

## THE SUSTAINABLE PRODUCTS COMPANY

**At the heart of our mission lies a commitment to empowering communities and bolstering small businesses that champion recycling and sustainable practices in product creation. Together, we work towards a future where sustainability and prosperity intertwine, nurturing a world where every individual's efforts contribute to a brighter, more resilient future.**

# SPEKBOOM

Spekboom in a tube.  
makes the perfect  
Delegate gift. This plant  
helps to remove carbon  
dioxide from the  
atmosphere by acting  
like a carbon sponge,  
improving the quality of  
air we breathe. More  
specifically, spekboom  
can absorb between  
four to ten tonnes of  
carbon per hectare.

# CASE CLOSED CASE COVERS

Our suitcase covers help you protect the environment and stand out from the crowd – so you can hit the road faster! When you get there, you'll know that all your goods are safe and sound, as our covers protect against damage, theft and weather.

# HAND MADE SEED PAPER

We make seeded paper by hand and create beautiful products from it that will grow if you plant it.

# HANDMADE FROM RECYCLED PLASTIC BOTTLES

Transforming recycled plastic bottles into exquisite, customised products through our innovative Future Felt™ fabric, and offering sustainable luxury for homes, offices, hotels, and lodges.

# RECYCLED FLIP FLOP SCULPTURES

A Cape Town based studio founded by Davis Ndungu that recycles discarded flip flops with a well proven track record of being highly creative problem solvers. We believe that art and innovation can be truly sustainable.
