About Us

Grounded in trauma-informed practice, we take a holistic and collaborative approach, specialising in supporting children, young people and adults with complex psychosocial and mental health needs, with a focus on safety and wellbeing. We provide NDIS disability care services, behaviour support & clinical services.

Our Values

Holistic Collaboration: We believe in working collaboratively with our clients, their support system and families, other services and with the community.

Advocacy: We support our clients to navigate the complex service system and ensure their voices are heard and their needs met.

Empowerment: We provide individuals and families with the support, tools and resources they need to thrive.

High-Quality Care: We are committed to delivering exceptional service that prioritizes person-centred care and a trauma-informed approach.

Positive Impact: We strive to support our clients to meet their goals and make a lasting difference in their lives.

Our Services

Disability and NDIS Services

As a registered NDIS provider, we specialise in complex and trauma informed care, with a focus on ensuring the holistic wellbeing needs of our clients. We are committed to supporting and empowering our clients to achieve their goals and ensure they have choice, control and most importantly safety, throughout their life.

Supported Independent Living (SIL)

Our Supported Independent Living (SIL) homes offer a personalised approach to independent living, where we work closely with you to understand your unique needs and preferences.

Western Sydney & Surrounds

In Home Supports

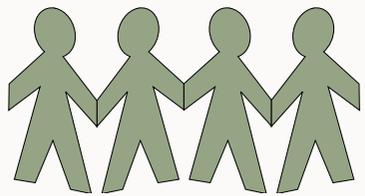

- Complex care
- Ability to provide care through the day and night.
- Providing overnight and active awake care support.
- Personal care needs.
- Life skill development
- Basic domestic duties and household tasks.

Community Support

- Transport and travel
- Community participation
- Personal activities such as attending social and recreational activities of your choosing

Child, Youth and Family Support Services

We offer personalised services to meet the unique needs of children, young people and families. We are registered to provide Specialised Substitute Residential Care, which enables us to support the safety and wellbeing of children and young people accessing overnight care.

Our supports include but are not limited to:

-  Provide care services to children and young people in Out of Home Care (OOHC).
-  We can provide therapeutic carers to support their goals.
-  Provide in home care support to families including before and after school.
-  Mentoring to achieve goals such as independent living skills, transition after care and positive social engagement activities.
-  Supporting children and young people to attend family time and support preservation and restoration.
-  Support to young people semi- independent living for children and young people in Out of Home Care or transitioning to after care supports.

Our Services

Clinical Services & Positive Behaviour Support

As a registered NDIS provider we are able to provide complex clinical services and behaviour management supports. At Thrive360 Care, we provide compassionate, evidence-based behaviour management supports for individuals with complex care needs, including psychosocial disability and mental health-related support needs.

Our approach is person-centred and grounded in trauma-informed practice, with a focus on improving safety, wellbeing, and a thriving quality of life.

Our Approach

- Person-centred care with participants at the heart of every decision
- Collaborative approach with support networks and external stakeholders
- Trauma-informed care at our core
- Culturally responsive practice
- Understanding emotional, environmental, and social influences on behaviour
- Proactive, positive strategies to minimise behaviours of concern
- Building skills, capacity, and resilience over time

Clinical Services

- Interim and Comprehensive Positive Behaviour Support
- Individual Care Model Assessments
- Complex Consultation
- Environmental Assessment Reports
- Clinical Supervision (Individual & Service)

Our Services

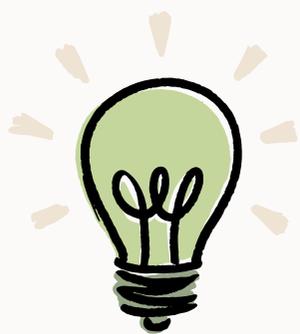

Complex Consultation

Thrive360 Care provides complex care consultations for clinicians and services.

We have clinical expertise in child protection, child safety, psychosocial and mental health care needs. We assist a holistic, individualised systemic response and provide coordinated solutions to support safety, stability, and positive long-term outcomes.

Education, training & Team Building

With expertise across the community services sector in Government and Non-Government services, this enables us to tailor to your needs. Whether that be relating to intervention and care models, child protection skills, trauma informed care, specialising in violence, abuse and neglect and behaviour management skills to name a few.

We can provide targeted training and education to individuals, services and teams to all levels from senior leadership to frontline care staff.
