If you prefer to participate in the “Through the Bible” Scripture Challenge using your electronic device, follow these easy instructions. Please fill out a Commitment Card and turn it in to the church office so that we can know who is reading through the Bible in 2017 and can offer periodic tools and encouragements.

We recommend using the **Bible Gateway** free reading plans. Click the picture or link and follow the simple steps below to choose an E-Reading Plan. You’ll receive daily email with the readings for that day. You can also use this program to track your progress throughout the year.
