HomePro
PEST CONTROL

TIME TO MAKE SOME SEASONAL CHANGES..

- If you have a furnace, change your furnace filter
- If you have an air conditioner, remove it from the window
- If you want to keep the cold air out, close your windows and keep the warm air in
- If you lived in Iceland, your walkway would be heated walk ways but here you need to get your shovel ready for snow.
- If you lived in the Caribbean you could wear sandals all year but it's time to wear sturdy footwear to avoid slipping

TAKING YOUR CALLS

We have new people answering the phones! Depending on where you live, you will talk to either Maria or Karen. They will take down your information and do up a work order.

DOING THE WORK

A KFHC van means a maintenance worker is around. We have had some changes here too. Our maintenance workers are John, Tom, Ryan, Jason, Sean, and Jon. You might also see Glen driving his garbage truck, and making sure our properties look their best.

PEST MANAGEMENT

Our pest management company is HomePro. Thank you for calling right away if you see any pests!

AFTER HOURS

After Hours calls for maintenance are for Emergency calls only and are managed by an answering service. Examples are floods (not leaks) and no heat.

GARBAGE

Thank you for putting your tied garbage bags out to the curb on garbage day!

Game On!

Street Hockey is back on!

usually around 5:30pm-8pm

Community

Santa Claus IS coming to town!

The Santa Claus Parade is happening!

Saturday November 20 @ 5PM

Pet Corner

Be prepared for an emergency

In case anything happens to you, make sure you have a back-up caregiver for your pet(s).

Winter affects your pets too!

As the weather gets colder, remember if it's too cold for you outside it is probably too cold for most pets. Towel dry your pet as soon as they come inside, especially feet and in-between toes. Remove any snow balls from between foot pads.
