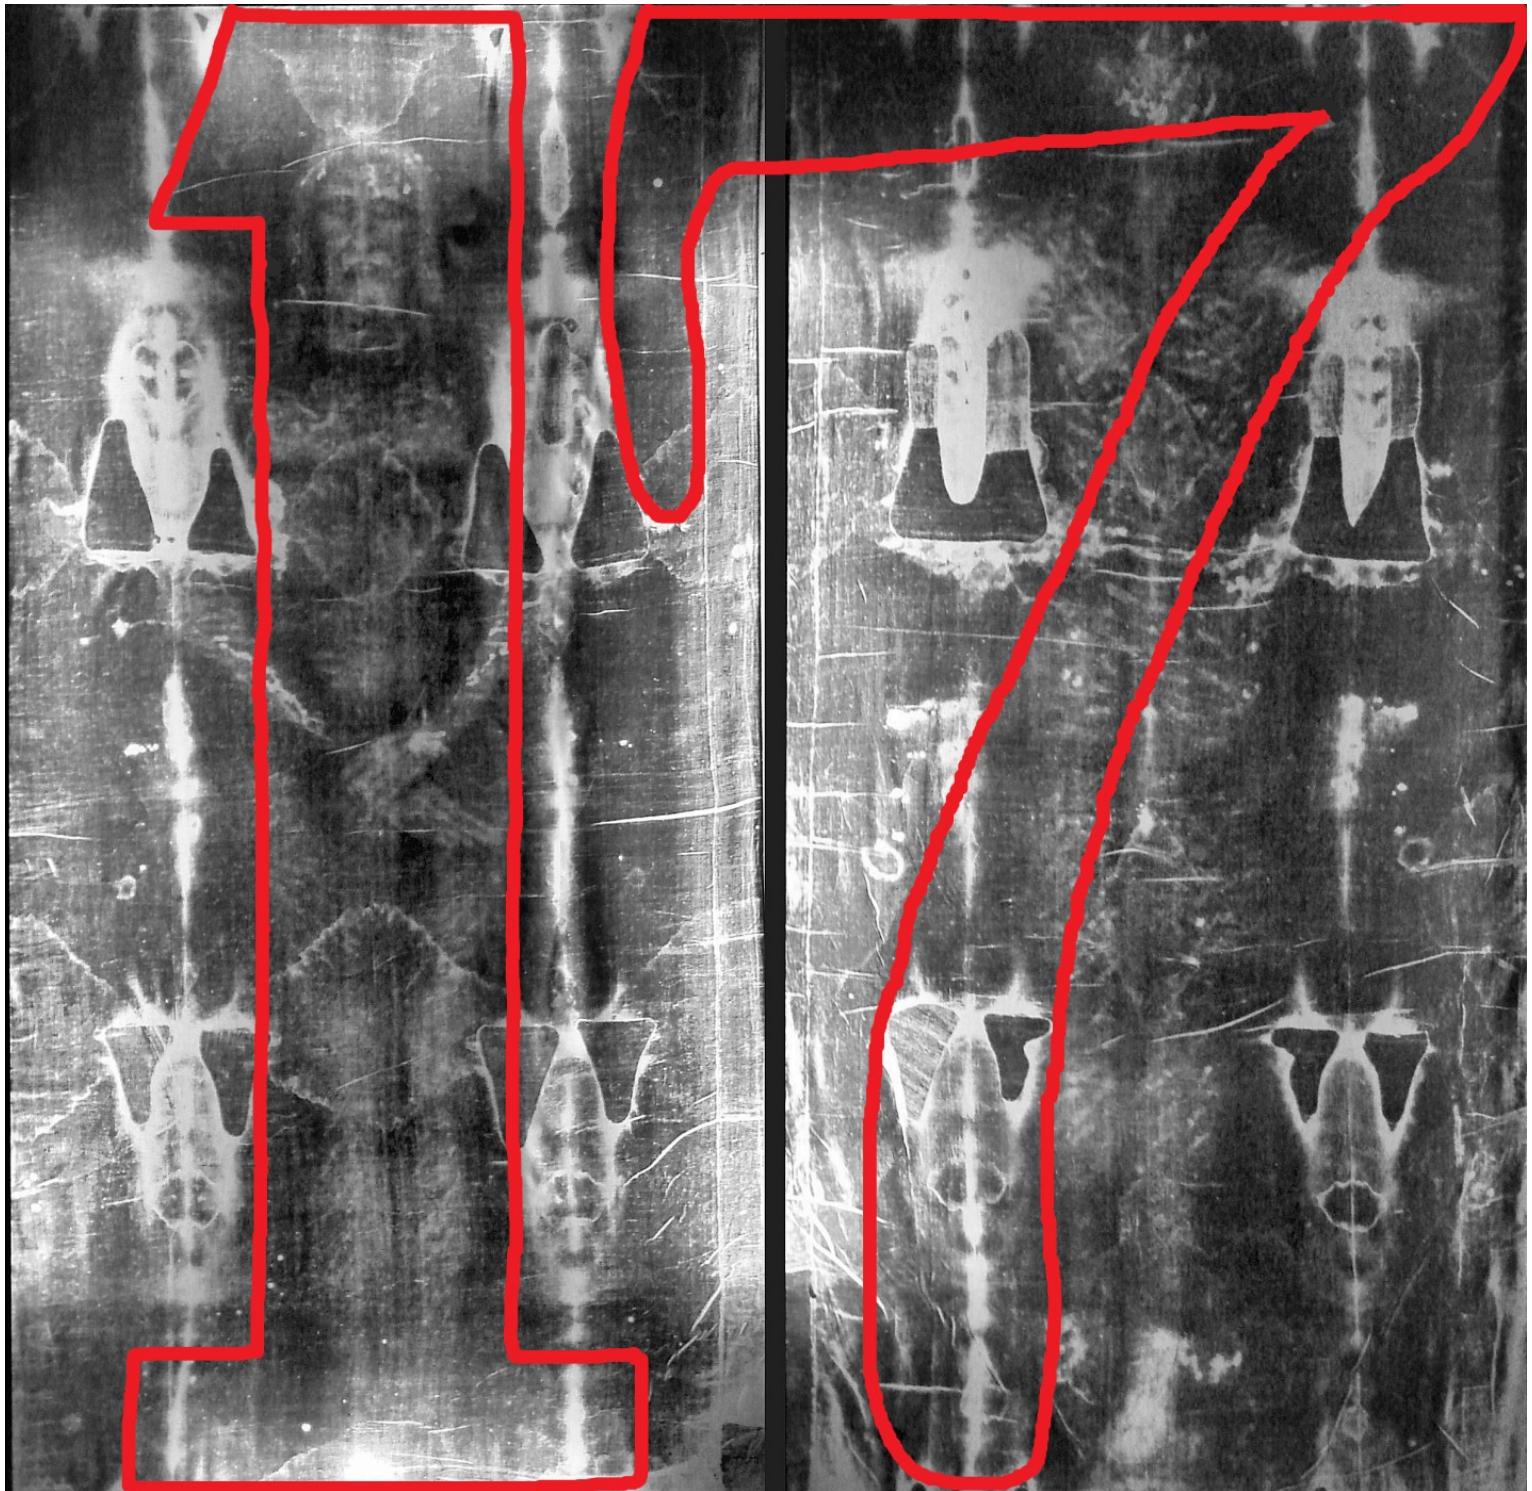

My Name

Above, God spells my full name (middle initial); Steve K Briggs Yayayar. *Yayayar* is the name God revealed as my true family name, as I wrote and researched *Steve's Top-Secret Notebook*.

Now come God's closing signatures...

## God's Signatures, #1

One and seven are God's secondary and primary numbers, respectively. Together, they form sort of a representational full name.

## God's Signatures, #2

God's conventional signature.

There are a couple "bonus" signature variations on the next page.

### God's Signatures, #3

Remember: Be somewhere safe on the date of the One Hour War (pp 3, 12 & 16).
