Testimonials!

“I would like to **recommend Uric Acid Support to anyone suffering from Gout** and not wanting to take more drugs! Not only has it **stopped the pain and swelling from G---**, but it has improved my chronic nasal congestion caused by the D----. I take for high blood pressure and an enlarged prostate! **I also have high blood sugar, and have noticed no side effects from taking the Uric Acid Support.** Thanks for all your help.”*

Sincerely, Howard, Florida

“The **Uric Acid Support that you sell is by far the best I have used**, it has all the **right ingredients that are recommend** for treating g---. Some of them are higher concentration than other supplements. **As far as I’m concerned Uric Acid Support is the best product on the market. I will continue to use it as long as you manufacture it**, keep up the good work.”* John B. Billings MT *These statements have not been evaluated by the FDA. Testimonial!

“I am a 72 year old female who has suffered with thin skin for more than 30 years. **My hands and arms were constantly covered with bruises and blood blister- like bruises. The smallest scrape or bump would leave me with an ugly bruise.** They would eventually disappear after seven to ten days, but were always an embarrassment. I happened to be in our local health food store and asked if they could recommend a vitamin that would stop all the bruising. They recommended **Thin Skin**. After one month, I noticed I wasn’t bruising as often as usual. Each month, I have less and less bruising. I have been taking Thin Skin daily for three months now, and the results are truly amazing. If I bruise at all, the bruises are very light and only last a few days.

I am so grateful for **Thin Skin and the miraculous results I have gotten**. I am no longer embarrassed by the ugly bruises or trying to explain them away!” *

The reason why magnesium citrate is easily absorbed is due to the fact that many individuals lack sufficient hydrochloric acid (HCl) to absorb magnesium efficiently and magnesium citrate does not not require HCl to be readily absorbed.*

Testimonial!

This Testimonial is from a clients newsletter, “Morningstar’s Sucess Story! Hard Working, 45-Year-Old Cave Junction Mom Finds Relief for All-Over Joint Pain. Morningstar S. works harder than most of us. She drives 90 minutes each way to her heavy construction job. Lifting 50-100 lbs all day long is all part of a day’s work, along with being a full time Mom - Wow! It had gotten to the point that getting out of her truck at day’s end Morningstar was so stiff that merely walking was painful....forget about cooking dinner. Fast food had become a neccessity.

When she came to ‘us’ and was shown **MSM with Hyaluronic Acid from Back To Health**, she decided to give it a try. **Truly Amazing Results: In less than a week Morningstar said that her pain and joint stiffness was down by 80%.**

Hyalurinic Acid; is naturally present in the human body. It binds to water creating a viscous gel that lubricates joints and is also highly concentrated inside the eye where it cushionns and protects tissues while trasnsporting nutrients to keep your eyes “well-fed”. It also helps the skin stay young and healthy. As with many things, the quantity and quality of Hyaluronic Acid in our bodies diminishes with age. The HA in this supplement is made through a natural fermentation process.”*

Face & Body Detox

Mojave Desert Healing Clay The most Treasured Therapeutic Grade

« Silica is important for firming and tightening, as well as keeping your skin looking smooth. Silica also plays a role in keeping skin elastic and collagen healthy. « Magnesium has been shown to break down oils and aid in reducing skin oiliness. Magnesium promotes reducing stress related skin irritations. « Potassium is a key player in cell integrity and keeping cells hydrated and skin internally moisturized. When potassium levels decrease, skin cells lose water and this may be one of the leading causes of dry skin « Calcium helps the body regulate how fast it generates new skin cells to replace old ones. Skin depleted in calcium may appear fragile, thin and dry.

Iron plays a key role in both oxidative stress and sun induced skin damage. Iron is necessary in wound healing and inflammation reduction. « Sodium has several important topical functions. These include exfoliating your skin, improving circulation, and clearing up uneven skin tones.

SKU# 2502 2 oz Jar

SKU# 2504 4 oz Jar

Testimonial!

“I know you can’t tell by looking at my handsome self but I’m 23 years old, which is 161 in human years! I was feeling pretty stiff and having a hard time getting around until I started taking Advanced Joint Formula. Now I feel like a youngster again, running around and playing with my toys....I love that stuff,”

Ask us about Private Labels!

Terms & Conditions

Minimum Orders, Private labels need to order a minimum of 6 of each SKU with a \$300+ order.

Catalog Products: can have your private labels applied to them. Private Labels can be something you already have, or we can customize a label for you. Our graphic design team can tailor each label to meet your satisfaction. A small fee of \$200 will be added to your order. If later, you want to revamp the label a small \$100 fee will be charged.

Custom Formulas: Will be charged a \$200 Lab fee. Order size needs to be 400 bottles. A deposit of 50% will be charged prior to starting the formula, with no refunds if the order is cancelled. Allow 4-6 week for a new formula to ship. Custom Formulas are shipped direct to Contractor Buyer and they are responsible for all shipping costs.

Pricing: Prices fluctuate in the market and therefore are subject to change as necessary without notice.

Limited Sales: On certain products, due to weight, an additional fee will be added for shipping East of the Rockies.

Softgels: No volume discounts on any of these products.

Free Shipping: Back to Health orders over \$300.00 are applicable for free shipping.

Free Shipping: is by UPS ground within the Contiguous States. If something else is desired a additional fee will be applied, consult your sales representative.

Home Delivery: Shipping: additional fees are required.

Our products are made in the USA!

Payment Methods: Visa, Master Card, AMEX, Company Check, C.O.D. (fees apply). Sales to foreign countries must be paid in full by cash, money order or some type of nonrefundable currency.

Lead Time and Availability: For Back To Health, allow 5 days for the first order, thereafter 1-2 days for shipping. For Private Label, allow 4-6 weeks for the initial order to ship.

Late Payments: Payments 30 days or more will incur a Monthly fee of \$10 each month not paid.

Collections: if after 90 days an account remains unpaid, collections fees will be added to the bill.
