DOPAMINE IN LANDSCAPE DESIGN

Compact Residential Society Reimagined

**“Every corner a surprise,
every step a reward”**

Why Dopamine in Design?...

Dopamine = A feel-good neurotransmitter of
REWARD + ANTICIPATION + DISCOVERY

**What compact sites need? to
engage residents daily...**

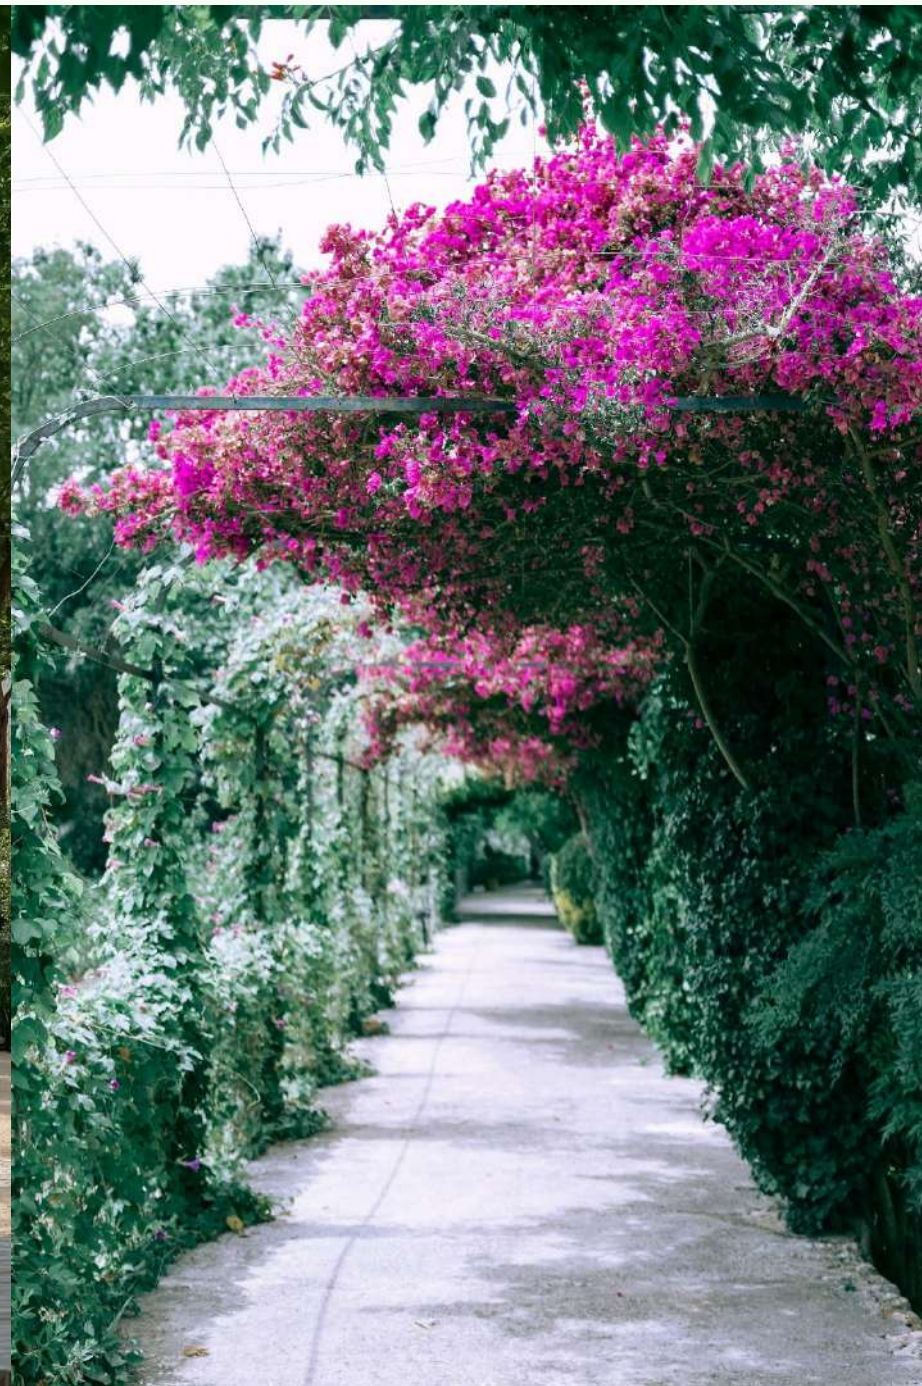

Micro experiences!

