PROSPECTUS 2025

WELCOME

"As CEO, I'm proud to present our 2025 club prospectus, reflecting our commitment to nurturing the next generation of football talent. Since 2021, OPA has been built on a powerful belief: the individual player must always be at the heart of everything we do. We recognized a gap in player-centric coaching within Mexico City, and addressing this drives our comprehensive programs.

At OPA, we don't just develop footballers; we shape well-rounded individuals. Our international team of UEFA-qualified coaches guides each child, regardless of age, towards their highest aspirations—whether professional status, semi-professional play, or a college scholarship. This prospectus outlines our innovative training, supportive community, and exciting opportunities. Join us on this remarkable journey.

For questions or more information, please contact me, Neil Connor, directly at neil@onepremieracademy.com or by phone at +52 55 4904 0892. We look forward to welcoming you to the OPA family!"

MISSION

Our mission is to be the leading football academy in Mexico City by providing a comprehensive, values-driven program. We are committed to delivering a high-quality football education that emphasizes technical and tactical skills, personal growth, discipline, and teamwork. By creating a supportive and challenging environment, we aim to ensure every player has the chance to reach their full potential.

We are dedicated to growing our presence across the city and around the world, establishing numerous academies to bridge the gap between talent and opportunity. Our commitment to player development extends beyond the field, as we strive to instill values that will serve our athletes throughout their lives. By focusing on the holistic growth of each individual, we are confident that we will build a legacy of success that goes beyond championships and financial gain.

JOURNEY

2019 - 2020

The concept of creating our own academy, which my business partner Kim also co-founded, was initially introduced during our time collaborating in CDMX.

2020 - 2021

The original concept of our academy, known as Premier Liga FC, played a crucial role in shaping our journey to where we stand today.

2021 - Present

One premier academy started to form, and now, in its fourth year, we have more than 100 players spanning across 8 age groups.

PROGRAMMES

Player development is structured through progressive phases, ensuring comprehensive growth at every stage.

Pre-Foundation Phase

This introductory stage is for our youngest players, focusing on fun and early learning in a positive environment. It serves as a foundational entry into our Academy, aiming to introduce children to football's joys and fundamental movements.

Foundation Phase

The Foundation Phase is an integral part of our Academy Programme, designed to provide young players with a solid grounding in the fundamentals of football. It focuses on the technical, tactical, physical, and psychological aspects of the game, with a core emphasis on fostering a deep love for the sport while developing essential skills in an age-appropriate environment.

Youth Development Phase

Similar to the Foundation Phase, this phase falls under our overarching Academy Programme. It offers advanced, phase-specific coaching designed to cover all aspects of football, with training tailored to the unique challenges and developmental needs of youth players.

PROGRAMMES

BOYS BORN FROM 2011 TO 2018

GIRLS BORN FROM 2010 TO 2013

CAMPS & COURSES

Beyond our core developmental phases, One Premier Academy offers several specialized programs designed to enhance specific skills and provide unique football experiences.

Skills Camps: Our focus on Ball Mastery is a key component of our skills development. These sessions are dedicated to improving initial touch, close control, agility, and footwork, equipping players with exceptional control over the ball.

Summer Camp: Our highly anticipated Summer Camp provides a fantastic opportunity for players to combine technical and tactical skill improvement with the development of crucial life skills and the building of strong relationships within the football community. It's an immersive experience designed for holistic player growth.

Development Training: For players seeking personalized attention and targeted improvement, we offer Development Sessions. These are one-on-one sessions tailored to enhance growth in specific areas that are most relevant to an individual player's role and unique needs on the field.

Goalkeeper Training: Recognizing the specialized demands of the position, our goalkeepers benefit from complimentary, age-specific training sessions. These are led by a dedicated goalkeeper coach, focusing on boosting their technical skills and overall progress in goal.

SCHEDULE

One Premier Academy's training schedule is structured to optimize player development. Our Academy Programme features periodised training, divided into three annual parts, comprehensively covering all aspects of football coaching. This systematic approach ensures a progressive learning curve, building skills and tactical understanding year-round.

For tailored coaching and appropriate competition, our teams are organized by age, with group names directly corresponding to the players' birth year. For instance, our B 11 & 12 team includes players whose birth years align with this specific grouping 2011 and 2012. This clear, age-based structure enables our UEFA Qualified Coaches to deliver phase-specific training, perfectly suited to each age bracket's developmental needs, fostering both strong team dynamics and individual growth.

"As CEO, my extensive experience as a coach and my travels have given me a unique perspective on the world of youth football. I have observed a significant disconnect between the needs of young players and the standard of care they receive. While many academies measure success by financial growth, our philosophy is different. We are built on a foundation of prioritizing player development and well-being, ensuring that every decision we make is centered on what is best for our athletes."

KIM ASABA
FOUNDER

"The academy Training Team is dedicated to supporting children of all ages in realizing their aspirations, whether that be attaining professional football status, playing at a semi-professional level, securing a college scholarship."

STEVE HAMILTON
DIRECTOR OF
FOOTBALL

"My core philosophy, 'empowerment through tactical intelligence and emotional support,' guides everything we do. We prioritize technical mastery and holistic growth, ensuring our players evolve into intelligent, creative footballers and accountable leaders".

PARTNERS

The Junior Premier League (JPL) is the world's biggest youth football organization. Each week, we bring together tens of thousands of boys and girls and some of the world's most recognizable clubs - Liverpool, Paris St Germain, Real Madrid, and Barcelona among them – for unrivaled opportunities and elite competition.

[@juniorpremierleague](https://twitter.com/juniorpremierleague)

The Poniente League was created by Mtro. Raymundo Guzmán Silva (current President of the League) in the month of November 2006 with the participation of four institutions (Eugenio D' Mazenod, Eton School, Escuela Sierra Nevada Interlomas and of course the Merici school), 4 categories (1st and 2nd , 3rd and 4th, 5th and 6th of primary school, and 1 of secondary school for boys), 16 teams and only one site, the Merici school. The first matches were held on a fast soccer field, there were no records.

BENEFITS

There are only a limited number of academies equipped to record, share, and analyze their games, especially home games. We are immensely proud of this capability, which is powered by Veo technology. We share clips each week on our social media channels, put all recorded games on our YouTube channel, and live-stream all home games. We remain committed to further enhancing our efforts in this area.
