Finding the One Hour War

Literary Key

Revelation 2: The Solutions = **Rev 2**

The Wagers = **W**

Steve's Top secret Notebook = **STSN**

Killing Guadalupe = **KG**

Art / Acheiropoietia Key

Nuestra Señora de Guadalupe = **NSdG**

The Shroud of Turin = **the Shroud**

Around mid June, 2023, I began solving Chapter 13 of the Bible's Book of Revelation. A few weeks later, I received a Divine request to solve the entire book. About a year later, late June or early July 2024, after about five failed Destruction Day predictions, I arrived at September 23rd, 2024 (West) and September 24th, 2024 (East) as the correct date of the One Hour War. I have not, and will never, change that date. But it turns out, *that* Revelation date was a deliberate tactical deception.

Around April 2025, I discovered God and Satan had been involved in a series of Revelation-related Wagers, going back over 4,000 years (as I reported in *The Wagers*, May 11th, 2025).

May 17th, 2025, I reported John D Rockefeller III had been Satan's originally selected human "Beast" of Revelation 13:18. But, enraged by Satan's constant cheating and desecration of *Nuestra Señora de Guadalupe* (NSdG), shortly before the final Wager began, God replaced Rockefeller with John W Gardner – a much more destructive beast (see *W* and *STSN*).

11 days later, May 28th, 2025, I announced I had found the correct date of One Hour War (OHW), hidden in *Nuestra Señora: December 7th, 2025*.

But December 7th, 2025, came and went, quietly.

Very soon I found date images in NSdG and the Elder Badge (see *STSN*) indicating the Event was on the Julian calendar, not the Gregorian. I alerted the world that December 20th (Gregorian) was the new Destruction Date.

But December 20th passed without incident.

Image to the right: *The Shroud of Turin*

Published December 24th, 2025; updated January 6th, 2026. There are 4,000 words in this mini-book.

The Shroud

Initially, I guessed that when God changed the Beast, he also changed the One Hour War date. But when I analyzed the “new” War date, on three different calendars, the new date connected to Revelation’s central matters as if very carefully planned. So I concluded the *new* date had always been God’s intended One Hour War date.

So here’s how I found the *not-really-new* One Hour War date...

When the OHW did not happen on December 20th, 2025, my first guess was: *when God changed the Beast, in 1888, before the final major Wager began, He also changed the One Hour War date* (see *The Wagers* and STSN for more). That sound theory led to the obvious question: “When is correct OHW date?”

Solving the correct Event date would be MUCH easier than previous attempts, because, according to my published interpretation of the Wagers, the Destruction Date was to occur before the final Wager ended –by the end of December 25th, 2025 (Julian) ¹ or **January 7th, 2026** (Gregorian). This meant on the evening of December 20th, 2025 (Greg), there were only 18 days left the Destruction Date could fall on.

Because the final major Wager began on Christmas Day (Julian), in 1888, I felt strongly that the most likely War dates were Christmas or Christmas Eve (Julian), which translate to January 6th or 7th, Gregorian. But the hunches of a guy who has failed to predict the Destruction Date 10 times have little value. I needed verification. Fortunately, God is exceptional about verification.

When art vandals and thieves desecrated NSdG in 1777, God attached a set of badges to NSdG (KG). And when vandals and thieves cut the badges off NSdG in 1786, in 1787 (or thereabouts) He added the existing badges (KG). Based on that pattern, since Satan and Western elites stole NSdG’s crown in 1888 (KG), I reasoned God may have left some clue about His Destruction Date after the crown was stolen. Thus, I wondered if there was another work of art, created by God, after 1888.

I searched online, and quickly learned about “*Acheiropoieta*”: *Christian icons that are believed to have been created miraculously –not by human hands*. Wikipedia listed six items on its *Acheiropoieta* page; but only two of the examples appeared genuine to me ² : (1) Nuestra Señora de Guadalupe ³, and (2) the Shroud of Turin.

By this point, NSdG’s War clues were exhausted. This left the Shroud of Turin.

¹ Previously, I indicated the final Wager ended on the final second of December 24th, 2025. That was mistaken. As previously explained, the final major Wager was initiated on December 25th, 1888 –a leap year, because on leap years Christmas falls on the 360th day of the year, and 360 has numerical and symbolic meaning to God (and His Family). Thus, the Wagers’ end date, on a non-leap year (2025), would be on the final second of *Christmas* –the 359th day of the year. [See STSN, page 421, for 360 details.]

² It’s very possible the other revered *Acheiropoieta* are also legitimate, but destroyed and falsified, over time, by Satan and the West –just as they destroyed NSdG (read KG for more).

³ Today NSdG is almost entirely fake (KG), and far, far, far below the quality of God’s work.

Western *experts* alleged the Shroud dated back to the 13th or 14th century, making it older than Nuestra Señora de guadalupe. But in 1898, photographer Secondo Pia discovered the Shroud's image was much more visible in a photographic negative (right). Over 80 years later, when I was a teen, there was still great interest in negatives of the Shroud. Thus, as photography was a new 19th century art form, and the negatives seemed to augment the image, I decided to see if God put the Destruction Date in photographic negatives of the Shroud.

The shroud of Turin was/is believed by many to be the shroud (covering) that covered the body of the human incarnation of Jesus, after his death. In 1988, when John W Gardner ruled the West, the US and Germany used radio-carbon dating, usually called “**carbon dating**” (utter junk science), to falsely allege the Shroud only dated back to the 13th or 14th century AD (long after Jesus’ time). No Eastern nations, and no non-White nations, were allowed to date the cloth, or observe Western junk science methods. Worse, in 2002 the West “restored” the Shroud (harsh “restoration” methods should never be used on sacred and valued ancient items, as these methods alter and degrade what remains of the delicate artifacts).

My view is: the Shroud is the work of God, given to us as a representative *likeness* of Jesus, not intended to be an exact image of Jesus. I believe God **recreated** the Shroud that covered Jesus, with the image *He* wanted in the Shroud.

When I was a teenager, I first saw images of the Shroud (photographic negatives, which are easier to see), and felt the image was genuine, somehow.

So I downloaded negatives of the Shroud, to see if God indicated when his OHW would occur. **One Hour War dates were everywhere.** And more:

