

Community Groundwater Monitoring Program: South American Subbasin Pilot Community Meeting

Wednesday, September 24, 2025 | 5:30 – 6:30 PM

Location: [Vineyard Treatment Plant](#),
10151 Florin Rd, Sacramento, CA 95829
Remote Participation: https://ca-water-gov.zoom.us/j/9h4FsMvQQeEis_9KT0xdA

Meeting Purpose

Introduce the Community Groundwater Monitoring Pilot, explain how well owners can participate, build trust in the effort, and outline next steps.

Meeting Objectives

- Provide an overview of the pilot, including goals and benefits for well owners
- Share background on groundwater conditions and monitoring in South American Subbasin
- Gather feedback from community members on pilot design and participation options

Agenda

Timing	Agenda Item & Description	Speaker
5:30 PM	<u>Welcome & Introductions</u>	Austin Miller, Sacramento County DWR, Groundwater Sustainability Office
5:40 PM	<u>Local Groundwater Conditions</u> Overview of groundwater conditions in the South American Subbasin.	Jeremiah Shaffer, California DWR, North Central Region Office
5:50 PM	<u>Pilot Overview & Participation Options</u> Overview of the pilot's goals, anticipated benefits for well owners, and the partnership between the community and DWR. Description of the three participation levels: Learn, Contribute, and Collaborate.	Zoe Kanavas, California DWR, Water Justice Office
6:00 PM	<u>Data, Equipment, and Well Suitability</u> Overview of the data collected and how it is protected, along with available equipment, loan terms, and criteria for determining well and site suitability.	Bryce Russell, California DWR, Sustainable Groundwater Management Office
6:10 PM	<u>Community Feedback & Discussion</u> Opportunity for participants to ask questions, provide feedback, and share ideas to inform the pilot.	Lisa Beutler Stantec, Domestic Well Advisory Group Facilitator
6:25 PM	<u>Closing</u> Summary of key points, sign-up process, and next steps.	Zoe Kanavas, California DWR, Water Justice Office
6:30 PM - 7:30 PM	<u>Open House</u> Informal opportunity to meet with program staff one-on-one, ask questions, and learn more about the program.
