The most famous and best known prophecies about the popes are those attributed to St. Malachy. In 1139 he went to Rome to give an account of the affairs of his diocese to the pope, Innocent II, who promised him two palliums for the metropolitan Sees of Armagh and Cashel. While at Rome, he received (according to the

Abbé Cucherat) the strange vision of the future wherein was unfolded before his mind the long list of illustrious pontiffs who were to rule the Church until the end of time.

The toil of the Son. JOHN PAUL II. 1978-Present. John Paul II is the most travelled Pope in history. He has circled the globe numerous times, preaching to huge audiences everywhere he goes. Even though he was once shot, he has not seemed to slow down. He has recently written a book which has enjoyed a large circulation. Like the sun which never ceases to labor and provides light daily, this Pope has been incessant. **John Paul II was born on May 18, 1920. On that date in the morning there was a near total eclipse of the sun over EUROPE...**

(Can you imagine how long it took Michael to find the priest that he knew would become a future pope?)

The last of these prophecies concerns the end of the world and is as follows: "In the final persecution of the Holy Roman Church there will reign Peter the Roman, who will feed his flock amid many tribulations, after which the **seven-hilled city will be destroyed** and the dreadful Judge will judge the people. **The End.**" It has been noticed concerning *Petrus Romanus*, who according to St. Malachy's list is to be the last pope, that the prophecy does not say that no popes will intervene between him and his predecessor designated *Gloria olivoe*. It merely says that he is to be the last, so that we may suppose as many popes as we please before "Peter the Roman". Cornelius a Lapide refers to this prophecy in his commentary "On the Gospel of St. John" (C. xvi) and "On the Apocalypse" (cc. xvii-xx), and he end eavours to calculate according to it the remaining years of time.

De labore Solis

(of the eclipse of the sun, or from the labour of the sun)

Hist.:Karol Wojtyla was born on May 18, 1920 during a solar eclipse. He also comes from behind the former Iron Curtain. He might also be seen to be the fruit of the **intercession** of the Woman Clothed with the Sun labouring in **Revelation 12** (because of his devotion to the Virgin Mary).

Petrus Romanus,

In extreme persecution, the seat of the Holy Roman Church will be occupied by Peter the Roman, who will feed the sheep through many tribulations, at the term of which the city of **seven hills will be destroyed**, and the formidable Judge will judge his people. The End.)

The Churches own prophecy calls its doom. And if the church didn't add any names to the list, or the last two names are not metaphorical, their own prophecies dam themselves with at most, two more popes.

Three Secrets of Fatima

Another Church prophecy that calls its doom.

.....Nevertheless, Fr. De Pauw said, the main impetus of the "original" secret he viewed over 35 years ago was a prediction by the Holy Virgin that there would be, mainly, "an unbelievable, total doctrinal and moral ... spiritual ... collapse of the establishment Catholic Church" -- something Vatican officials are "not going to admit," he said.

"I do not accept [the Vatican's] interpretation," he added.

A spokesman for the U.S. Catholic Conference told WorldNetDaily that its parent organization, The National Conference of Catholic Bishops, "accepted fully" the

Vatican's explanation and interpretation of both the third secret and the two which proceeded it.

The third secret avoids any mention of a collapse of the Church and, instead, focuses on "penance." While the translated text offered by the Vatican said that "the Holy Father" -- the pope -- "was killed by a group of soldiers" as he and other religious figures within the Church climbed "up a steep mountain," the interpretation focuses on an encouraging message.....

...Cardinal Angelo Sodano said the third part of the secret involved martyrdom and suffering, including a man "clothed in white" who "falls to the ground apparently dead, under a burst of gunfire".

Third secret: Involves martyrdom and suffering, including a man "clothed in white" who "falls to the ground apparently dead"

<http://news.bbc.co.uk/1/hi/world/europe/747312.stm>

The first two secrets of Fatima sound like WWII & the Holocaust to me. As far as a group of soldiers killing "the Holy Father" -- the pope -- must have a personal tie to the first two secrets? It's has been proven that the church help Nazi war criminals escape discussed as priest. Their destination usual a country who's population was over 90% catholic. I wonder if maybe one of them stayed in the colth?

