

SAVE OUR WALNUT LAKE

DONATIONS NEEDED!

Help our long term initiative to save Walnut Lake. Please donate today!

Our cherished Walnut Lake is in trouble. As most of you know, the water quality of our lake has been deteriorating over the past few decades resulting in annual beach closings, the loss of several fish species (trout and walleye), an abundance of invasive weed growth, and several other unpleasant issues. There have never been any significant remediation nor mitigation efforts enacted to combat this downward spiral. Treatment initiatives will begin this May 2022, but we still need your help! Many neighbors and Associations around the lake have already contributed funds to ensure these efforts are successful, but more funds are needed. This effort will take years of effort and treatment, and every donation today will help restore our lake.

Want to learn more about these efforts?

Visit WalnutLakeMi.com/lake-conservation

Lakeshore owners - have you signed the permission form to treat your shoreline? If not, submit that today at:

WalnutLakeMi.com/water-quality-resources

A SPECIAL THANKS TO ALL OF OUR INITIAL 2022 CONTRIBUTORS!

*Below are contributions made as of April 4th, 2022. Donations are still needed!

*Contributors list will be updated regularly on WalnutLakeMi.com/lake-conservation-funding to reflect current contributions.