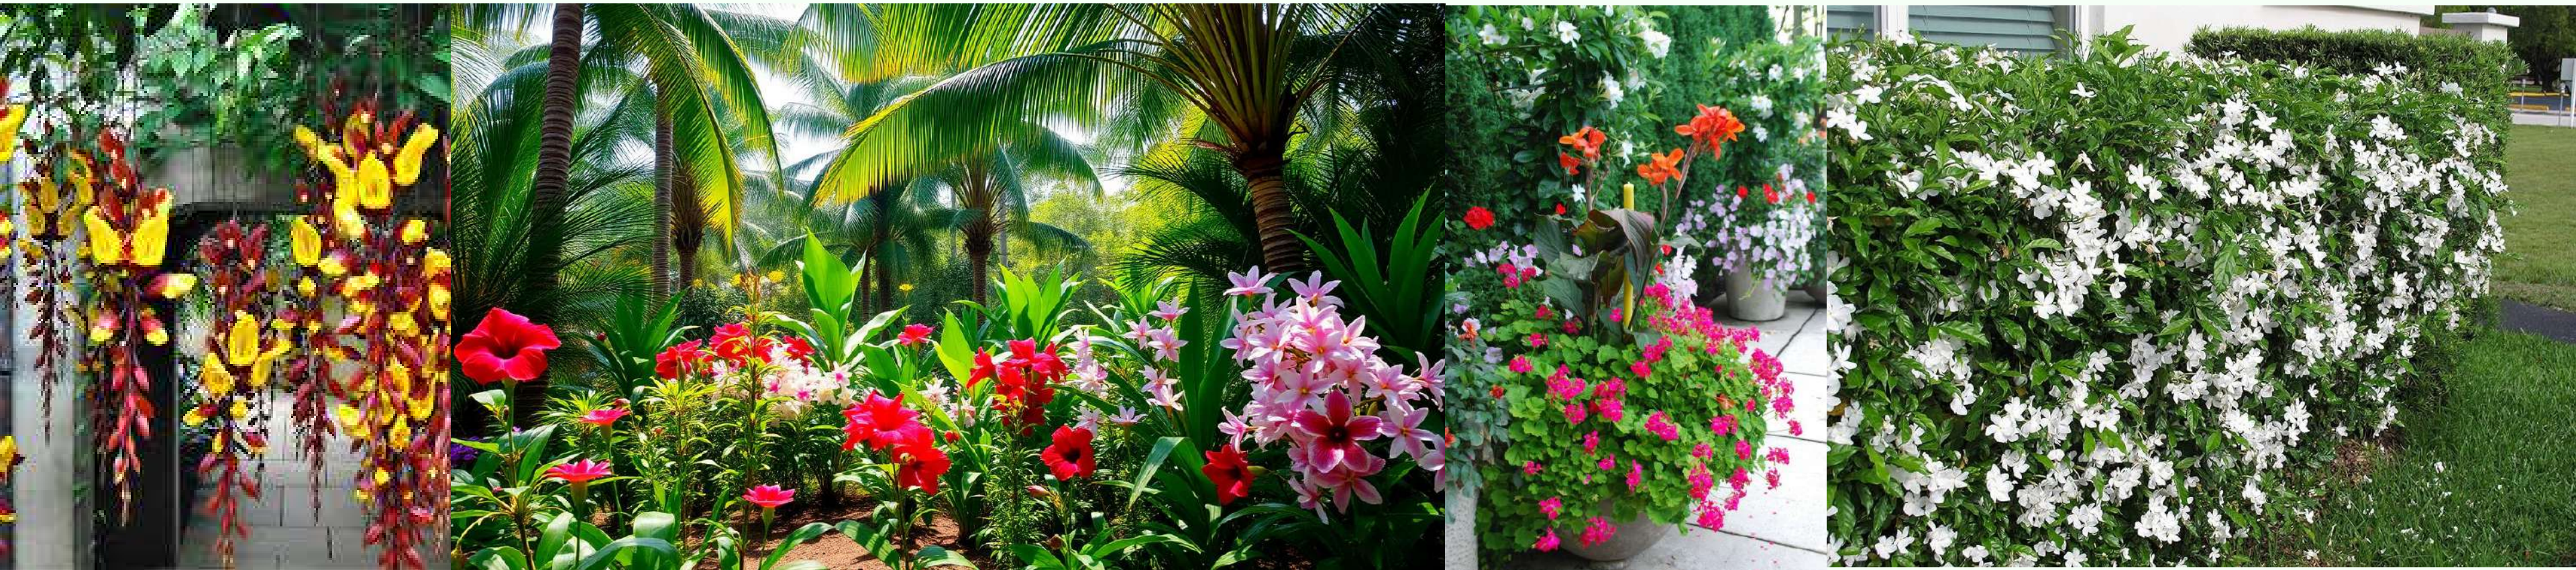

**that offers surprise,
delight, achievement & play**

1 Micro-journeys with surprise reveals...

Anticipation ➡ Discovery ➡ Reward cycle

2 seasonal Colour Bursts...

Every season  a new dopamine spark, creating an anticipation of “what’s next”