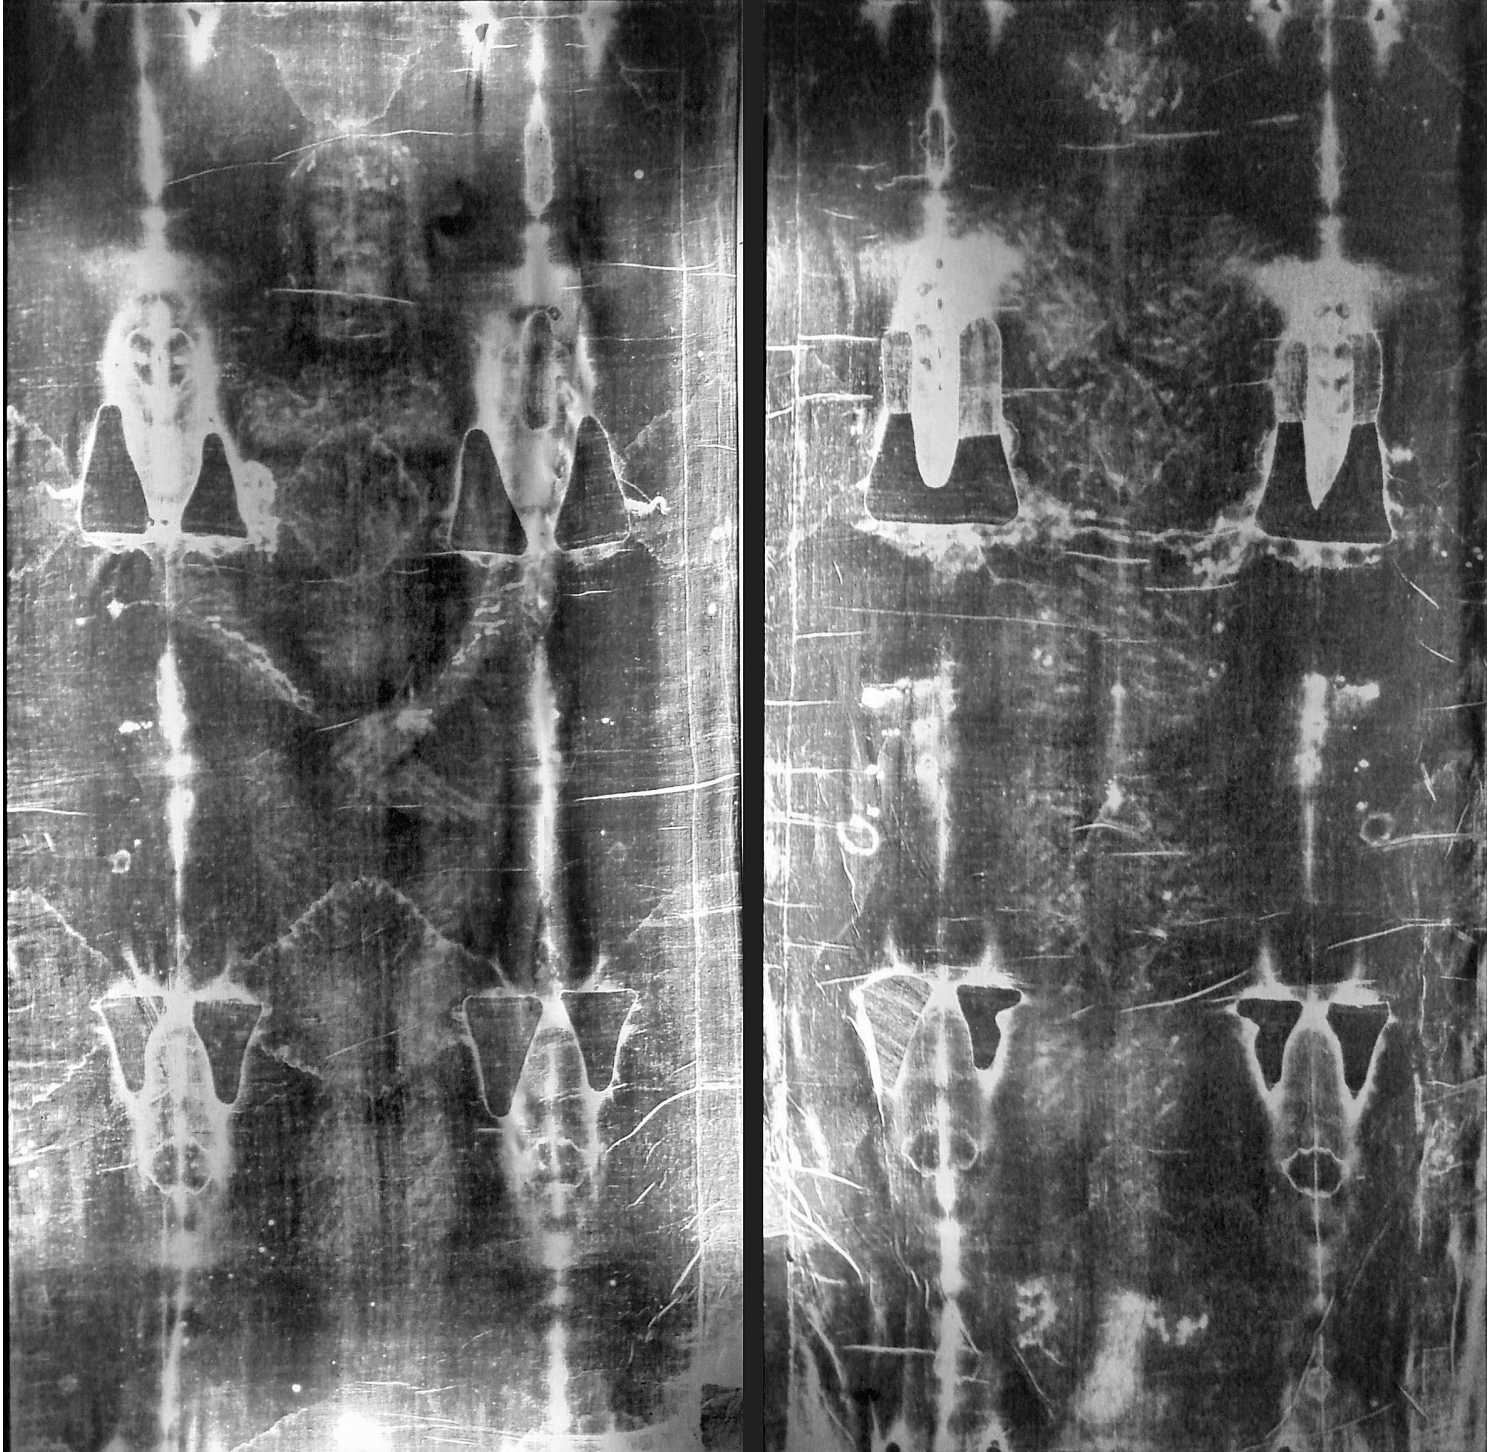

- **In the negatives, God also reveals the year He created the Shroud.**
- **God signs the Shroud –two different ways.**
- **God included a few other secrets.**

Spoiler: the One Hour War date, on three different calendar systems, is:

1. **January 7th, 2026**, on our Gregorian calendar.
2. **December 25th, 2025**, on the Julian calendar.
3. **11 Month, 19 (11/19) 4723**, on the Yin calendar.

Let’s begin...

The Shroud of Turin (image from the negative)

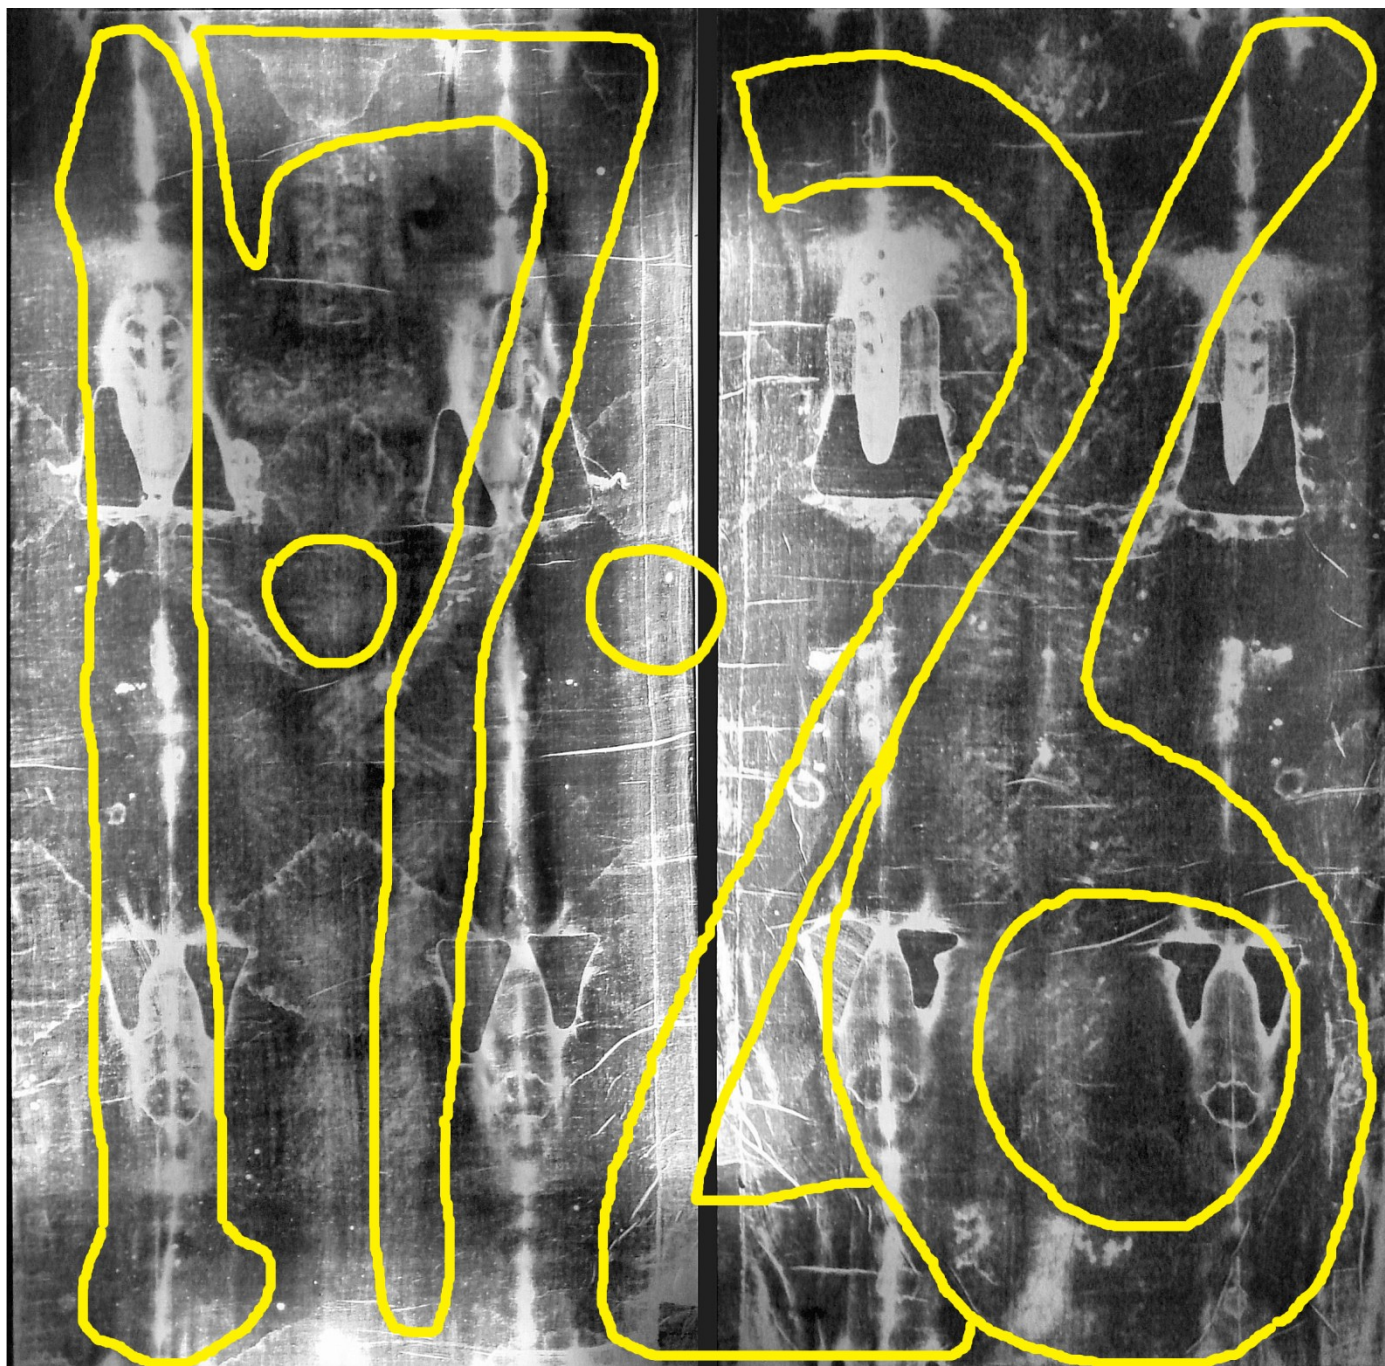

FRONT

BACK

The front of the Shroud presents a likeness of Jesus (in his human incarnation), from the front.

