## About *The Transitions*

- The Mission Statement
  - The Transitions is a movement to help the workers' compensation industry, collectively and individually, think strategically about how to handle the influx and outflux of talent over the coming decade.
- The Goal
  - Encourage the creation of a “transition” plan for every stakeholder in workers' compensation. Whether the transition is out or up / across, creating a plan that includes conscious consideration of overall strategy and specific tactics is a major key to success.
