more to their weekly class time the more money you save.

Each dancer's tuition is calculated individually however, when enrolling a second child you will receive \$5 off the child's tuition. Sibling discount does not apply to the fall registration fee.

Students should come dressed and ready for dance class. All dance shoes should be kept together in the same bag, making it easy and convenient for them to come prepared to each class. Street shoes are not allowed on the dance floors and can be left in a cubby along with cover ups, coats and water bottles. Students will generally enter the dance room with their dance bag unless told otherwise by their teacher.

Students are expected to wait quietly in the lobby until the start of their class. Students should always use the bathroom prior to class time. There is no food allowed in any of the carpeted areas. Personal phones and other valuables should be out of sight at all times or left at home. Dance FX is not responsible for lost or misplaced items.