The back of the shroud presents a rear perspective likeness of Jesus.

Number Dates Hidden in the Shroud

Above, the One Hour War date, on the Gregorian calendar (currently used in the US, the West and most of the world).

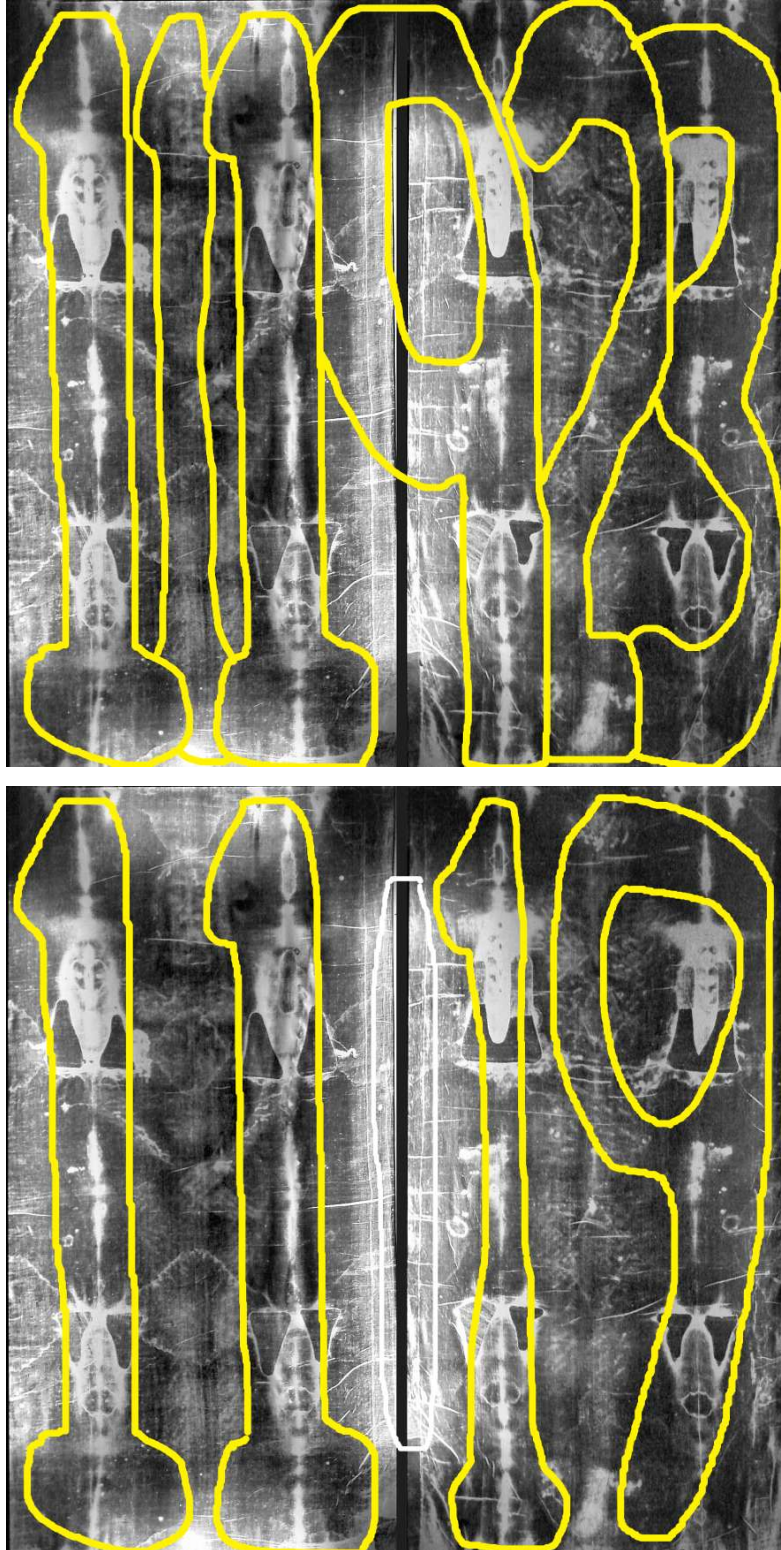

- NOTE: As the United States will be most impacted by God's One Hour War, most of the date numbers in the Shroud are given in the US manner: Month/Day/Year (month, followed by the day, followed by the year).

The Shroud of God

The OHW date on the Julian calendar.
25 is both the day of the month and the Julian year (2025).

The Shroud of God

Above, the Yin date, 11-19-23 (4723), expressed two ways.
And as you'll see on the following few pages, for confirmation, God also expressed all of the OHW dates (Gregorian, Julian and Yin), in smaller images.

