South American Subbasin (SASb) domestic well owners and other interested parties are invited to attend the Dec. 5, 2025 meeting of the Domestic Well Advisory Group (DWAG).

Meeting topics will include:

- Discussion of information shared in the SASb Executive Committee Meeting
- Upcoming SASb Dec. 18 Webinar on the 5-year Periodic Evaluation
- Collaboration with the CA Dept. of Water Resources (DWR) on the Domestic Well Monitoring Program
- DWAG role
- Role of DWAG in Sacramento County drought planning
- Going final on the SASb newsletter

More about DWAG

The Domestic Well Advisory Group provides advice related to the interests of the domestic well community to the Groundwater Sustainability Agencies (GSAs) of the South American Subbasin and serve as ambassadors for sustainable groundwater management protective of domestic wells.

For more information or reasonable accommodations requests contact:
