

## DECEMBER 18<sup>th</sup> MESSAGE:

Around 11pm Sunday, December 14<sup>th</sup>, I updated “Steve’s Top-Secret Notebook, and included a short new passage to help people understand the One Hour War will happen December 20<sup>th</sup>, 2025. The passage is item 33, on page 414. [To verify this, go to the “Prior Publications” page and open the PDF named “Steve’s Top-Secret Notebook (Part 9), December 14<sup>th</sup>, 2025.”] In the passage I added a special wager term, reading:

“33. As my job is to sound the alarm of God’s coming wrath, but I am reliant on Satan and the West’s internet system, to help warn of His coming wrath, God should create one large news-worthy natural disaster on EACH of the final five days before the One Hour War (December 15<sup>th</sup>, 16<sup>th</sup>, 17, 18<sup>th</sup> and 19<sup>th</sup>).”

But a couple of hours later, I realized that I should not have used the word “disaster”, because I did not want God to cause any unintended loss of life. So, I rewrote the passage, and posted it at about 3AM, Monday morning. The passage read (as it reads now):

“33. As my job is to sound the alarm of God’s coming wrath, but I am reliant on Satan and the West’s internet system, to help warn of His coming wrath, **God should create one very large news-worthy natural weather (rain, tornado, hurricane), geological (earthquake, volcanic eruption...) or water event** on EACH of the final five days before the One Hour War (December 15<sup>th</sup>, 16<sup>th</sup>, 17, 18<sup>th</sup> and 19<sup>th</sup>).”

**MONDAY, FIRST EVENT.** Thus a few hours later, Monday morning, God began with the natural “events”. The first event happened where I grew up, in Sonoma County, California, USA, where God caused a series of 30 earthquakes (which people actually felt), in a few short hours. If you research, you will learn that not only were the quakes near where I grew up, most of the earthquakes happened near the area where John W Gardner had his “hitchhiker murderers” dump two of his murder victims in the early 1970s (you’ll have to read *My Stepdad Was One of the Zodiac’s Santa Rosa Hitchhiker Murderers* to fully understand this). Perhaps to emphasize His point, also on Monday, December 15<sup>th</sup>, 2025, a 115 foot tall replica of the Statue of Liberty, in Brazil, toppled in a storm, and appeared sufficiently destroyed.

**TUESDAY, SECOND EVENT.** Large leaks emerged in two dams (or levees) in Washington state (USA), forcing thousands to evacuate, and causing the closure of Highway 2 (it is estimated the highway will be closed for months).

**WEDNESDAY, THIRD EVENT.** Again, in the Western US, 200,000 people found themselves without electricity, due to storms. Simultaneously, a blizzard began to hit Canada.

**THURSDAY, FOURTH EVENT.** Thursdays December 18<sup>th</sup>, 2025, God used rain to turn the ocean water off the coast of Iran’s Hormuz Island blood red.

- That same day, Russia’s President Vladimir Putin warned the US not to make a “fatal mistake” (concerning events between the US and Venezuela).
- China also told the US to immediately stop sending arms to Taiwan.

As I am writing and posting this late Thursday, I cannot know what God will bring on Friday, December 19<sup>th</sup>, but I know the One Hour War happens December 20<sup>th</sup>, 2025.

- PS: Forgive me for being slow to realize, earlier this month, the Event date was/is on the Julian calendar -13 days behind the Gregorian. Thus, in converting the date to Gregorian, the Event date occurs 13 days later than I previously stated.
