

Innovative Design

Disadvantage of ordinary pallet scale: large in size; heavy; inconvenient to move; only can be used in fixed area; takes up valuable real-estate.

Advantage of D-Strip: auto error-correcting weigh module; lightweight material; wireless; portable; can be stored vertically in a compact space.

Demonstration

Place cartons or pallets on the D1 strip → open the APP → view weight information in the APP

Application Case

Common challenge in express logistics – dispute on billing

Problem:

- Preparation of goods for shipment but there is a lack of an accurate weighting system.
- Weigh goods at the freight location prior to sending billing details.
- Customers often doubt accuracy due to lacking real-time weight verification.

Solution:

Portable Strip Scale

- Effortlessly setup Strip Scale to weight goods and provide.
- Freight billing instantly to your customer or vendor.
- Eliminating disputes, providing transparency and most importantly, **improved customer experience!**

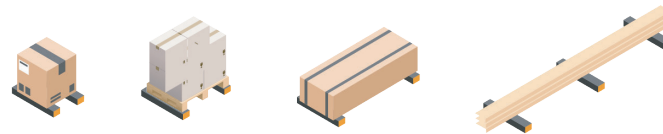

Strip Scale Specifications

Model	D1500	D1500L★	D500
Parameter			
Size	31.5in*3.2in*2.2in	39.4in*3.2in*2.2in	31.5in*2.75in*1in
Weight	11 lbs(5kg)	12.8 lbs(5.8kg)	3.5 lbs(1.6kg)
Material	Structural Aluminum		
Built-in battery	3.7v 9000mAh	3.7v 9000mAh	3.7v 1500mAh
Weighing			
Capacity (single)	3300 lbs(1500kg)	3300 lbs(1500kg)	1100 lbs(500kg)
Composite deviation	1% ①		
Maximum working time	100 hours②	100hours②	48hours②
Charging time	6hours③	6hours③	2hours③
Sensor			
Material	Alloy Steel	Alloy Steel	Aluminum alloy
Quantity	2		
Working Temperature	-20°C to 65°C		
APP			
System	Android & iOS		
Connection	Bluetooth		
Optional			
Bluetooth printer	Thermal label printer		
Meter	PDA		

★ Stocked in US Warehouse

Application Scenarios

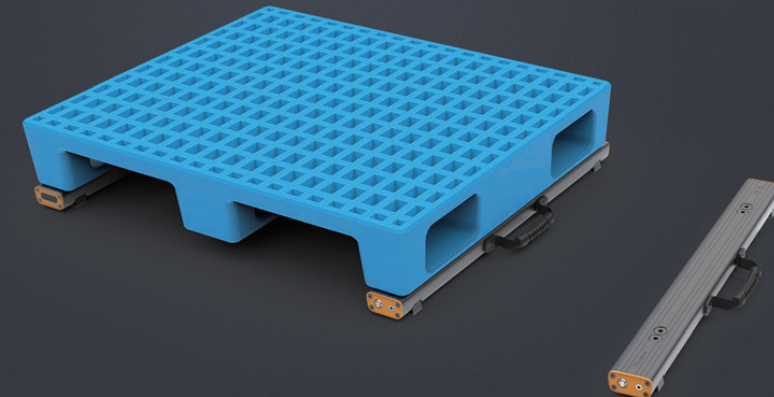

① ② ③ The accuracy of the weighing process may be influenced by ground conditions.
② ③ This data is based on theoretical calculations; actual values may vary.