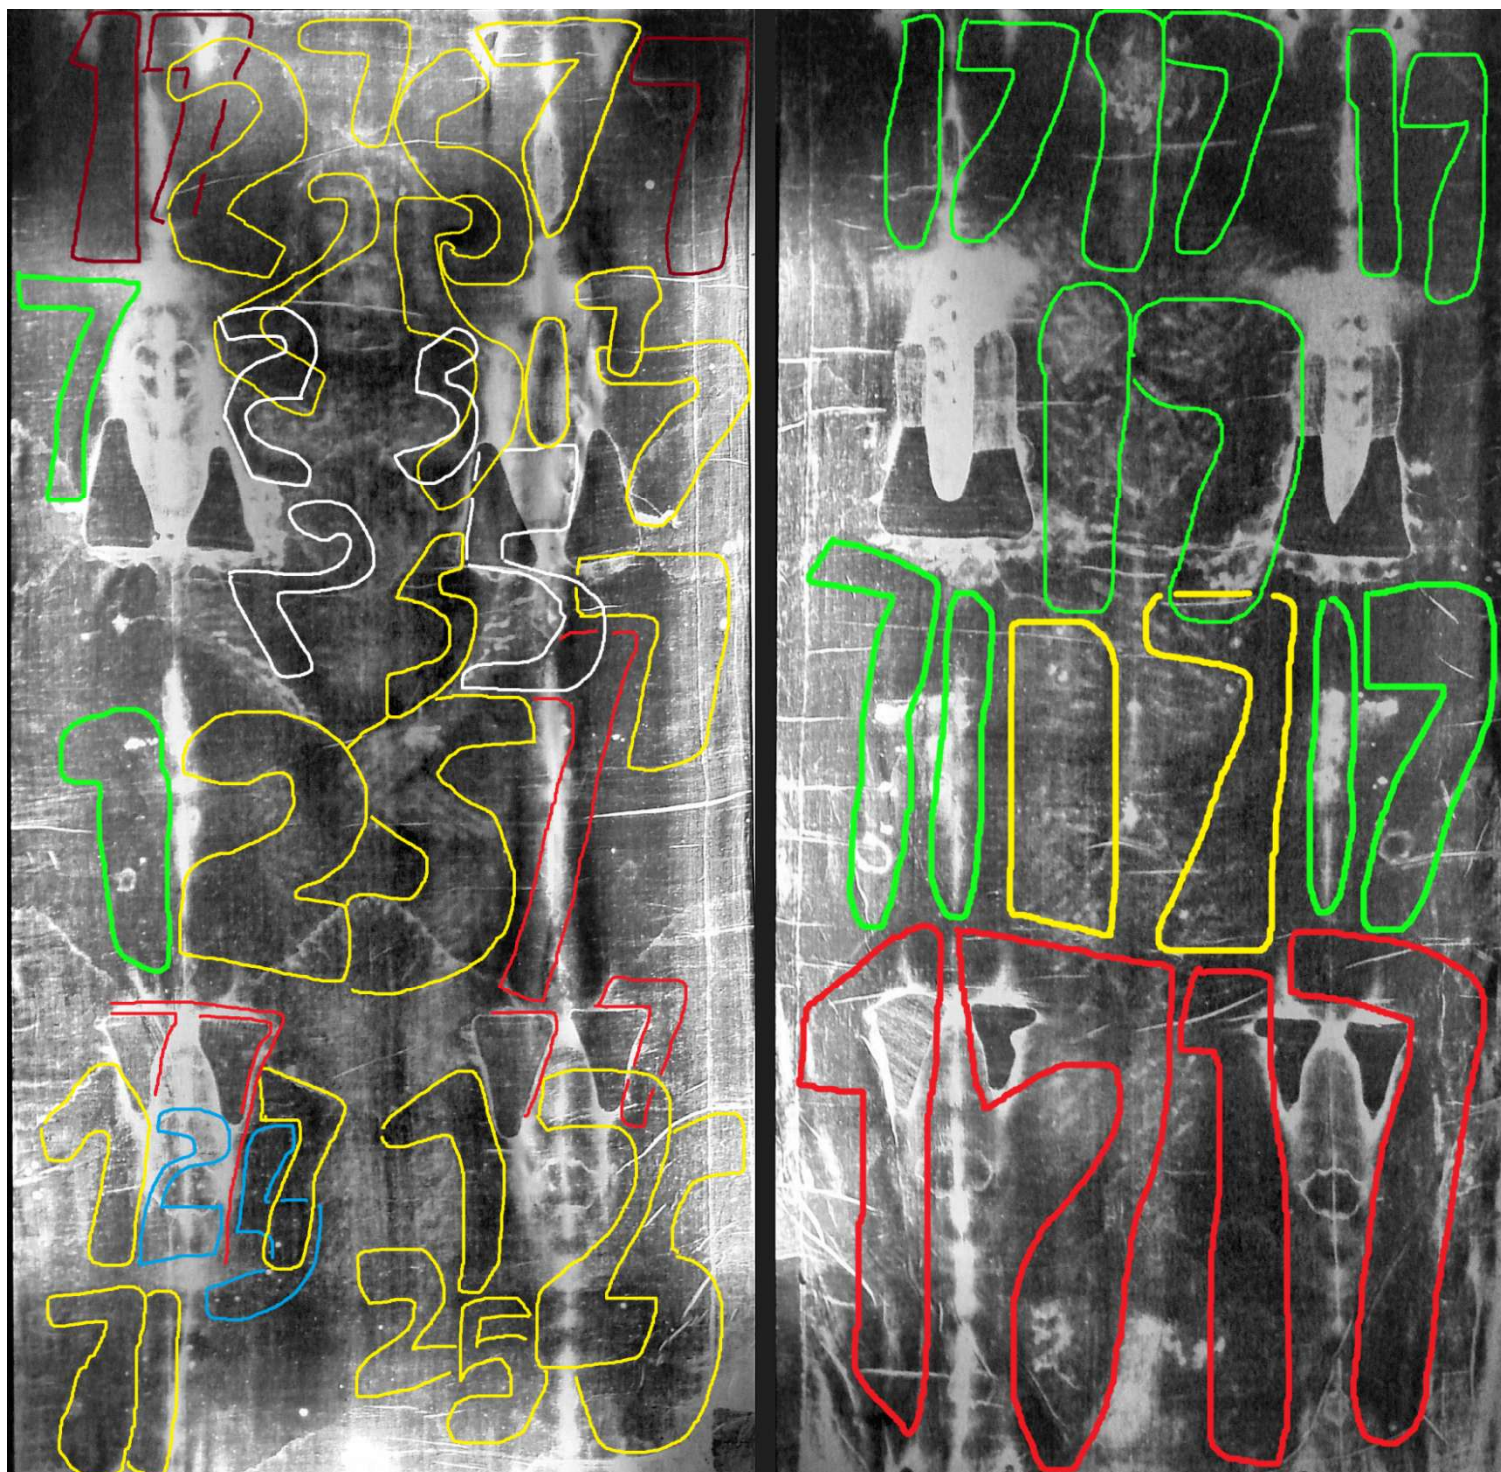

This group of numbers are full expressions of the D-Date, on all three calendars.

Left. Top, the D-Date on the Yin: 4723, 11/19. Second row, D-Date on the Gregorian: **26**, 1 (Jan), 7th. Third row, D-Date on the Julian: 12/25/25. Bottom, D-Date on the Gregorian and Julian.

Right. Top, the D-Date is on the Yin: 11/19/23. Middle Row, D-Date on the Gregorian: 1/7/26. Bottom row, the D-Date on the Julian calendar: 12/25/25.

More Number Dates Hidden in the Shroud

There are so many expressions of the same numbers, I needed two pages, and still couldn't get them all. To the right, the numbers 1 and 7 (January 7th, Gregorian) are found, widely, on the reverse side.

God included large expressions of the OHW time...

Time

Above, the time the bombs begin to arrive on the US West Coast.

God gives the US West Coast priority, over the US East Coast, because the beasts' (John W Gardner and John C Malone), who dictated US/Western policy and schemes, reigned from the US West Coast (the Stanford University campus).

Above, the time in China, in the East, when the Eastern forces begin launching their bombs.

These times are carried by Nuestra Señora de Guadalupe, and can only be found in the Shroud if the seeker (me) first finds the OHW time in Nuestra Señora.

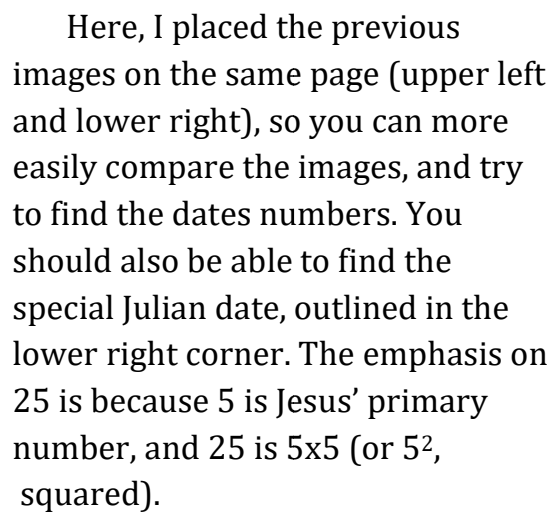

The Date Hidden In & Around Jesus' (Representational) Face

On the following page, you'll see the Destruction Date, on three calendar systems, hidden on and around the representational face of Jesus, above. Can you see the dates in the image above?

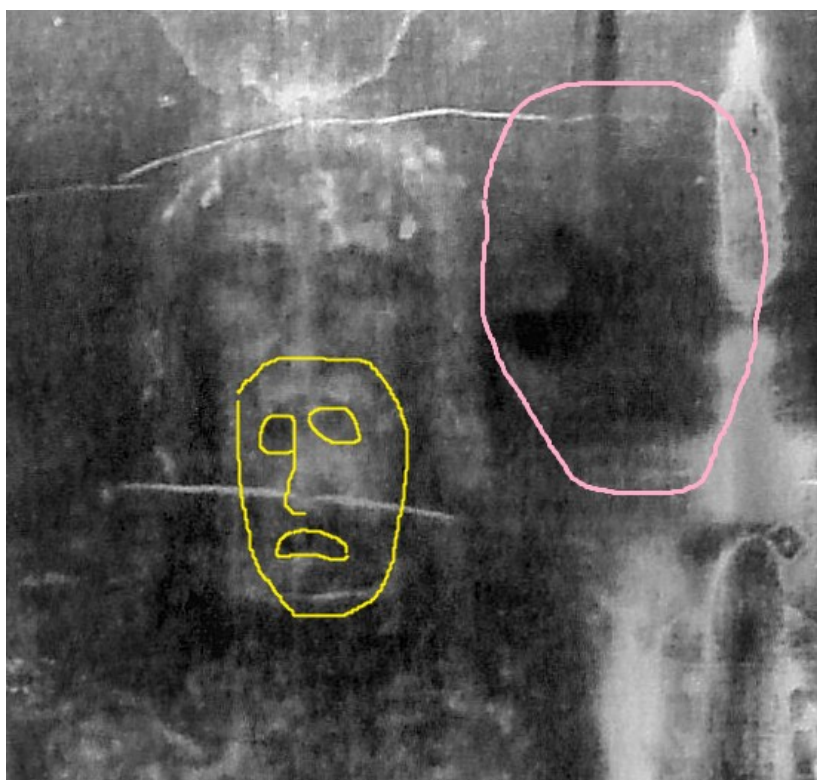

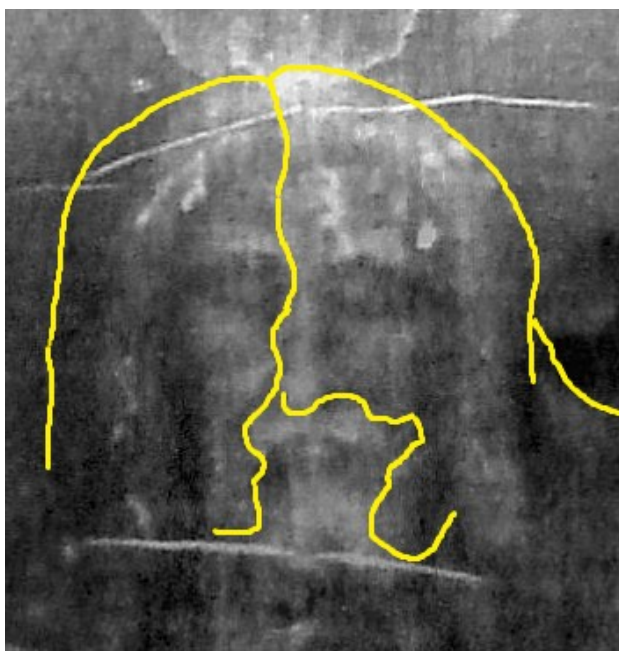

The red numbers represent the OHW date on the Julian calendar: year 25 (2025), December (12), 25th day. The purple number, on the bottom, is the Destruction Date on the Gregorian: year 26 (2026), January (1), seventh day (7). The yellow numbers on the top form the year on the Yin (4723), the green numbers to the right, are the month and day on the Yin: 11 Month, 19th day. With this image, God prioritizes the Yin calendar; likely because Asian nations have tended to be more moral than other nations. God prefers the Julian calendar to the Gregorian –almost certainly because the Julian hasn't been manipulated by Satan.

The Faces Hidden In & Around Jesus' Face

Before I resume confirming dates and revealing other Shroud secrets, I wanted to share some of cartoonish evil and/or sad faces hidden in the Shroud; noteworthy, as it parallels some of God's *Elder Badge* art.

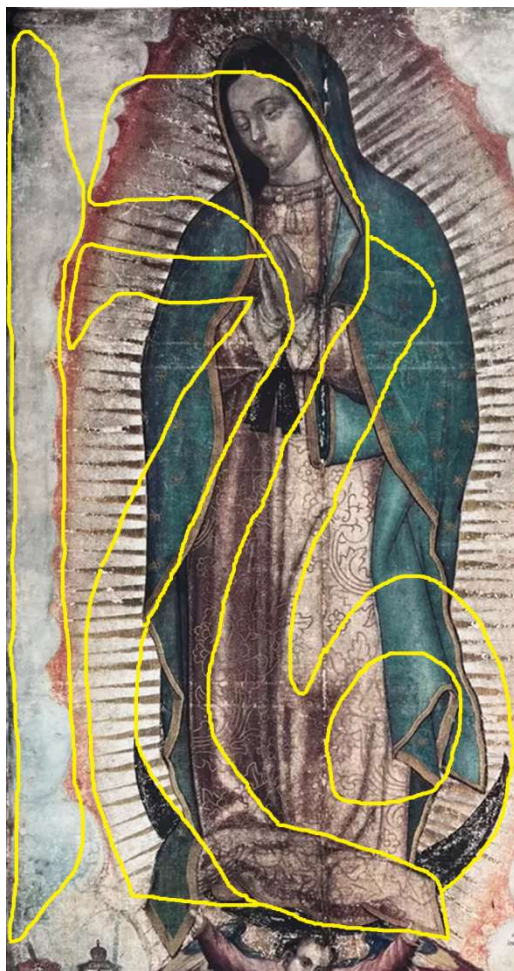

If you are good at seeing images in seemingly random shades and textures, in the image to the right, you should be able to find 5 to 10 faces hidden around Jesus' face. Four of the most interesting faces are a face hidden in the bottom of Jesus' face (lower right), and a very sad face, just to the right of Jesus' face (lower right), and below, left, you should easily find the couple kissing over Jesus' face –although one of them may not be human (which may explain Jesus' unhappy expression). This suggests the US/West's decisions were counter-evolutionary.

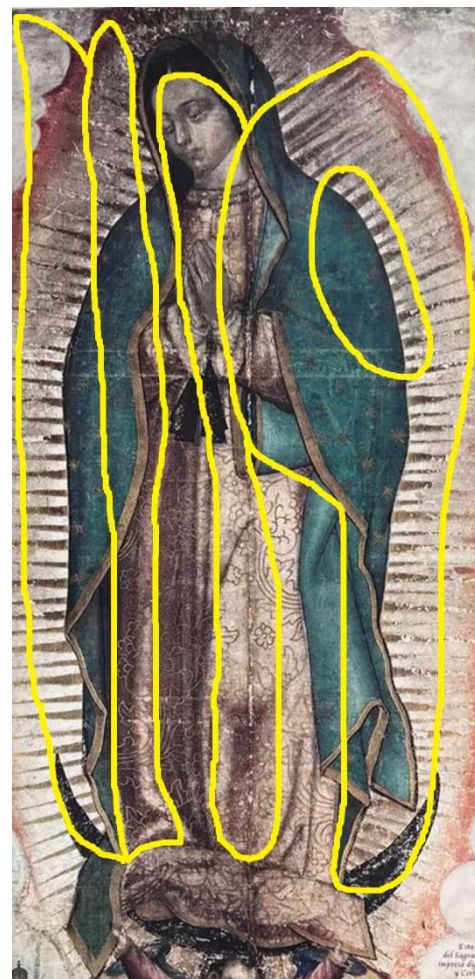

So, I had to go back and see if God also hid the final Destruction Date in Nuestra Señora. The dates were there.

12/25 (also 25/12)
December 25th, 2025
(Julian Calendar)

1/7/26 (also 7/1)
January 7th, 2026
(Gregorian Calendar)

11/19
11 Month, 19
(Yin Calendar)

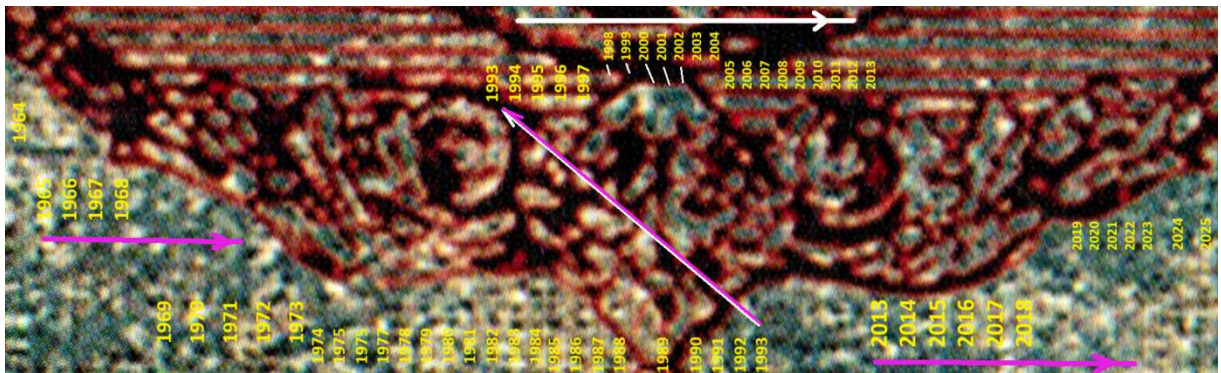

Next I wondered if God put any shroud messages in the Elder Badge.

If you're familiar with my writing on the Elder Badge (*STSN*, *KG...*), you may recall me explaining that the primary purpose of the base area of the Elder Badge is to reveal people who have committed Mark Crimes against me. According to this guideline, at a glance, it may seem unlikely that I would find any such messages in the Elder Badge -unless you've read *The Wagers* or *STSN*, and recalled that God predicted I would solve His Revelation-related mysteries. Thus, if the beasts (John W Gardner, followed by John C Malone) and Satan tried to substantially discredit the Shroud of Turin as God's work (such as using falsified carbon dating reporting to discredit it), or if they tried to harm the Shroud or degrade the image (using a fake

“restoration” procedure), those actions could make my job of finding information in the Shroud much harder, or impossible. Thus, Gardner’s 1988 “carbon dating” of the Shroud, and Malone’s 2002 *restoration*, would easily count as Mark Crimes against me.

The way the Elder Badge’s Unforgivable Crimes Timeline works is: (1) Unforgivable Crime events, or the names of Mark Crime violators, appear in the UC Timeline with the first letter of the perpetrator’s name, or the first letter of the event, positioned in the year that the Crime was committed; (2) to appear as a Mark Crime revelation, the crimes must have been committed between 1964 and 2025.

The 1988 carbon dating, and the 2002 “restoration” both comfortably fit in the Timeline guidelines. So, I checked the Timeline *Year Key*, to see approximately where the first letter of the Crimes should fall in the Elder Badge base Timeline.

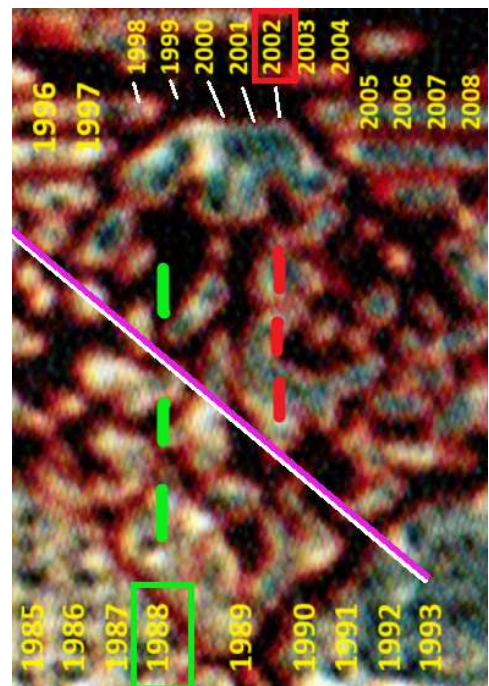

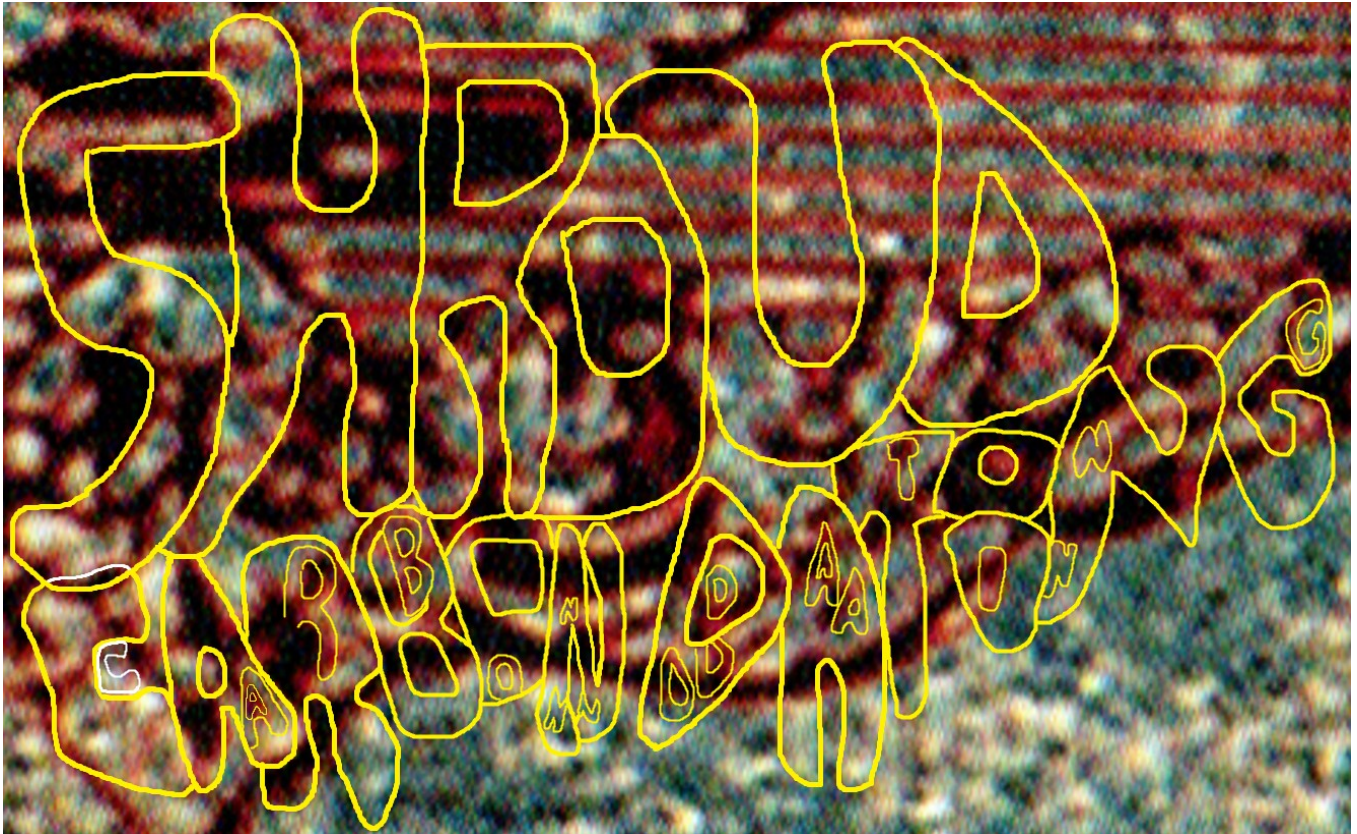

Above: The Elder Badge’s Unforgivable Crimes **Timeline and Year Key**.