The Roman Churches only two out of Bible prophecies call for its own doom? Some views of St Malachy, and the Secrets of Fatima leave some to believe Satan or the antichrist is at the head of the Church before it falls. Who is the head of the church? I always thought the church was the body and Jesus was the head.

Hister

They say Michael named Hitler hundreds of years earlier, he was only one letter off with "**Hister**," truly amazing. What's really amazing is this was exposed to the world by Joseph Goebbels, Hitler's **propaganda chief** who said, "*The bigger the lie, the easier it is to make people believe.*" He will prove his point with "**Hister**."

*"The greater part of the battlefield will be against the **Hister**,"*

Micheal 2:24

The big debate by “*those interpreting*” was Adolph Hitler was foretold by the name Hister. Or was the name for a region of the lower Danube. If Michael could see into the future he would see this problem and would have given a clue to solving the debate. As seen in other quatrains the word for the region of the lower Danube. Telling the reader that he knows this. What would be reason to obscure it in the first place. If Michael is pointing to Hitler in this quatrain, the reference would more likely be to “the child of Germany observe nothing.”

hister: L, actor

his-trio: L, alter. of *hister*, fr. Etruscan : ACTOR

Actor : Roman law: the **officer of a Roman corporation** charged with prosecuting lawsuits in its behalf and defending those brought against it.

Actor:[syn: histrion **his-trio: L, alter. of *hister*, fr. Etruscan : ACTOR**

Histrion [L. **histrion**: cf. F. histrion.] A player. [R.] Pope.

(Page: 696) 1913 Webster's Revised Unabridged dictionary)

If he is referring to the Pope, there would be good reason to try to conceal it. But at this stage we would still be speculating. Michael must give us help to confirm the true mean of “Hister,” which he does.

Michael 5:25

Liberty will not be regained;

it will be occupied by a black, proud, villainous and unjust man.

When the matter of **the Pope** is opened by **Hister**,

the republic of Venice will be vexed.

Seymour Reich, the immediate past chairman of the International Jewish Committee for Interreligious Consultations, called the Vatican's decision to accelerate the opening of the archives "a major step forward" in strengthening Vatican-Jewish relations.

In 1999, Reich had helped set up a Catholic-Jewish team of scholars to study previously published wartime Vatican archives. The team bitterly collapsed in 2001 after it was unable to gain access to all the archives. "Access to the Vatican's unpublished secret files have been an issue of controversy for a number of years," he said. "Historians, church researchers and Jewish groups have long pressed the Vatican to open the archives, but until now have been unsuccessful." He added, "under the Holy See's new policy, additional documents related to Vatican policies are expected to be made available in the future."

All documentation from the papacy of Pius XI is expected to be released in two or three years. The latest estimate for release of documentation from the papacy of Pius XII is somewhere between 2007 and 2009, that is, about 10 years ahead of the normal schedule.

A Jewish source with close Vatican contacts said that speculation that the Vatican might fully open the Pius XII archives much earlier than that is "wishful thinking."

The Vatican Secret Archives are made up of millions of documents housed on 50 miles of shelving.

They are open only to qualified scholars from institutions of higher education pursuing academic research. Scholars must apply in advance for admission and follow strict regulations aimed at safeguarding the collections, which date back centuries.

The time is at hand to open the matter of Pope and "Hister" Pope Pius XII, appointed pope on the eve of World War II? Pius XII had served before the war as Nuncio to Germany. You know, the one the book Hitler's pope is about, or should it be named the Popes Hitler?

Vatican to release archives detailing relations with prewar Germany

December 28, 2002, Saturday

By NICOLE WINFIELD

423 words

The Vatican will release archives documenting its relations with Germany in the years before World War II in an effort to counter criticism of papacy actions during the Holocaust. But the Vatican said Saturday that a chunk of the archive dating from 1931 to 1934 was "nearly completely destroyed or dispersed" during the 1945 bombing of Berlin and a fire at the apostolic nuncio's **palace....**

The Vatican Secret Archives are made up of millions of documents housed on 50 miles of shelving. That they stole from all or over the world. The worlds Knowledge! Us sheep just sit there with dumb look on are faces and do nothing. WAKE UP! Why does the church have any "Secrets" in the first place? We are Sheep. You wont believe how wicked they have been. I loss count of how many time I've gotten sick!

