"PURCHASER" accepts all responsibility for protection from said diseases, illnesses, parasites and fungi.

The "PURCHASER" acknowledges that stress of travel, a new home, different environment and activity level of new home can cause any breed of kitten to stress and develop an upper respiratory condition. These are easily treated and not a sign of a chronically sick or weak kitten. Buyer agrees to treat kitten/cat at their expense in the event that the kitten should develop a condition that requires veterinary care/medication. The Sphynx Breed is a robust breed of cat but "ALL" kittens require "Quiet Time" which is especially important in families with younger children.

The "BREEDER" will not be held liable for any veterinary or health care costs occurring while the cat is in possession of the "PURCHASER", except as provided for by the above limited warranty.

The "PURCHASER" agrees to provide the cat with a clean, pleasant environment, conducive to good health and with adequate space for exercise. At least one litter box should be provided for each cat in the household and will be cleaned daily.

The "PURCHASER" will provide the cat with proper nutrition in the form of a premium food. Fresh water will be provided daily.
