President's Report: Congratulations again to Garrett Griffin AFSMA EVT of the Year. The AFSMA webpage is coming along with many updates to keep it current. Thank you to John Roads who volunteers his time to monitor and update the webpage. Mike Dulgar and Colton Grimes did a great job stepping in as instructors at the Arizona Fire School in September.

Vice President's Report: The January training will be on ASE A9 test tutorial. This is a difficult test and much needed tutorial. Saturday will be liquid spring diagnostics presented by a representative of Liquid Spring.

Treasurer's Report: Association in is good financial standing in part due to T-shirt sales and memberships dues, which are both showing a positive trend.

Secretary's Report: We are moving the pump trailer to Golder Ranch for repair. EVTCC conference in Florida is open to any Master certified EVT. EVTCC will send you an invite letter, but you must incur the cost yourself. It's an opportunity to be part of test validation.

Logistician's Report: Thanks to Hall of Flame for use of the training and testing space.

Upcoming Training

January 9 - 10, 2026

Topic: **ASE A9** on Friday, and Liquid Spring Suspension for Saturday

Presented by: Tony Martin and a Liquid Spring Representative

Location: Golder Ranch Fire Training Facility

3835 East Golder Ranch Drive, Tucson, AZ 85739

Please pre-register for the training using the link below:
