

COVID-19 Update from Great Promise Partnership

Great Promise Partnership remains committed to our schools, employers and communities during this time of Coronavirus. While school buildings are closed and many employers have shut their doors or scaled back their workforce to only essential positions, we realize that most of our students are in the same financial duress as others. We at GPP are proactively working on creative strategies to get our students back to work as soon as possible. Please don't hesitate to contact me or your Regional Coordinators if you'd like to discuss safe ways to get GPP students back to work now and/or how to make the transition as smooth as possible once the all-clear has been given.

Most importantly, we want everyone to be safe and healthy. Remember we'll get through this together.

Stay Safe,

Lori Heemann
Executive Director
