# OREGON CITY WRESTLING CLUB

HELPING OUT THE YOUTH  
THROUGH WRESTLING

Oregon City wrestling club is a non-profit wrestling club that teaches wrestling techniques to the youth between the ages of 4 – 18. Our club has many benefits for the body physically, mentally, and emotionally. Physically they learn the development of their body, working of muscles, flexibility, endurance, self-control and how to compete. Mentally they learn to interact with their peers, self-confidence, self-discipline, respect, sportsmanship and self-esteem. Emotionally they learn to give and believe in themselves. We compete at local and state-wide tournaments. We work closely with the Oregon City High School coaches to ensure that our program will prepare young athletes for success in the high school program. We are looking for sponsorships to help with the costs of running a youth sports program these days. Your sponsorship would help out in these areas: usage fee for the wrestling room at the high school, tournament costs, uniforms, and keeping the fees for the athletes at a rate that everyone can participate at.