As you can see, in the enlarged Timeline central display area, to the right, the year **1988** (in the green rectangle, at the bottom of the image) lands near the left shoulder of what appears to be a young man (walking with a young woman) in the central display area. And the year **2002** (in the red rectangle at the top of the image) falls near the right shoulder of the young woman in the central display area.

Thus, I checked the UC Timeline in these areas. On the following page, you’ll see what I found...

- To better understand the Timeline, see STSN, chapters 6 and 7.

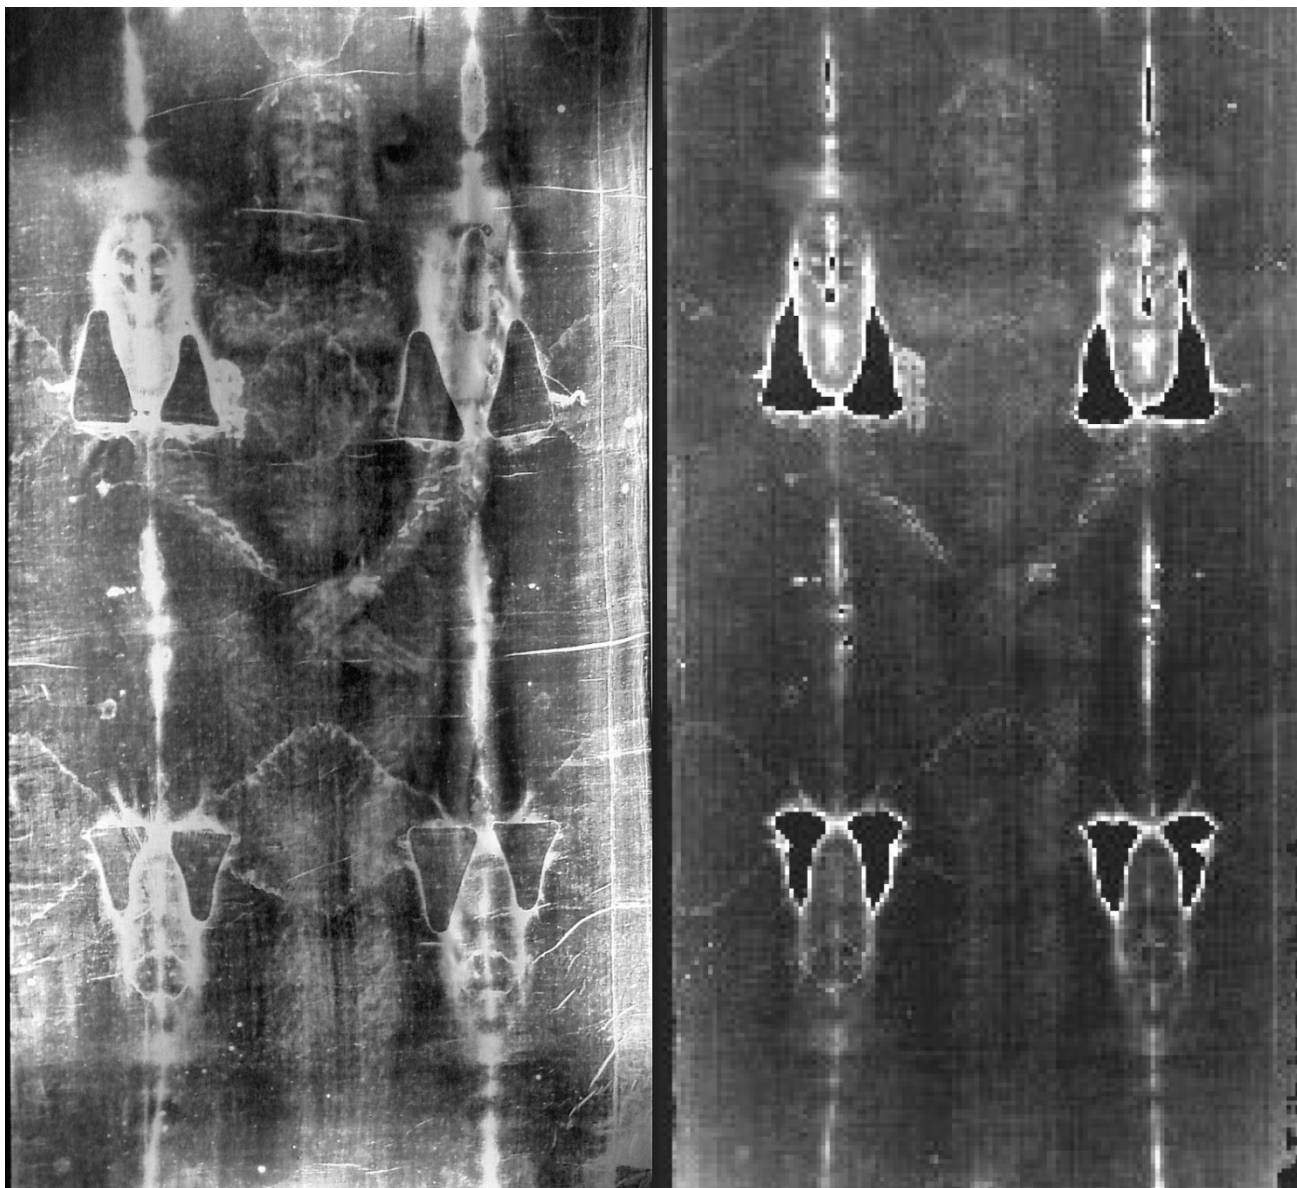

Above, "Shroud Carbon Dating" (with extra confirmation letters) appears in the 1988 position, and "The Restoration of the Shroud" (below) is positioned in 2002.

“Restorative” Destruction

Before the 2002 “Restoration”

After the 2002 “Restoration”

Hopefully you wonder *how much harm the Catholic Church did by “restoring” the Shroud?*

I tried to determine that. Above are frontal images of the Shroud, cropped and positioned for comparison, from before and after the restoration. The US/West disinformation machine has many fake, backdated shroud websites up –most of which did not identify when their images were created (I found only a small number of images available online). From the information available, the image I used, above, left, was taken in 1978. The image on the right is a very small, and low quality –but it is the only image I could find online identified as taken after the *restoration*.

So how bad is the “restorative” damage? Catastrophic. If I had to work from the image on the right, I would NOT have found the OHW dates.

The Meaning of the Date

ON THE JULIAN CALENDAR, the One Hour War is on Christmas Day –the Earth birth date of God’s Son, Jesus. Since the US/West associate themselves with Christianity and Jesus, God may have chosen Christmas to demonstrate that nations and families should hold themselves to the highest degree of accountability. Secondly, God may have chosen this date to invite new-believers to Christianity. He may also reasonably expect His other Religions (Judaism and Islam) to acknowledge and respect His Son. Tertiarily, the date might be a rebuke to the Catholic Church’s leadership –which allowed evil to infiltrate its upper-ranks, and do great harm, for many generations.

ON THE WIDELY USED GREGORIAN CALENDAR, the date 1/7 refers to two Biblical passage; one in Revelation and one in Genesis:

1. 1/7 refers to Revelation 1:7, a powerful reference to Jesus, which reads: *Behold, He is coming with clouds, and every eye will see Him, and they also who pierced Him. And all of the tribes of the Earth will mourn because of Him. Even so, Amen.*

Revelation 12:1 presents a *portrait* of Mother Nature –whom God recently revealed is His Daughter, Natas (*STSN*, chapters 13, 13.357, 13.681). To honor Natas and 12:1, God created *Nuestra Señora de Guadalupe*, which represents Natas and Guadalupe (the representational mother of Jesus), which carries the hour of the day of the One Hour War.

Similarly, with 1:7, God presents a portrait of Jesus, in His Second Coming, which God linked to His artwork the *Shroud of Turin* –which carries the date of the One Hour War.

- By making His Shroud dates and revelations best seen in photographic negatives, God linked the Shroud revelations to Revelation Images Crimes, which primarily occur through our eyes, via modern visual technologies (TV, computers –photos...)
 - 1:7 also refers to Revelation, Chapter 1, broadly, which establishes that God’s primary *identity* number is seven (7), and His secondary number is one (established at 4:2, when God is referred to as One). Thus, by stamping these numbers (1/7) on the Gregorian Destruction Date, God signs His name to His Judgment and sentence.
2. 7:1 also refers to Genesis, Chapter 17, where God introduces His Circumcision Covenant to Abraham.

