---

Peak Analytical is a family business, owned by lifelong Alaskans. We are dedicated to providing quality laboratory services to Alaska's cannabis industry. We utilize state of the art technology and proprietary cannabis laboratory methods to bring you the best results at an affordable price. We spend the extra time on each sample, to extract 100% of the cannabinoids, in order to give you the optimal result for your harvest.

## **Services:**

### **Potency profile (THC, THCA, Total THC, THCv, CBD, CBDA, Total CBD, CBN, CBG)**

Flower and concentrate: \$100

Edibles: \$120

### **Microbial Analysis (E. Coli, Salmonella, Aspergillus molds)**

Flower, Concentrates and Edibles : \$120

### **Terpene Profiling (we test 19 common terpenes) Currently Out Of Service**

Flower and Concentrates: \$80

### **Residual Solvent Analysis (Butanes, Heptanes, Benzene, Toluene, Hexane, Xylenes) Currently Out Of Service**

Concentrates: \$80

### **Flower Phenotype Analysis & Tracking**

For our cultivators, all of our testing includes a free in-house phenotype analysis of your bud strain over time. We use our proprietary system to track your bud over time, in order to work with you in pinpointing characteristics that may result in improvement or which may explain a sudden negative result with the current harvest.

### **Courier Service**

We offer affordable transportation for your samples all the way from KP, Anc, Valley, Fbx to Ketchikan for a \$50 flat rate. Contact AK Canna Connection to schedule service: Amy Jackman (907) 398-4326 or Melissa Martin (907) 394-4294

- Please do not send samples in glass or bulky containers; **pliable packaging is preferred** - Thank You!

### **Policies:**

- We do not have a minimum weight requirement for bud, but refer to the AMCO regulations in regards to harvest size and required sampling size.
- Our average turnaround time is **3.5 days**, once the sample has been received and processed by the laboratory.
- **BULK DISCOUNT: FOR BUSINESSES THAT BRING IN 15 OR MORE SAMPLES IN A MONTH, WE OFFER A 10% DISCOUNT FOR TESTING**
