

# Transitional- Aged Youth (TAY) Health and Wellness Center

888 Post St.  
Ground Floor

# Purpose of Today's Conversation

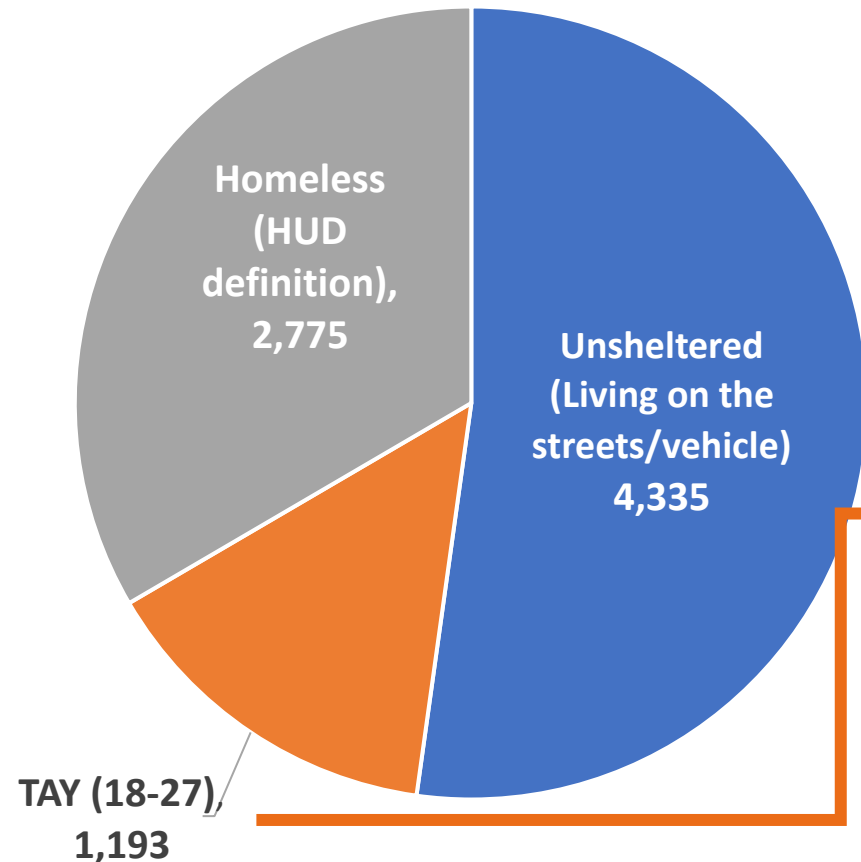

- Introduce the 24/7 TAY site and it's role in the community.
- Share how operations and supervision function around the clock.
- Commit to being good neighbors
- Establish clear communication pathways with the neighborhood.

# TAY Health and Wellness Center

- The Center will be located at 888 Post, 1st Floor, which is a 3-story building owned by the City and County of San Francisco.
- The TAY HWC Project is funded by the SF Department of Homelessness and Supportive Housing Services.
- Provides an environment for young adults to come indoors and be connected with services they need, 24 hours a day/ 365 days a week.
- The target population is defined as TAY, ages 18-27, who are experiencing homelessness.

