

PONTIAC STAMP CLUB
ESTABLISHED 1932

June 9th, 2026 – 6:00 PM to 8:00 PM

**Meeting Place: Waterford Township Library,
5168 Civic Center Drive. Waterford Township, MI 48329
248-674-4831**

Greetings and Salutations!

We will continue to meet in the conference room at the library, please ask at the front desk for the location when you get there. The meeting room that we used to use has had the furniture taken out of it, so it is no longer available. Please keep in mind we have limited space so if you bring in auction items please be mindful of the space.

Unfortunately, I had to miss May's meeting so I was not there to take our meeting minutes, so I will not be including them in June's newsletter. If someone took the minutes in my place I will get them and include them in the July's newsletter.

I look forward to seeing everyone in June!

NEW SCAM TARGETING APS MEMBERS!

The Executive Director of APS, Kirk Gillis, was notified that many people associated with APS received a text claiming to be from him and suggesting he needed their help to do something special for the APS Staff. This text message was not from Kirk and if you received the message do not reply. If you reply do not reply again.

Please know that neither the APS nor his phone has been hacked or otherwise compromised. The tests did not originate from his or an APS phone. This is a relatively new kind of scam called "smishing" (SMS phishing). Scammers pose as organizational leaders, initiate what appears to be a reasonable conversation to build trust, and ultimately request money, account access or other urgent "favors"

The scam uses AI tools to scour the internet to identify people associated with an organization and identify their phone number. They then send a mass SMS (text message) to those people pretending to be the leader of that organization.

If you receive one in the future, please simply ignore it. (Thank you Monika for sharing this information)