2. In those conditions that are signified in the way through the pyramid, as of periods through which the world has passed and is passing, as related to the religious or the spiritual experiences of man - the period of the present is represented by the low passage or depression showing a downward tendency, as indicated by the variations in the character of stone used. This might be termed in the present as the **Cruciatarian Age** [?]*, or that in which preparations are being made for the beginning of a new sub-race, or a change, which - as indicated from the astronomical or numerical conditions - dates from the latter portion or middle portion of the present fall [**1932**]. In October there will be a period in which the benevolent influences of Jupiter and Uranus will be stronger, which - from an astrological viewpoint - will bring a greater interest in occult or mystic influences.

* [From Webster's Standard Dictionary of obsolete words: cruciat: a **crusade**; also, a papal bull sanctioning a **crusade** or privileging participants in it; cruciatory torturing; tormenting.]

I wonder what was happen in Germany at that time?

Jan 30, 1933 - Adolf Hitler is appointed Chancellor of Germany, which could not happen without the support of the church.

Vatican may be pressured to reveal role in Nazi gold scandal

" The silver is mine, and the gold is mine, saith Jesus. "

Hag 2:8

I watched a special on the history channel about a GI that stole a priceless gold covered Bible. What was interesting was that when the US troops were getting close to the church that held many priceless artifacts, German soldiers moved the artifacts closer to Berlin. They finally resided in a hidden cave near Berlin. When Berlin was taking, the US troops now guarding the cave, if I recall, for only one day before the church came and took an inventory. Whereby establishing missing items from the recent inventory done why under Nazi protection. They where worried about the US, obviously not their own army.

Pope John Paul II The Biography by Tad Szulc

This picture is from the same book by Tad Szulc. It's the Pope, 18 years old starting college in 1938.

I'm not a photo expert, but it looks like someone cut & pasted to me. The shadows on him don't match the back ground, that's just my view. Could he be trying to establish a new identity? Is that even him? If he did steal Karol Wojtyla identity, would he have to go back in time with photos of Karol to give his new identity the education needed to speak a half-dozen foreign languages? Or to show where he was all that time during the war? If so, how about Karol's family, they would surely know it wasn't him? The pope is supposedly about the same age as my dad, who was golfing two day ago. Who's bunker did they recently find near Hitler's?

Hitler with Archbishop Cesare Orsenigo, the papal nuncio in Berlin

On April 20, 1939, Orsenigo celebrated Hitler's birthday. The celebrations, initiated by Pacelli (Pope Pius XII) became a tradition. Each April 20, Cardinal Bertram of Berlin was to send "warmest congratulations to the Fuhrer in the name of the bishops and the dioceses in Germany with "fervent prayers which the Catholics of Germany are sending to heaven on their altars."

Pope kidnaps six year old boy

But the starkest difference between Pope John XXIII (1958-1963) and Pope Pius IX (1846-1878) was in their attitudes toward Jews and Judaism. Sunday in Rome, the church will beatify both men, bringing them one step away from canonization as saints. That juxtaposition has elicited opposition from both Jews and Catholics. Pius IX, Pio Nono in Italian, did knock down the gates of the Jewish ghetto in Rome and free the Jews from having to listen on the Sabbath to priests preaching about the evils of Judaism. Later in his papacy, the longest in the church's history, Pius IX called Jews "dogs," opposed freedom of religion and refused to return to his family a Jewish boy who had been secretly baptized by a family servant.

Today's headlines are nothing new.

What, is everyone trying to hold their breath long enough to say one more time; "that was the old church." That is the Church! The Church is the most wicked thing this world has ever seen, the history books alone prove this. That alone should take them down. You won't believe how wicked they are. There are no words I know that could even get close to their evil.

What in the hell is wrong with us?

"And there are also many other things which Jesus did, the which, if they should be written every one, I suppose that even the world itself could not contain the books

THAT SHOULD BE WRITTEN."
