

SUMMER CAMP BROCHURE 2026

WELCOME

As CEO of One Premier Academy, I'm proud to present our Summer Camp Prospectus for 2026. This document reflects our commitment to nurturing the next generation of football talent in Mexico City.

Since 2021, OPA has been built on one powerful belief: the individual player must always be at the heart of everything we do. We recognized a gap in player-centric coaching in Mexico City, and this focus drives all our programs.

We don't just develop footballers; we shape well-rounded individuals. Our intensive summer sessions are guided by an international team of UEFA-qualified coaches. We are dedicated to unlocking each child's highest potential, whether their goal is professional status, semi-professional play, or securing a college scholarship.

This prospectus outlines our innovative training, supportive community, and exciting opportunities. Join us for a transformative summer and take the next step in your football journey.

For questions or more information, please contact me, Neil Connor, CEO, directly and I look forward to welcoming you to the OPA family!

MISSION

Our mission is to be the leading football academy in Mexico City by providing a comprehensive, values-driven program. We are committed to delivering a high-quality football education that emphasizes technical and tactical skills, personal growth, discipline, and teamwork. By creating a supportive and challenging environment, we aim to ensure every player has the chance to reach their full potential.

We are dedicated to growing our presence across the city and around the world, establishing numerous academies to bridge the gap between talent and opportunity. Our commitment to player development extends beyond the field, as we strive to instill values that will serve our athletes throughout their lives. By focusing on the holistic growth of each individual, we are confident that we will build a legacy of success that goes beyond championships and financial gain.

JOURNEY

2019 - 2020

The concept of creating our own academy, which my business partner Kim also co-founded, was initially introduced during our time collaborating in CDMX.

2021 - Present

One premier academy started to form, and now, in its fourth year, we have more than 100 players spanning across 8 age groups.

2020 - 2021

The original concept of our academy, known as Premier Liga FC, played a crucial role in shaping our journey to where we stand today.

THE TEAM

NEIL CONNOR
CEO & FOUNDER

"As CEO, my extensive experience as a coach and my travels have given me a unique perspective on the world of youth football. I have observed a significant disconnect between the needs of young players and the standard of care they receive. While many academies measure success by financial growth, our philosophy is different. We are built on a foundation of prioritizing player development and well-being, ensuring that every decision we make is centered on what is best for our athletes."

KIM ASABA
FOUNDER

"The academy Training Team is dedicated to supporting children of all ages in realizing their aspirations, whether that be attaining professional football status, playing at a semi-professional level, securing a college scholarship."

THE TEAM

STEVE HAMILTON
DIRECTOR OF
FOOTBALL

"My core philosophy, 'empowerment through tactical intelligence and emotional support,' guides everything we do. We prioritize technical mastery and holistic growth, ensuring our players evolve into intelligent, creative footballers and accountable leaders".

The first matches were held on a fast soccer field, there were no records.