3 interactive playful edges

Engaging both adults & kids → Every day surfaces become living edges

4 Micro achievement loops

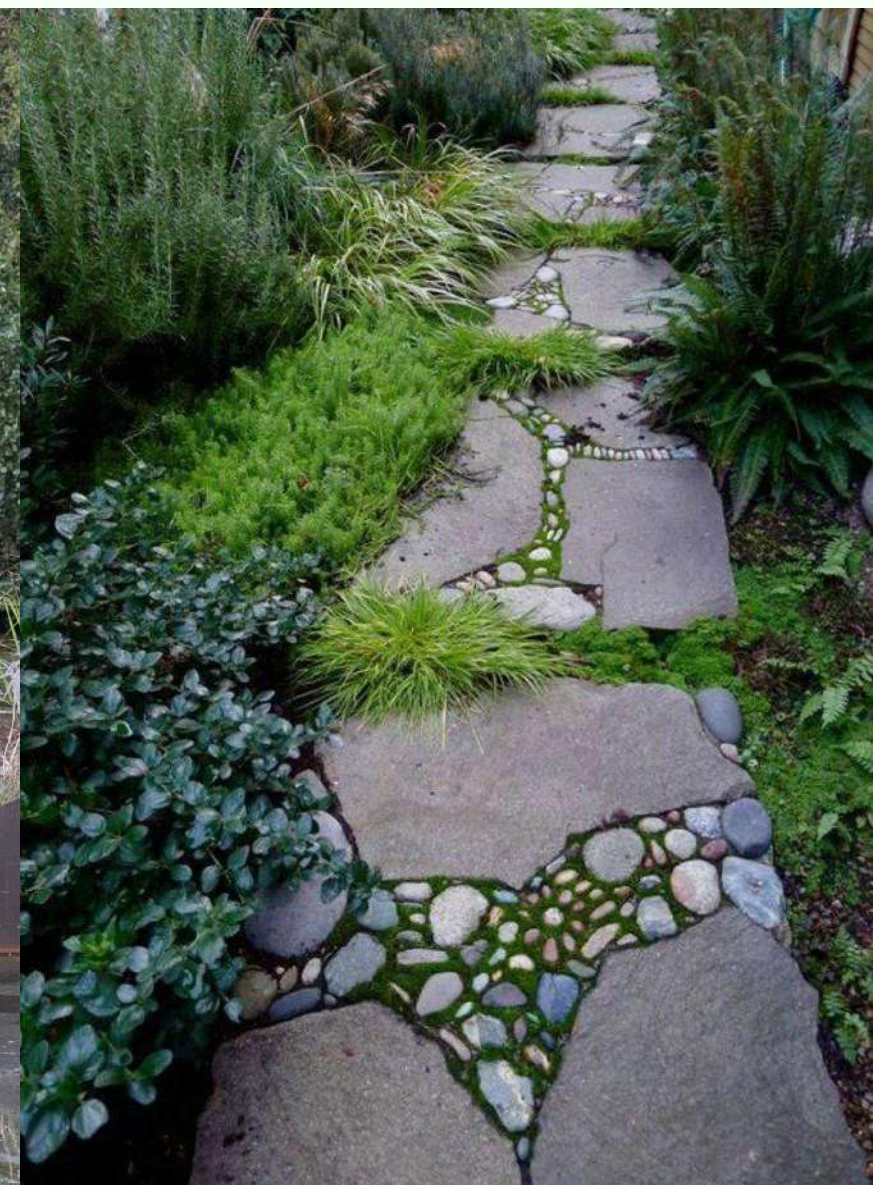

Encourage small wins

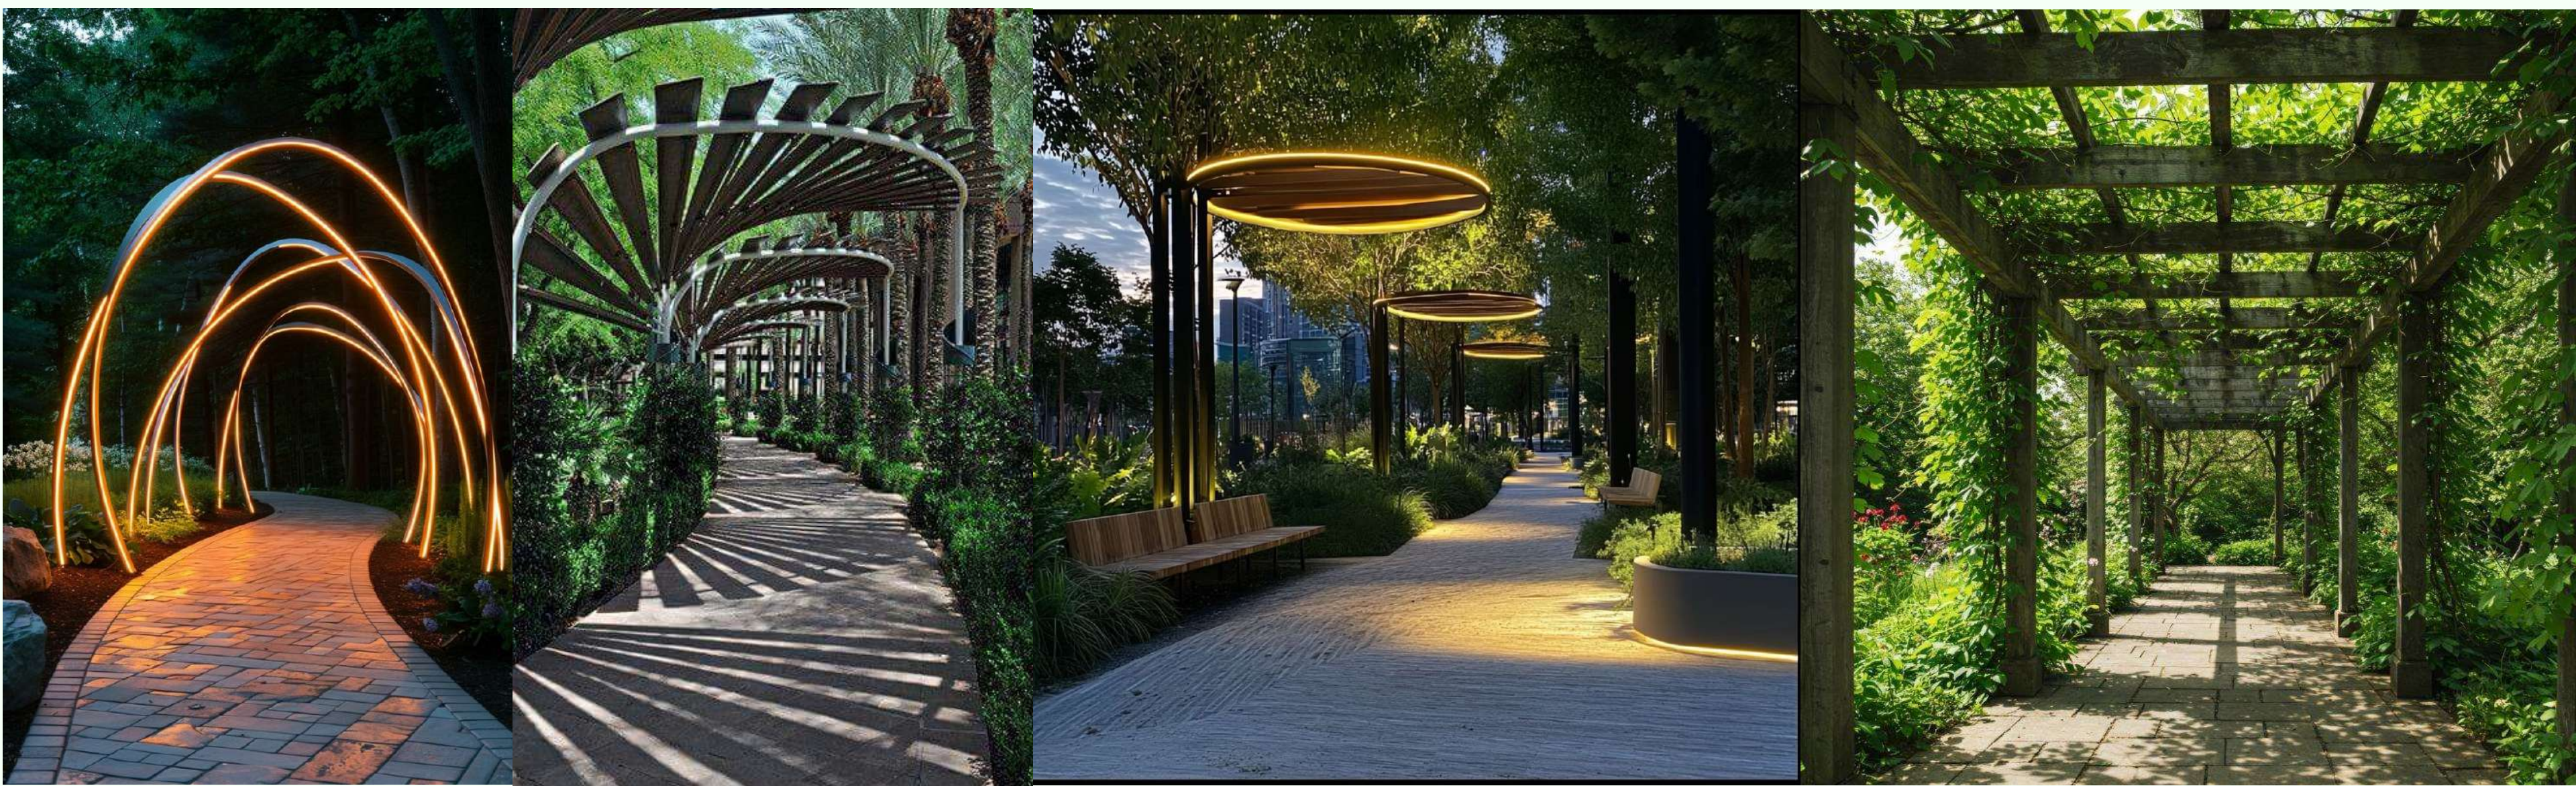

Boots reward cycle

5 sensory Surprise Niches

6 Light & shadow play

“Magic in the moment”

7 whimsical & unexpected moments

“Secret Garden, Whimsical path, rustic walls”

Master plan