ON THE YIN CALENDAR, the final One Hour War date is 11/19, which refers to two important Bible verses:

1. Revelation **11:19**, where God reveals he has possession of the Ark of the Covenant, which means He has revoked the Covenant, almost assuredly because critical mass of people who allege to be Jewish do not respect God’s Laws.
- In associating this verse with the Yin calendar, God is praising many Asian nations, for being more ethical than most nations, and being very productive and innovative.
2. Verse 11:19 is the **194th** verse of Revelation, which refers to Genesis **19:4**, where the men of Sodom surround Lot and God’s male angels, to rape them.
- Here, God is reminding us that elite US Satanists engaged in covert efforts to convert their own citizen -and citizens everywhere- into homosexuals (seriously); central to God’s Judgment.

Broad Purpose/Meaning of the Dates

On page 2, I wrote: “...when I analyzed the ‘new’ War date, on three different calendars, the new date connected to Revelation’s central matters as if very carefully planned. So I concluded the new date had always been God’s intended One Hour War date.”

So here’s how God true One Hour War date re-establishes two of the most noteworthy elements of Revelation, making the War date “perfect”...

FIRST. In the **FIRST** chapter of Revelation, Jesus twice declares He is *the Alpha and the Omega*, the **First and the Last** (or subtle variations of this), at verses 1:8 and 1:11.⁴ Jesus makes this declaration again in the **LAST** chapter (22), at verse 22:13. And God makes this declaration in Revelation 21:6.⁵ So, by positioning the War date to where it is in the first month of the Gregorian year, but in the last month of the Julian year, God emphasize and fulfills His (and Jesus’) message. The fact that the first number of the US date, one (1/7/26), represents A in standard alphanumeric code, and the last number (26) represents Z (the last letter of the English alphabet), adds to this.

SECOND. Revelation establishes 7 and 1 as God’s identity numbers. Using those numbers for the Gregorian Event date makes for a very prophetic conclusion.

God’s Prediction

In *Revelation 2: The Solutions*, I demonstrate that in Revelation, God used the *Four Living Creatures* and the 24 Elders to assign me the primary numerical identity **4** (and secondary identities: 2, 24, 44...). In Chapter 1, the word “seven” first appears at verse **4**, and is used **11** times in Chapter 1. God and Jesus say *the Alpha and the Omega...the First and Last* (or *Beginning and End*) four times in Revelation –including at verse 1:**11**. Chapter 4 (where the Four Living Creatures and 24 Elders are introduced) has **11** verses. The Elders (24 Elders) are mentioned **11** times in Revelation. I take these things as God predicting I would correctly predict the date of His One Hour War on my 11th -and final- attempt.

11 connects to the fact that on the Julian Calendar my birth date is September 11th (not September 24th). The meaning of all this is explained in the “Notes” section of STSN.

REMINDER:

People in the US and West, remember: the One Hour War on your/our Gregorian Calendar is **January 7th, 2025**. The Date on the Yin is: 11 Month, 19, 4723. The date on the Julian is: December 25th, 2025.

TIME. The nuclear bombs arrive will be 9am to 10am US West Coast Time (PST), or 12pm to 1pm US East Coast Time (EST).⁶

The date God created the Shroud of Turin is presented on the next 3 pages.

⁴ Jesus calls Himself First and Last at 1:17, but the words *Alpha and Omega* are missing.

⁵ God saying *First and Last* at **21:6** was likely intended to reference Genesis **2:16**, where God begins to give Adam his first Command (Covenant) –to eat of every tree, except the Tree of Knowledge of Good and Evil.” **21:6** also likely refers to Genesis **21:6**, where Sarah is extremely happy, because God miraculously helped her conceive a child in her old age.

⁶ People in other high risk zones (Western Europe, Israel and, Japan) should find what the corresponding times are in their areas, and try to be 50 miles or more away from large and mid-size cities.

The Year God Made the Shroud of Turin, #1

Above, I made this *tracing* about as large as possible, so you can see and follow the lines. Since human aptitude for this varies, I've included two variations of this tracing on the following two pages. Check them against the page 4 image.

- **Made in 77 A.D.** Thus, before Revelation was written, God knew His one Hour War date.
- The 77 at the top, below the *M*, and next to the *AD* in *MADE*, confirm the 77A.D. below.

The Year God Made the Shroud of Turin, #2

Follow the lines, and shade and color changes., and the curve of Jesus' face and forearms...

The West only lied about when the Shroud was created by about 1300 years. I think I first reported carbon dating as junk science, created to deceive, a couple years ago (an assertion now confirmed by God).

The Year God Made the Shroud of Turin, #3

People should also note that in the letters and numbers in these dates and messages, God adheres to the lettering guidelines he used in His Elder Badge base revelations (see STSN, chapter 2); thus, all *l*'s are dotted.