# Why is it important to have a Health and Wellness Center specific to TAY?

**According to the 2024 San Francisco Point-In-Time Homeless Count...**

## **A Growing Challenge**

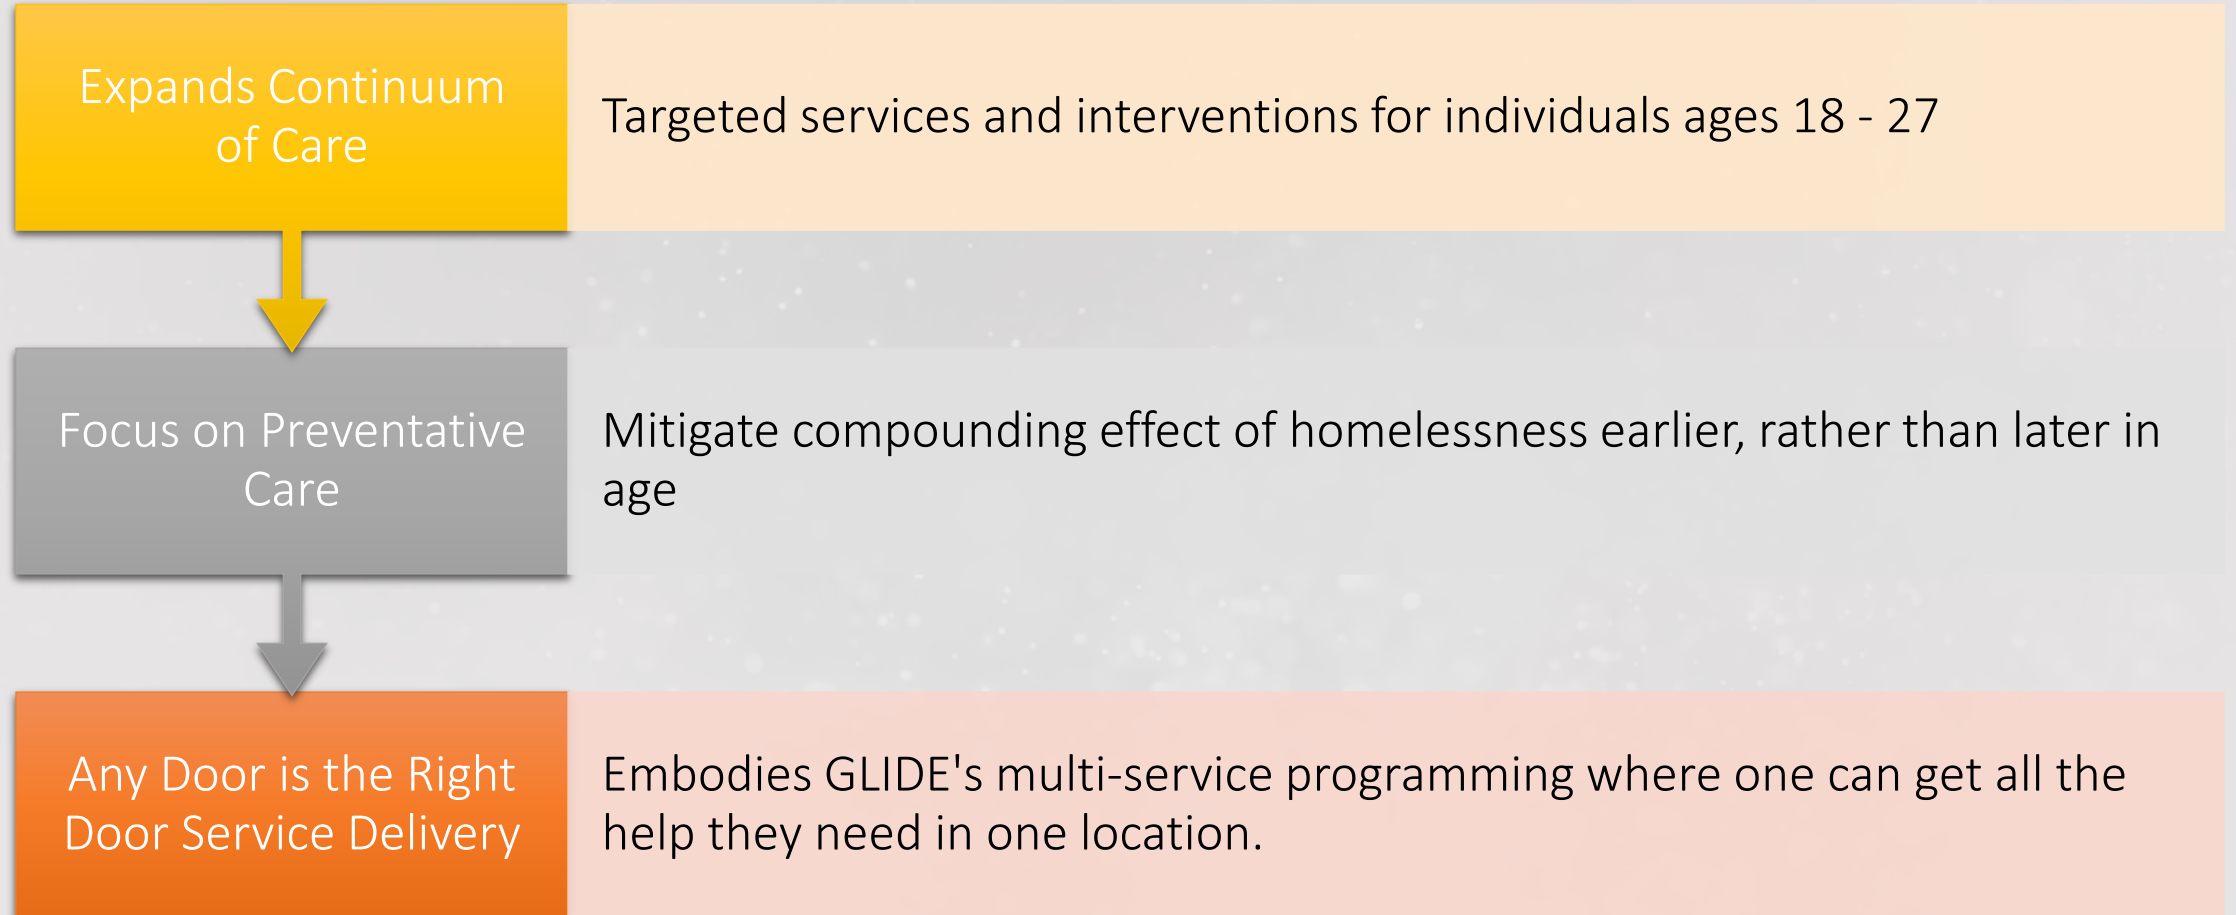

Between 2022 to 2024, the share of TAY experiencing homelessness increased by 75% .

A large orange circle on the left side of the slide, partially cut off by the edge.

## Community Impact & Neighbor Benefits

- Reduces unsupervised youth activity in public spaces
- Provides consistent supervision & structure 24/7
- Supports youth toward stability and self sufficiency.
- Contributes to long term neighborhood safety and well-being.

# TAY Health and Wellness Center and GLIDE Strategy