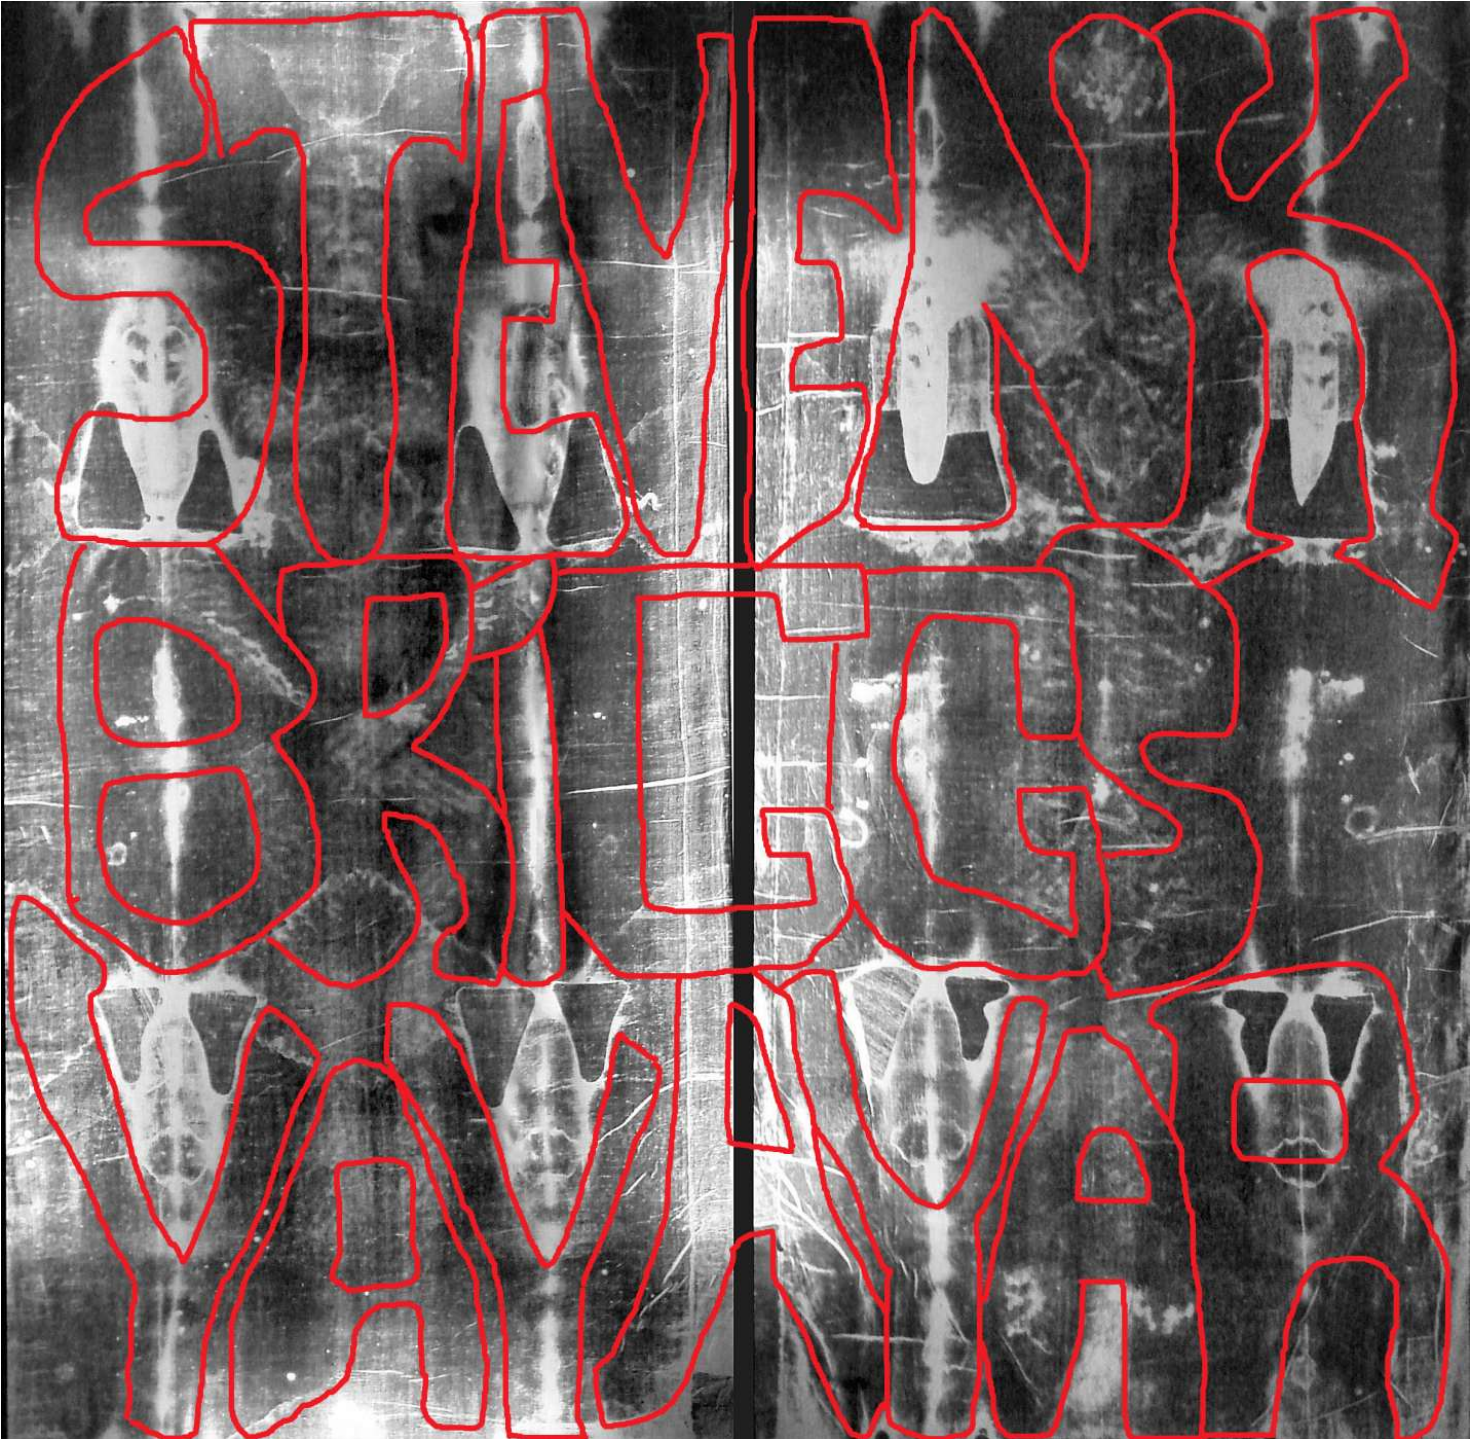

Codenames of God's Predicted Solver

God also included a few of His alternate names and codenames for me –four above the others.

God also identified me by my conventional name...

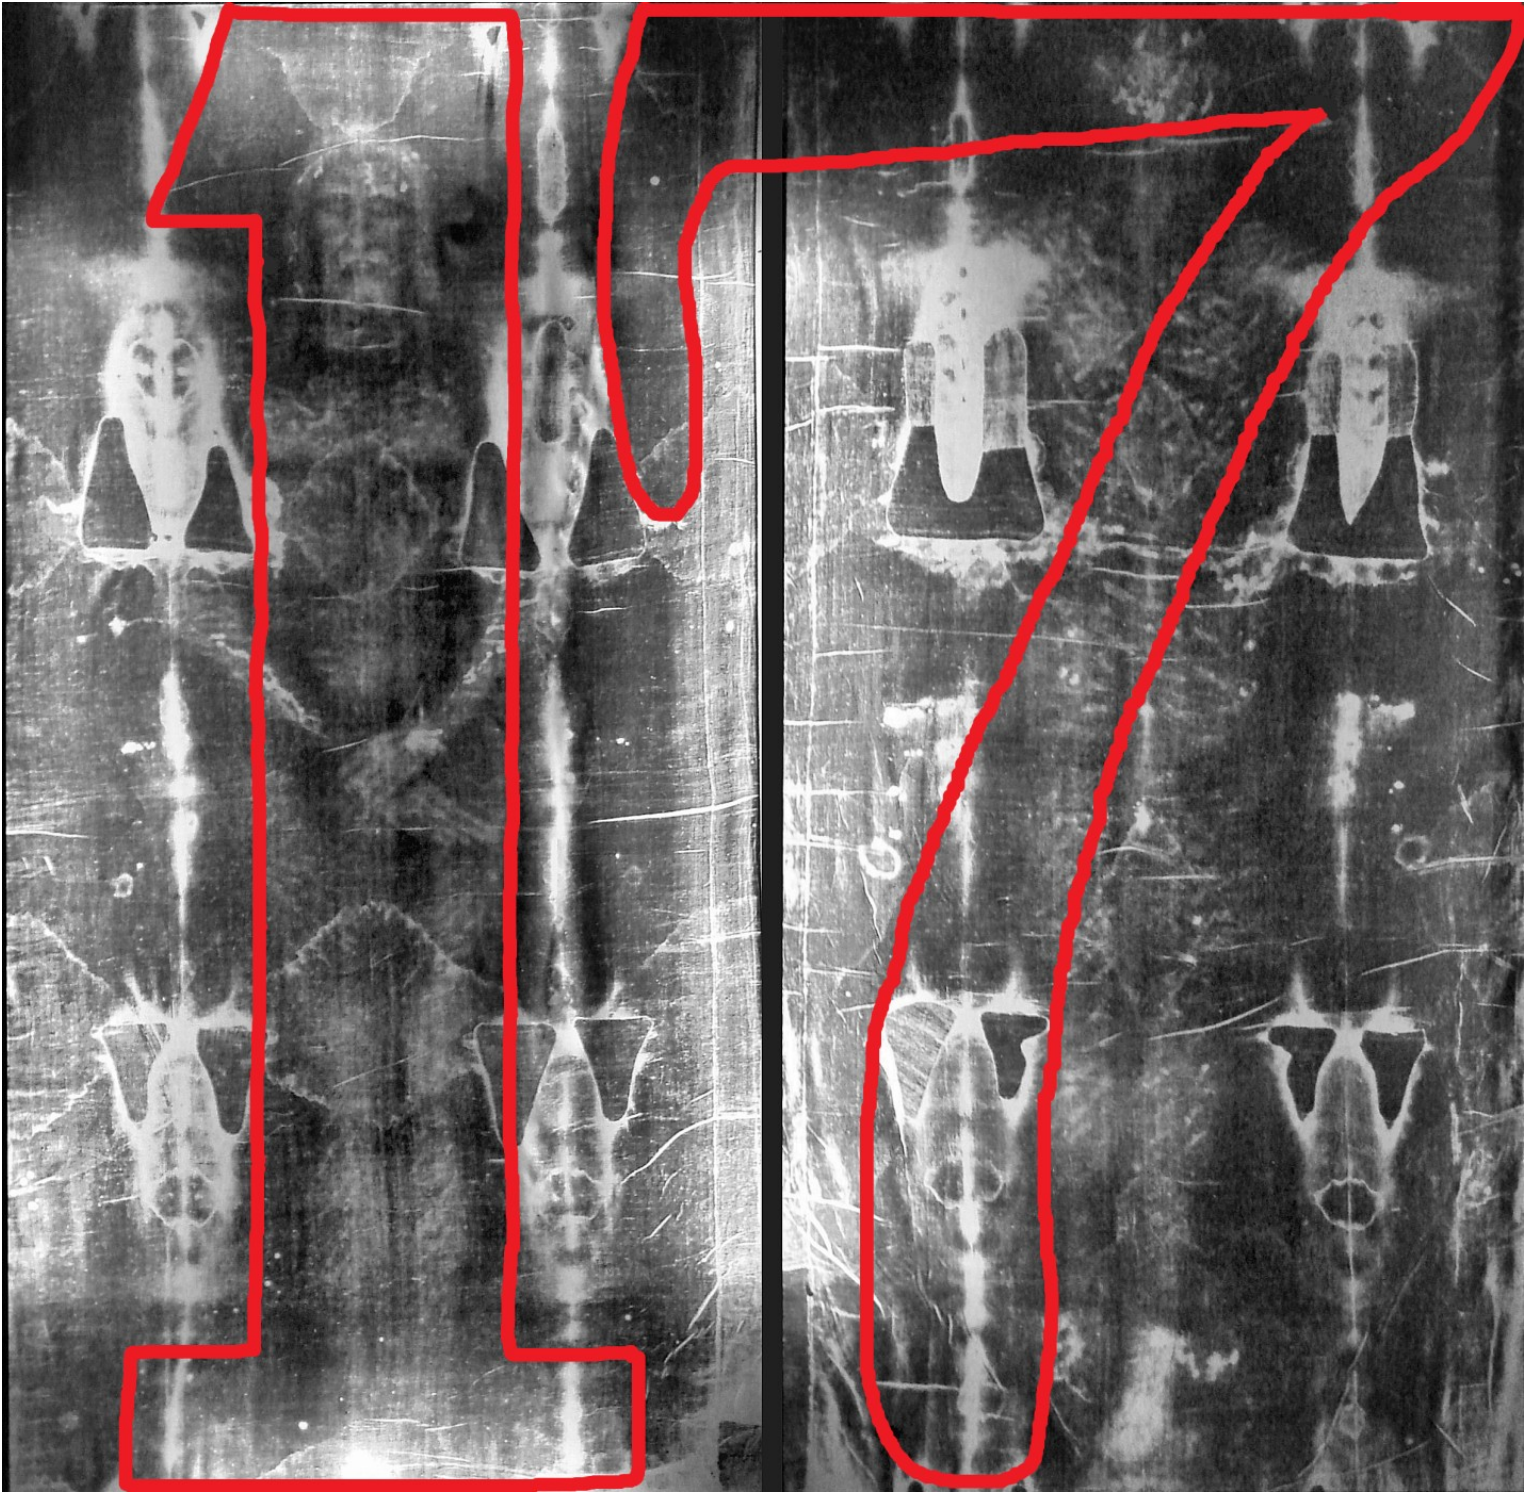

My Name

Above, God spells my full name (middle initial): Steve K Briggs Yayayar.
Yayayar is the name God revealed as my true family name, as I wrote and researched STSN.

Now for God's closing signatures...

God's Signature, #1

One and seven are God's secondary and primary numbers, respectively. Together, they form sort of a representational full name.

God's Signature, #2

God's conventional signature.

Remember: Be somewhere safe on the date and hour of the OHW (see page 21).
